It will be necessary for me to use the present bill and split the installment accordingly. I will also be compelled to have a new bill made for the last two installments. This will necessitate two shifts in this department, and I request that the sum of $15,102.50 be granted to this department from the Emergency Fund.

I will need the following:

50 clerks—50 days	$12,500.00
10 operators—14 days	700.00
15 Marchant machines, 15 days @ $7.50 each	112.50
Envelopes—30,000	990.00
New bills for second and third installment	500.00
Binding bills, stamps, signs, stationery	300.00
	$15,102.50

I only have money enough to carry my present force to May 7th, which includes 40 extra clerks.

The above request for 50 clerks will keep them working until the end of June—until I make my settlement, and will provide for only 10 additional clerks.

Sincerely yours,

EDWARD F. BRYANT,
Tax Collector.

Final Passage.

Whereupon, the following bills were taken up and *finally passed* by the following vote:

Appropriation to Revise Tax Rolls, Emergency Ordinance.

(Code No. 9.051)

Bill No. 311, Ordinance No. 9.05162, as follows:

Making appropriation for the purpose of defraying the expenses of the Tax Collector and the Controller in revising the tax rolls and tax bills for the purpose of collecting the second installment of taxes for the fiscal year 1932-33 in installments and declaring that this ordinance is an emergency measure to take effect immediately upon its passage.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated to the Tax Collector of the City and County of San Francisco the sum of fifteen thousand one hundred two and 50/100 dollars and to the Controller of said City and County the sum of five thousand dollars for the purpose of enabling the Tax Collector and the said Controller to make the necessary changes in the tax bills and tax rolls of the City and County of San Francisco for the fiscal year 1932-33, in order to provide for the collection of the second installment of taxes of said year in three installments as provided by resolution this day adopted by the Board of Supervisors of the City and County.

Section 2. This ordinance is passed as an emergency measure pursuant to the provisions of section 16 of the Charter of the City and County of San Francisco and readings thereof and votes thereon at separate meetings of the Board of Supervisors are hereby waived, and the Board of Supervisors does by the vote under which this ordinance is enacted hereby declare that the actual emergency exists, which said emergency is as follows, to-wit: That the Legislature of the State of California has passed an act providing that the second installment of taxes for the fiscal year 1932-33 shall be payable in installments and that it is necessary in order that the office of the Controller and the office of the Tax Collector may properly function that the above-mentioned appropriations be forthwith made to each of said offices in order that the proper collections may be made in the tax bills and tax rolls of said City and County.

Section 3. That by reason of the aforesaid emergency this ordinance shall become effective immediately upon its approval.

Finally passed by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Declaring April 30 as President's Day.
(Code No. 5.92)

Supervisor Canepa presented:

Resolution No. 738, as follows:

Whereas, a vivid chapter of American history is being enacted in Washington, with Franklin Delano Roosevelt, President of the United States, in the principal role; and

Whereas, President Roosevelt, through his clear analysis of the situation and his efficient, determined and courageous action has, with astounding expedition, cleared the governmental atmosphere of many vital and perplexing problems which confronted him on his inauguration; and

Whereas, the masterly manner in which the collossal problems of government have been met and solved by President Roosevelt is most worthy of commendation; and

Whereas, an expression of confidence in and approval of the actions of President Roosevelt will be an incentive and inspiration to continue the type of policy which he has invoked and to strive for even greater achievements; now, therefore, be it

Resolved, That April 30th be and is hereby declared Presidential Day and set aside as a day of civic rejoicing for such able leadership; and be it

Further Resolved, That His Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to arrange for the proper observance of this day; and be it

Further Resolved, That the citizens of this City are asked to offer prayers of thanksgiving, in their various places of worship, to the end that the President may continue to receive that Divine inspiration and guidance necessary to his spiritual health, and that his physical vigor and capacity be sustained during these days of national effort; and be it

Further Resolved, That copies of this resolution be sent to His Excellency, the President of the United States, the Vice-President, the Speaker of the House of Representatives, and the San Francisco press.

Adopted by the following vote:

Ayes—Supervisor Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Requesting Naval Construction for Pacific Coast.

(Code No. 5.2)

Supervisor Gallagher presented:

Resolution No. 739, as follows:

Whereas, the administration in Washington is considering a program of naval construction, and as such a program is being strongly agitated by Chairman Vinson of the House Navy Committee, with the support of Secretary of Navy Swanson, Speaker Rainey and Majority Leader Byrns; and

Whereas, such program has as its two principal objects (1st) the building up of the United States Navy to the strength allocated this country in the Treaty of London and (2nd) for the purpose of increasing employment; and

Whereas, San Francisco Bay shipyards possess the necessary facilities and did so materially contribute to the successful shipbuilding operations of the country during the World War; and

Whereas, the lack of shipbuilding in the San Francisco Bay area and other Pacific Coast cities will have a tendency to depreciate the availability of numerous skilled crafts engaged in the shipbuilding industry; and

Whereas, in the event of a national emergency strategic locations of the shipbuilding industry would be imperative; and the absence of such facilities on the Pacific Coast due to inactivity and absence of skilled workers might prove of serious consequences; and

Whereas, said San Francisco Bay shipbuilding yards are now inoperative and large numbers of skilled workers and craftsmen identified with the industry are unemployed; now, therefore, be it

Resolved, That your Honorable Body petition our President Franklin D. Roosevelt, Chairman Vinson of the House Navy Committee, Secretary of the Navy Swanson, Speaker Rainey, and Majority Leader Byrns that a share of shipbuilding contracts be allocated to the San Francisco Bay district and to other Pacific Coast yards should the administration adopt a shipbuilding program.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Sale of "Poppies" During Memorial Week, May 26 to May 30, Inclusive.

(Code No. 5.92)

Supervisor Miles presented:

Resolution No. 740, as follows:

Whereas, the American Legion Auxiliary and the San Francisco

County Council, Veterans of Foreign Wars of the United States, will conduct their annual sale of "poppies" from May 26 to May 30, inclusive, the proceeds to be used for child welfare and veteran relief work, the funds dispensed throughout the year in cases of extreme distress; and

Whereas, this is a commendable project, and all citizens who can afford to do so are asked to purchase and wear "poppies"; now, therefore, be it

Resolved, That the Board of Supervisors in meeting assembled do hereby endorse the annual "poppy" sale of the American Legion Auxiliary and the San Francisco County Council, Veterans of Foreign Wars of the United States, and do commend this worthy enterprise to the attention of the citizens for their support and consideration.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Board of Supervisors Extends Official Welcome to Grace Liner Santa Elena, Wednesday, April 19, 1933.

(Code No. 5.92)

Resolution No. 741, as follows:

Whereas, the new Grace liner Santa Elena, constructed at a cost of $5,000,000, and flying the American flag, arrives at this port Wednesday; and

Whereas, the new Grace liner Santa Elena is the latest and completes the fleet of four vessels placed in the New York to San Francisco fast passenger service by the Grace Line; and

Whereas, all four vessels, the Santa Rosa, Santa Paula, Santa Lucia, and Santa Elena, are named in honor of historic parts of this great State of California; and

Whereas, these vessels and the Grace Line, an American flag steamship line since its inception, contribute materially to the welfare of the citizenry of this City in trade and commerce; now, therefore, be it

Resolved, That the Board of Supervisors, on behalf of the citizenry of San Francisco, extends official welcome to the new Grace liner Santa Elena.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Leave of Absence, Leland W. Cutler.

April 17, 1933.

To the Honorable, the Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by the Honorable Leland W. Cutler, member of the Park Commission, for a leave of absence, with permission to absent himself from the State of California, for a period of thirty days, commencing April 17, 1933.

I hereby request that you concur with me in granting this leave of absence.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

Whereupon, the following resolution was *adopted*:

(Code No. 4.053)

Resolution No. 742, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Leland W. Cutler, member of the Park Commission, is hereby granted a leave of absence for a period of thirty days, commencing April 17, 1933, with permission to leave the State.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Bicycle License Ordinance Proposed.

Supervisor Gallagher presented petition of Al Smith and various other messengers of the Western Union, Postal Telegraph, and Radio Corporation of America, for the enactment of an ordinance licensing bicycles and requiring a license plate to identify property and diminish theft of same.

Referred to Judiciary Committee.

Reception to Mathew Murphy, Consul for Irish Free State.

THE PRESIDENT: Gentlemen of the Board, if you will kindly give way for a few minutes, due to the fact that we have a very distinguished visitor here with us today, Mr. Mathew Murphy, First Consul from the Irish Free State to the City of San Francisco. His Honor the Mayor, assisted by another distinguished Californian and American, but descended from the Old Sod, our colleague, Supervisor Gallagher, accompanied the distinguished gentleman here for presentation today, but first I would like to ask our Mayor to present the distinguished visitor.

MAYOR ROSSI: Mr. President, members of the Board and my fellow citizens: It was my proud privilege today as Mayor of this City to receive the new consul of the Irish Free State, who is not a visitor here but who will be a permanent resident, I believe. He told me just a few moments ago that the usual term for a consul who serves in any city will be approximately five years, and when your president says that he is a visitor I just want to correct that statement by him, because I am sure the longer he stays here the longer he will want to remain with us.

I feel highly honored in extending to the new consul, Mathew Murphy, San Francisco's most sincere welcome. I am sure that he will learn to like our city, because he has already told me that although he has resided in New York City for the past eight years, together with Boston and Washington, that after a few hours that he has been in San Francisco he has learned to love our city. I assured him that he will learn not only to love our city, but our state, and the entire Pacific Coast. So on behalf of the citizens of San Francisco I extend to him a most sincere and hearty welcome, and it is my proud privilege and my pleasure to present to you the consul from the Irish Free State, Mathew Murphy. (Applause.)

MATHEW MURPHY, Esq.: Ladies and gentlemen: I am afraid you are going to be a little disappointed when you hear me speak, because when people hear an Irishman speak they always expect to hear an orator. I am not an orator, but if anything could inspire me to be an orator it was the great reception which I got in San Francisco today.

When the Irish Free State government was formed, one of its first steps was to secure representation in other countries by sending out

its own consuls. The formation of such a service could naturally be nothing but a slow process, but they didn't lose any time in sending representatives to the United States. In 1922 a Minister Plenipotentiary was sent to Washington, and in 1925 we opened an office in New York. Now, there are various phases necessary in the establishing of a consular service, and it took us about two years to complete these formalities and the first consul general was formed in 1929 in New York. Later a consulate was formed in Boston, and then in Chicago, but the government felt that a representation could not be complete without sending a representative to the Pacific Coast. There was much speculation as to who should be selected to open the office on the Pacific Coast. I did not expect that great honor, because I had been eight years in the United States, and in Ireland they are always afraid to leave their representatives too long in one place here, because they have found from experience that those representatives are too much inclined to develop the point of view of the country in which they live rather than that of the country they represent, due to the wonderful hospitality accorded by your great country and the courtesies shown, and I know that I could never feel that I am in a foreign country while in any city in the United States. No matter what City Hall I go into I meet so many Murphys, Mulligans, Kellys, I meet so many Irish people I keep looking around to see if there is not a Shamrock growing around somewhere. I expected, really, to go back to Ireland at the end of my last term in Chicago, but out of a clear sky they asked me to come to San Francisco. When all of my friends heard that I was appointed here, they envied me, but I didn't realize until I came out on the boat how much that envy was justified. I met so many Californians coming out here on board, and I can only say their personal charm was only exceeded by their enthusiasm for their own state. Having arrived in the State of California, I don't blame them for that enthusiasm, and it makes the prospect of remaining here even rosier than I had hoped, and it makes me hope also that my term of office here may be longer than I had expected it would be.

Honorable Mayor, ladies and gentlemen, I wish to thank you very, very heartily for the wonderful reception you have given me here this afternoon.

THE PRESIDENT: Mr. Consul, we have a very cosmopolitan city here, and our officials number representatives from practically all of the nations of the world. Of course, I might say that predominating we have many who are descendants from the Irish race. We have a City Attorney holding office whose name is John J. O'Toole, whom I should like to present to you at this time.

Mr. JOHN J. O'TOOLE: Mr. President, Honorable Mayor, Consul General, and ladies and gentlemen: It is a pleasure, indeed, to join with the other officials of San Francisco in welcoming you here to our City as representative of the Irish Free State on the Pacific Coast. We hope and trust that your administration here will not only extend over the period of five years, but that it will be so successful that at the end of that time your government will insist on your remaining here for a longer period of time.

THE PRESIDENT: I am going to mention a few of the Irish names here and at the end I am going to have Supervisor Gallagher respond. We have Supervisor Gallagher, who you have already met; Supervisor Shannon, Supervisor McSheehy, Supervisor Power and your humble servant. Also, Supervisor Miles, Supervisor Peyser, Supervisor Canepa, Supervisor Brown, Supervisor Colman, Supervisor Stanton, Supervisor Roncovieri, Supervisor Havenner, Supervisor Spaulding and Supervisor Breyer. That makes up the members of our legislative body.

Now, on behalf of this body I am going to ask Supervisor Gallagher

to respond to the consul for the Irish Free State. Supervisor Gallagher.

SUPERVISOR GALLAGHER: Mr. Consul, Honorable Mayor, President of the Board, members of the Board and my fellow citizens: We feel more honored than would be the usual case on the arrival of Mr. Murphy today by the important office that he is to assume in San Francisco. The importance of San Francisco in the scheme of world affairs is evidenced by the fact that Mr. Murphy is sent to San Francisco as distinguished from hundreds of other cities in these United States to take up the duties of his office. His coming indicates the fact that people of Irish birth here in San Francisco, who have matters of importance to them to be dealt with by representatives of the Irish Free State have made it imperative that a representative be sent to San Francisco. We are glad of his arrival, first of all because of the type of representative he is; and, second, because of the fact that we have that recognition from the Irish Free State that has been granted to but very few other cities in the United States.

I would not want to be too facetious on this occasion, even though we are very happy he is with us. Mr. Murphy has traveled a long ways, and he has met all of the distinguished men in the communities he has visited, and he is very well known in Boston, New York and Chicago, but I think that he got the shock of his life today when he met an Italian Mayor who evidently had kissed the blarney stone. (Laughter.) When I say "Italian" I mean of Italian birth, though, of course, a citizen of this state and country. I was very much amused to sit and listen to his Honor, after Mr. Murphy had spoken so highly of our country and state, and our Pacific Coast, to, putting in the parlance of American slang, "pass it right back to him". Mr. Murphy will find, before he has been here many days, a sympathetic people, and beyond doubt he will find in this community, as is necessary or whenever the affairs of Ireland have needed help and encouragement, San Francisco has extended it whole-heartedly, extended it even more generously than San Francisco's portion. He will find surrounding him on every hand men and women agreeable to the idea that his work shall be helped in every particular. To be of service will be their one ambition, I am sure. He will not find—distinguished from other communities, any pronounced racial differences, and he will find, as in the complexion of this Board, men of many faiths, and men in whose veins is the blood of many nationalities, but yet this Board, in measures throughout the years, has almost always, cordially and enthusiastically endorsed every move that it was asked to endorse on behalf of the people of Ireland.

I am glad to see the consul here, I know how much he must do, and I pity him for the entertainment he must go through and for the thousands of speeches he must yet make in the various places he will have to go to meet the people in his official capacity. And I am sure, I think that with the liberties I understand are extended to consuls of other countries, he will find us frequent visitors. Of course, his trouble in that regard will be lessened by the fact that the country has restored in a small sense the freedom of personal liberty to people. I know I bespeak the sentiment of this Board—others can do it better possibly, in welcoming you, and your good wife, who will receive from the women of San Francisco their own good welcome, but I express on behalf of the Board our happy feeling at having you among us, and I am sure that we shall make your stay so worth while that I have not the slightest doubt that when your government says you may return, that you will like our treatment so well that you will say to your government "You make take the office, but I will keep my residence in San Francisco." (Applause.)

THE PRESIDENT: I would like to ask if any other members of the Board wish to say a word, under the circumstances?

Supervisor Colman?

SUPERVISOR COLMAN: Consul Murphy and Mr. Chairman: Due to a combination of circumstances over which I had no control I am not an Irishman. None the less, however, I want to extend to you the hearty welcome of our city, and I think you will find it the broadest minded, most liberal, and the most tolerant city in the whole world. (Applause.)

THE PRESIDENT: Any other member wish to respond? If not, we will proceed with the business of the Board; the consul is going to listen in for a moment.

ADJOURNMENT.

There being no further business, the Board at 6:40 p. m. adjourned.

Milk Ordinance.
(Code No. 17.05)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in

other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Market Cream shall be graded and shall conform to all the standards set for market milk of the same

grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk or cream from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than 10,000 non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths (3.5) per cent of milk fat and a minimum of solids not fat of eight and five-tenths (8.5) per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced*

on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than fifty thousand (50,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen

thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk: Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum:*

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization:* Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which*

said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person,

firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director

of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health

to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be

unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Motion.

Market Cream.

Supervisor Colman, seconded by Supervisor Peyser, moved that action of the Board of Supervisors on April 17, amending Section 2, Subdivision 7, providing that market cream shall conform to all standards set for market milk, be rescinded.

Communication.

Supervisor Spaulding presented and the Clerk read a communication from Dr. Geiger, transmitting report of T. P. Lydon, Chief Inspector, and Dr. Melody and County Agent Boissevain as to the insufficiency of the supply of milk for cream producing purposes and in contradiction of the claims made by Mr. Frank Glass, representing the Natural Milk Producers' Association, that there was an ample supply in the bay region to meet all San Francisco's requirements.

Telegram.

Supervisor Gallagher presented:

Telegram from J. C. Jorge, manager of Co-Operative Dairymen's League of Oakland, declaring that said league has at present 12,000 gallons per day of market milk complying with city's requirements.

Motion Lost.

Whereupon, the roll was called on Supervisor Colman's motion to rescind and the same was *defeated* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Noes—Supervisors Colman, Peyser—2.

Communications.

Montreal Epidemic.

Supervisor Spaulding presented and the Clerk read a communication from Dr. Geiger, Director of Public Health, in contradiction of statement of Mr. Frank Glass of Natural Milk Producers' Association, that the outbreak of typhoid in Montreal, Canada, was due to pasteurized milk and transmitting in support of his contention a report of the Special Board of the U. S. Public Health Service, convened by the surgeon general, that epidemic was due to raw and not to pasteurized milk.

Supervisor Gallagher presented and Mr. Frank Glass read into the record a communication from the Health Officer of Montreal, Canada, tending to refute the contention that the epidemic in that city was caused by raw milk.

Passed Temporarily.

Thereupon, Supervisor Gallagher presented the following which was *passed temporarily*:

In Section 3 strike out Subdivision 8, and in lieu thereof insert the following:

Subdivision 8. The class or grade of all market milk and market cream sold, offered or exposed for sale, delivered or exchanged in the City and County of San Francisco, which class or grades are designated as follows: Certified milk, guaranteed raw milk, grade A pas-

teurized milk and grade B pasteurized, registered trademarks, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.

Section 3.

Subdivision 7. *Method of Pasteurization.*

Supervisor Gallagher moved to amend:

In Section 3, Subdivision 7, line 3, after the word "and" strike out "forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit" and in lieu thereof insert the following: "forty-five (145) degrees Fahrenheit nor more than one hundred and fifty (150) degrees Fahrenheit."

Communication.

Supervisor Spaulding presented and the Clerk read:

Communication from J. C. Geiger, Director of Public Health, transmitting report of group of sanitary engineers as to the pasteurization of milk and declaring that the Board of Health desires that the temperatures of pasteurization be recorded at 142 to 145 degrees Fahreneit for thirty minutes. These temperatures are considered safe for the ordinary strains of pathogenic organisms found in milk.

Refused Adoption.

Whereupon, the proposed amendment of Supervisor Gallagher was, on his motion, segregated and the roll called on first part, which was *refused adoption* by the following vote:

Ayes—Supervisors Breyer, Gallagher, McSheehy—3.

Noes—Supervisors Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Shannon, Spaulding, Stanton—11.

Absent—Supervisor Roncovieri—1.

Section 3.

Subdivision 13. *Methods of Serving Milk.*

Supervisor Gallagher moved as an amendment:

In Section 3, Subdivision 12, line 4, after the word "bottle" strike out the words "in sizes ½ pints, pints and quarts only."

Mr. Frank Glass declared that Troutmere Guernsey Farm delivered its milk in one-third quart bottles of peculiar shape and that the subdivision as it stands would exclude it in that size from the market.

Dr. Geiger thereupon agreed that he had no objection to specifying one-third quarts in order to cover that objection.

Supervisor Gallagher moved as amendment:

In Section 3, Subdivision 13, strike out all of lines 9 to 12, inclusive.

No objection and it was so ordered.

Whereupon, there being no objection, Subdivision 12, line 4, after the word "pints" the words "one-third quarts" were inserted.

Section 4.

Subdivision 1. *Permits Required by Vendors of Milk.*

Supervisor Gallagher moved to amend:

In Section 4, Subdivision 1, line 20, strike out the period at the end of line 20 and in lieu thereof insert a comma and the following: "And unless the person owning and or operating said plant shall also pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall devote all his time to supervising the production of market milk at such plant in accordance with the terms of this ordinance."

Action Deferred.

Supervisor Spaulding thereupon moved that the subject matter be continued until Thursday, April 27, 1933, at 2 p. m.

So ordered.

Supervisor Havenner was excused conditionally in anticipation of his having to go to Sacramento.

SPECIAL ORDER—2:30 P. M.

Action Deferred.

The following matter was, on motion of Supervisor Brown, *laid over one week and made a Special Order of Business for* 2:30 *p. m.*, by the following vote:

Specifying the Various Officers and Employees of the City and County of San Francisco Who Shall Give Bond for the Faithful Performance of Their Respective Duties Where Bonds Are Not Specifically Required by the Charter; Fixing the Amount of the Respective Bonds to Be Given by said Officers and Employees; Providing for the Payment of Premiums Thereon and for the Custody of said Bonds and Providing for the Form Thereof.

(Code No. 4.04)

Bill No. 221, Ordinance No. 4.041, as follows:

Specifying the various officers and employees of the City and County of San Francisco who shall give bond for the faithful performance of their respective duties where bonds are not specifically required by the Charter; fixing the amount of the respective bonds to be given by said officers and employees; providing for the payment of premiums thereon and for the custody of said bonds and providing for the form thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 8 of the Charter incumbents of the respective offices and employments of the City and County of San Francisco, hereinafter mentioned, shall give bond to the City and County of San Francisco in the form and in the manner hereinafter provided for the faithful performance of the respective duties of their respective offices and employments, which said bonds shall be given within ten days after this ordinance becomes effective and will continue in force as long as said officers and employees hold their respective positions. That the offices and employments, the incumbents of which shall give bonds as herein provided, and the amount of each of said bonds are specified in Section 2 to Section 54 of this ordinance.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and said bond shall be signed by the principal and by the surety. All of said bonds shall be executed in duplicate, the original thereof to be filed with the Controller and the duplicate thereof with the head of the department in which the employment or office is located. Where the bond of any officer or employee is required by Charter or the general laws of the state to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds are hereby declared to be public documents.

Section 56. All bonds shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee, and when the law shall provide that the officer or employee giving said bond shall be liable for the acts and omissions of his deputies, assistants, clerks and employees said bond shall be so conditioned. That said bonds shall be further conditioned that any new employee appointed to any position covered by a bond shall be insured under any bond already issued covering said position without the payment of additional premium.

Section 57. All bonds issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds herein provided for shall be obtained by the Purchaser and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility

or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer, and shall be so conditioned.

Section 61. The bonds given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department.

Section 62. Nothing herein contained shall in any way change or modify any charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by charter.

Section 63. The respective sections of this ordinance covering the positions and bonds to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of re-publishing said ordinance in its entirety.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for second reading, were taken up and *finally passed* by the following vote:

Fixing Sidewalk Widths on Jarboe Avenue.

(Code No. 12.0731.)

On recommendation of Streets Committee.

Bill No. 297, Ordinance No. 12.073113, as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Eighty-five (85) thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Ordering the Improvement of Ortega Street.

(Code No. 12.0611.)

Also, Bill No. 298, Ordinance No. 12.061122, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Department of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors March 20, 1933, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Department of Public Works, and to be done in accordance with the specifications prepared therefor by said Department of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Ortega street between Twenty-second avenue and Twenty-fourth avenue, including the crossings of Twenty-third avenue and Twenty-fourth avenue, by grading to official line and grade; by the construction of 8-inch, 12-inch and 15-inch vitrified clay pipe sewers; by the construction of 8x6 inch "Y" branches; by the construction of the necessary 6-inch vitrified clay pipe side sewers; by the construction of brick manholes; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of unarmored concrete curbs; by the construction of one-course concrete sidewalks of the full official width on the angular corners; and by the construction of an asphalt-concrete pavement, consisting of a 6-inch class "F" concrete base and a 2-inch asphaltic concrete wearing surface on the roadway thereof.

The standard specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Director of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said director does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered respectively as Lots 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35 and 36 of Block 2059; Lots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33 and 34 of Block 2060; Lot 1, Block 2061; Lots 1, 2, 3, 4, 5, 6, 7, 32 and 33 of Block 2110; Lots 1, 2, 3, 4, 5, 6, 7, 14, 15, 16, 16A,

17, 18 and 18A of Block 2111; Lots 1, 5, 6, 6A and 7 of Block 2112; all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Resolution No. 748, as follows:

Whereas, the Recreation Commission of the City and County of San Francisco is desirous of acquiring property commonly known as China Cove to be used as a recreation center and bathing beach in connection with the playground activities of said Recreation Department; and

Whereas, the Recreation Commission has at the present time a sufficient amount of money in its funds to pay one-half the cost thereof; and

Whereas, the Park Commission of the State of California has for some time been considering the matter of joining with the City and County of San Francisco in the purchase of said property, and said Park Commission of the State of California to pay one-half the cost thereof; and

Whereas, said property which will be acquired for the above-mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above-mentioned purposes; and be it

Further Resolved, That the Board of Supervisors does hereby signify its intention of providing the funds necessary to remedy the above-mentioned insanitary condition as soon as the same can be done without undue burden upon the taxpayers.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Relative to Budget Appropriation for Purchase of Bay Bridge Bonds.

The following was presented by the Finance Committee *and read by the Clerk.*

San Francisco, California, April 24, 1933.

To the Honorable, The Board of Supervisors, City Hall, San Francisco.

Gentlemen: Owing to the fact that the Reconstruction Finance Corporation has declined to make a bid for the bonds for the construction of the Trans-Bay Bridge until the sum of $650,000, which was heretofore advanced by the State to cover preliminary expenses is repaid, it will be necessary for the Toll Bridge Authority to finance the purchase of $650,000 of the bridge bonds.

Mr. Leland Cutler, representing the Bridge Authority, and Mr. George Presley, of the Chamber of Commerce, have taken the matter up with the Chief Administrative Officer and myself, and I am herewith enclosing you a letter addressed to me by the former, which is self-explanatory. Attached to Mr. Cleary's letter is a copy of a proposed resolution which I recommend to your Board for favorable action.

Sincerely,

ANGELO J. ROSSI,
Mayor.

CHIEF ADMINISTRATIVE OFFICER

San Francisco, California,
April 24, 1933.

Honorable Angelo J. Rossi, Mayor of San Francisco, City Hall, San Francisco.

Your Honor: In connection with the financing of the Trans-Bay Bridge, the Refinancing Corporation has specified, as precedent to the purchase by said corporation of bridge bonds to the amount of $61,400,000, that certain revenue bonds issued by the California Toll Bridge Authority, in amount of $650,000, known as Series A, be first purchased.

The syndicate of bankers of the City and County of San Francisco have agreed to bid for the purchase of bonds of Series A, and are doing so in the expectation that the bonds so purchased by them will be repurchased from them by the City and County of San Francisco and the County of Alameda, and that the City and County of San Francisco will so repurchase three-fifths thereof and the County of Alameda will purchase two-fifths thereof.

The City and County of San Francisco is, by virtue of an act passed at a recent session of the State Legislature, authorized to buy these bonds at their par value.

I am forwarding herewith a proposed resolution to be passed by the Board of Supervisors in connection with this repurchase of said revenue bonds, and in the event said resolution should be passed by the Board of Supervisors, I will make recommendations in preparing future budgets for the purchase of these bonds by the City and County of San Francisco, within the time limit. Said budget items are to be provided from the gas tax.

Respectfully submitted,

ALFRED J. CLEARY,
Chief Administrative Officer.

Adopted.

Whereupon the following resolution was presented and *adopted*:

Recommending to Mayor That Provision Be Made in Budget for Purchase of Bay Bridge Bonds, $390,000 Over a Period of Four Years.

(Code No. 12.112.)

Resolution No. 751, as follows:

Whereas, in connection with the proposed construction by the California Toll Bridge Authority of a toll bridge over the Bay of San Francisco from the City and County of San Francisco to the County of Alameda, it is necessary that certain revenue bonds issued by the California Toll Bridge Authority, having an aggregate face or principal value of $650,000, hereinafter called the first block, or Series A, be first sold as a condition precedent to the submission of any bid by the Reconstruction Finance Corporation for the purchase of the other revenue bonds issued by the California Toll Bridge Authority, having an aggregate face or principal value of $61,400,000, and hereinafter called the second block, or Series B; and

Whereas, unless the second block of such revenue bonds be so purchased by the Reconstruction Finance Corporation said toll bridge cannot be constructed and the advantage thereof and of the construction thereof at this time will be lost to the communities about the Bay of San Francisco; and

Whereas, it is to the public interest of the City and County of San Francisco and to the inhabitants thereof that said toll bridge be constructed at this time; and

Whereas, under an act of the Legislature of the State of California entitled "An act relating to revenue bonds issued by the California Toll Bridge Authority and authorizing counties, cities and counties, and cities, to purchase the same, this act to take effect immediately," approved April 21, 1933, and in effect from and after the 21st day of April, 1933, any county or city and county or city may, until four years from and after the date upon which said act took effect, purchase revenue bonds issued by the California Toll Bridge Authority for the construction of any toll bridge out of moneys of the general fund of such county, city and county, or city, or out of any fund of the county, city and county, or city, available for the purpose of laying out, constructing, maintaining or repairing public roads, bridges or highways, whether such moneys are raised by taxation or are received from the State by the county, city and county, or city; and

Whereas, a group of the banks in the City and County of San Francisco are ready and willing to bid for and purchase said first block of bonds, provided they be gvien some legal or moral assurance that within the time limited by said act above recited the County of Alameda and the City and County of San Francisco will purchase from said banks, for not less than the par or face value thereof, all of the revenue bonds so to be purchased by said banks; and

Whereas, said banks desire that Alameda County shall buy from them, as aforesaid, an amount of such revenue bonds so to be purchased by said banks which shall have an aggregate face or principal value of $260,000, and desire that the City and County of San Francisco shall buy from them, as aforesaid, an amount of such revenue bonds so to be purchased by said banks which shall have an aggregate face or principal value of $390,000; and

Whereas, said first block of revenue bonds are to be sold to repay to the State of California certain moneys heretofore advanced by the State to make certain surveys, estimates and investigations in connection with the proposed construction of said toll bridge, and the moral, if not the legal, obligation for the repayment to the State of the moneys so advanced is principally that of Alameda County and

the City and County of San Francisco and fairly and reasonably in the proportions above suggested; now, therefore, be it

Resolved by the Board of Supervisors of the City and County of San Francisco as follows:

1. That if and when said banks bid and purchase said first block of the revenue bonds issued by the California Toll Bridge Authority having an aggregate face or principal value of $650,000, in consideration of the premise, the City and County of San Francisco should, within the time liimted by said act hereinabove recited, and out of such funds as may be authorized by law, purchase from said banks an amount of such revenue bonds so to be purchased by said banks which shall have an aggregate face or principal value of $390,000, and should make the purchase of said revenue bonds from said banks in as nearly equal annual installments as may be practicable.

2. That it is hereby recommended to the Mayor of the City and County of San Francisco that he make provision in the budget now in the course of preparation for the City and County of San Francisco for the new fiscal year for the purchase from said banks of an annual installment of said revenue bonds, and that he make like provisions in future budgets for further purchases of such revenue bonds, until the City and County of San Francisco shall have purchased from said banks the amount thereof above suggested, or until said banks shall have otherwise disposed of the same; or that, in place of making the provisions in said budgets as above suggested, such public moneys be used from time to time for the purchase of said revenue bonds as may be available in any appropriate fund, provided such purchases are first properly approved by the Controller.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.

In Re Bay Bridge Bonds.

SUPERVISOR GALLAGHER: Just a moment. I want to make a motion that the letters be filed, to being with, and that the Chief Administrative Officer be informed that this Board at this time makes no commitment as to what funds this money will be paid out of, and to—if I get a second, I will explain.

SUPERVISOR CANEPA: I second the motion, for the reason that the communication from the Chief Administrative Officer specifically states it, the money shall come out of the gas tax funds.

SUPERVISOR GALLAGHER: I am protecting myself, Mr. Chairman, and members of the Board, from any possible statement in the future that there is a commitment and that this money is to be taken from the gas tax fund, if that might be, under the new State set-up, possible. I want the Chief Administrative Officer to know now that this Board makes no commitment, despite his letter and the statement therein as to what funds it is to come out of——

THE PRESIDENT: You have heard the motion. Is there any objection?

SUPERVISOR COLMAN: The resolution we are asked to pass carries no mention of any fund——

SUPERVISOR GALLAGHER (interrupting): I know that——

SUPERVISOR COLMAN (continuing): I have not the same feeling at all as expressed by Supervisor Gallagher. If the gas tax money is available and there is no other fund available, I would vote for it without any hesitation. I personally do not feel that it is particularly sacred, when it comes to a question of relative importance. I am not going to go on record one way or the other. You don't have to state that, your motion is surplus, and you are asking the Board to pass something that might embarrass the Board later. You don't

have to say that. You are not deciding in this motion what fund it shall come out of.

SUPERVISOR GALLAGHER: But the Chief Administrative Officer is deciding what fund——

SUPERVISOR COLMAN (interrupting): That might be all right, but it might not need to come out of that; we can decide that when we come to it——

SUPERVISOR HAVENNER (interrupting): I hope the Supervisor will see his way clear to withdraw that motion. I am in entire sympathy with Supervisor Gallagher in his feelings in the matter, but I want to say I was present at Sacramento when this matter came up last week, and it came up as an emergency action which had to be taken immediately in order to safeguard the State against the possibility of a delay, and possible serious interference with the $64,000,000 loan from the Reconstruction Finance Corporation, and the act was drafted in Sacramento by the attorneys for the toll bridge, in conversation and conjunction with Mr. Leland Cutler, and Mr. George Presley, who is here today, and the act passed by the Legislature does not provide that the money shall come out of the gas fund, but states that it shall come out of any funds of the City and County, so we are not under any commitment, Supervisor, and I think it might be advisable if we did not, in connection with the adoption of the resolution, put ourselves on record with respect to an internal controversy on that matter.

SUPERVISOR GALLAGHER: That might be entirely so, but I want to call your attention to a commitment here on the part of the Chief Administrative Officer, which implies a commitment of the Board. He says: "I am forwarding herewith a proposed resolution to be passed by the Board of Supervisors in connection with this repurchase of said revenue bonds, and in the event of said resolution should be passed by the Board of Supervisors, I will make recommendation in preparing future budgets for the purchase of these bonds by the City and County of San Francisco, within the time limit. Said budget items are to be provided from the gas tax."

Now, that is a pretty definite statement, and I want Mr. Cleary to understand now and here that he can't tell me what fund he is going to take this out of, nor anybody from on that side of the hall. I don't want to get in the way, and I subscribe to the principle involved in the resolution, but I want it distinctly understood, and I ask the Board now—I will agree now, to withdraw my motion if the Board will permit the stenographer to give me a transcript of the proceedings in this matter so that I may hold the record for future reference if it be a fact that at this time there is no commitment.

SUPERVISOR CANEPA: I shall be glad to withdraw the second to the motion, with that understanding, that we be given a copy of the record.

THE PRESIDENT: If there is no objection, such will be the order. No objection (bringing down the gavel).

Supervisor Brown suggested that the matter of purchase of Bridge Bonds be referred to Retirement Board in expectation that bonds might be purchased out of Retirement Fund.

So ordered.

April 24, 1933.

To the Honorable, The Board of Supervisors, City Hall, San Francisco.

Gentlemen: On April 10th I received the following telegram:

"For the present, in the State of California, recruits for civilian conservation camps will be drawn from the lists of men already registered with the County for relief or accredited agencies in the com-

munity handling unemployment relief. Following qualifications for eligibility: Ages, eighteen to twenty-five, unmarried having dependents, need determined by investigation, legal residence in California and American citizenship. Do not encourage new registration. Please designate responsible person to compile lists of men eligible under these rules and be prepared to submit names upon short notice. R. C. Branion."

Upon my suggestion, on April 11th, the following reply was forwarded to Mr. Branion:

"In compliance with the request contained in your telegram of April 11th, Mayor Rossi has directed me to advise you that inasmuch as the only available list of eligibles for consideration for employment in the conservation camps is in the hands of the Citizens' Advisory Relief Committee, he has appointed Mr. Charles M. Wollenberg, Director of Relief, to take charge of this work.

"On behalf of Mayor Rossi, may I thank you for your splendid cooperation. Maurice L. Rapheld."

Today I am in receipt of a letter from the Emergency Relief Administrator with form enclosures (all of which are herewith enclosed), which will make it necessary for your Board to confirm my appointment of Mr. Wollenberg to the position above referred to.

Would you be good enough to give this matter your immediate attention in order that the work of enrollment of unemployed may be facilitated and the list available when called for?

Very truly yours,

ANGELO J. ROSSI,
Mayor.

R. C. BRANION

Emergency Relief Administrator

Sacramento, California,
April 22, 1933.

Chairman, Board of Supervisors: On April 10, 1933, I sent you a Postal Telegraph Night Letter, requesting you to designate at once and send me the name of a responsible person in your County to act in the selection of young men between the ages of eighteen and twenty-five years, unmarried with dependents, who wish to enroll in the Federal Conservation Camps.

I am attaching herewith a letter of authorization for the signature of the person so authorized by you. Please have it signed in duplicate and returned to me immediately.

Very truly yours,

R. C. BRANION,
Emergency Relief Administrator.

Date.....

Mr. R. C. Branion, Emergency Relief Administrator, Room 133, Capitol, Sacramento, California.

Dear Sir: The Board of Supervisors of..... County hereby authorizes..... whose signature appears below, as the responsible person to accept applications in the selection of eligible young men for enrollment in the Federal Emergency Conservation Camps in California.

No objection and it *was so ordered.*

Salary Deductions.

The following was presented and read by the Clerk:

San Francisco, California,
April 24, 1933.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I have been advised that Charter Amendment No. 1, approved by the electors of the City and County on April 11, 1933, has been approved by both Houses of the State Legislature and has been duly engrossed and signed by the officials of each House, and was today filed with the Secretary of State, and that said Charter amendment is now in full force and effect.

I direct your attention to the fact that the amendment provides that within ten days after this amendment becoming effective, the Board of Supervisors and the Mayor shall officially declare by resolution that a public emergency exists in San Francisco within the meaning of the amendment.

I, therefore, advise you that in my judgment, due to the unemployment of a large number of our citizens and residents, there actually exists in the City and County of San Francisco at this time a public emergency which adversely affects the life, health and welfare of the citizens of our City and County and that the said extraordinary economic conditions constitute a public emergency, which said public emergency does now exist, and I anticipate the approximate time during which said emergency shall continue to exist to be until July 1, 1934.

I, therefore, request your Honorable Board to comply with the provisions of the Charter amendment mentioned and to join with me in officially declaring that the aforesaid public emergency exists within the meaning of said amendment and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and by said resolution to provide for the making of the deductions from the salaries of the officers and employees of the City and County of San Francisco in conformity with the terms of said Charter amendment.

ANGELO J. ROSSI,
Mayor.

Adopted.

Whereupon, the following was presented and *adopted*:

Providing for Deductions From the Salaries and Compensation of Various Officers and Employees of the City and County of San Francisco.

(Code No. 9.053)

Resolution No. 752, as follows:

Declaring that a public emergency exists in the City and County of San Francisco, within the meaning of Section 70.1 of the Charter of said City and County, and providing for deductions from the salaries and compensation of various officers and employees of the City and County of San Francisco pursuant to said section.

Whereas, in the judgment of the Board of Supervisors, at the date hereof, a large number of the citizens and residents of the City and County of San Francisco are unemployed, and through no fault of their own, are unable to obtain or find employment and that extraordinary economic conditions exist in the City and County by reason of the fact that said large number of the residents and citizens of said City and County are unemployed and cannot obtain employment; and that said extraordinary economic conditions adversely affect the life, health and welfare of the citizens of said City and County; and

Whereas, the Mayor of the City and County of San Francisco has, in writing, advised the Board of Supervisors that, in his judgment, by

reason of said unemployment conditions hereinabove set forth, extraordinary economic conditions exist in said City and County which adversely affect the life, health and welfare of the citizens of said City and County; now, therefore, be it

Resolved, That the Board of Supervisors of said City and County of San Francisco does hereby find and declare that by reason of the extraordinary economic conditions existing in the City and County of San Francisco at the date hereof, which conditions are due to the fact that a large number of the citizens of said City and County are unable to find or obtain employment, a public emergency exists in said City and County, within the meaning of Section 70.1 of the Charter thereof, and that it is anticipated that said public emergency will continue until the first day of July, 1934, and that by reason of said emergency and while the same shall continue to exist, and commencing on the date of the approval of this resolution by the Mayor, there shall be deducted from the salaries and compensation of all officers and employees whose gross earnings exceed one hundred dollars per month, the respective amounts or percentages of said salaries or compensation as are set forth in Subdivision 2 of Section 70.1 of said Charter, and said Section 70.1 is by reference thereto hereby made a part of this resolution for the purpose of determining and fixing the respective amounts to be deducted from said salaries and compensations.

Absent—Supervisor Shannon—1.

Explanation of Votes.

SUPERVISOR McSHEEHY: Mr. Chairman, and members of the Board: I will not attempt at this time to go into any argument because I don't think I could convince any of my colleagues as to my views on this matter. My views were stated originally in the Mayor's office some two or three months ago, at the time this matter was brought up, and are for the reasons I never felt an emergency existed, and second, I always felt that when the City employees, by resolution, asked us to consider a reduction from their salary amounting to almost the amount of money this particular resolution calls for, should have been accepted, and I, up in the Mayor's office, and here in the Board, voted "No," and I feel that I am consistent. I haven't been shown yet, and I feel a great mistake has been made in the enactment of this particular ordinance, because the same results would have been accomplished without the ordinance, and I feel it would have resulted in much better feeling on the part of the employees. I have employed men for many years, and I know what cooperation means, and I try to treat, and try to feel towards the City employees as I feel towards the men in private employment, and I feel that a mistake has been made. I voted "No" before, and I shall vote "No" today, because I feel we have made a mistake.

THE PRESIDENT: Call the roll.

SUPERVISOR HAVENNER: Mr. Chairman, I should first like to ask the City Attorney whether under the terms of the Charter amendment, the action of the Board of Supervisors at this time in declaring an emergency, is not mandatory?

CITY ATTORNEY O'TOOLE: It is, under the section which provides that within ten days after the amendment becoming effective the Board of Supervisors shall declare an emergency exists, and that it is anticipated that such emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations of all officers and employees shall be effective until the end of said fiscal year.

SUPERVISOR HAVENNER: During the consideration of the proposed wage reduction amendment, I was not in agreement with the policy submitted, and I cast my vote consistently against all of the proposed reductions. However, the matter was submitted to the people, and the people have approved the Charter amendment, and the people have issued a mandate to this Board of Supervisors—not a discretionary situation at all—they have issued a mandate to this Board of Supervisors to declare an emergency within a certain period of time after the adoption of the amendment by the people, and therefore believing in the policy of government that questions of this nature should be submitted to the people, and being one who has consistently voted to submit such questions to the people, and the voters having expressed their will, I shall obey the mandate of the people and vote for the ratification.

SUPERVISOR CANEPA: My views are somewhat as expressed by Supervisor Havenner. When the matter was before the Board here I voted against the reduction of salaries of City employees, but I feel that I am now compelled to vote for this resolution today.

SUPERVISOR COLMAN: Mr. President, I have been consistently in favor of the proposed amendment, as there isn't a question in the world that the emergency exists, none in the world. I believe that in their hearts, in the hearts of 95 per cent of the City employees, there is a realization that even with this cut they are still infinitely better off than lots of their brothers and sisters who are working outside of the City Hall. I think they realize that in the full. If they should be in error, and not realize it, I realize it, and say it again, that without a question of a doubt there is an emergency. There is no reason why this great emergency should not be carried, at least to some degree, equally by all of us, and the taxpayers are in such a position now it is impossible for them, out of work as they are, to pay these high wages to the employees in the City government. And this is a fair and moderate cut, and the only method of comparison that is possible is to compare the wages received for like services rendered outside of the City Hall. There is no other way of finding out whether they are properly paid or not. I say, without doubt, 99 per cent of those on the outside would indeed welcome the fact if they were sure their cut was going to be as moderate. There is another consideration which has real virtue; we are not compelled to lay anybody off, and as long as our City employees do the right thing they haven't that dread danger over their heads that they may lose their position. Taking all of that into consideration, and the two weeks' vacation pay, and the fact that their pay is not deducted when sick, they have a most liberal compensation provided for them, and really I haven't a moment's hesitation in voting for this, and I say quite frankly it would be a disappointment to me if I did not feel that practically all of the City employees realize that even with this cut they are in a much better position than those on the outside.

Report on Garbage Disposal.

The following was presented, read and *referred to Health Committee*:

San Francisco, California,

April 24, 1933.

To the Honorable, The Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Under date of January 9, 1933, your Honorable Board on motion of Supervisor Brown, extended the contract in effect with the Scavengers' Protective Union for a period of ninety (90) days.

A motion was likewise adopted providing that the report of the Chief Administrative Officer on Garbage disposal be accepted, that the Health Committee study same, and also hear any proposals for the

solution of the garbage problem, and bring in some definite plan to the Board within forty-five (45) days.

Since the passage of this motion, an intensive study has been in progress to determine the advisability of adopting the Fill and Cover Method at Mills Field. Herewith is a report to the City Engineer by Mr. Clyde Healy, Assistant City Engineer, transmitted by the City Engineer, under date of April 24th, 1933; also, a report by Mr. Leslie Stocker on the subject, transmitted to the Public Utilities Commission.

These reports indicate the advisability of using a sanitary fill at Mills Field. However, before making a final recommendation on this subject, I am anxious to continue the experiments now being made at Bay Shore as to the practicability of utilizing a dredge for the purpose of making a sanitary fill. The members of your Board will doubtless wish to make a personal examination of this method before determining on a final and permanent policy.

Moreover, certain bills have been introduced in the Legislature on the subject of garbage disposal, the ultimate outcome of which must be known before a final recommendation is made.

In addition, we should have a final adjudication by the courts as to the City's legal rights, and I am advised by the City Attorney that eight (8) months may elapse before the matter can be finally adjudicated by the Supreme Court.

It is, therefore, my recommendation that the contract with the Scavengers' Protective Union be continued until December 31, 1933.

Respectfully submitted,

ALFRED J. CLEARY,
Chief Administrative Officer.

Leave of Absence, Supervisor Colman.

The following was presented and read by the Clerk:

San Francisco, California,

April 24, 1933.

To the Honorable, The Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Application has been made to me by Honorable Jesse C. Colman, Supervisor, for a leave of absence, with permission to absent himself from the State of California, for a period of thirty days, commencing April 26, 1933.

I hereby request that you concur with me in granting this leave of absence.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

Adopted.

Whereupon the following resolution was presented and *adopted*:

(Code No. 4.053)

Resolution No. 753, as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Honorable Jesse C. Colman, member of the Board of Supervisors, is hereby granted a leave of absence of thirty (30) days commencing April 24, 1933, with permission to leave the State.

Re U. S. Frigate "Constitution."

Washington, D. C.
April 18, 1933.

Mr. J. S. Dunnigan, Clerk, Board of Supervisors, Room 235, City Hall, San Francisco, California.

Dear Sir: I beg to acknowledge the receipt of your letter of April 4, with the attached copy of the resolutions adopted by Board of Supervisors of San Francisco, and which request that the "Constitution" return to that city for a period of one year.

In reply may I advise you that the Navy Department will be pleased to give consideration to this request provided certain definite arrangements can be made with the civic authorities for such an extended visit. As you know, the "Constitution" is not a self-supporting ship; there are no facilities for lighting or heating and only very limited ones for cooking on board. Under present conditions of operation, the tender "Grebe" furnishes these facilities. If the ship were to remain at San Francisco over the proposed period in question, the Navy Department would be unable to retain the "Grebe" as a tender with the ship. It would, therefore, become necessary to make arrangements to have the requirements of the ship furnished from ashore. These would include lighting, heating and adequate provisions for cooking and sanitation. In addition, of course, it would be necessary to provide a safe, permanent and accessible dock for the ship with adequate fire and police protection at all times.

The Navy Department would expect the City authorities to furnish the above facilities without charge to the Navy. The ship itself would continue to remain entirely under the jurisdiction of the Navy and its operation, so far as visiting hours, et cetera, are concerned, would be as prescribed by the commanding officer of the ship.

The question of fire and police protection is an important one. The ship is of such historical value, and contains so many articles which have been presented to the ship by patriotic citizens, that the Navy Department is always concerned with its safety.

Even if these conditions are met, the ship is committed to certain visits after August and these, of course, would have to be made before the ship finally comes to San Francisco.

The Commandant, Twelfth Naval District, and the Commanding Officer of the "Constitution" have been instructed to consider the conditions which will be required in connection with this project and to advise you when they will be prepared to discuss it with you.

Very respectfully,

W. B. PRATT, Acting.

Visit of the U. S. Frigate "Constitution."

Whereupon the following was presented by Supervisor Spaulding and *adopted.*

(Code No. 5.2)

Resolution No. 755, as follows:

Whereas, the recent visit of the U. S. Frigate "Constitution" to the City and County of San Francisco was the subject of widespread interest; and

Whereas, the famous old ship, during her entire stay here, was hostess to an average of 20,000 people each day; and

Whereas, the "Constitution" aroused in the people of the State of California a spirit of patriotic enthusiasm such as has not been demonstrated in many years of peace time; and

Whereas, the itinerary of the "Constitution" did not permit of a stay in San Francisco sufficient in length to permit a visit by even a small fraction of the people who desired to see her; and

Whereas, it was felt that if the "Constitution" were permitted to remain in San Francisco for a longer period of time the people, especially the children, of Northern California and bordering interior states, would have an opportunity to visit her; and

Whereas, this Board of Supervisors, together with several civic organizations, did petition the naval authorities at Washington and did request that the "Constitution" be permitted to remain in San Francisco for a period of one year; and

Whereas, the naval authorities have, with certain stipulations concerning the maintenance and preservation of this historic old veteran, acceded to this request; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a citizens' committee to devise ways and means of complying with the requirements set forth by the Navy Department as a condition to the granting of the "Constitution's" protracted stay in San Francisco; and be it

Further Resolved, That a copy of this resolution, together with a request for the consideration of the dockage problem involved, be forwarded to his Excellency, Governor Rolph.

Milk Ordinance.

(Code No. 17.05.)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered

for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Market Cream shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made

from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer

has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory

of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk or cream from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than 10,000 non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths (3.5) per cent of milk fat and a minimum of solids not fat of eight and five-tenths (8.5) per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health.*

When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriological and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than fifty thousand (50,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade "B" Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk*: *Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and*

used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenhit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified milk, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy

farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints, ⅓ quarts and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to

be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks

or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer

agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Absent—Supervisors Breyer, Brown, Colman, Havenner, Hayden, Shannon—6.

Excused—Supervisor Peyser—1.

Supervisor Stanton asked to be excused at 6:30 p. m.

No objection.

Supervisor Breyer, seconded by Supervisor Gallagher, moved that the Board do not proceed until absentees are brought in.

Motion *lost* by the following vote:

Ayes—Supervisors Breyer, Gallagher, Spaulding—3.

Noes—Supervisors Canepa, Colman, McSheehy, Miles, Peyser, Power, Roncovieri, Stanton—8.

Absent—Supervisors Brown, Havenner, Hayden, Shannon—4.

Motion.

The following amendment proposed by Supervisor Havenner at last meeting was taken up on motion of Supervisor Gallagher:

In Subdivision 7 of Section 2, after the words "Market Cream," in line 7 of said subdivision, insert the words "at the expiration of sixty (60) days from and after the effective date of this ordinance."

Amendment.

Supervisor Colman moved as amendment the following:

1. Proposed amendment to Section 2, Subdivision 7, of the Milk Ordinance:

Eliminate the next to the last sentence in the first paragraph of Subdivision 7, reading as follows:

"Market cream shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk."

And substitute therefor the following:

"*Cream shall have been produced from non-reacting tuberculin-tested cows, or shall be pasteurized, and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco.* The Director of Public Health shall forthwith cause to be made a survey of the market milk conforming to the standards set by this ordinance which is available for separation into cream for use in San Francisco and shall at the same time make an investigation to determine when such milk, in sufficient quantity for such purpose, will be available. The Director of Public Health shall within sixty days from the effective date of this ordinance report in writing to the Board of Supervisors the results of such survey and investigation, together with his recommendation of the time when such market milk conforming to the standards set herein will be available for separation into cream in the quantity required in San Francisco. Upon receiving such report the Board of Supervisors shall fix a date on and after which *market cream shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market milk shall be not more than three times as great as that for the corresponding grade of market milk.*

2. Proposed amendment to Section 2, Subdivision 14, Paragraph Tenth. Eliminate the words: "or cream."

Privilege of the Floor.

Dr. Geiger, in reply to query of Supervisor Peyser as to whether at the end of sixty days we could obtain a cream supply to conform to the requirement of the proposed amendment, said: "If San Francisco's milk shed area is 50 or 55 miles of territory around San Francisco, we cannot get sufficient tuberculin-tested cream at this time. There is a surplus in Oakland, in Butte County and in Lassen County. If we are to go out of our area we will have to expect inspections of other departments."

T. Russell Robertson, representing Salinas Valley Dairymen's Association, was granted the privilege of the floor. He declared that in the separation of milk the cream is driven to the center by centrifugal force and the T. B. germs, if there are any, because of their lightness, are driven into the cream, and as a result there is far more T. B. germs present in cream than in milk proportionately.

He declared, furthermore, that there is a surplus of cream in the Salinas Valley available for the San Francisco market. In the Salinas Valley, he said, a half a million dollars has been spent to produce T. B. tested milk. Now we have the product, but we have no market because of the contractor breaking his contract.

Frank Glass, representing Natural Milk Producers' Association: About a year and a half ago the city of Stockton did exactly what San Francisco did a few months ago by stating that after January first, a year ago, that the city of Stockton insisted on having T. B. tested milk, but the large dealers opposed the inclusion of any cream in that ordinance. The only way it was finally passed was that cream was eliminated.

The result was that the dairymen, at their own expense, did just what these dairymen did in Salinas Valley. They cleaned up and there was a surplus of T. B. tested cream available.

Now the nationally-owned milk companies are operating in Stockton in plants where they produce cream from T. B. tested herds.

That surplus of milk from T. B. tested cows, available for cream, as far as treating the people fairly, that surplus was used to beat the dairymen's price down. That is the only thing it was used for. When the people of Stockton realized the situation, the Health Officer of the city of Stockton desired to amend that ordinance to include cream to take up this surplus. The Parent-Teachers' Association, the Stockton Merchants' Alliance, etc., were all in favor of that ordinance. We had the devil's own time to even pass it, because the nationally-owned companies wanted to have the surplus of cream milk to control the price and keep it down. We finally succeeded in passing the ordinance in Stockton for T. B. tested cream.

The plants in the county receiving milk from T. B. tested cows and making it into cream want to continue to ship it into San Francisco. The opposition is not from the dairymen who are producing natural milk, not from the Health Officer, but from the dealers who want to ship low grade cream produced in manufacturing centers. The only way you are going to get T. B. free cream is to do what Dr. Geiger did for milk.

Supervisor Peyser: There is more milk consumed than there is cream. If it is to the advantage to the so-called trust not to have T. B. tested herds, why do they not object to T. B. tested milk?

Mr. Glass: They did object, but Dr. Geiger and Dr. Hassler would not stand for it.

Whereupon the roll was called on Supervisor Colman's proposed amendment and the same was defeated by the following vote:

Ayes—Supervisors Colman, Hayden, Miles, Peyser, Spaulding—5.

Noes—Supervisors Breyer, Canepa, Gallagher, McSheehy, Power, Roncovieri, Shannon, Stanton—13.

Absent—Supervisors Brown, Havenner—2.

Thereupon the roll was called on Supervisor Havenner's amendment and the same *carried* by the following vote:

Ayes—Supervisors Canepa, Colman, Gallagher, Hayden, McSheehy, Miles, Power, Roncovieri, Spaulding, Stanton—10.

Noes—Supervisors Breyer, Shannon—2.

Absent—Supervisors Brown, Havenner, Peyser—3.

Amendment.

Supervisor Breyer moved to amend:

Amendment No. 5.

In Section 4, Subdivision 1, line 20, strike out the period at the end of line 20 and in lieu thereof insert a comma and the following: "And unless the person owning and or operating said plant shall also pay the

salary and maintenance of a special inspector appointed by the Director of Public Health, who shall devote all his time to supervising the production of market milk at such plant in accordance with the terms of this ordinance."

Privilege of the Floor.

Frank Glass: In re Supervisor Gallagher's amendment No. 5. That amendment is putting back into the law exactly what has been the law since April 2, 1926. Milk is coming into San Francisco in two ways: By ten-gallon cans filled at the dairy where it is produced, each can of which is identified by a number or a name. Other milk loses its identity when it comes into San Francisco. Milk that might comply with the ordinance from one dairy would be mixed or merged in the plant with that of another dairy. If we are going to leave it to the plant in the country to bring in milk without an inspector on the job, there is no earthly way for an inspector to know whether the plant permits milk to come into San Francisco without proper inspection.

T. P. Lydon, Chief Inspector: The man paid by a milk company is responsible to the milk company and not to the Board of Health. We have a man that goes down there twice a month and inspects all these dairies and takes samples.

Dr. Geiger: I am perfectly willing to accept the extra man and for that particular plant to pay the money to the City, but I do not want that man a resident there. I want him under my control, where I can place him wherever I want him.

Supervisor Gallagher: I would make this suggestion: Perhaps Mr. Glass and Mr. Lydon could get together and elaborate the amendment, take out the ambiguity and bring it back to us.

RECESS.

Supervisor Shannon: I move we recess until 10 o'clock Monday morning, with the understanding in respect to the last amendment presented by Mr. Breyer, that we request Dr. Geiger, Mr. Lydon and Mr. Glass to get together on this point.

J. S. DUNNIGAN, Clerk.

MONDAY, MAY 1, 1933, 10 A. M.

In Board of Supervisors, San Francisco, Monday, May 1, 1933, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton—11.

His Honor President Hayden presiding.

Supervisor Brown appeared and was noted present at 11:50 a. m.
Supervisor Colman appeared and was noted present at 11:45 a. m.
Supervisor McSheehy appeared and was noted present at 11:20 a. m.
Supervisor Power appeared and was noted present at 10:35 a. m.

APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of April 20 and 24, 1933, were considered read and approved.

MORNING SESSION—10 A. M.

SPECIAL ORDER—10 A. M.

The following matter was taken up:

Milk Ordinance.
(Code No. 17.05.)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard*

of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Market Cream at the expiration of sixty (60) days from and after the effective date of this ordinance shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with

pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not

less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk or cream from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO*:

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk*: *Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized*: *Guaranteed pasteurized milk shall conform to the following requirements as a minimum*: *The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.*

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of react-

ing animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriological and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than fifty thousand (50,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade "B" Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk*: *Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenhit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hun-

dred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified milk, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints, ⅓ quarts and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance

shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing

has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor

to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco,

to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to*

make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Privilege of the Floor.

Alfred J. Cleary, Chief Administrative Officer, was granted the privilege of the floor. He urged that the Board support Dr. Geiger. He said in part: Dr. Geiger has given this matter great thought and has tried to reconcile the parties interested. I believe that the Board of Supervisors should show their confidence in Dr. Geiger by approving the recommendations he has made which are also the recommendations of the Chief Administrator. I know that Dr. Geiger arranged several meetings at which you (Supervisor Gallagher) were present, to see if this matter could be settled in a way that would meet no opposition. That was impossible.

SUPERVISOR GALLAGHER: What happened at the meetings—the first one?

MR. CLEARY: We have had so many meetings that I do not know what happened at any particular meeting, Supervisor Gallagher. You had certain requests, the main one is that the Board of Health duplicate the inspection force of the medical association.

SUPERVISOR GALLAGHER: Isn't it a fact that in your office, at your call, I attended a meeting, and at that meeting the following propositions were made to me:

1. That the inspection be by the Board of Health.
2. That the dairies pay the cost.
3. That the standards be the same as certified.
4. That the inspectors be selected by Dr. Geiger and the Medical Milk Commission.

MR. CLEARY: No, that is not a fact. The first, namely, that the inspectors be appointed by Dr. Geiger. At every meeting held in my office it was specifically stated that the inspectors would be the milk commission which was now doing that and would continue to do it.

SUPERVISOR GALLAGHER: Mr. Cleary's memory is at fault. The only point we differed on is as to who would do the inspection. The point we differed on and the only point, Mr. Chairman, was, that the inspectors be selected by Dr. Geiger, which was agreed to. On certified standards, we were willing, willing on payment of fees involved, and still are. We disagreed on selection of medical milk inspectors. We do not want to put Mr. Krobisch in their hands. Any

other inspector would suit us. Would you tell us, Mr. Cleary, what streptococcus has got to do with this argument?

MR. CLEARY: As I say, I am not a medical expert, but it is my understanding from Dr. Geiger, the process of pasteurization absolutely kills the streptococcus bacilli in milk. On questions of medical technique I would prefer you to ask Dr. Geiger. On the question of medical milk commission making this examination, you will remember that was the point in issue. Neither Dr. Geiger, Mr. Arnstein or myself would consent to duplication of expense or inspection.

SUPERVISOR GALLAGHER: Does Dr. Geiger support your statement that pasteurization is the only method by which streptococcus in milk can be killed?

DR. GEIGER: The only method is by pasteurization.

SUPERVISOR GALLAGHER: If streptococcus can only be killed by pasteurization, why let the medical milk commission go on certifying milk.

SUPERVISOR SPAULDING: I want to congratulate the San Francisco Chronicle on the editorial in this morning's paper and ask that the Clerk read same.

Clerk read editorial.

SUPERVISOR SPAULDING: In comment on that editorial, I might say that they are perfectly right in one sense. Here is an ordinance that has been pending before this Board for nearly six months. It has been before us in at least three or four meetings. The crux of the ordinance is contained in Section 3, milk for human consumption in San Francisco. If we get that behind us in this Board today, the policies of the department can be determined later. I move that we immediately proceed with Section 3. (Supervisor Peyser seconded the motion.)

SUPERVISOR BREYER: I rise to a question of personal privilege. In answer to Supervisor Spaulding, after this ordinance was presented to the Health Committee and after report was brought into this Board, there were introduced 41 amendments to the original ordinance. It became necessary to discuss these 41 amendments. To a great measure this is the reason for this particular delay.

SUPERVISOR SHANNON: Is there any part of the ordinance that you think there will not be any controversy over? Could we proceed with that and come back to Section 3?

SUPERVISOR BREYER: Should we not go along with Section 4? We were considering Section 4, why not finish that?

(Supervisor Gallagher entered and on learning that editorial had been read by the Clerk, asked the floor on the question of personal privilege.)

SUPERVISOR GALLAGHER: I want to say that in connection with this editorial that I have been the victim of this thing for a long time. The Supervisor who had it read fosters it to a certain degree by his actions. I intend to answer these editorials and Chronicle reviews at the proper time.

* * * * *

SUPERVISOR GALLAGHER: I must decline to proceed until the call of the Board is completed.

SUPERVISOR SHANNON: In view of Mr. Gallagher's attitude, in view of the fact that some members of this Board make it a practice to stay away from meetings every week until three o'clock, I move that the Sergeant-at-Arms be sent out to bring these members in and we now recess until two o'clock. (Seconded by Supervisor Peyser.)

SUPERVISOR SPAULDING: I hope that that will not prevail. Supposing this afternoon somebody doesn't get here till three or half past three. You are wrecking this ordinance. You have two special orders on for this afternoon.

Motion *lost*.

Amendment.

The following substitute for Supervisor Gallagher's Amendment No. 5, presented by Dr. Geiger, was accepted and *adopted*:

Amend Subdivision 1 of Section 4 and of line 20, replacing period with comma, and add the following:

"and unless the person owning or operating said cooling plant shall pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall supervise the production of market milk on dairy farms supplying said plant, and whose duty it shall be also to inspect and sample all milk received at said plant. Said inspector shall also perform such other duties not inconsistent with the provisions of this section, as shall be assigned to him by the Director of Public Health.

"Funds sufficient to defray the salary and maintenance of said inspector shall be deposited monthly with an authorized representative of the City and County of San Francisco."

Amendment.

Supervisor Gallagher moved to amend as follows:

Amendment No. 11.

In section 3, strike out all of subdivision 3, and in lieu thereof insert the following: "Subdivision 3. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Public Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test, said test to be made by a veterinarian employed by the Director of Public Health or a veterinarian authorized by said Director of Public Health. Only animals free from Brucella abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Director of Public Health. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations

by the Director of Public Health or by other persons or laboratory approved in writing by said director conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Public Health.

Privilege of the Floor.

Dr. Kelly was heard as to duties and function of the San Francisco County Milk Commission.

Mr. McMillain, representing Central Mission Improvement Club, was heard in respect to certain investigations in dairy ranches.

Mr. Krobisch, owner of Troutmere Dairy Farm, was heard at length in opposition to the ordinance.

Frank Glass, representing Natural Milk Producers' Association, was also heard at length.

Amendment Lost.

Whereupon, the roll was called on the foregoing amendment and the same was *defeated* by the following vote:

Ayes—Supervisors Breyer, Gallagher, McSheehy—3.

Noes—Supervisors Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—12.

Amendment.

Supervisor Gallagher moved to amend as follows:

Amendment No. 1.

After the end of Section 19 insert the following:

Section 19-A, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing, rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *The Dairy Herd, Testing Inspected Herds*: The dairy herd on any dairy farm receiving a permit to produce or ship guaranteed milk into the City and County of San Francisco shall undergo an annual physical examination which shall include the testing of said herd with tuberculin, and every bovine on the farm over six (6) months of age shall be required to submit to said physical and tuberculin test under the direction and supervision of the Director of Public Health of San Francisco. The tuberculin shall be furnished by the owners of the herd tested.

Reacting Animals: All animals reacting to said tuberculin test shall be branded T. B. and removed from said dairy farm within fifteen days.

Additions to Dairy Herd: All additions made to said dairy herd shall undergo the physical and tuberculin test under the direction and supervision of the Director of Public Health before said additions are admitted to the herd.

Animals Passed to Be Tagged: All bovines passed shall be tagged with a numbered metal tag bearing date of test and the words: "Tested and Passed, Board of Health, San Francisco."

Retesting of Herd Annually: The entire herd and every bovine on said farm over six (6) months of age shall be annually retested prior to the reissuance of a permit.

Regulation 17. *Dairy Herd Producing Milk for Pasteurization*: The dairy herd, on any farm receiving a permit to produce or ship milk into the City and County of San Francisco, shall be free from disease as determined by physical examination at least once in two months, by a qualified veterinarian of the Board of Health.

Regulation 18. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 19. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 20. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 21. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 22. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in con-

tact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 23. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures wihch shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 24. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 25. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 26. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever,

measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

Passed for Second Reading.

Thereupon, the Milk Ordinance, in words and figures following, was *passed for second reading* by the following vote:

Milk Ordinance.

(Code No. 17.05)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer,

agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Market Cream at the expiration of sixty (60) days from and after the effective date of this ordinance shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or

without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance,

composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk or cream from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO*:

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk*: (*a*) *certified milk*, (*b*) *guaranteed pasteurized milk*, (*c*) *Grade A pasteurized milk and* (*d*) *Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk*: *Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized*: *Guaranteed pasteurized milk shall conform to the following requirements as a minimum*: *The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health.*

When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than fifty thousand (50,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact,"

or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints, ⅓ quarts and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance, and unless the person owning or operating said cooling plant shall pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall supervise the production of market milk on dairy farms supplying said plant, and whose duty it shall be also to inspect and sample all milk received at said plant.

Said inspector shall also perform such other duties not inconsistent with the provisions of this section, as shall be assigned to him by the Director of Public Health.

Funds sufficient to defray the salary and maintenance of said inspector shall be deposited monthly with an authorized representative of the City and County of San Francisco.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed

by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public

Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation

to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

Section 20, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or de-

fective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition

and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing, rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and

shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 17. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 18. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 19. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a

platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 20. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in contact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or

stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 21. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 22. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 23. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 24. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 21. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 22. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 23. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

AFTERNOON SESSION—2 P. M.

PRESENTATION OF BUDGET, 1933-1934.

The following was presented, read and *referred to Finance Committee. Copies to members*:

Mayor's Budget and Recommendations, 1933-1934.

San Francisco, Cal., April 29, 1933.

To the Honorable the Board of Supervisors,
City Hall, San Francisco.

Gentlemen: In consonance with section 72 of the Charter, I am herewith presenting the estimated annual Budget for the ensuing fiscal year. In the drafting of this Budget, certain major factors had to be considered. They are the extraordinary economic condition existent, the unprecedented demands for hospitalization and welfare aid in all its branches, shrinkage of revenue, mandatory commitments and last, but by no means the least, the ability of the taxpayers to bear the burden of tax imposition. To deal fairly with these factors, I have faithfully striven and accordingly offer this compilation.

There has been included for relief $1,000,000—$700,000 of which is to be applied for unemployment relief and $300,000 for emergencies.

We have at present, slightly in excess of $2,180,000 unsold relief bonds. With the sale of these bonds, plus the above allocation of $700,000, there will be available approximately $3,000,000 for unemployment relief. I have reasons to believe that the Reconstruction Finance Corporation, through the State Relief Administration, will match this amount, thereby making available approximately $6,000,000 or sufficient to meet our unemployment relief demands for the next fiscal year.

The present Congress has enacted certain measures severely curtailing hospitalization service and pensions to our War Veterans. A casual survey of the additional cost to San Francisco, because of the

shift of this responsibility, has been estimated to be in excess of $350,000. In the absence of definite figures, I have, as noted above, recommended that $300,000 be provided for emergency purposes.

We San Franciscans have always creditably provided for our less fortunate worthy citizens who require aid. May I submit the following list of amounts that I recommend to be applied for that purpose. These allocations are exclusive of the unemployment and emergency relief items:

a—Laguna Honda Home	$ 519,265	
b—City and County Hospital	1,105,800	
c—Emergency Hospitals	181,886	
d—Relief for the Blind	85,000	
e—Relief for the Aged	340,000	
f—Relief for Widows and Orphans	230,000	
g—Feeble Minded Home	130,000	
h—Maintenance of Minors (Orphans and Half Orphans)	625,000	
		$3,216,951

Of the major increase in mandatory commitments, I call your attention to the item of Bond Interest and Redemption, which shows an increase of $839,597 over the Budget allocation of the present fiscal year.

I recommend that the minimum of ten cents (10c) on each One Hundred Dollar ($100) valuation, as defined in section 78 of the Charter be allocated for parks and squares—this amount to be exclusive of the savings through salary deductions as they apply to this department. I am assured that the accrual from this deduction will be expended in the construction of a commemorative Easter Cross on top of Mt. Davidson.

Sufficient moneys have been allowed the Public Utilities Commission for capital expenditures in the Water Department, Hetch Hetchy Power operative and airport, and ample provision has been made in the Municipal Railways for depreciation and replacements to fully accommodate these items for the ensuing year.

Reductions have been made to a minimum, wherein I believe there may be no impairment of service or possibility of non-proper functioning of the various departments with particular consideration having been given to our Police and Fire Bureaus

This reduction, inclusive of salary deductions, amounts to $4,962,599. Under the appropriations made for the present fiscal year, there is evidenced a very definite falling off of revenue, exclusive of taxes. The anticipated deficiency in this respect is a grand total of $1,095,439. It is possible that there may be some changes in the recapitulation as set up, for there is now pending before the State Legislature, measures, should they be adopted, that would effect the Superior and Municipal Courts, the Tax Collector's and Controller's offices.

The recent Fremont School fire has quite forcibly conveyed to us the extreme fire hazards that obtain in certain of our school buildings. When parents send their dear ones to our public schools, every assurance must be held out to them for their safe return home. Insofar as fire hazards are concerned, protection lies in fireproof buildings and not in fire insurance policies. We cannot delay our program to overcome this condition. I, therefore, recommend and most earnestly urge your Honorable Board to proceed immediately with the details and necessary legislation to create a bond issue in an amount of approximately $3,500,000, the funds so raised to be used exclusively in the replacement of fire-trap school buildings, and thereby overcoming the hazards above mentioned. This matter has been taken up with Mr. P. L. Bush, President of the Board of Education, and the policy above referred to meets with his approval.

Section 72 of the Charter provides that the Mayor shall transmit to the Board of Supervisors the estimated tax rate required by the

budget on appropriations. Predicated upon the assessment roll, which made possible the present tax rate of $3.96, I estimate the budget for 1933-1934, which I am herewith submitting, can be sustained by a tax levy of $3.76 on each $100 assessed valuation. However, I have been advised by the Assessor that there will be a reduction in the assessment roll. This shrinkage will proportionately effect the estimated tax rate herewith submitted.

For your benefit, I am offering the following tabulation in order that you can, at a glance, observe where the economies in connection with this budget obtain:

	1932-33	*1933-34*	*Decrease*
TOTAL BUDGET	$63,972,943	$55,542,674	$8,430,269
Less Bond Fund Appropriations	5,666,700	851,182	4,815,518
Current Revenue Budget	$58,306,243	$54,691,492	$3,614,751
Revenue other than Taxes	26,443,981	25,348,542	1,095,439
Revenue from Taxes	$31,862,262	$29,342,950	$2,519,312
Decrease in Current Revenue Budget		$ 3,614,751	
Increase in Bond Interest and Redemption:			
1933-34	$12,627,764		
1932-33	11,788,167	$ 839,597	
Decrease in Operating Budget 1933-34 compared to 1932-33		$ 4,454,348	
Decrease of Department request compared with Mayor's recommendation		$ 4,962,599	

Pursuant to the terms of the Charter, I am herewith submitting to your Honorable Board a draft of the annual appropriation ordinance as presented to me by the Controller, Leonard S. Leavy.

May I, in conclusion, add that the cooperative spirit of Boards and Commissions and Department Heads has been most gratifying, for many of the reductions reflected in this budget were made possible through their assistance.

Respectfully submitted,

ANGELO J. ROSSI,
Mayor.

ANNUAL APPROPRIATION ORDINANCE, 1933-34

The following Annual Appropriation Ordinance, 1933-34, was presented to the Board of Supervisors on Monday, May 1, 1933.

J. S. DUNNIGAN, Clerk.

(Code No. 9.051)

Bill No. 320, Ordinance No. 9.05164, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income, and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided. Such estimated receipts, revenue, and income are computed on the accrual basis and cash received in payment thereof either before or after the close of the fiscal year shall not be considered as income or revenue but as payment on account.

The several amounts of proposed expenditure for the fiscal year ending June 30, 1934, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance subject to the limitations provided herein. Where revenues for any fund or department are provided herein by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer.

Appropriations for bond interest or redemption, fixed charges and other appropriations not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer, for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Section 80 of the Charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor, or reimbursement is recollectible in full from the departments, persons or institutions for which the service is rendered, shall be subject to limitation by the Controller to the amount of such receipts or collections. Each Department head to whom such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the receipts or reimbursements received or receivable since the last report.

The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 2. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein, subject to the provisions of the Charter dealing with the appropriation and transfer of funds, the certification of obligations and the payment of warrants.

Section 3. The sums appropriated by this appropriation ordinance to the several departments shall be expended in accordance with a schedule of allotments, monthly or quarterly as determined by the Controller and agreed to by the Mayor for departments under his jurisdiction and/or the Chief Administrative Officer.

The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure, and shall not approve the incurring of liability on any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Mayor or Chief Administrative Officer and the approval of the Controller.

The several items of expenditure appropriated to the several departments being based upon estimated receipts, income, or revenues which may not be fully realized, it shall be incumbent upon the Controller to revise estimates monthly. If such revised estimates indicate a potential shortage, the Controller may hold in reserve an equivalent amount of the expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured.

Section 4. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as provided in Section 3.

Section 5. The existing Special and Trust funds are hereby continued and the receipts in, and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is authorized to set up additional special and trust funds as they may be created by additional bequests or other conditions.

Section 6. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

SPECIAL ORDER—2:30 P. M.

Zone Change, District Bounded by Broadway, Laguna, Fillmore and Green Streets, From First Residential to Second Residential District.

(Code No. 13.02)

Bill No. ———, Ordinance No. ———, as follows:

An ordinance changing the zoning classification of a certain part of the City and County of San Francisco from First Residential to Second Residential District.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That part of the City and County of San Francisco bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the northern line of Broadway with the westerly line of Laguna street, and running thence westerly along said northern line of Broadway to the easterly line of Fillmore street; thence northerly along said line of Fillmore street to the southerly line of Green street; thence easterly along said line of Green street to the westerly line of Laguna street; thence southerly along said line of Laguna street to the northerly line of Broadway and the point of commencement; excepting, however, all the lots in said area fronting on Green street; being all of Block No. 564, all of Block No. 565, all of Block No. 566, and the lots in Blocks numbered 555, 556 and 557, fronting on the northerly line of Vallejo street, now zoned and classified as in a First Residential District, be and the same is hereby rezoned and reclassified as in a Second Residential District within the meaning of that certain ordinance entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," and which ordinance is numbered 5465 and is known and designated as Ordinance No. 5464 of the City and County of San Francisco.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

Action Deferred.

The following bill was, on motion of Supervisor Brown, *laid over one week*:

SPECIAL ORDER—2:30 P. M.

Specifying the Various Officers and Employees of the City and County of San Francisco Who Shall Give Bond for the Faithful Performance of Their Respective Duties Where Bonds Are Not Specifically Required by the Charter; Fixing the Amount of the Respective Bonds to Be Given by said Officers and Employees; Providing for the Payment of Premiums Thereon and for the Custody of said Bonds and Providing for the Form Thereof.

(Code No. 4.04)

Bill No. 221, Ordinance No. 4.041, as follows:

Specifying the various officers and employees of the City and County of San Francisco who shall give bond for the faithful performance of their respective duties where bonds are not specifically required by the Charter; fixing the amount of the respective bonds to be given by said officers and employees; providing for the payment of premiums thereon and for the custody of said bonds and providing for the form thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 8 of the Charter incumbents of the respective offices and employments of the City and County of San Francisco, hereinafter mentioned, shall give bond to the City and County of San Francisco in the form and in the manner hereinafter provided for the faithful performance of the respective duties of their respective offices and employments, which said bonds shall be given within ten days after this ordinance becomes effective and will continue in force as long as said officers and employees hold their respective positions. That the offices and employments, the incumbents of which shall give bonds as herein provided, and the amount of each of said bonds are specified in Section 2 to Section 54 of this ordinance.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and said bond shall be signed by the principal and by the surety. All of said bonds shall be executed in duplicate, the original thereof to be filed with the Controller and the duplicate thereof with the head of the department in which the employment or office is located. Where the bond of any officer or employee is required by Charter or the general laws of the state to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds are hereby declared to be public documents.

Section 56. All bonds shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and docu-

ments that may come into his possession as such officer or employee, and when the law shall provide that the officer or employee giving said bond shall be liable for the acts and omissions of his deputies, assistants, clerks and employees said bond shall be so conditioned. That said bonds shall be further conditioned that any new employee appointed to any position covered by a bond shall be insured under any bond already issued covering said position without the payment of additional premium.

Section 57. All bonds issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds herein provided for shall be obtained by the Purchaser and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer, and shall be so conditioned.

Section 61. The bonds given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department.

Section 62. Nothing herein contained shall in any way change or modify any charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by charter.

Section 63. The respective sections of this ordinance covering the positions and bonds to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of re-publishing said ordinance in its entirety.

Action Deferred.

The following matter was, on motion of Supervisor McSheehy, *laid over one week*:

SPECIAL ORDER—3:30 P. M.

Endorsement of Acquisition of China Cove for Bathing Beach and Playground Purposes.
(Code No. 23.03.)

Recommendation of Committee on Education, Parks and Playgrounds.

Resolution No. 748, as follows:

Whereas, the Recreation Commission of the City and County of San

Francisco is desirous of acquiring property commonly known as China Cove to be used as a recreation center and bathing beach in connection with the playground activities of said Recreation Department; and

Whereas, the Recreation Commission has at the present time a sufficient amount of money in its funds to pay one-half the cost thereof; and

Whereas, the Park Commission of the State of California has for some time been considering the matter of joining with the City and County of San Francisco in the purchase of said property, and said Park Commission of the State of California to pay one-half the cost thereof; and

Whereas, said property which will be acquired for the above-mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above-mentioned purposes; and be it

Further Resolved, That the Board of Supervisors does hereby signify its intention of providing the funds necessary to remedy the above-mentioned insanitary condition as soon as the same can be done without undue burden upon the taxpayers.

UNFINISHED BUSINESS.

Providing for the Sale of Certain San Francisco Water Department Land in San Mateo County.

(Code No. 12.17252.)

On recommendation of Public Utilities Committee.

Bill No. 313, Ordinance No. 12.172523, as follows:

Providing for the sale of certain San Francisco Water Department land in San Mateo County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to section 92 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in San Mateo County, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is under the administration of the Public Utilities Commission:

Commencing at the point of intersection of the northerly line of Price street with the southeasterly line of the county road leading from San Francisco to San Jose; and running thence easterly along said northerly line of Price street 104 feet 4½ inches; thence at right angles northerly 122 feet 8 inches; thence at right angles westerly 70 feet 1½ inches to the easterly line of said county road; and thence southwesterly along said southeasterly line of said county road 129 feet 9 inches to the northerly line of Price street and the point of commencement.

Containing 0.245 of an acre, more or less.

Being lot lettered "A" in Block No. 1, as the same is laid down, delineated and designated upon a certain map on file in the office of the County Recorder of the County of San Mateo, entitled "Map of Castle Tract Homestead Association," recorded October 12, 1871, in Book "A" of Original Maps, page 12; and Book "D" of Original Maps, page 22, and copied into Book 1 of Maps, page 7.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors and to the Public Utilities Commission the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Brown—1.

Re-referred.

The following matters were *re-referred to the Streets Committee*:

Amending Ordinance No. 5147 (New Series), as to Switching Hours on Second Street Between King and Folsom Streets.

(Code No. 12.20.)

Bill No. 302, Ordinance No. 12.2004, as follows:

Amending Section 1 of Ordinance No. 5147 (New Series), entitled "Granting to the Felton Company, its successors or assigns, permission, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a single spur track from a point on the existing spur track in the easterly half of Second street, about 212 feet north of the intersection of the easterly line of Second street with the northerly line of Townsend street, thence running along Second street in a northerly direction and entering the property of the petitioners on the southeast corner of Second and Brannan streets," *to permit the switching of cars on Second street between King and Folsom streets at any hour of the day and night, and providing that a flagman be stationed at each street crossing or intersection.*

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 5147 (New Series), the title of which is recited above, is hereby amended by adding thereto the following language:

Provided that cars may be switched on Second street between King and Folsom streets at any hour during the day and night, a flagman to be stationed at each street crossing or intersection.

Amending Ordinance No. 3766 (New Series), As to Switching Hours on Second Street Between King and Folsom Streets.

Accepting Offer to Sell Spring Valley Water Property.

(Code No. 12.7252)

Also, Resolution No. 763, as follows:

Whereas, pursuant to Ordinance No. 12.172522, Bill No. 267, approved April 4, 1933, the Director of Property advertised in the official news-

paper of the City and County of San Francisco that bids or offers would be received by him on April 22, 1933, for the sale of the following described parcel of City-owned land situated in San Francisco, California:

Beginning at the northwesterly corner of that certain tract of land described as Parcel 22 of San Francisco County lands, in deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, and recorded March 3, 1930, in Liber 2002 at page 1, Official Records of the City and County of San Francisco; running thence easterly along the northerly boundary line of said tract, 1019.46 feet to the northeasterly corner thereof; said corner being also the intersection of the southerly line of Judson avenue with the westerly line of Phelan avenue; thence southerly along the easterly boundary of said tract and said westerly line of Phelan avenue 300.00 feet more or less to a point distant 300.00 feet measured at right angles southerly from the easterly extension of said northerly boundary line; thence westerly parallel to and distant 300.00 feet measured at right angles southerly from said northerly boundary line 1021.32 feet more or less to the westerly boundary of said tract; thence northerly along said westerly boundary line 300.00 feet to the point of beginning.

Whereas, in response to said advertisement the Director of Property received an offer from The Roman Catholic Archbishop of San Francisco, a corporation sole, to purchase said parcel for the sum of $35,000 cash, no higher bids having been made or received; and

Whereas, said party has deposited the sum of $3,500 with the Director of Property; and

Whereas, said sum of $35,000 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $35,000; and

Whereas, the Public Utilities Commission has recommended the sale of said land for said sum of $35,000; now, therefore, be it

Resolved, That said offer be and is hereby accepted; be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to The Roman Catholic Archbishop of San Francisco, a corporation sole. The Director of Property shall deliver said deed to the purchaser upon receipt of the total purchase price.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Future Arterial Highway Development Committee.

(Code No. 12.08)

Supervisor Canepa presented:

Resolution No. 765, as follows:

Whereas, upon completion of the Golden Gate and San Francisco Bay bridges the City and County of San Francisco will constitute the traffic hub of the Pacific Coast and will be required to supply facile, speedy and efficient accommodations for greatly increased automobile traffic; and

Whereas, upon restoration to normal economic conditions the City and County of San Francisco may confidently look forward to a substantial increase in population with its attendant traffic problems; and

Whereas, the City and County of San Francisco is nearing completion of the projects for which the recent Boulevard Bond Funds were voted; and

Whereas, several vital and major street and boulevard projects for the City and County of San Francisco are now being considered and their construction urged; and

Whereas, various Joint Highway Districts are proceeding with or contemplating the construction of highways connecting with the City and County of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee to be known as the Future Arterial Highway Development Committee, to be composed of City officials and engineers familiar with problems of this character, prominent engineers in private life, representatives of civic, commercial and improvement clubs, and other leading citizens, and that the purposes and functions for which said committee is formed shall be as follows:

1. To make a complete and thorough study of the street, boulevard and highway system in the City and County as it exists now.

2. To study, ascertain and recommend extensions and improvements necessary to adequately, efficiently and as economically as possible, cope with the traffic problem which will confront San Francisco upon the completion of the bridges, and upon increased population; and

3. To coordinate, as far as possible, the recommendations resulting from the study of local conditions with the problems and plans of surrounding cities, counties, and Joint Highway Districts, as well as with the State Highway System.

Removal of State Offices to Sacramento.

(Code No. 5.3)

Supervisor Peyser presented:

Resolution No. 756, as follows:

Whereas, there is pending before the Assembly of the State of California, for the approval of that body, Senate Bill No. 1186, which provides for the removal to the city of Sacramento certain State offices which are now maintained in the City and County of San Francisco; and

Whereas, it is a matter of great convenience, not only to all of the people of the City and County of San Francisco, but also to the people of the large communities adjacent thereto, that said offices should be maintained in the City and County of San Francisco, for the reason that the greater portion of the business transacted by said offices is transacted with the residents of the City and County of San Francisco and adjoining communities, and to remove the same to Sacramento will entail much hardship and inconvenience on said residents and citizens; and

Whereas, many of the aforesaid State offices are housed in the State Building in the Civic Center, and the City and County of San Francisco granted without cost to the State more than two-thirds of the site upon which said State Building is erected, which grant was made upon the assurance of the then officials of the State that the various offices to be housed in said building would be continued to be housed therein, and that the removal of said offices will be a breach of the conditions agreed to by said State officers for the grant to the State of the greater portion of said site of said State Building; now, therefore, be it

Resolved, That the Board of Supervisors does hereby protest against the removal of any of the State offices from the City and County of San Francisco, and does respectfully request the members of the Ways and Means Committee of the Assembly not to recommend the passage of said Senate Bill No. 1186, and also requests each member of said Assembly not to approve said bill; and be it

Further Resolved, That a copy of this resolution be forthwith forwarded to each member of the Ways and Means Committee of the Assembly, and to each representative of San Francisco in said Assembly, and to Honorable Walter G. Little, Speaker of said Assembly.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Hayden,

McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Havenner—2.

School Building Survey.
(Code No. 21.3)

Supervisor Miles presented:

Resolution No. 767, as follows:

Whereas, a large and disastrous fire occurred in a public school building in the City and County of San Francisco within the past week; and

Whereas, it was demonstrated by such fire that school buildings of the age and type of construction such as that destroyed are dangerous to the lives of our children attending our schools, and are a fire hazard to the surrounding property of our citizens; and

Whereas, there are several school buildings of approximately the same age and type of construction as the one recently destroyed, which are occupied by the children of our City; and

Whereas, for the purpose of averting a recurrence of the burning of the Fremont School, prompt action should be taken to eliminate school buildings of the type destroyed; now, therefore, be it

Resolved, That the Board of Supervisors does hereby request the Board of Education to forthwith advise this Board as to the number of school buildings which should be replaced with modern buildings to the end that the safety of our school children shall be assured, and the fire menace to surrounding property eliminated, and the amount which in the judgment of said Board will be the cost of such replacement; and; be it

Further Resolved, That upon such data being received this Board give consideration to the best ways and means of providing the money to erect said school buildings.

Referred to Public Works, Buildings and Lands Committee.

Protests Against Switching Ordinances.

The following was presented and read by the Clerk:

Communication from Central Council of Civic Clubs requesting that amendments to ordinances providing for the removal of certain switching restrictions on spur tracks be re-referred to Committee for public hearing.

Also, communication from Portola District Merchants' Association objecting to granting of petition of Southern Pacific Railroad for certain changes in switching hours on several of its spur tracks.

Also, communication from Visitacion Valley Improvement Association, executive board, requesting that legislation covering the removal of certain switching restrictions in the neighborhood of the Southern Pacific's Third Street Depot be referred back to committee for public hearing.

The following was presented, read by the Clerk, and *referred to the Judiciary Committee*:

Communication from Wesley McKenzie, President, Central Council of Civic Clubs, advising that its Board of Directors, at last meeting, voted to endorse the McMurray Bill, now before the State Legislature, advocating an increase in the directorate of the Golden Gate bridge.

Livestock Building Appropriation.

Supervisor Peyser called attention to Senate Bill 467, which will withdraw appropriation of the State for a Livestock Building in San Francisco, and said that consideration of same would be before the

Legislature this week. "The City," he said, "should try and obtain that appropriation and requested that members of the Board who could be present in Sacramento at the time, indicate their willingness to attend. I will notify them of the date when I know it."

Supervisors Shannon, Havenner, McSheehy, Canepa, Gallagher and Roncovieri indicated they would go if nothing prevented.

Supervisor Peyser moved that the City Attorney be authorized to represent San Francisco in this matter.

So ordered.

Thereupon, Supervisor Peyser presented the following telegram and requested that he be authorized to send it tonight:

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and said bond shall be signed by the principal and by the surety. All of said bonds shall be executed in duplicate, the original thereof to be filed with the Controller and the duplicate thereof with the head of the department in which the employment or office is located. Where the bond of any officer or employee is rquired by Charter or the general laws of the state to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds are hereby declared to be public documents.

Section 56. All bonds shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee, and when the law shall provide that the officer or employee giving said bond shall be liable for the acts and omissions of his deputies, assistants, clerks and employees said bond shall be so conditioned. That said bonds shall be further conditioned that any new employee appointed to any position covered by a bond shall be insured under any bond already issued covering said position without the payment of additional premium.

Section 57. All bonds issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds herein provided for shall be obtained by the Purchaser and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer, and shall be so conditioned.

Section 61. The bonds given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department.

Section 62. Nothing herein contained shall in any way change or modify any Charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by Charter.

Section 63. The respective sections of this ordinance covering the positions and bonds to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of re-publishing said ordinance in its entirety.

Amendments.

Supervisor Brown offered the following proposed amendments to the ordinance which were accepted:

In line 2 of the title strike out the words "give bond" and insert the words "be bonded."

In the title, on the fourth line, strike out the words "respective bonds" and insert in lieu thereof the word "suretyship."

In the last line of the title strike out the word "bonds" and insert the word "suretyship."

In line 3, Section 1, strike out the words "give bond" and in lieu thereof insert the words "be bonded."

In line 6, Section 1, strike out the word "bonds" and insert in lieu thereof the word "suretyship."

In lines 7 and 8, Section 1, strike out the words "will continue in force," and insert in lieu thereof the words "will be required."

In line 10, Section 1, strike out the word "bonds" and insert in lieu thereof the word "suretyship." Strike out the word "amount" and write in the words "minimum amounts."

In line 11, Section 1, strike out the words "said bonds" and insert the word "suretyship."

In Section 25 add the following items:

Chief Clerk, $5,000,

Senior Clerk, $1,000.

In line 3, Section 55, strike out the words "and said bond shall be signed by the principal and by the surety. All of said bonds shall be executed in duplicate, the original thereof to," and insert in lieu thereof "the original bond or suretyship shall."

In line 5, Section 55, strike out the word "there" and insert the letter "a" before the word "duplicate."

In line 6, Section 55, strike out the word "thereof" and insert the words "or proper certificate shall be filed."

In line 7, Section 55, after the word "bond" insert the words "or suretyship."

In line 1, Section 56, after the word "bonds" insert the words "or suretyship."

Insert a period at the end of line 7 after the word "employee" and strike out the balance of the section. (Exoneration of bond clause suggested by Controller Leavy to be prepared by City Attorney and to be inserted here.)

In line 1, Section 57, after the word "bonds" insert the words "or suretyship."

In line 1, Section 59, after the word "bonds" insert the words "or suretyship."

In line 12, Section 59, after the second word "bond" insert the words "or suretyship."

In line 1, Section 60, after the word "bond" insert the words "or suretyship."

In line 4, Section 60, after the word "officer" insert a period and strike out the words "and shall be so conditioned."

In line 1, Section 61, after the word "bonds" insert the words "or suretyship."

At the end of Section 61 insert the following language:

"or the bonds given for all departments may be grouped so that all employees or officers of all departments will be covered by one bond."

In line 2, Section 63, strike out the words "positions and bonds" and insert in lieu thereof the words "or suretyship." And at the end of Section 63 insert the words "and the consent of the surety shall be evidenced by a proper rider or endorsement to said bonds or suretyship."

Insert new section to be known as Section 64, and to read as follows:

"Section 64. The surety of any said bond or suretyship may at any time terminate its liability on behalf of any officer and employee or other incumbent under said suretyship by giving thirty (30) days notice in writing to the Controller of the City and County of San Francisco and likewise the Controller of the City and County of San Francisco may cause the termination of the suretyship's liability on behalf of any and every officer, employee or other incumbent, by notice in writing to the surety specifying the date of cancellation. Upon the determination of the notice of cancellation, and provided no loss has been reported, the pro rata unearned portion of premium shall be returned to the Controller of the City and County of San Francisco."

Action Deferred.

Whereupon, the foregoing Bill was *laid over one week and made a Special Order of Business for* 3 *P. M.*

SPECIAL ORDER—3:30 P. M.

The following recommendation of Committee on Education, Parks and Playgrounds was taken up:

Endorsement of Acquisition of China Cove for Bathing Beach and Playground Purposes.

(Code No. 23.03.)

Resolution No. 748, as follows:

Whereas, the Recreation Commission of the City and County of San Francisco is desirous of acquiring property commonly known as China Cove to be used as a recreation center and bathing beach in connection with the playground activities of said Recreation Department; and

Whereas, the Recreation Commission has at the present time a sufficient amount of money in its funds to pay one-half the cost thereof; and

Whereas, the Park Commission of the State of California has for some time been considering the matter of joining with the City and County of San Francisco in the purchase of said property, and said Park Commission of the State of California to pay one-half the cost thereof; and

Whereas, said property which will be acquired for the above-mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board

is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above-mentioned purposes; and be it

Further Resolved, That the Board of Supervisors does hereby signify its intention of providing the funds necessary to remedy the above-mentioned insanitary condition as soon as the same can be done without undue burden upon the taxpayers.

Privilege of the Floor.

Jos. Phillip, Director of Property, was heard. In response to inquiry he declared that the price of the property was reasonable and might cost much more in the future if the purchase is delayed. He said that the property fronted on a public street and that the cost of extending the outfall pipe which is contemplated would be delayed for some future time. Recent improvements in the sewage disposal system have so reduced this element of the cost and the City can proceed with the work without additional appropriation.

Mrs. Sigmund Stern was heard. She thanked the Board for favorable consideration of the matter and declared that when completed it is intended to dedicate it as a memorial to the late Senator James D. Phelan.

Mrs. M. Magner, representing the City and County of Federation of Women's Clubs. She declared that the organization had gone on record by resolution against expenditure of City money for the purpose indicated. She advanced ten reasons for protesting at this time.

Jos. Phillips, Director of Property, suggested that the last paragraph be changed by striking out the words "providing the funds necessary to remedy the above mentioned insanitary condition as soon as the same can be done without undue burden on the taxpayers" and inserting in lieu thereof the words, "submitting to the electors of San Francisco at the next election, the proposition of the right to use the proceeds of the 1929 Sewer Bond Issue for this purpose. There being no objection it was so ordered.

R. H. Norton, representing the Richmond District, was also heard in favor of the proposed resolution.

Adopted.

Thereupon the foregoing resolution as amended and in words and figures following was *adopted* by the following vote:

Endorsement of Acquisition of China Cove for Bathing Beach and Playground Purposes.

Whereas, said property which will be acquired for the above mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above mentioned purposes; and be it

Further Resolved, That the Board of Supervisors does hereby signify its intention of submitting to the electors at the next election the proposition of the right to use the proceeds of the 1929 Sewer Bond Issue for this purpose.

Explanation of Vote.

SUPERVISOR GALLAGHER: I intended to vote against this resolution except for the remark made by Mr. Norton. I cannot commit myself here today to use the sewer bonds for this purpose. I was the author of the bond issue for sewers, and I made it small because I wanted to get it through, and attend to some necessary sewers in the Fillmore and Western Addition districts. Now, I want the record to show, and I want to be given a copy of it, if I may, that I am not voting now—I have no objection to your buying the beach, fencing it off if you have to, improving it, by recreational facilities, if you will, but I will not commit myself now to using the residue in the unexpended bond issue, any unsold bond issue funds, for this purpose, and for this reason: We have open sewers in San Francisco in the residential districts, and by any process of reasoning they come first. So in consenting to vote for the resolution, so you might acquire the land and improve it, on the surface conditions, even if you have to prohibit bathing, that I would not object to, but I want the record to show I repeat, and I want a copy of the record if I can have it, that by my vote on this question I do not approve of the giving of the residue of the bond issue moneys, if sold, as an emolument to this recreational facility, while there are open sewers in residential districts.

SUPERVISOR CANEPA: I have a resolution approved by the Streets Committee. May I ask the Clerk to read the resolution slowly so the members can understand?

THE PRESIDENT: This is for the purpose of providing for the use of the 1929 sewer bonds, is it?

SUPERVISOR GALLAGHER: Not for this purpose?

SUPERVISOR CANEPA: It is not committed to this purpose.

THE PRESIDENT: Read the resolution.

(Resolution read by the Clerk.)

SUPERVISOR McSHEEHY: May I just make this observation: You might answer it, Mr. Phillips? Do you think if we pass this resolution that we are passing a resolution that would be sufficient for the State Park Commission to make their appropriation? We are not defining any particular sewerage plant—do you see, Mr. Phillips?

MR. PHILLIPS: I don't think it would. I think it would be necessary to wait until after the election, and if the people consent, then the Board of Supervisors set it aside for this purpose.

SUPERVISOR McSHEEHY: You think it is sufficient at this time?

MR. PHILLIPS: Yes.

THE PRESIDENT: Are you ready for the question. Ready for roll call?

SUPERVISOR GALLAGHER: I want to explain my vote, that I vote for this resolution on the theory that the Board of Supervisors will later determine where this money is most needed, and it is not a commitment for any specific way, or any specific improvement of the sewerage system now existing.

SUPERVISOR CANEPA: That is understood, and as the resolution reads, it does not commit us.

Adopted.

Thereupon, the following resolution, recommended by Finance and Streets Committees, was presented and *adopted*:

Proceeds of Sale of 1929 Sewer Bonds to Be Used for Sewerage Treatment Plants and Enlargement and Extension of Existing Sewers.

(Code No. 12.122.)

Resolution No. 774, as follows:

Determining that the sale of remaining Sewer Bonds dated January 1, 1929, for the purpose for which said bonds were voted is impracticable and unwise, and that the proceeds of the sale of said bonds should be used for installing sewerage treatment plants and enlargement and extension of existing sewers where necessary within the City and County of San Francisco, and seeking the consent of the voters thereto.

Resolved, That it is hereby determined and specifically declared that the use of proceeds from the sale of sewer bonds dated January 1, 1929, is impracticable and unwise, as the purposes for which the said bonds were voted have been completed, and a further expenditure of money on said projects as originally contemplated would be wasteful and uneconomical, and that the City is in need of acquiring, constructing and installing sewerage treatment plants and enlarging and extending sewers within the said City and County. Be it

Further Resolved, That a special election be called to obtain the consent of the people of the City and County of San Francisco to use the proceeds of the sale of said municipal bonds above mentioned, for the acquisition, construction and installation of sewerage treatment plants and enlargement and extension of existing sewers throughout the City and County of San Francisco.

NEW BUSINESS.

Adopted.

The following resolution was *adopted*:

Releasing the National Surety Company from Liability After January 8, 1932, on the Bond Executed in Behalf of Thomas E. Shumate, Police Commissioner, January 9, 1930.

(Code No. 4.04)

On recommendation of Finance Committee.

Resolution No. 769, as follows:

Whereas, National Surety Company, a surety company duly organized and existing under and by virtue of the laws of the State of New York and authorized to do business in the State of California, did, on the 9th day of January, 1930, execute and deliver to the City and County of San Francisco the official bond of Thomas E. Shumate as Police Commissioner of said City and County; which said bond was required pursuant to the provisions of the Charter of said City and County then in force and which said bond was given to insure the faithful performance by said Thomas E. Shumate of the duties of the office of Police Commissioner, to which said office he was bonded for the period of four years from the 8th day of January, 1930; and

Whereas, under and pursuant to the provisions of the Charter of the City and County of San Francisco, which became effective on the 8th day of January, 1932, the term of said Thomas E. Shumate, as such Police Commissioner, ceased and determined, and, while said Thomas E. Shumate was subsequently, under and by virtue of the authority of the said last mentioned Charter, reappointed Police Commissioner of said City and County, the said Charter does not require any bond for the faithful performance of his duties nor is any bond required by ordinance or otherwise; now, therefore, be it

Resolved, That the aforesaid bond given by said National Surety Company be, and the same is, hereby exonerated as of January 8th, 1932, and said National Surety Company is hereby released from all liability on said bond on and after the said 8th day of January, 1932, and said bond is cancelled as of said date.

Future Arterial Highway Development Committee.

(Code No. 12.08)

On recommendation of Streets Committee.

Resolution No. 765, as follows:

Whereas, upon completion of the Golden Gate and San Francisco Bay bridges the City and County of San Francisco will constitute the traffic hub of the Pacific Coast and will be required to supply facile, speedy and efficient accommodations for greatly increased automobile traffic; and

Whereas, upon restoration to normal economic conditions the City and County of San Francisco may confidently look forward to a substantial increase in population with its attendant traffic problems; and

Whereas, the City and County of San Francisco is nearing completion of the projects for which the recent Boulevard Bond Funds were voted; and

Whereas, several vital and major street and boulevard projects for the City and County of San Francisco are now being considered and their construction urged; and

Whereas, various Joint Highway Districts are proceeding with or contemplating the construction of highways connecting with the City and County of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee to be known as the Future Arterial Highway Development Committee, to be composed of City officials and engineers familiar with problems of this character, prominent engineers in private life, representatives of civic, commercial and improvement clubs, and other leading citizens, and that the purposes and functions for which said committee is formed shall be as follows:

1. To make a complete and thorough study of the street, boulevard and highway system in the City and County as it exists now.

2. To study, ascertain and recommend extensions and improvements necessary to adequately, efficiently and as economically as possible, cope with the traffic problem which will confront San Francisco upon the completion of the bridges, and upon increased population; and

3. To coordinate, as far as possible, the recommendations resulting from the study of local conditions with the problems and plans of surrounding cities, counties, and Joint Highway Districts, as well as with the State Highway System.

Sale of Land on Chestnut Street, Near Kearny Street.

(Code No. 12.1729)

Bill No. 276, Ordinance No. 12.17291, as follows:

Providing for the sale of certain City owned lands on Chestnut street near Kearny street, San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in San

Francisco, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is not under the administration of any department of said corporation:

Beginning at a point on the northerly line of Chestnut street, distant thereon 137.5 feet westerly from the westerly line of Kearny street; running thence westerly along said northerly line of Chestnut street 80 feet; thence at right angles northerly 137.5 feet; thence at right angles easterly 25 feet; thence at right angles southerly 112.5 feet; thence at right angles easterly 55 feet; thence at right angles southerly 25 feet to the northerly line of Chestnut street and the point of beginning.

Being a portion of 50 Vara Block 79.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

School Bond Issue.

(Code No. 21.31)

Resolution No. 775, as follows:

Determining that public interest and necessity demand the acquisition and construction of certain new school house buildings in the City and County of San Francisco, and the acquisition of certain lands therefor, and the acquisition of certain other property and structures necessary to be used in and about said school house buildings, and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, That the Board of Supervisors of the City and County of San Francisco, by a vote of more than two-thirds of all of its members, does hereby determine that public interest and necessity demand the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor and the acquisition of certain other property and structures to be used in and about said school house buildings and which are necessary and convenient to carry out the objects, purposes and powers of the City and County of San Francisco; be it

Further Resolved, That the said Board of Supervisors does hereby determine that the cost of said school house buildings, lands, structures and other property necessary and convenient to be used in and about said school house buildings will be too great to be paid out of the ordinary annual income and revenue of said City and County, and that a proposition to incur a bonded indebtedness for the purposes herein mentioned should be submitted to the electors of the City and County of San Francisco.

Commendation of Fire Department, Key Route Docks Fire.

(Code No. 11.04)

Supervisor Brown presented:

Resolution No. 776, as follows:

Resolved, That this Board of Supervisors extends its congratulations and hearty commendations to the officers and members of the Fire Department whose gallant and heroic conduct in the recent conflagration at the Key Route Docks on the Oakland side of the Bay upheld the highest traditions of the San Francisco Fire Department:

Captain F. L. Smith of the Fire Boat Dennis T. Sullivan, and Captain William J. Mathewson of Number 9 Engine, who, at the imminent risk of their lives, entered the burning ferry slip and prevented the spread of flames to the highly inflammable oil tanks in the vicinity which would have meant appalling disaster were it not for their

prompt and heroic action, have won the admiration and deepest gratitude of the citizens of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding—12.

In Memoriam: Bert Kahn.

(Code No. 5.91)

Supervisor Canepa presented:

Resolution No. 777, as follows:

Whereas, death has closed the career of Bert Kahn, a brother of the late Congressman Julius Kahn, and a brother-in-law of Congresswoman Florence P. Kahn, who was prominent in the political and civic life of San Francisco for many years; and

Whereas, the late Bert Kahn was identified with the upbuilding of the best in San Francisco and served for many years as appraiser of the Port of San Francisco in the Customs Service of the United States, and gave in that position honest and faithful performance of his intricate duties; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco publicly deplores the death of the late good citizen of San Francisco, and extends to his widow sympathy and condolences in this, her bereavement; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and another copy be sent to the widow of the late Bert Kahn, and when the Board adjourns today, it do so out of respect to the memory of the late Federal Appraiser of the Port of San Francisco.

Adopted unanimously by rising vote.

In Memoriam: Luke Fay.

(Code No. 5.91)

Supervisor Canepa presented:

Resolution No. 778, as follows:

Whereas, Luke Fay, son of the late State Senator John Fay, a prominent San Franciscan and for many years identified with social and civic endeavors in the City of his birth, has recently passed away; and

Whereas, the late Luke Fay has, through his remarkable bibliographic knowledge, become one of the eminent collectors and preservers of Californiana, and through his love of books, has gathered a rare and unique bibliography, thus preserving for all time early history of his beloved State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular session assembled, publicly expresses regret for the death of the late Luke Fay, appreciates sincerely the splendid work he has done for the history of California, and offers his bereaved widow sincere sympathy and condolences in this, her loss; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this Board, that another copy be sent to the widow of the late deceased, and that when the Board adjourns today, it do so out of respect to the memory of the late Luke Fay.

Adopted unanimously by rising vote.

Board of Supervisors Endorses World's Good Will Day, May 18, and Requests the Mayor to Give Every Aid and Assistance to Celebration on That Date.

(Code No. 5.92)

Supervisor Gallagher presented:

Resolution No. 779, as follows:

Whereas, The Woman's International Peace League has set May 18 next as the date of observance of World's Good Will Day for the peoples of all nations of the earth; and

Whereas, we believe that this is a timely event in light of threatened and already occurring disturbance of conditions of peace and good will that we have hoped and prayed might prevail on earth; and

Whereas, our beloved President, Franklin Delano Roosevelt, has been and is exerting every energy to bring about disarmament and the prevalence of peace among all nations; now, therefore, be it

Resolved, That we endorse this worthy movement and request his Honor, Mayor Angelo J. Rossi, to give every aid and assistance to the celebration of May 18 in the interests of world peace and good will.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding—12.

Absent—Supervisors Breyer, Shannon, Stanton—3.

Appointment of Liaison Officer, Federal Relief Measures.

(Code No. 19.071)

Supervisor Gallagher presented:

Resolution No. 780, as follows:

Resolved, That his Honor the Mayor be and he is hereby requested to appoint some official to act as a liaison officer between this City and the Federal Government whose duty it shall be to study those Federal remedial measures adopted or contemplated for the relief of unemployment throughout the nation, and to call this Board's attention to such measures that this City may participate in the benefits afforded by such governmental action to whatever extent San Francisco may be entitled, so that our unemployed and needy citizens may be afforded relief.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding—12.

Absent—Supervisors Breyer, Shannon, Stanton—3.

Grey Line Bus at Ocean Boulevard.

Supervisor Peyser called attention to the removal of the Municipal buses from the Ocean boulevard and the operating of buses there by a private company. He asked just what had taken place there, and under what authority.

Edward Cahill, secretary of Public Utilities Commission, being sent for at request of Supervisor Peyser, said: "The Park Commission asked the Public Utilities Commission if it had any objection to Greyline buses operating at the beach. The Public Utilities Commission declared that it had no objection, as it had no jurisdiction. Public Utilities Commission cannot grant a franchise to any such organization as the Greyline."

SUPERVISOR PEYSER: Has the Park Commission authority to grant a franchise?

MR. CAHILL: I don't know. The Public Utilities Commission had nothing to do with it. We simply stated we had no objection. The Municipal bus cost four dollars for each one dollar income the bus

took in. Service did not warrant continuance of such expense. Deficit amounted to approximately $28,000.

Supervisor Havenner moved that the City Attorney be requested to advise the Board whether Greyline buses operating at the beach are doing so under proper authority.

So ordered.

Supervisor Colman moved that the matter be referred to the Public Utilities Committee.

Supervisor Peyser asked that the City Attorney and a member of the Park Commission be present at the next meeting of the Board, to respond to questions for information that he wanted, and that the matter be a Special Order for 3:30 p. m.

So ordered.

ADJOURNMENT.

There being no further business, the Board at the hour of 7 P. M. adjourned.

J. S. DUNNIGAN, Clerk.
By DAVID A. BARRY, Chief Assistant Clerk.

Approved by the Board of Supervisors May 15, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and the original bond or suretyship shall be filed with the Controller and a duplicate or proper certificate shall be filed with the head of the department in which the employment or office is located. Where the bond or suretyship of any officer or employee is required by Charter or the general laws of the state to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds or suretyship are hereby declared to be public documents.

Section 56. All bonds or suretyship shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee.

Section 57. All bonds or suretyship issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Whenever any officer or employee who is covered by any bond or suretyship written or issued under authority of this ordinance shall cease to hold the office or position for which said bond or suretyship was issued, the head of the department in which said officer or employee was serving shall notify the Controller of said fact, and shall also notify said Controller of the name of the officer or employee who has been appointed to succeed said officer or employee. Thereupon the Controller shall forthwith notify the company carrying the said bond or suretyship for said office position of said change in the occupancy thereof and arrange with said company that the new appointee shall be covered by said bond or suretyship.

Whenever any officer or employee shall cease to hold any office or employment covered by any bond or suretyship written pursuant to this ordinance and the head of the department concerned notifies the Controller of said fact, he shall advise said Controller if any liability has accrued in favor of the City or in favor of any officer thereof on said bond or suretyship, and if no such liability has accrued, the Controller shall recommend to the Board of Supervisors that said bond or suretyship covering said officer or employee be exonerated so far as such officer or employee is concerned, and the Board may by resolution exonerate said bond or suretyship, provided that such exoneration shall not in any way release said bond or suretyship for any liability which may have accrued while said officer or employee was covered by said bond or suretyship.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds or suretyship herein provided for shall be obtained by the Purchaser and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond or suretyship written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond or suretyship given for any employee or officer pursuant to this ordintnce shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer.

Section 61. The bonds or suretyship given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department and the bonds given for all departments may be grouped so that all employees and officers of all departments will be covered by one bond.

Supervisor Brown moved the adoption of the following amendment:

Add to Section 61:

All positions not heretofore bonded and for which bond is required under the provisions of this ordinance may be grouped under one schedule. In such event all other positions now bonded shall be added to the schedule as the respective anniversary dates of the existing bonds covering such positions shall be reached.

There being no objection it was *so ordered.*

Section 62. Nothing herein contained shall in any way change or modify any charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by charter.

Section 63. The respective sections of this ordinance covering the suretyship to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of re-publishing said ordinance in its entirety, and the consent of the surety shall be evidenced by a proper rider or endorsement to said bonds or suretyship.

Section 64. The surety of any said bond or suretyship may at any time terminate its liability on behalf of any officer and employee or other incumbent under said suretyship by giving thirty (30) days' notice in writing to the Controller of the City and County of San Francisco and likewise the Controller of the City and County of San Francisco may cause the termination of the surety's liability on behalf of any and every officer, employee or other incumbent by notice in writing to the surety, specifying the date of cancellation. Upon the determination of the notice of cancellation and provided no loss has been reported, the pro rata unearned portion of premium shall be returned to the Controller of the City and County of San Francisco.

Privilege of the Floor.

Jas. Hanley, Jr., attorney, representing his brother, Herbert Hanley, insurance broker. He offered a proposed amendment to Section 59 of the ordinance providing that bids be called for in awarding the bonds. He called attention to Section 88 of the Charter relative to contractual relations in justification of his contention that bids should be called for in awarding this business.

Chair ruled that inasmuch as no member of the Board would not sponsor the proposed amendment it was not properly before the Board.

Explanation of Vote.

Supervisor Roncovieri protested the consideration of the foregoing bill inasmuch as his request for comparative information as to amounts of bonds was not set forth on the calendar. He objected particularly to the omission of bonds for officials and employees of the School Department. He offered the following in explanation of his vote: "We are told that 40 per cent increase in number and in amount are being added by this ordinance. No explanation that is satisfactory to me or to any logical mind has been given why the increase of 40 per cent. For that reason, I believe it has been said it is a step in the right direction. It is a good thing to bond employees, but you can overdo any good thing. Why, at a time like this when we should exert ourselves to save every dollar we can, we are adding 40 per cent, is beyond me. I cannot see the purpose of it at this time. If the Supervisors will put it over a week and give us the explanation I will be glad to vote for it. I want my statement to be published in the record of the Board of Supervisors."

Passed for Second Reading.

Whereupon, the foregoing ordinance, as amended, was *passed for second reading* by the following vote:

SPECIAL ORDER—3:30 P. M.

Re Operation of Gray Line Bus on Great Highway.

May 8, 1933—*Supervisor Peyser moved that City Attorney and a member of the Park Commission be requested to attend Board of Supervisors' meeting Monday, May* 15, 1933, *at* 3:30 *p. m.*

Captain Lamb, Secretary of the Park Commission, appeared and declared that a private bus line was operating on the Great Highway between the hours of 9 a. m. and 5 p. m. each day under agreement with the Park Commission. This, he said, is being tried merely as an experiment and courtesy to people at the beach and to determine if the service is warranted. The Park Commission consulted with the manager of the Public Utilities Commission in the matter who felt it was decidedly a losing proposition to continue the Municipal bus line. He did not know if the Gray Line intended to ask the Board of Supervisors for a franchise, but assumed they would ask it sometime and possibly extend the service a little further. He did not know if the Gray Line paid the City a percentage of gross receipts. The company is operating on a jitney license. In reply to Supervisor Gallagher, he said, the Great Highway is under the jurisdiction of the Park Commission.

City Attorney John J. O'Toole declared that he had not yet completed his study of the situation.

Referred.

Whereupon, the subject matter was *referred to the Public Utilities Committee.*

SPECIAL ORDER—4 P. M.

Action Deferred.

The following resolution was *laid over one week. Public hearing on resolution to be given before Streets Committee on Wednesday*:

Future Arterial Highway Development Committee.

(Code No. 12.08)

Resolution No. 765, as follows:

Whereas, upon completion of the Golden Gate and San Francisco Bay bridges the City and County of San Francisco will constitute the traffic hub of the Pacific Coast and will be required to supply facile, speedy and efficient accommodations for greatly increased automobile traffic; and

Whereas, upon restoration to normal economic conditions the City and County of San Francisco may confidently look forward to a substantial increase in population with its attendant traffic problems; and

Whereas, the City and County of San Francisco is nearing completion of the projects for which the recent Boulevard Bond Funds were voted; and

Whereas, several vital and major street and boulevard projects for the City and County of San Francisco are now being considered and their construction urged; and

Whereas, various Joint Highway Districts are proceeding with or contemplating the construction of highways connecting with the City and County of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee to be known as the Future Arterial Highway Development Committee, to be composed of City officials and engineers familiar with problems of this character, prominent engineers in private life, representatives of civic, commercial and improvement clubs, and other leading citizens, and that the purposes and functions for which said committee is formed shall be as follows:

1. To make a complete and thorough study of the street, boulevard and highway system in the City and County as it exists now.

2. To study, ascertain and recommend extensions and improvements necessary to adequately, efficiently and as economically as possible, cope with the traffic problem which will confront San Francisco upon the completion of the bridges, and upon increased population; and

3. To coordinate, as far as possible, the recommendations resulting from the study of local conditions with the problems and plans of surrounding cities, counties, and Joint Highway Districts, as well as with the State Highway System.

UNFINISHED BUSINESS.

Final Passage.

The following matter, heretofore passed for second reading, was taken up and *finally passed* by the following vote:

Milk Ordinance.
(Code No. 17.05)

On recommendation of Public Health Committee.

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall

be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Market Cream at the expiration of sixty (60) days from and after the effective date of this ordinance shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory

of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk or cream from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO*:

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk*: (a) *certified milk*, (b) *guaranteed pasteurized milk*, (c) *Grade A pasteurized milk and* (d) *Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk*: *Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized*: *Guaranteed pasteurized milk shall conform to the following requirements as a minimum*: *The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical*

examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than fifty thousand (50,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million (1,000,000) bacteria per milliliter before pasteurization and not more than fifty thousand (50,000) bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk*: *Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints, ⅓ quarts and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance, and unless the person owning or operating said cooling plant shall pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall supervise the production of

market milk on dairy farms supplying said plant, and whose duty it shall be also to inspect and sample all milk received at said plant. Said inspector shall also perform such other duties not inconsistent with the provisions of this section, as shall be assigned to him by the Director of Public Health.

Funds sufficient to defray the salary and maintenance of said inspector shall be deposited monthly with an authorized representative of the City and County of San Francisco.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County

of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public

Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human

consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

Section 20, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for in-

spection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 17. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 18. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 19. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 20. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in con-

tact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 21. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 22. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 23. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 24. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 21. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 22. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 23. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Communication From Mayor Relative to Proposed Bond Issue to Replace Wooden School Buildings.

The following was presented and read by the Clerk:

San Francisco, Cal., May 8, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Enclosed you will please find copy of a letter I have this day received from the Board of Education, touching upon a bond issue to replace certain wooden school buildings, etc.

As you will perceive the letter is self explanatory, and I fully concur in the thought expressed therein. I have, on repeated occasions, very definitely expressed myself in connection with fire-trap school buildings and the fear that I held for the safety of the children attending these schools, would indeed have been a very sad realization, had the Fremont School conflagration taken place an hour earlier.

You cannot act too hastily in your efforts to correct this condition and I would therefore recommend that your Honorable Board make a request of the City Attorney for proper resolution, whereby you will be able to comply with the request herein contained.

Inasmuch as the State of California contemplates holding a special election within the next sixty days, may I urge that you give this matter your immediate consideration.

Respectfully,

ANGELO J. ROSSI, Mayor.

May 8, 1933.

Hon. Angelo J. Rossi, Mayor, City and County of San Francisco.

My dear Mayor Rossi: The recent fire at the Fremont School has brought forcibly before the Board of Education the advisability of replacing certain wooden school buildings at the earliest date that funds may be provided.

To accomplish such, by including in a tax levy, would call for a sum apparently unjustified as a charge in any particular year.

This Board therefore feels, that in order not to delay this replacement over too long a period, that the Board of Supervisors should authorize, for submittal to the electorate, a request for a bond issue in such sum as our survey, now under way, develops as advisable.

We anticipate the figure so developed will be in your hands within the next few days.

Very truly yours,

BOARD OF EDUCATION, CITY AND COUNTY OF SAN FRANCISCO.

By (Signed) Philip L. Bush, President.

Protest.

Communication from Northern Federation of Civic Organizations, opposing proposed $3,500,000 bond issue for replacing so-called "fire trap" schools.

Whereupon, the following entitled ordinance was presented and read by the Clerk:

Calling and Providing for Special Election for School Bonds.

(Code No. 21.31.)

Bill No. 325, Ordinance No. 21.311, entitled "Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other property and structures necessary to be used in and about said school house buildings, and providing for the form, denomination, rate of interest, fixing payment of interest and retirement of said bonds, and fixing the date of said special election for Tuesday, the 27th day of June, 1933."

Privilege of the Floor.

Philip Lee Bush, President of the Board of Education, was, on motion of Supervisor Colman, granted the privilege of the floor. He declared that his sole interest was to provide for the immediate replacement of hazardous fire-trap school buildings within one or at the most two years.

At the request of Supervisor McSheehy he agreed to furnish report as to the number of seats vacant at present in the San Francisco schools, number of schools and number of buildings to be destroyed.

Action Deferred.

Whereupon, on motion of Supervisor McSheehy, the foregoing ordinance was *laid over until the next meeting*, and the City Attorney requested to obtain from City's New York bond attorneys opinion as to the advisability of deferring the commencement of the redemption of the proposed bonds for a period of five years instead of one year.

Proposed Charter Amendment, Public Emergency.

Supervisor Peyser presented the following proposed amendment to the Charter and moved its submission:

The last paragraph of Section 25 of the Charter is amended to read as follows:

In preparation for or in case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the City and County, the Mayor shall have the power, and it shall be his duty, to summon, organize and direct the forces of any department in the City and County in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The Mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency.

Supervisor Gallagher objected to the amendment until he knew what labor's attitude on the matter was.

Privilege of the Floor.

Van de Leur, president of the Labor Council, was granted the privilege of the floor. He declared that he knew nothing of the proposed measure so far as labor's interests were concerned.

City Attorney John J. O'Toole declared that, under Section 9 of the Charter, the Board of Supervisors could carry out the purpose of the proposed amendment.

Whereupon, Supervisor Peyser withdrew the proposed amendment.

Budget Hearing.

Supervisor Miles announced that the Finance Committee would report the Budget on Friday, May 19, 1933, and moved that at the conclusion of the business of the Board today that it take a recess until Friday, May 19, 1933, at 10:30 a. m.

So ordered.

Supervisor Miles moved that the first matter considered on Friday at 10:30 a. m. be the matter of school bond issue.

So ordered.

Supervisor Gallagher moved to consider at the same time the ordinance providing for use of $200,000 sewer bonds for China Cove project.

So ordered.

Communication From Adolph Uhl on Proposed Charter Amendments.

The following was presented by Supervisor Gallagher and read by the Clerk:

Hon. Andrew J. Gallagher, Supervisor, City and County of San Francisco, City Hall, San Francisco.

Dear Supervisor: I will appreciate privilege of the floor in order to request the Supervisors to place before the voters at the June 27th special election the following Charter amendments:

(1) Merging the office of Treasurer with office of Tax Collector. By such merger a saving to the taxpayers of approximately $30,000 a year.

(2) Limit employment by the City and County of San Francisco to either the man or wife. This will spread employment.
(3) Official advertising: Budget to be printed in only the home edition of the newspaper doing the official printing.
(4) Changing word "may" to "shall" in the fifth paragraph, Section 88 of the Charter.
(5) $500 penalty for persons violating any section of the Charter.

I will be present at the Board meeting at 4 p. m. this afternoon, when I trust the matter might be heard.

With kind regards,

Yours very truly,

ADOLPH UHL.

Privilege of the Floor.

Adolph Uhl, representing himself as a taxpayer, was granted the privilege of the floor and urged the submission of the proposed amendments.

Supervisor Gallagher moved that a Charter amendment merging of offices of Tax Collector and Treasurer be submitted to the people.
No second.

Supervisor Gallagher, seconded by Supervisor Brown, moved that Mr. Uhl's second amendment limiting employment in City government to either man or wife.

The Chair declared that, inasmuch as the amendment was not presented in proper form, there was nothing before the Board.

Luncheon and Inspection, Dairy Delivery Plant.

Communication from Dairy Delivery Company, inviting members of the Board of Supervisors and other officials to attend luncheon and to inspect plant at Potrero avenue and Army street.

Supervisor Gallagher moved that his Honor the Mayor be advised that the Board of Supervisors accepts the invistation and leaves it to him to set the date and hour for inspection of the plant.

Motion *carried.*

Favoring of Full Compensation to All Veterans.

(Code No. 5.2.)

Supervisor Canepa presented:

Resolution No. 783, as follows:

Whereas, President Roosevelt, through authority vested in him by Congress, has issued an executive order which has for its purpose the reduction or elimination to certain veterans of the World War, of their disability allowance; and

Whereas, it has been stated in the press that the officials charged with the execution of the President's order have apparently misconstrued his purpose and have, without proper consideration, given instructions for blanket cuts and stop-orders on the compensation of veterans whose disabilities are service-connected; and

Whereas, such procedure will work unnecessary, unwarranted and untold hardships upon the veterans of the World War, many of whom are solely dependent, for their subsistence, upon the compensation which has been awarded them for the injuries which they received in the war, and without which, because of their physical condition, they will become public charges; and

Whereas, because of the fact that these men fought for the United States as such, it is plainly the duty of the Federal Government to properly provide for them and not to shift the obligation to the states and municipalities; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as being in favor of the payment of full compensation to all veterans whose disability is directly connected with war service; and be it

Further Resolved, That a copy of this resolution be sent to the President of the United States.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Roncovieri, Spaulding, Stanton—12.
Absent—Supervisors Breyer, Power, Shannon—3.

Mayor Requested to Appoint Committee to Celebrate Flag Day, Elks' Lodge, Band Stand, Golden Gate Park, Sunday, June 11, 1933.

(Code No. 5.92.)

Supervisors Hayden and Peyser presented:

Resolution No. 784, as follows:

Resolved, That his Honor the Mayor be respectfully requested to appoint a committee of citizens to co-operate with the B. P. O. E. No. 3 (Elks' Lodge) in the celebration of a flag day in the Golden Gate Park Band Stand on Sunday, June 11, at 2 p. m.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Roncovieri, Spaulding, Stanton—12.
Absent—Supervisors Breyer, Power, Shannon—3.

Petitioning His Excellency, the Governor, to Veto Senate Bill No. 476.

(Code No. 5.3.)

Supervisor Peyser presented:

Resolution No. 785, as follows:

Whereas, Senate Bill No. 476 having already passed both the Assembly and the Senate, is now before the Governor for signature; and

Whereas, the amendments to Sections 3804 and 3819 of the Political Code, proposed by said Senate Bill No. 476, are unnecessary and unwise, and the immediate effect thereof would be to nullify the equalization proceedings of the Boards of Supervisors in every county in the State; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors, by virtue of this resolution, does petition His Excellency, the Honorable James Rolph, Jr., Governor of the State of California, to veto said Senate Bill No. 476.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Roncovieri, Spaulding, Stanton—12.
Absent—Supervisors Breyer, Power, Shannon—3.

Purchase of Land for Playground, Arguello Boulevard and Edward Street.

(Code No. 12.1714.)

Supervisor Shannon presented:

Resolution No. 786, as follows:

Resolved, That, in accordance with the recommendation of the Recreation Commission, the City and County of San Francisco enter into a written agreement with H. W. Steinegger for the right and privilege of using and purchasing the following described land, or a portion or portions thereof, situated in San Francisco, California, subject to the terms and conditions set forth in said agreement:

Commencing at the point of intersection of the easterly line of Arguello boulevard with the northerly line of Edward street, and run-

ning thence northerly along the easterly line of Arguello boulevard 427.373 feet; thence easterly in a straight line parallel to the northerly line of Edward street and the easterly extension thereof 591.18 feet; thence southerly at right angles 475.14 feet to the easterly extension of the southerly line of Edward street; thence westerly along last-named extension 210 feet, more or less, to the boundary line of property now or formerly owned by Odd Fellows' Cemetery Association; thence northwesterly along said boundary 60.3 feet, more or less, to an angle point in said boundary, which point is also on the northerly line of Edward street; thence westerly along said northerly line of Edward street 391.302 feet to the point of commencement.

Said right to purchase said property and to use the same for recreational and other purposes prior to the acquisition thereof shall be upon the terms and conditions set forth in the written agreement therefor prepared by the Director of Property and approved by the City Attorney and the Recreation Commission and this day presented to this Board for its approval.

Be It Further Resolved, That said written agreement as presented be and the same is hereby approved, and that the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute said agreement on behalf of the City and County of San Francisco. And be it

Further Resolved, That upon said agreement becoming effective, that the sum of $30,000 be paid for the tract of land described as Parcel 1 in said agreement, and that the City and County of San Francisco accept a deed to said Parcel 1. Said sum of $30,000 shall be paid from 1932-1933 Appropriation No. 36-6.

Privilege of the Floor.

Amelia Barry was granted the privilege of the floor and was heard in opposition on the ground that Golden Gate Park was not very far from this location and that the expenditure was unnecessary.

A. W. Scott, attorney for the Odd Fellows' Cemetery Association, was heard in favor.

Referred.

Whereupon, the foregoing resolution was *referred to the Joint Committee on Finance and Education, Parks and Playgrounds. Meeting Thursday at 3:30 p. m.*

In Memoriam: Thomas A. Keogh.

(Code No. 5.91)

Supervisor Gallagher presented:

Resolution No. 787, as follows:

Resolved, That this Board of Supervisors records with sorrow and regret the passing of Thomas A. Keogh, for many years a popular and lovable character in the public, political and social life of San Francisco and an intimate of many of the members of this Board of Supervisors and other officials of this administration. His genial personality and admirable traits of character will be sadly missed by his many friends.

To his bereaved widow and children this Board of Supervisors extends its deepest sympathy and condolence.

Resolved Further, That when this Board of Supervisors adjourns today, it does so out of respect to the memory of the late Thomas A. Keogh, and that a copy of this resolution be spread on the minutes of this meeting, and a copy be sent to the widow and family of the deceased.

Adopted unanimously by rising vote.

In Memoriam: Daniel Foley.
(Code No. 5.91)

Supervisor Gallagher presented:

Resolution No. 788, as follows:

Whereas, In the recent demise of Daniel Foley, business agent of the United Laborers Association, Labor has lost a devoted and sterling champion. He was well and favorably known to all the members of this Board by reason of his earnest and sincere advocacy of the interests of those he so well and thoroughly represented. His was a personality marked by singleness of purpose and devotion to the welfare of his fellow workers that won the admiration of all.

Resolved, That this Board of Supervisors, when it adjourns today, it does so out of respect to the memory of the late Daniel Foley, and that a copy of this resolution be spread on the minutes of this meeting, and a copy be sent to the family of the deceased.

Adopted unanimously by rising vote.

Hearing of San Mateo County Supervisors on Ocean Shore Highway.

Supervisor Gallagher moved that the Clerk acknowledge letter from San Mateo County Supervisors requesting hearing on May 8, 1933, in the matter of the Ocean Shore Highway, extended the apology of the Board of Supervisors for failing to give hearing at time requested and explain that owing to long session and heavy program it was not read, and advise San Mateo County Supervisors that they will be welcome at any subsequent meeting at their convenience preferably after the Budget is disposed of.

Motion *carried.*

Calling and Providing for Special Election for School Bonds.

On motion of Supervisor Miles, the following bill was *passed for second reading*:

(Code No. 21.31.)

Bill No. 325, Ordinance No. 21.311, as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other property and structures necessary to be used in and about said school house buildings, and providing for the form, denomination, rate of interest, fixing payment of interest and retirement of said bonds, and fixing the date of said special election for Tuesday, the 27th day of June, 1933.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The proposition of incurring a bonded debt of the City and County of San Francisco to the amount of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the ac-

quisition of certain other properties and structures necessary to be used in and about said school house buildings.

Section 2. The estimated cost of the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other properties and structures necessary to be used in and about said school house buildings is hereby determined to be the amount of $3,000,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expense thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other properties and structures necessary to be used in and about said school house buildings are by issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition of the school house buildings, lands therefor, and other properties and structures necessary to be used in and about said school house buildings.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the special State election to be held Tuesday, June 27, 1933, and the voting precincts, polling places and officers of election for said special State election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said special State election.

The ballots to be used at said special election shall be the ballots to be used at said special State election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"School House Bonds, 1933.—To incur a bonded indebtedness in the sum of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco, certain lands therefor, and other property and structures necessary to be used in and about said school house buildings."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes"

under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated September 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in lawful money of the United States. Said bonds shall be designated "School House Bonds, 1933," and shall be numbered from 1 to 3,000, both inclusive, and shall be payable $75,000 thereof one year from the date of said bonds, beginning with the lowest number, and $75,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California, City and County of San Francisco.

"SCHOOL HOUSE BOND, 1933."

No. ———— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate not to exceed 6 per centum per annum, payable semi-annually, September 1 and March 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in lawful money of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond

as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by the Clerk of the Board of Supervisors, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of September, 1933.

.....,

Mayor.

.....,

Treasurer.

Countersigned:

.....

Clerk of the Board of Supervisors.

On ———— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, ———— dollars ($————) in lawful money of the United States, being six months' interest then due on its bond dated September 1, 1933, number ————.

.....,

Treasurer.

FORM OF REGISTRATION

San Francisco, ————, 19——.

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of ———— and the interest and principal thereof are hereafter payable to such owner.

.....,

Treasurer.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper pub-

lished daily in said City and County of San Francisco, being the official newspaper of said City and County.

Calling and Providing for Special Election to Obtain Consent of People to Use Balance in 1929 Sewer Bond Issue for Installing Sewerage Treatment Plants and Enlargment and Extension of Existing Sewers.

The following bill was presented to the Board and *referred to the Finance Committee*:

(Code No. 12.122)

Bill No. 330, Ordinance No. 12.1222, as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the people of the City and County of San Francisco a proposition to obtain the consent of the people to use the remaining money on hand from the proceeds of the sale of sewer bonds dated January 1, 1929, for installing sewerage treatment plants and enlargement and extension of existing sewers within the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the purposes for which sewer bonds dated January 1, 1929, voted by the people have been completed, and it would be impracticable and unwise to expend further money on the projects included within the purposes of the said bond issue, and there is need of the construction of extensions to and enlargements of existing sewers and also the construction and installing of sewerage treatment plants. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the people of said City and County a proposition to obtain the consent of the people to use the remaining money on hand from the proceeds of the sale of sewer bonds dated January 1, 1929, for the purposes of installing sewerage treatment plants and enlarging and extending existing sewers within the City and County of San Francisco. The money on hand not required for the purposes for which it was originally voted and to use for the purposes herein stated is in the amount of $201,166.

Section 2. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 3. The said special election hereby called shall be and hereby is consolidated with the Special State Election to be held Tuesday, June 27, 1933, and the voting precincts, polling places and officers of election for said Special State Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said Special State Election.

The ballots to be used at said special election shall be the ballots to be used at said Special State Election.

Section 4. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Consent is hereby granted to use $201,166 cash on hand in the Treasurer's office realized from the sale of sewer bonds of the City and County of San Francisco dated January 1, 1929, for the purpose of installing sewerage treatment plants and enlargement and extension of existing sewers within the City and County of San Francisco."

To vote for the proposition where ballots are used, and to use the money to the amount of and for the purposes stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the use of the money to the amount of and for the purposes stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Section 5. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the using of the said cash on hand, then such proposition shall have been accepted by the people.

Section 6. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Providing for Appointment of Poundkeeper.

(Code No. ———)

Supervisor Gallagher presented:

Resolution No. 798, as follows:

Resolved, That the San Francisco Society for the Prevention of Cruelty to Animals, a corporation incorporated and organized under the laws of the State of California, be and it is hereby appointed Poundkeeper of the City and County of San Francisco, and as such Poundkeeper it shall have charge of the Public Pound as provided and established by Ordinance No. 11.141.

ANNUAL APPROPRIATION ORDINANCE, 1933-34

(Code No. 9.051)

The following ordinance was taken up:

Bill No. 320, Ordinance No. 9.05164, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income, and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided. Such estimated receipts, revenue, and income are computed on the accrual basis and cash received in payment thereof either before or after the close of the fiscal year shall not be considered as income or revenue but as payment on account.

The several amounts of proposed expenditure for the fiscal year ending June 30, 1934, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance subject to the limitations provided herein. Where revenues for any fund or department are provided herein by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer.

Appropriations for bond interest or redemption, fixed charges and other appropriations not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer, for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Section 80 of the Charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor, or reimbursement is recollectible in full from the departments, persons or institutions for which the service is rendered, shall be subject to limitation by the Controller to the amount of such receipts or collections. Each Department head to whom such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the receipts or reimbursements received or receivable since the last report.

case may be. The term "department head" as used herein shall be as defined in Section 70 of the Charter.

Section 2. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein, subject to the provisions of the Charter dealing with the appropriation and transfer of funds, the certification of obligations and the payment of warrants.

Section 3. The sums appropriated by this appropriation ordinance to the several departments shall be expended in accordance with a schedule of allotments, monthly or quarterly as determined by the Controller and agreed to by the Mayor for departments under his jurisdiction and/or the Chief Administrative Officer.

The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure, and shall not approve the incurring of liability on any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Mayor or Chief Administrative Officer and the approval of the Controller.

The several items of expenditure appropriated to the several departments being based upon estimated receipts, income, or revenues which may not be fully realized, it shall be incumbent upon the Controller to revise estimates monthly. If such revised estimates indicate a potential shortage, the Controller may hold in reserve an equivalent amount of the expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured.

Section 4. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as provided in Section 3.

Section 5. The existing Special and Trust funds are hereby continued and the receipts in, and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is authorized to set up additional special and trust funds as they may be created by additional bequests or other conditions.

Section 6. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

(*Budget estimates of Proposed Expenditures Fiscal Year* 1933-1934, *on file in Clerk's Office.*)

Public Hearing on Budget, 1933-1934.

The following were granted the privilege of the floor and heard at length:

Wm. H. Nanry, secretary of the San Francisco Bureau of Governmental Research, read and explained the following general recommendations of the Citizens' Budget Committee:

1. *Non-Filling of Present Vacancies—All Departments.*

It is recommended that *all* positions in *all* departments that represent an increase in personnel over the *present force* in each such department be eliminated. The detailed budget items in which such additional positions are included, in all departments except Welfare and Institutions, are referred to in the specific departmental recommendations, as follows: Assessor, 1; Police, 10; Fire, 6; Municipal Court, 1; Juvenile Court, 2; Tax Collector, 1; Purchaser, 5; Public Works: General Office 1, Building Repair 5, Engineering 2, Street Cleaning 2, Street Repair 1; Controller, 2; Utilities Commission, 2; Airport, 1; and Water Department, 1. This will affect 43 positions, or a budget reduction of $106,058.

2. *Non-Filling of Vacancies Created by Retirement.*

It is recommended that those positions to be vacated during the year by mandatory retirement on a pension, as provided by Charter, be not filled when so vacated, and that the appropriation item covering each such position be correspondingly reduced. The detailed statement of such positions is outlined in Schedule No. 1, attached to this report, and includes the following: Police, 3; Fire, 2; Municipal Court, 1; Recorder, 1; Public Works: General Office 1, Building Repair 1, Engineering 1, Sewer 1, Street Cleaning 7, Street Repair 2; Electricity, 1; Health Department, Central Office, 2; Agricultural Commissioner, 1; Municipal Railway, 3; and Water Department, 2. It is estimated that the non-filling of such vacancies will affect 29 positions and the consequent reduction in budget appropriations will effect a total budget reduction of $32,200.

3. *Non-Filling of Future Vacancies.*

It is also recommended that procedure be established whereby vacancies outlined above and all future vacancies that occur during the period of present business conditions be not filled, except in case of absolute necessity to carry on essential city operations. The budget reduction for this item would have to be applied as a deduction from totals and is estimated as $50,000.

4. *Salary Deductions.*

It is our understanding that the amounts of salary deduction under Charter Amendment No. 1, adopted April 11, are being recalculated. Our estimates indicate that additional amounts of such deductions under the personnel and rates proposed and the percentage rates of deduction provided by the amendment should be increased, as follows: Fire Department, $57,000; Parks, $34,400; Recreation, $19,200; Registrar, $2,190; Street Repair, $3,400; Health, $22,900. These will provide a total budget reduction of $139,090.

5. *No Salary Increases.*

It is recommended that no salary increases, whether based on seniority, reclassification or promotion, be allowed in the proposed budget or during the continuation of the present business conditions, except such increases as are fixed by Charter. Such increases as are apparent from analysis of the budget estimates are referred to in the recommendations relative to the departments in which they occur.

6. *Elimination of Salary Increases Since January* 1, 1931.

It is recommended that all salary and wage increases granted since January 1, 1931 (the rates as of such date are practically fixed by

Charter), be eliminated, except such increases as are required by mandatory Charter provisions. The detail of such salary and wage increases is outlined in the attached Schedule No. 2, covering 73 positions. The estimated amount of budget reduction, through the application of this policy, is estimated as $24,056.

7. *Revision of Rates for Those Appointed Since January* 1, 1931.

It is recommended that the rates fixed for all officers and employees appointed since January 1, 1931, be reestablished so as not to exceed the entrance rates specified in the Civil Service Commission's schedule of April 9, 1930, or—for the building trades and other classifications where outside prevailing rates can be easily ascertained—so as not to exceed the rates paid for similar service in private employment. The fixing of entrance rates on such basis is in accord with Charter provisions and with the general policy of "no increases," as established by the Mayor and the Board of Supervisors during the last two years. The detail as to budget items affected by applying the entrance rates specified in the Civil Service Commission's schedule of April 9, 1930, is shown in the attached Schedule No. 3, covering 84 positions. The estimated amount of budget reduction involved in this proposed policy is $37,260.

8. *Revision of Salary and Wage Rates.*

It is recommended to the Mayor, the Civil Service Commission and the Board of Supervisors, that work be undertaken immediately on revision of salary and wage rates for the purpose of establishing these, as required by Charter, at a scale not in excess of rates paid for similar services in private employment. At a series of conferences last July and August, it was stated that studies for the purpose of revising schedules of compensation were to be undertaken immediately and would be completed and made effective in time for use in and application to the 1933-34 budget and annual salary ordinance. It is estimated that such revised schedules, if applied only to positions filled by persons appointed since January 1, 1931, would effect an annual salary reduction of at least $136,800.

9. *Rate for Temporary Clerks.*

It is recommended that the rate for temporary clerks, fixed in the last budget at $150 per month, be fixed at a rate of $5 per day. This is probably in excess of the maximum rate paid for similar services in private employment. The particular budget items affected are discussed under the heading of Assessor, Tax Collector, Registrar and Controller. The amount of reduction involved is estimated as $28,700.

10. *Reduced Working Time.*

It is recommended to the Mayor, the Civil Service Commission and the Board of Supervisors that provision be made by civil service rule and executive action for the staggering of employment or the reduction in working time, with equivalent reduction in pay and appropriations, for application to those departments and offices where the reduction in volume of work, or necessary reduction in appropriation requires that such staggering of employment or reduction in working time be established as a method of retrenchment, in lieu of dismissal of personnel. It is estimated that the application of a five-day-week work basis to the various offices and departments of the City, exclusive of institutions, Fire Department, Municipal Railway and Hetch Hetchy operative, as shown in the attached Schedule No. 4, would effect a saving of $997,870.

11. *Arbitrary Reductions.*

The Citizens' Budget Committee estimates indicate the necessity of a budget reduction of $3,000,000 to provide a tax reduction of from only 5 to 10 per cent for every taxpayer. The specific recommendations and suggestions acted upon by the committee, and included herein, if

accepted in their entirety by the Board of Supervisors, would fall short of this amount. Accordingly, in addition to such specific recommendations, a further proposal of arbitrary reduction, approximating 3 per cent of the total proposed appropriations, has been calculated and applied to all departments and funds, exclusive of emergency reserve, unemployment relief, institutions, welfare and social service aids, bond interest and redemption, tax judgments, pension and other fixed charges, and park and recreation, both of which operate under minimum Charter tax rates. Such arbitrary reductions, as shown in Schedule No. 5 attached hereto, together with specific recommendations included herein and recommendations along similar lines to be submitted separately to the Board of Education, appear to be necessary to produce the small amount of tax relief which is the objective of the work of this committee, and would effect a budget reduction of $582,760.

12. *Reductions in Force.*

Various reductions in force are recommended, to be effected wherever possible by transfer, to fill new positions where the creation of these cannot be eliminated or postponed, or by reduced working time. Such proposed reductions are based on decreased volume of work to be performed, curtailment of functions of the office under new Charter procedure, completion of work for which the employment was originally created, carrying into effect changes in procedure that have been officially approved, etc. Each proposed reduction is discussed under the heading of the department affected. The proposal includes the office of the Board of Supervisors, Board of Permit Appeals, Art Commission, Recorder, County Clerk, Real Estate Department, Department of Public Works—General Office, Accounting Bureau, Building Inspection, Engineering Bureau, Central Permit Bureau and Street Repair; Electricity, Department of Health, Central Office (plumbing inspection) and City Planning. These recommendations would affect about 70 employees and effect a reduction of approximately $200,000.

13. *Extension of Contract Provisions.*

It is recommended that Charter provisions relative to competitive bidding and contract procedure on street, building and sewer repair and reconstruction work costing over $1000 continue to be rigidly enforced, and, further, that the policy be adopted of requiring competitive bidding on all items of repair and reconstruction work costing over $500. It is estimated that the budget can be reduced by economies under such procedure by approximately 20 per cent of the items affected, as follows: Purchaser (shop), $20,000; Building Repair, $10,000; Sewer Repair, $26,000, and Street Repair, $40,000—a total reduction of $96,000.

14. *Printing and Advertising Costs.*

It is recommended that appropriations for printing and advertising (Purchaser's appropriation) be reduced by centralizing and having only one "set-up" of Supervisors' ordinances and resolutions, now separately printed in the calendar, the official newspaper and the journal; by elimination of the printing of ordinances in full when these are adopted "on final passage"; by consolidating Police Department advertisements relative to license applications; by simplifying and shortening, wherever possible, advertisements inviting bids, announcing awards, etc. It is estimated that by the above mentioned and other economies, printing and advertising costs can be reduced from one-third to one-half. Using one-third, this would effect a budget reduction of approximately $18,650.

15. *Auto Allowances.*

Last year a similar committee recommended that auto allowances for City officials and employees be established on a graduated scale based on the extent of use of individual machines, rather than the

flat $30 per month allowance established in the 1932-1933 budget. It was stated at that time that a survey would be undertaken during the year for the purpose of establishing such graduated scale. It is recommended that if such survey has not as yet been made, steps be taken immediately to establish proper rates of auto allowance on the basis of extent of individual use of machines, and that such revised schedule be placed in operation as soon as possible.

Adolph Uhl, representing himself as a taxpayer, urged that drastic cuts be made in the costs of government. He declared that all departments are over-manned and asked that employments be cut down or transfers made where needed. This Police Department, he said, is greatly over-manned. Not only that, he said, "I am reliably informed that police inspectors collect tribute from bookmakers, bootleggers and houses of prostitution." He declared that the largest property owners in the City are in dire distress and unable to pay. He cited a number of apartment houses and hotels which had been foreclosed and others that were in the hands of receivers and still others that were closed out for less than the mortgage.

He urged, however, that the Board put into the budget an item of $37,000 for the acquisition of seventy acres of land at Bay Point to be graded and filled in as a future commercial area to be given away without cost if necessary to manufacturers or other commercial enterprises which might be induced to set up their plants in this City.

S. Hester, secretary, Board of Public Works, refuted the statement of Mr. Uhl as to alleged overmanned departments and bureaus of the Board of Public Works.

Geo. Skaller, representing himself and taxpayers and the Civic League of Improvements Clubs, called attention to the distressful condition of property owners in all parts of San Francisco and urged the most drastic economies in all departments of the government during this period of depression. He complimented municipal employees for their unselfish contributions to unemployment relief and the Finance Committee for its splendid work in presenting a budget that took cognizance and the needs of the day and the plight of the taxpayer.

J. F. Kelly, representing Central Council of Civic Clubs. He urged that $2000 be provided for construction of concrete steps off Twenty-second street between Utah and Rhode Island as requested by the Southern Heights organization. He also asked for $12,000 for a playground on Twenty-fourth street, and $30,000 for a sewer in Schwerin street. He decried the elimination of employment and deductions in salaries of Municipal employees as adding to the depression rather than remedying it.

Archie Mooney, representing the Building Trades Council of San Francisco, protested any further reductions in the budget. He disagreed in some respects with the report of the Finance Committee, but on the whole commended it for its fairness.

Mrs. Best, representing Sunset Transportation and Improvement Club, urged that provision be made for the continued operation of the Municipal bus on the Great Highway.

W. C. Peoples (colored), residing at 2015 Buchanan street, discussed the disabilities of the colored citizenry during this depression and their necessity for municipal relief.

R. S. K. MacMillen, representing Central Mission Improvement Club, was also heard, urging that the utmost economy be exercised in making up this year's budget in order that the burden of the taxpayer might be lightened in the greatest degree possible.

Geo. Stimmel, of the Crocker Estate Co., was granted the privilege of the floor. He said in part: The apartment house situation in San Francisco is very bad. Many places have been sold for the mortgage others are in the hands of the receivers and owners don't know where to raise the money to pay the taxes. Coming downtown, he

said, to the commercial district, we find that some of the most prominent corners in San Francisco today stand vacant and no business is being transacted. Store vacancies are large and increasing in number, and there is even a larger percentage of offices vacant all over the City.

Mr. Loughenberg, representing the San Francisco Real Estate Board, was also heard to the same effect.

Jno. A. Sullivan, president of the San Francisco Real Estate Board, cited percentages of amount of gross income from property paid in taxes from 1927, increasing each year as follows: 11.3 per cent, 1927; 13.1 per cent, 1928; 14.1 per cent, 1929; 17.8 per cent, 1930; 19.7 per cent, 1931, and 25.4 per cent, 1932.

B. Levitt, representing Junior Chamber of Commerce. He favored the conclusions of the Citizens' Budget Committee and held very little hope for a high assessment roll, believing that it would be most likely 10 per cent lower than last year, rather than 5 per cent, as expected.

Jas. Arnott, home builder, cited conditions surrounding the home building industry and stated that hundreds of home purchasers who had lost their employment had to give up their equities in their homes because they could no longer pay the installments of principal and interest.

Lucella Ward, secretary of the Hotel and Apartment House Owners' Association, was also heard. Few of the apartment houses and hotels are paying their way and many have gone to the wall. The moratorium was felt to be a great relief, but even at that it will be very difficult to find the tax money.

ADJOURNMENT.

Whereupon, the Board, at the hour of 5:05 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors June 12, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Gallagher, Roncovieri—2.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the previous meeting was laid over one week for approval.

In Memoriam: Milo F. Kent.

(Code No. 5.91)

Supervisor McSheehy presented:

Resolution No. 801, as follows:

Whereas, death has closed the very colorful and active career of Milo F. Kent, former member of the Board of Supervisors of the City and County of San Francisco; and

Whereas, the life, comparatively short, of the late Milo F. Kent was filled with noble endeavor, high association, and outstanding honesty and integrity in a wide field of business, social and fraternal life, and civic and military accomplishments; and

Whereas, the candidness of spirit of the late deceased, his love of country and of order, his positive manifestation of the better things and ideals in life, particularly his discipline of self and his love of family, made him a figure in San Francisco life admired and beloved; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco in regular session assembled, does hereby publicly express high regard for the character and virtues of its late confrere, coupling said admiration with sincere sorrow at San Francisco's loss of such an estimable gentleman as was the late Milo F. Kent, and further offers sympathy and condolences to his widow and his children in this, their bereavement; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting and that another copy be sent to the widow of the late deceased, and when the Board adjourns today it do so out of respect to the memory of former Supervisor Milo F. Kent.

Adopted unanimously by rising vote.

On motion of Supervisor McSheehy, the Chair appointed Supervisors McSheehy, Havenner, Stanton, Shannon and Gallagher to officially represent the Board of Supervisors at the funeral of former Supervisor Milo F. Kent.

Mayor Requested to Appoint Committee of Citizens to Campaign for the Passage of the $3,000,000 Public School Building Bonds, Special Election on June 27.

(Code No. 21.31)

Supervisor Hayden presented:

Resolution No. 802, as follows:

Resolved, That his Honor the Mayor be respectfully requested to appoint a committee of citizens to conduct a campaign for the passage of the $3,000,000 Public School Building Bonds at Special Election of June 27, 1933.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton —13.

Absent—Supervisors Gallagher, Roncovieri—2.

Endorsing Constitutional Amendment No. 47.

(Code No. 5.3.)

Supervisor Hayden presented:

Resolution No. 803, as follows:

Whereas, Senate Constitutional Amendment No. 47, exempting private non-profit educational institutions from taxes has been voted by the Legislature of California, placed on the ballot for June 27, 1933; and

Whereas, California is the only State in the Union that taxes private non-profit educational institutions; and

Whereas, the hundred thousand pupils being educated in these private non-profit schools save annually to the State of California approximately $12,000,000, exclusive of capital outlay; and

Whereas, Constitutional Amendment No. 47 (No. 4 on the ballot of June 27, 1933), has been given the endorsement of Controller Ray L. Riley, numerous members in the State Government in addition to a splendid vote placing the amendment on the ballot by various metropolitan newspapers as well as by clubs, fraternal organizations, national organizations; and

Whereas, the exemption from taxation of the private non-profit schools in California would hardly make any appreciable difference in taxation income for the State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby unanimously endorse Constitutional Amendment No. 47 (No. 4 on the ballot of June 27, 1933), exempting private non-profit educational institutions in the State of California from taxation.

Referred to Educational, Parks and Playgrounds and Judiciary Committees.

Resolution Re Closing of Klamath River.

Resolution No. 804, as follows:

Whereas, the Klamath River and territory immediately adjoining was set aside by State-wide vote in 1924 as a recreational area; and

Whereas, it was the mandate of the citizens of California that no obstructions, dams or other impediments to the free passage of migratory fish be permitted in the river; and

Whereas, serious interference with migrating fish is now being caused by commercial netting of salmon at the mouth of the Klamath River; and

Whereas, such activities unless immediately curbed will interfere with and ultimately cause the destruction of all the fish in the river; and

Whereas, two bills have been introduced in the California Legislature by Assemblyman H. B. Scudder (A. B. 1536-1759) to remedy this situation and restore the Klamath River to all of the people of California; and

Whereas, many of the citizens and people of this vicinity are regular visitors to the Klamath River, where they go to enjoy the fishing and recreational advantages found there; and

Whereas, continuance of commercial netting of salmon in the Klamath River will seriously interfere with the freedom of our people in their use of this area for recreational purposes; and

Whereas, the Klamath River is the only State controlled source of salmon spawn needed by the State Fish and Game authorities for restoration and propagation of salmon; therefore, be it

Resolved, That this Board of Supervisors in meeting here assembled does hereby approve and support Assembly Bills 1536-1759; and be it

Further Resolved, that the legislative representatives of this district be requested to lend their support to these bills and vote for their passage in the Legislature now assembled; and be it

Further Resolved, That a copy of this resolution be sent to His Excellency Governor James Rolph, Jr., State Capitol, Sacramento, California.

Referred to Judiciary Committee.

In Memoriam: Dr. Alfred Roncovieri, Jr.

(Code No. 5.91.)

Supervisor Havenner presented:

Resolution No. 805, as follows:

Resolved, That this Board of Supervisors records with sorrow and regret the passing in the fullness and prime of life of Dr. Alfred Roncovieri, Jr., devoted and loving son of our confrere, Supervisor Alfred Roncovieri, for whom this Board feels in this dark hour the most profound commiseration. Dr. Roncovieri was a distinguished and estimable character in the public, professional and social life of San Francisco and one full of promise for a brilliant future. He served his country with valor and distinction in the World War and, returning home to San Francisco, achieved through his outstanding character and native ability, a high place in his chosen profession. To his family this Board of Supervisors extends its deepest condolence and sympathy.

Further Resolved, That when this Board of Supervisors adjourns today it does so out of respect to the memory of the late Dr. Alfred Roncovieri, Jr., and that a copy of this resolution be spread on the minutes of this meeting and another copy be sent to the family of the deceased.

Adopted unanimously by rising vote.

SPECIAL ORDER—4 P. M.

Adopted.

The following recommendation of Streets Committee was taken up and *adopted*:

Advisory Arterial Highway Development Committee.

(Code No. 12.08)

Resolution No. 765, as follows:

Whereas, upon completion of the Golden Gate and San Francisco Bay bridges the City and County of San Francisco will constitute the traffic hub of the Pacific Coast and will be required to supply facile, speedy and efficient accommodations for greatly increased automobile traffic; and

Whereas, upon restoration to normal economic conditions the City and County of San Francisco may confidently look forward to a substantial increase in population with its attendant traffic problems; and

Whereas, the City and County of San Francisco is nearing completion of the projects for which the recent Boulevard Bond Funds were voted; and

Whereas, several vital and major street and boulevard projects for the City and County of San Francisco are now being considered and their construction urged; and

Whereas, various Joint Highway Districts are proceeding with or contemplating the construction of highways connecting with the City and County of San Francisco; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee to be known as the Advisory Arterial Highway Development Committee, to be composed of City officials and engineers familiar with problems of this character, prominent engineers in private life, representatives of civic, commercial and improvement clubs, and other leading citizens, and that the purposes and functions for which said committee is formed shall be as follows:

1. To make a complete and thorough study of the street, boulevard and highway system in the City and County as it exists now.

2. To study, ascertain and recommend extensions and improvements necessary to adequately, efficiently and as economically as possible, cope with the traffic problem which will confront San Francisco upon the completion of the bridges, and upon increased population; and

3. To coordinate, as far as possible, the recommendations resulting from the study of local conditions with the problems and plans of surrounding cities, counties, and Joint Highway Districts, as well as with the State Highway System.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Gallagher, Roncovieri—2.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

Authorizing the Compromise and Settlement of Claim of John Beisel vs. City and County of San Francisco, and Payment of $500 in Settlement Thereof.

(Code No. 6.0222.)

Finance Committee Report and Recommendations for the Fiscal Year 1933-34.

The following was presented and read by the Clerk:

San Francisco, California, May 19, 1933.

To the Honorable the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: Your Finance Committee herewith submits its report and recommendations on the Mayor's budget for the fiscal year 1933-34, presented to the Board of Supervisors May 1, 1933, and referred by the Board to your Finance Committee.

Your committee has labored arduously, and has studied minutely each item contained in said budget. In submitting its report, your committee is fully cognizant of the extreme economic stress that is prevalent, and that retrenchment is absolutely essential in all departments of the City government.

Your committee recognizes that the taxpayers of our City must be relieved of the tax burden so far as the same can be effected without loss of efficiency. As will be indicated by your committee's recommendations, every possible economy and retrenchment has been recommended so far as the same could be done consistent with the needs of our citizens and the continued efficiency of governmental functioning.

Before determining upon the recommendations herewith submitted, your committee summoned before it the various departments of the City government, with the view to eliminate any and all unnecessary expenditures and effect economies wherever possible.

The committee at this point wishes to express its appreciation to the various department heads and employees who have so generously and faithfully cooperated in every manner in the mutual endeavor to solve this problem.

The committee wishes to particularly express appreciation to the Controller and his staff, to the Director of Finance, and to the staff of the Civil Service Commission, who rendered extraordinary service in assisting your committee in supplying data and computations necessary in the presentation of this budget.

Attention is called to the fact that, though it is absolutely necessary to eliminate all unnecessary expenditures, it must be borne in mind that with the growth of the City the demands likewise increase, and particularly at the time when there is an unprecedented demand for hospitalization and welfare aid. Your committee feels that it is the responsibility and obligation of the City and County to provide amply for those in distress, and to furnish assistance to those who are in need.

In the report herewith submitted your committee recommends elimination of all new positions except as hereinafter set forth. It should be noted that in several instances departments have been able to eliminate employment by reclassifying and rearranging the duties of positions. Such reclassification, though the same appears in the budget as a new position, in that such position was not in existence in the last budget, is in reality a set-off and is not interpreted by your committee as a new position, for by this method great savings have been effected and employments reduced.

Such reclassification appears in the following departments: Recreation, Purchasing, Bureau of Engineering, Street Cleaning, Sewer Repair, Street Repair, Controller, Airport, Municipal Railway and Water Department.

The only new positions recommended by your committee as proposed in the Mayor's budget are as follows:

War Memorial: One elevator operator and one watchman. These two positions your committee feels are necessary by virtue of the great amount of new and additional work caused by the opening of the War Memorial buildings.

Probation Department: Your committee recommends the additional probation officer as proposed in the Mayor's budget. This department is a very important one, in that it provides for the welfare of the youth of today, and in times of economic stress a proper administration relieves the expenditure of large sums of money by the prevention of future delinquency.

Bureau of Building Repair: One elevator operator, three janitors, one window cleaner. These positions were necessary by virtue of the opening of the new Health Center building. These positions have been in existence since the opening of this building, and the money for the same was set up by special appropriation by this honorable Board.

Health Department: In this department, new positions have been set up. Your committee recommends approval of the same, in view of the large number of additional patients and the great amount of additional burden caused by the unusually large number of needy sick resulting from present economic conditions. These employments have likewise become necessary by virtue of the fact that 300 additional beds are occupied in the San Francisco Hospital, and the new wing of said hospital has been opened during the past fiscal year, in addition to the pending opening of the new Alemany Emergency Hospital. The enforcement of the gas appliance ordinance passed by your honorable Board has likewise created the necessity for additional personnel.

During the fiscal year 1932-33, various appropriations were made by the Board of Supervisors for the temporary employment of people listed under Health Department. In the 1933-34 budget they are set up as permanent employees. Your committee recommends that the various amounts set up for such employments as permanent employees be eliminated from the 1933-34 budget, and that the amounts necessary for their salaries be set up under temporary employments. While this does not reduce the budget of the Department of Health, in case there should be a decrease in the patients now being cared for, this department would automatically cut its temporary help. Should this help be established as permanent, they would very likely be carried on the payroll until they would be subject to retirement.

Your committee likewise recommends that all vacancies that may

occur during the ensuing fiscal year by virtue of retirements, deaths or resignations be not filled wherever the same can possibly be left vacant without impairing the efficiency of the service. By this procedure your committee estimates that a saving of approximately $75,000 will be effected, which will be a reduction by that amount of the total amount of the Mayor's budget.

Your committee recommends that there should be set up in the annual appropriation ordinance, under Estimated Revenues, an allowance of $75,000 for savings to be effected in this manner. $75,000

With the exceptions hereinafter noted, your committee recommends against salary increases for the ensuing fiscal year:

The Mayor has recommended an increase of $600 a year for the Assistant Director of Public Health. The duties of this office have been greatly increased by the additional burden imposed on the Health Department, and by the enlargement of its scope. Dr. Gray, the incumbent Assistant Director of Health, has shown excellent executive ability in the management of all activities of that department, and has made an enviable record as an expert in his profession. He has likewise endeared himself in the hearts of the people of San Francisco.

It further appears that the incumbent several years ago was promised an increase in salary which was never given. Your committee feels that the responsibilities attached to this office, together with the qualifications required for the performance of the duties necessary to efficient administration of the Health Department, warrant the increase, and the compensation recommended by the Mayor.

In regard to the sum of $700,000 recommended by the Mayor for unemployment relief, your committee has made a thorough investigation, and feels that, owing to the fact that already approximately 7500 persons have been removed from the relief list, and that during the summer period there is a natural decline owing to various employments that will be obtained by persons now on the relief list, and further recognizing from all indications that economic conditions will not be more aggravated than in the last fiscal year, your committee recommends that this item be eliminated from the budget.

In further substantiation of this position your committee submits the following facts:

There now remain unsold, unemployment relief bonds in the sum of $2,180,000. From every indication received from reliable sources, this amount will be matched by the Federal and State governments, making a total of approximately $4,360,000.

The Mayor has further included in his budget the sum of $300,000 for emergencies, from which your committee feels that in the event of necessity an additional $100,000 may be used for relief purposes. Likewise there is an approximate balance of $100,000 in the revolving fund of said relief fund, making a further sum of $200,000 available, which sum would be likewise matched, making an approximate total of $4,760,000. This amount, it is felt, will be sufficient to discharge the relief obligations for the ensuing fiscal year.

Such being the case, your committee feels that the inclusion of the sum of $700,000 in the budget at this time, which amounts to approximately 10 cents in the tax rate, is superfluous and is an unnecessary burden on the taxpayer..... $700,000

The Mayor has recommended that the request of the Public Utilities Commission for additions and betterments in the sum of $660,000 be allowed to the Water Department.

Your committee feels that this department has functioned ably and well, and that the Public Utilities Commission is to be commended for the splendid efficiency demonstrated in its conduct.

The Water Department is contributing to the general fund, for the discharge of bond interest and redemption, an estimated sum of $797,168, which represents a surplus that will be realized in the

ensuing fiscal year over and above all expenditures, including the proposed additions and betterments which have been recommended.

Your committee feels that these additions and betterments are absolutely required for the proper preservation and development of our water system, and the amount recommended is conservative and a minimum requirement.

Owing to the great economic depression, and the need for relieving the taxpayers of our community, your committee feels that said surplus should be expended as recommended in the Mayor's proposed budget.

In the proposed budget of the Water Department, however, a reserve has been set up in conformity with Section 128 of the Charter. An examination discloses the fact that the amount provided exceeds the requirements by the sum of $75,000, and your committee therefore recommends that there be deducted from the proposed amount of fixed charges, index 48, line 14, sheet 1, the sum of $75,000..... $75,000

Your committee further recommends that the amount proposed for fixed charges in the proposed budget of the San Francisco City and County Employees' Retirement System be reduced by $53,303. This recommendation is made on the ground that the allowance this year should not be in excess of that of last year, as every possible means of relieving the taxpayer should be used, and no taxes should be levied for the creation of unnecessary reserves at this period of economic stringency. $53,303

There has also been included in the budget of the Public Utilities Commission for lighting of public streets, as recommended by the Mayor, the sum of $800,000. Your committee recommends that this amount be reduced by the sum of $20,000. . . . . $20,000

Your committee is satisfied that the same amount used by the Public Utilities Commission last year for the lighting of public streets is ample to properly and efficiently light all the public streets of the City and County of San Francisco for the ensuing fiscal year.

In a further effort to reduce the tax burden for the ensuing fiscal year, your committee has exerted every effort to postpone the payment of the sum of approximately $30,000 for the purchase of parcel No. 3 of Fleishhacker Pool and Playfield. At the time of the submission of this report your committee has been unsuccessful in obtaining such postponement.

Your committee has likewise endeavored to obtain postponement of the payment of the sum of $105,000 for the purchase of land at San Francisco Airport, which efforts at the time of the submission of this report have not been successful.

Your committee further feels that in examining the allowance proposed for contractual services and materials and supplies, that the various departments of the City government should curtail expenditures for the ensuing fiscal year.

After an examination of the various contractual allowances for contractual services and materials and supplies proposed in the Mayor's budget, your committee recommends that each and every item thereof set forth in said proposed budget (exclusive of allowances for provisions) be reduced by the sum of 5 per cent, which will result in a net saving in the budget of the sum of approximately $130,000.....$130,000

These deductions are made in addition to any specific deductions herein set forth.

Your committee recommends no further salary reductions for the following reasons:

(1) Under a pledge made to the employees of the City and County

of San Francisco by the proponents of the new Charter, all salaries would remain the same as of January 8, 1931.

(2) The employees of the City and County have faithfully cooperated in contributing to unemployment relief, and have at all times shown their loyalty to the City government by their willingness to assist in all matters that would redound to the benefit of the taxpayer.

(3) By a Charter amendment recently adopted the salaries of all officials and City employees have been reduced to a point beyond which it is inconsistent to go, in view of the deflation of currency and the inflation of prices now taking place.

(4) Further, it is the declared wish of the President of the United States that salaries should be maintained and wherever possible increased.

(5) A pledge was given to the City employees at the time of the recent submission of the Charter amendment, that salaries would not be further reduced, and that no existing employments would be abolished; and further, that there will be no staggering of employment.

Your committee further recommends the following deductions and curtailments:

Board of Supervisors: Non-personal Services, deduct $1,500. This recommendation is made upon the theory that a full-time reporter is not required, and that a part-time reporter on necessary occasions will suffice..... $1,500

Sheriff: Materials and Supplies, index 7, sheet 1, page 9, deduct $1,000. . . .. $1,000

Superior Courts: Owing to the legislative enactments reducing the salaries of Superior Judges and the fees of court reporters, it was estimated that there would be a saving of approximately $16,000 in this department..... $16,000

Municipal Courts: A saving likewise will be made in this department, based on legislative enactments, which your committee estimates will represent an approximate saving of $6,000 in this department. $6,000

It is to be noted here that no salary deductions have been made in the proposed budget for either judges or court reporters of the Superior or Municipal Courts.

Tax Collector: Index 28, sheet 1, line 8, Seasonal Clerks and Stenographers, deduct $14,000. ..... $14,000

Tax Collector: Index 28, sheet 1, line 8, General Clerk-Stenographer, eliminate $1,800. ..... $1,800

Registrar of Voters: Index 29, sheet 2, line 38, Equipment, deduct $25,000. ..... $25,000

Public Administrator: Index 32, sheet 1, line 15, Safe Deposit Rental, eliminate $50. ..... $50

Purchaser of Supplies: Index 33, sheet 1, line 4, Contractual Services, deduct $15,157. ..... $15,157

Purchaser of Supplies: Index 33, sheet 1, line 6, Equipment, deduct $5,000. . . .. $5,000

Department of Public Works: Bureau of Building Repair, sheet 8, index 35, line 11, Repair and Maintenance of Buildings, Structures and Improvements, deduct $4,706..... $4,706

Department of Public Works: Street Cleaning, sheet 19, index 35, line 5, Contractual Services, deduct $6,346..... $6,346

This deduction is made because the amount set forth in the budget is an increase of the amount recommended herein for deduction, and your committee feels that this department should function with the same allotment as last year, owing to present economic conditions.

County Road Fund: Sheet 24, index 35, line 26. Your committee

recommends that under this head, the item of $50,000 for Joint Highway District No. 10 be eliminated and said sum be transferred to line 36, Unappropriated Balance and Salary Deductions, until such time as this sum is absolutely required.

County Welfare Department: Line 11, sheet 1, index 38, eliminate two social service investigators, $3,600..... $3,600

Bureau of Engineering: Index 35, sheet 17, eliminate line 26, $16,000 . . . . $16,000

This item, though it appears in this budget for miscellaneous extensions, in truth and in fact is proposed for a survey and sewage disposal studies. Your committee feels that owing to present conditions this expenditure is not warranted for such purposes.

Public Utilities Commission: Bureau of Public Relations, index 44, sheet 1, line 20, eliminate apprentice, $900..... $900

In the complete *recheck of the salary deductions*, the amount of $14,547 has been found as an additional amount to be applied in the reduction of the budget total..... $14,547

There remains unencumbered and unexpended in the 1929 sewer bond fund the sum of approximately $200,000, and your committee is advised by the City Attorney that the money cannot be used for any further sewer construction under the existing bond issue. This balance, therefore, he states, may be used for bond interest and redemption.

The annual redemption of sewer bonds is $100,000 and the interest at 4½ per cent is $96,750. Your committee therefore recommends that the sum of $196,750 be transferred from the 1929 sewer bond fund to the credit of the bond interest and redemption fund, thereby reducing the tax rate by this amount. $196,750

The *School Department* has only submitted a tentative budget. However, your committee has been informed that there may be an appreciable decrease in the total set forth in said proposed budget, thereby insuring further benefit to the taxpayer in the amount of said reduction.

Attention is called to the fact that with the deductions and eliminations herewith recommended, *capital expenditures are still provided for* in the budget for the ensuing fiscal year for the following projects: Water Department, Parks, Convenience Stations, Mills Field Land Purchase, Fleishhacker Playfield, Street Construction and Reconstruction, and work will likewise proceed in Aquatic Park, the Yacht Harbor improvement, and Telegraph Hill.

The attention of the Board is directed to the fact that much legislation may still be enacted in July of this year and your committee is unable therefore to advise on such matters. Such legislation may affect the amount of taxes at the time the tax rate is fixed in September of this year.

Your committee further calls attention to the fact that of the total budget of $54,161,015 herewith submitted *the Board of Supervisors has discretionary jurisdiction of only approximately 13½ million dollars, the balance of approximately 40½ million dollars being required to discharge mandatory charges required by State law and Charter provisions* consisting of judiciary, health, hygiene, public welfare, education, inspection, salaries, bond interest and redemption, parks, recreation, library, tax and other judgments.

The recommendations of your committee herewith submitted, which will be effected by the retrenchments set forth herein, will result in a saving to the taxpayer in the sum of $1,381,659. This sum reduces the Mayor's budget to be obtained from $29,342,950 to $27,961,291.

Referring to the Mayor's message in which it is stated that predicated upon the assessment roll which made possible the present tax rate of $3.96 the budget which he has submitted can be sustained by a

tax levy of $3.76, *your committee estimates that the budget it is herewith submitting* based upon the assessment roll which made possible the present tax rate of $3.96 *can be sustained by a tax levy of* $3.59 *on each* $100 *of assessed valuation.* However, attention is called to the fact that the Assessor has informed the committee that there will be a reduction in the assessment roll. Your committee therefore advises you that for *each* $2,000,000 decrease in the assessment roll the tax rate of $3.59 herewith estimated will be increased by 1 cent.

RECAPITULATION.

Mayor's Tax Budget	$29,342,950
Finance Committee's Proposed Tax Budget	27,961,291
Amount of Decrease	$ 1,381,659

Respectfully submitted,

FINANCE COMMITTEE,
CARL W. MILES, Chairman,
VICTOR J. CANEPA,
JEFFERSON E. PEYSER.

Privilege of the Floor.

Adolph Uhl, representing himself as a taxpayer, was granted the privilege of the floor and read the following:

San Francisco, Calif., May 22, 1933.

Honorable Board of Supervisors, City and County of San Francisco, San Francisco, California.

Gentlemen: Tax reduction last year was 8 cents—$4.04 to $3.96. The reduction was brought about by contemplated diversion of $400,000 from the million appropriated in the budget for unemployment relief, a sum diverted from the Depreciation Fund of Hetch Hetchy and diversion from the Water Department. This reduction, therefore, in taxes was not due to real economies.

Although not a member of the Citizens' Budget Committee, I respectfully urge adoption of the items set forth by the Citizens' Budget Committee that are not controversial. You must concede the following items are not controversial; such as are staggering employment, arbitrary reductions, etc.:

Non-filling of present vacancies.

Non-filling vacancies due to retirement.

Non-filling of vacancies which are inevitable.

These should be approved by your Honorable Board as they are sound economies. The matter of reduction in force is sound as it is a notorious fact that with few exceptions all departments of the City are overmanned.

Take for example the Board of Supervisors. Under the old Charter much of the administrative work and particularly making up the budget justified a Finance Committee stenographer—salary $375 a month. Under the new Charter the Finance Committee stenographer should be eliminated.

In 1925-26 the personnel under the Board of Supervisors was 15—today 14. Certainly that is overmanning of the department. The Board of Supervisors is now strictly a legislative body and therefore the number should be greatly reduced. In 1924-1925 with 18 members of the Board of Supervisors there was one chauffeur-messenger at a salary of $2,400 a year. Two special chauffeurs at a salary of $250 each is in the present budget. Gentlemen, I venture the statement that if you were obligated to pay the cost you would get along with one chauffeur, and the salary would not be $250. It makes a difference who foots the bill.

It is also disappointing that the Mayor fails to set the standard of economy in the matter of two chauffeurs—especially inasmuch as one of the chauffeurs is mostly on night duty and not official business.

The salary of the Mayor's chauffeurs is only $200 a month and one of the chauffeurs, I understand, is the Mayor's nephew.

With building at its lowest ebb the Department of Electricity carries a personnel of 69, as compared to 68 in 1924-25 when building was most active. From 1925-26, 141 intersections were equipped with traffic signals. They were built by six instrument-makers. During the present fiscal year only two intersections were equipped with traffic signals. Despite the small number installed the six instrument-makers are on the present payroll and are set up in the 1933-34 budget.

In 1924-25 there were 14 inspectors in the Electricity Department. In the proposed budget 13 inspectors are requested. If 14 were necessary in 1924-25 when building activities were most active, we could certainly get along with one-half the number or even less.

Police Department.

This department has the earmarks of being greatly overmanned. We find in the office of the Mayor and in the Chief Administrator's office three police officers in plain clothes.—What for? I understand an inspector of police acts as chauffeur for the Chief Administrator. I am also reliably informed that some of police inspectors collect tribute from bookmakers, bootleggers and houses of prostitution. The budget calls for 72 inspectors. Would suggest an arbitrary reduction of 22. It would result in a saving of $66,000. It is justified in this period of distress. Amazing to find we have 87 corporals, 95 sergeants and 43 lieutenants set up in the budget for the Police Department. If you ever observed how the corporals and sergeants loiter along with the police officer you would say—what for?— and if you were footing the bill you would lay at least 50 per cent of them off. That would be a saving to the taxpayer of $300,000.

Another piece of rank extravagance in the Police Department is the police launch. The budget calls for three marine gas engineers—$7200 a year. Lay up the police boat and lay off the police marine engineers. This is aside from the cost of gasoline, insurance, paint, etc. I was informed by the chief's office that the boat is temporarily laid up and that the marine engineers are painting same.

Fire Department.

Another case of overmanning is in the matter of battalion chiefs of the Fire Department. In 1924-25 there were 21 chiefs and assistants. In the 1933-34 budget thirty are set up. Today there are eleven districts which would call for 22 battalion chiefs. As a matter of fact, the Sacramento and Drumm District should be eliminated and also the one at 18th and Rivera streets. These were political creations. That would reduce the battalion chiefs to 20. Then there should be eliminated the positions of two assistant-chiefs which were created. You will find in checking up that there are two floating battalion chiefs for which there is no permanent or particular place. Reduce the number to 22 and make a saving of $30,000.

Sheriff's Department.

Employment of two farmers at Ingleside Jail at a salary of $4800, plus approximately $480 a year for retirement is not justified. Inside the jail walls two acres are a truck garden, and along Ocean avenue and San Jose avenue are an additional several acres. Number one on the civil service farmers list was sent to the Laguna Honda Home at a salary of $75 a month, plus food, lodging and laundry, as compared with the salary of $200 a month for farmers at Ingleside Jail, which is an absurd salary for a farmer.

This is a concrete example of the necessity of your Honorable Board to pass the salary standardization ordinance. The Charter provides for salary standardization and you should obey the Charter.

Board of Works.

The Board of Works is greatly overmanned, evidenced by the following facts. This information was furnished by Mr. Hester, Secretary of the Board of Works.

In 1925-26 we had 7 superintendents and foremen in the street repair department, covering a force of 93 laborers, etc. The 1933-34 budget calls for 15 superintendents and foremen, and two sub-foremen, with a crew of only 69 workers. This is exclusive of engineers, truck drivers and granite cutters.

Then in the street cleaning department we find a gardener who is presumed to work on Junipero Serra Boulevard. He was in the budget last year. Can't imagine why we should have had a gardener last year on Junipero Serra boulevard.

We find in the street cleaning department five watchmen employed as follows:

One at Forty-eighth avenue and Taraval street on the street sweeping dump.

One on Thirty avenue and Ortega street.

One at a refuse dump at Bayshore and Gerald.

I find no dump or watchman at 40th and Taraval. Why there should be a watchman on these dumps remains to be explained. No one would steal the rubbish or street sweepings dumped there. I am advised that there are two watchmen at the garage corner of Jones at Jefferson, where heavy trucks are garaged. Besides the two watchmen—one day and one night—there is a day garage man.

For the past several years, I have repeatedly called attention to conditions at 6th and Hubbell streets; the block rented by the City and in which block are high pressure pipes and costly valves, which are now overgrown with weeds. Also, car tracks and a large number of copper cables, upward of 300 reels. In 1929 I advocated selling this copper wire, at the then high price of copper—26c a pound, as compared with today's price of 7c a pound, and putting the money in a savings bank until transmission line is to be built. For the past several years, I have raised objection to the employment of an individual at $2700 a year, on this block, acting 90 per cent of the time as a watchman and 10 per cent as a stationary engineer. Imagine a watchman there when it requires a derrick to move the pipes, rails and copper cable.

Gentlemen, these are a few of the high spots. In the aggregate they total $450,000 and summarized as follows:

Dropping one chauffeur of the Mayor	$ 2,400
Dropping one chauffeur of the Supervisors	3,000
Dropping one Finance Committee stenographer	3,900
Dropping three supervisor's clerks	6,800
Dropping 6 instrument-makers	7,500
Dropping four electricity inspectors	10,800
Twenty-two police inspectors	66,000
50 per cent cut corporals and sergeants	300,000
Dropping seven battalion chiefs	30,000
Dropping three street repair men	7,500
Dropping five watchmen street cleaning department	9,000
Dropping watchman pipe yard	2,700
Dropping three marine engineers	7,200

Gentlemen, I believe between $1,500,000 and $2,000,000 can be saved on a thorough check of departments.

Calling your particular attention to the Organist in the Palace of the Legion of Honor—on part time— plays the organ one hour Saturday and one hour Sunday—$4200 per year or at the rate of $40 an hour. The union scale is $10 per hour. Also, I note in this year's budget that an additional organist is set up in the Legion of Honor for $1500 a year. During the depression these positions should positively be curtailed.

We find in the budget of the Public Utilities Commission a superintendent of agriculture—$7200 a year. It is hardly conceivable that the operations in agriculture by the Water Department should call for such a salary.

Automobiles.

It is regrettable that no record is kept covering the items of automobiles. How many are owned by the city, how many are rented, the cost of gasoline, tires, repairs, matter of insurance. Undoubtedly, a great saving can be made in this particular item.

The Public Utilities Commission purchased a Pierce Arrow for $3100, in place of using a Packard driven by an employee of the Public Utilities Commission who uses same going to and from work. A great abuse exists in the matter of automobiles, for example: An employee recently drove a Buick car by himself to Southern California not on official business. On returning he was arrested in Palo Alto for speeding. No doubt, many of the city automobiles are used by employees and officials during vacation periods. I would not be surprised that many of them would go to the Chicago Exposition this year. I therefore respectfully request that your Honorable Board pass an ordinance prohibiting city owned automobiles and autos rented by the city, to be used other than for official business and that the autos cannot leave the city except on official business and by written permission of the Chief Administrator. Penalty—$500.

Calling your attention to the item of two voting machine adjusters, salary $4800 a year, these adjusters are only needed before sending out voting machines. The position should, therefore, be part time and the amount set up accordingly in the budget.

Gentlemen, the largest saving in operation of the city government today is by eliminating the overmanning in the departments. I note that you have eliminated from the budget just one item of contemplated overmanning—namely an apprentice to the publicity man in the Public Utilities Commission at a salary of $900 per year.

Having pointed out the overmanning in many departments, I trust you will act favorably upon these suggestions.

I want to call your particular attention to the 70 acres of land owned by the Bay View Land Company, lying on Candlestick Point adjacent to the Bay View Park, comprising approximately 15 acres—owned by the City. This land has been offered to the city for $35,000. I consider this an extremely low price. I would urge you to purchase these 70 acres and about ten blocks of tide lands immediately adjacent thereto which would cost approximately $12,000. These blocks should be reclaimed for industrial purposes and from time to time additional blocks purchased in order to further increase municipally owned industrial lands. The City Advisory Relief Committee are favorable to placing the unemployed heads of families upon excavating these 70 acres and reclaiming these tide lands but cannot do so until the land is owned by the City and County of San Francisco.

I appeal to you to place these capital expenditures covering the purchase of the 70 acres and approximately 10 blocks of tide lands in this year's budget.

Respectfully submitted,

ADOLPH UHL.

Henry Warfield, 579 Guerrero street, representing the Knights of Civilization. He favored an increase in the tax rate instead of a cut and opposed reductions in salaries which policy he believed could be carried out if the city would adopt his scheme of issuing scrip to pay salaries and other government expenses and requiring its circulation twenty times in the business community before its final redemption.

Geo. G. Baker, 25 San Jose avenue, also representing the Knights of Civilization, was also heard to the same effect.

John F. Kelly, representing Central Council of Civic Clubs, said

that since his last appearance before the Board of Supervisors he had been instructed by his organization to oppose the diversion of the earnings of the Water Department to the General Fund for the reduction of the tax rate. It should be used to reduce water rates, he said.

W. J. Varley, president, Longfellow-Mt. Vernon Improvement Club, raised the same objection.

Geo. Allen, representing the Visitacion Valley Improvement Club, requested an appropriation in the budget of $40,000 for the completion of the Visitacion Valley sewer.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, MAY 23, 1933, 2:30 P. M.

In Board of Supervisors, San Francisco, May 23, 1933, 2:30 p. m.

The Board of Supervisors met pursuant to recess for the purpose of continuing the public hearing on the budget.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Spaulding—10.

Absent—Supervisors Colman, McSheehy, Roncovieri, Shannon, Stanton—5.

Supervisor Shannon appeared at 2:50 p. m. and was noted present.

His Honor President Hayden presiding.

Adopted.

The following resolution was presented by Supervisor Gallagher and *adopted*:

Earthquake Precautions.

(Code No. 11.07)

Resolution No. 806, as follows:

Whereas, there exists in the public mind a feeling that it would be well for the City and County of San Francisco, through its officials, to be absolutely sure in the event of catastrophe that all of the safety features involved have been attended to; now, therefore, be it

Resolved, That the attention of his Honor the Mayor be called to the excerpt from an editorial in the San Francisco Daily News of Friday, May 19, 1933, quoting Dr. Bailey Willis, noted seismologist, as follows:

"People on the streets are in danger from signs hung on weak or rusted ties, from parapet walls not adequately tied back, from cornices, balconies and other projections not securely built in, and also from water tanks standing on stilts without diagonal bracing. There are many buildings of doubtful strength to resist shock. The hopeful aspect of the situation is that we have the knowledge, the skill and the materials to tie, bond or strengthen even poor buildings as well as accessory details, and that eventually, if not right now, we can make our cities safe against earthquakes. It can be done now, if we choose."

Further Resolved, That his Honor the Mayor be and is hereby requested to immediately make recommendations to this Board as to what manner of steps could be taken to meet with the suggestions in said editorial, to the end that there may be assured safety in the public mind.

Ayes—Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Spaulding—10.

Absent—Supervisors Colman, McSheehy, Roncovieri, Shannon, Stanton—5.

Communication.

San Francisco, May 23, 1933.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: Having been informed that the contemplated cross to

be erected on Mount Davidson is to be an emblem and not erected for any particular religious group I respectfully withdraw my objection to same, as a matter of fact since it will be non-sectarian I am in sympathy with the erection of the cross.

Yours truly,

ADOLPH UHL.

Communication From Manager of Utilities.

I am advised that the Finance Committee of the Board of Supervisors has recommended the reduction of the allowance for street lighting from $800,000 to $780,000, a $20,000 cut. This will not permit us to place back in service lights which have been taken out in order to balance the current year's budget.

I have had complaints from the following improvement clubs, who have not pressed their demands for restored lighting, expecting that the 1933-34 budget would allow us to put back the lighting which has been cut off:

Forest Hill Association, Marina Home Owners' Protective Association, Edgewood Neighborhood Club, Bay View Civic Association, Bay View Promotion Association, Parkside District Club, East and West of Castro Street Improvement Club, Southern Civic Clubs, Upper Sunset and Golden Gate Heights Improvement Club, North Beach Promotion Association, Excelsior District Improvement Club, Property Owners' Association of North Beach, Point Lobos Improvement Association, Portola Woman's Improvement Club, Marina Merchants' Association, Eureka Valley Improvement Association, Fillmore Street Merchants' Association, North Central Improvement Club, North Beach Merchants' Association, Longfellow-Mt. Vernon Improvement Club, Mission Street Merchants' Association, Mission Viaduct Terrace Improvement Club, South of Army Street Merchants' Association, St. Francis Home Association, Glen Park Community Club, 29th and Castro District Improvement Club, Haight-Ashbury Improvement Association, Crocker, Amazon Improvement Association, Visitacion Valley Improvement Association, Bernal Progressive Club, West End Improvement Association, Sunset Community Improvement Club, Westwood Heights Lands Association, Sunset Commercial Improvement Club, Southern Promotion Association, Park-Presidio Improvement Association.

The large number of these clubs cover all quarters of the City and indicate how serious the curtailment of lighting has become. All of the larger lights have been reduced in candlepower, so there is really nothing much further that can be done to reduce costs without actually taking out lights in residential districts which need them badly.

In addition to the above mentioned improvement associations, we have had many hundreds of individual complaints from residents of the City.

I am further informed that the Finance Committee has recommended a flat cut of 5 per cent in contractual services. Inasmuch as the entire budget of the Lighting Department consists practically of one contract for lighting, this will entail a further cut of $40,000. This is entirely out of the question, without making wholesale cut-outs of lighting in the residential districts of the City.

E. G. CAHILL,
Manager of Utilities.

Communication From Chairman of Citizens' Relief Committee.

May 22, 1933.

To the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: As Chairman of the Citizens' Relief Committee I enclose a copy of a resolution adopted by the committee at its meeting held on Friday, May 19th, urging and requesting your honorable Board to include in the budget for the next fiscal year an item of $700,000 for unemployment relief as recommended by the Mayor.

The resolution sets forth the reasons which actuated the committee in taking its position.

The committee wishes to be heard before action is taken by the Board and I would appreciate the courtesy of being advised of the time when this matter will be considered.

Very respectfully,

M. C. SLOSS, Chairman,
Citizens' Relief Committee.

At a meeting of the Citizens' Advisory Committee on Unemployment Relief held on Friday, May 19, 1933, the following resolution was adopted:

Resolved, That this Committee request and urge the Board of Supervisors of the City and County of San Francisco to include in the budget for the fiscal year 1933-34 an appropriation of $700,000 for unemployed relief, as proposed by the Mayor.

Resolved Further, That, in the judgment of the Committee, such appropriation is proper and necessary for the following reasons:

1. The cost to the City and County of unemployment relief during the fiscal year which will end June 30, 1933, including actual cost to date and estimated cost during the balance of the fiscal year, will amount to approximately $6,500,000.

2. It cannot safely be estimated that the cost for the year 1933-34 will be less than for the current year. In all probability it will be greater. At the beginning of the current year (July 1, 1932) the number of families on relief was 9817. From week to week thereafter the number increased steadily until it reached 16,802 in March, 1933, and while there has been a decline during the past seven or eight weeks, the families on relief still number 14,277. It is certain that the next fiscal year beginning July 1, 1933, will start with a considerably heavier load than that of a year earlier. That the burden during the coming year will probably be greater than during the past year is indicated by the fact that the average number of families on relief during the nine and a half months of the current year was 13,839 as against an average of 6580 during the year 1931-32. Even if the number of persons to be cared for should be less than during last year, the decline would be more than offset by the upward trend in food prices, already evident.

3. The funds available for the fiscal year (exclusive of direct local taxation and Federal aid) consist of:

Unsold balance of bonds	$2,180,000
Proportion of proposed State bond issue (estimated)	2,000,000
Total	$4,180,000

We cannot count on California receiving any part of one-half of the 500 million dollars to be provided under the recent act of Congress. The other half is contingent on matching by states and their subdivisions in the proportion of $3 of state and local money to $1 of federal money. Matching federal contribution, on this basis, with the State and City and County money in sight, the United States Government addition to our $4,180,000 would be $1,393,333, producing a total, from all sources, of only $5,573,333.

If, however, the $700,000 item in the budget is restored, the federal contribution would be correspondingly increased. The result would be as follows:

Unsold balance of bonds	$2,180,000
State bond issue	2,000,000
City and County taxes	700,000
Total	$4,880,000
Add federal contribution of one-third of above total.	1,626,666
Grand Total	$6,506,666

The last figure is substantially equal to the expenditure for the current year. (Both set-ups assume a favorable vote on the State bond issue at the election called for June—a result that is not certain.)

It should also be noted that the federal contribution may be applied to rent payments, and the additional funds which would be available with the inclusion of the $700,000 item would enable the relief administration to alleviate some part of the hardships to both landlords and tenants that have developed through the inability to provide for the payment of rents in any but a few cases. Even with the additional funds, it would not be possible to undertake to pay all of the rent of families on relief.

4. Even assuming that the cost of relief for the ensuing year (1933-34) does not exceed that of the current year, and that the proposed State bond issue receives the approval of the voters, the funds available (if the item of $700,000 be omitted) will leave a substantial deficiency, and the City and County will come to the last few months of the next fiscal year without money to carry on the work.

5. If there should be a deficiency it would be necessary either to stop the granting of relief or to propose another bond issue to the voters. It is very doubtful whether a proposal for another bond issue could be carried, and, in any event, the issuance of further bonds should be avoided. The necessity for relief on a large scale will undoubtedly continue for several years and the City cannot continue indefinitely to finance such an obligation by annual bond issues.

6. The social, economic and political consequences of a breakdown of the relief program would be so serious that adequate provision to prevent such a result should be made before the beginning of the fiscal year. After the tax levy is once made there is no way of supplying additional funds except by an issue of bonds.

Resolved Further, That a copy of this resolution be transmitted to the Mayor and to the Board of Supervisors and that the Director of Relief, the Chairman of this Committee and other members of the committee be authorized to appear before the Board of Supervisors in support of this resolution.

Budget Hearing.

Supervisor Canepa moved the privilege of the floor to any one interested.

So ordered.

Supervisor Gallagher requested that the City Attorney be asked at once to prepare the proper resolution to be incorporated in this budget providing the necessary sum of money for the purchase of lands in South Basin to be developed into future industrial sites.

Privilege of the Floor.

Mr. Decatur was, on motion of Supervisor Miles, granted the privilege of the floor. He declared that he represented those urging a budget appropriation for the erection of the Mt. Davidson cross. He hoped to have a cross of steel and concrete 100 feet high erected in that location. He declared that the cross was for all the people and quoted Lewis J. Byington, president of Public Utilities Commission, in support of the legality of such an appropriation.

Henry Wolff, president of the Civil Service Commission, was granted the privilege of the floor and read said Commission's report to the Board of Supervisors on the budget recommendation of the Citizens' Budget Committee, which report was, on motion of Supervisor Gallagher, ordered filed with the Clerk of the Board of Supervisors and copies of the same sent to the Citizens' Budget Committee and to each component part of it. The Civil Service Commission's report follows:

Report of Civil Service Commission on Recommendations of Citizens' Budget Committee.

May 22, 1933.

To the Honorable the Board of Supervisors, San Francisco, California.

Gentlemen: Your Finance Committee has requested the Civil Service Commission to express to you its views on the recommendations of the Citizens' Budget Committee which affect personnel and with which the Commission may be concerned. Accordingly we comply herewith and hope this report may be of assistance to you.

There are fifteen general recommendations included in the summary of the report of the Citizens' Budget Committee. These general recommendations are applied specifically to particular items of the various departments in the detail of the report of the Citizens' Budget Committee. We will discuss only the general recommendations but our statements will be understood to apply also to each specific item in the detailed report of the Citizens' Budget Committee where that general recommendation is made to apply.

The general recommendations of the Citizens' Budget Committee and the amounts of estimated savings as shown on the first page of their report are as follows:

General Recommendations.

	Possible or estimated savings as reported by the Citizens' Budget Committee
1. Non-filling of present vacancies, all departments....	$106,053
2. Non-filling of vacancies created by retirement.....	29,905
3. Non-filling of future vacancies	50,000
4. Salary deductions under Charter Amendment No. 1..	139,090
5. No salary increases	.....
6. Elmination of salary increases since January 1, 1931.	24,056
7. Revision of rates for those appointed since January 1, 1931	37,260
8. Revision of rates, salary standardization schedules..	136,800
9. Rate for temporary clerks	28,700
10. Staggered or reduced working time	997,870
11. Arbitrary reduction	582,760
12. Reduction in force	200,000
13. Extension of contract provision	96,000
14. Printing and advertising costs	18,650
15. Auto allowances	.....

We will take these up in order, discussing only those that concern personnel and are therefore of official interest to the Civil Service Commission.

May we say at the start that to prepare a detailed analysis of the proposed budget in so far as personnel is concerned there must be available at the time payrolls, rosters of personnel and similar records. At the request of his Honor the Mayor, the Personnel Expert of our Commission sat with the Mayor, the Controller and the Director of Finance and Records as the estimates were being considered and provided for them all this information. Lacking such data, no one could have analyzed the budget estimates accurately. We assume this and the fact that the report of the Citizens' Budget Committee was hurriedly prepared account for the fact that much of the detail in the Citizens' Budget Committee report is inaccurate. For instance, many of the positions listed in the report as being vacant are not vacant. Again on page 30 (item 260) the Committee refers to an increase on line 21 of the printed budget in number of employments recommended by the Mayor above that requested by the department. This item shows a request of 6 general clerks at $150 by the department and the Mayor recommended 7. If you will refer to line 18 of the printed budget you will note the department requested 46 gen-

eral clerks at $175. One of these employees is receiving only $150, so the Mayor reduced the number to be allowed and the salaries proposed to conform to present organization. Thus instead of an increase as reported, there is actually a reduction of $300 per year under the departmental request.

REPLIES TO GENERAL RECOMMENDATIONS.

General Recommendation 1. Non-filling of Present Vacancies, All Departments.

Reply:

The Citizens' Budget Committee recommends a policy of non-filling present vacancies and reports that there are 43 of these and that a saving of $106,053 can be effected by such a policy. There are only 12 positions now vacant continued in the Mayor's budget. The compensation of all these vacanies totals only $29,040.

May we also say that this policy of non-filling of vacancies has been in effect for the past one and one-half years. In December, 1931, when the first salary ordinance was drawn prior to the installation of the present Charter, a provision was written into the salary ordinance that in the event of a vacancy in any position, the vacancy should not be filled without the approval of the Mayor and the chairman of the Finance Committee. This provision is also a part of the current salary ordinance.

As stated above, there are included in the Mayor's budget only 12 positions which are now vacant. Every other vacancy with these exceptions has been eliminated. We believe the proposed continuation of these positions is sound and proper and essential. They are as follows:

Department		Position	Rate	Yearly Salary
Assessor				
	1	Senior Improvement Appraiser	$265	$ 3,180
Police				
	3	Patrolmen	200	7,200
	2	Patrol Drivers	200	4,800
	3	Corporals	215	7,740
Purchaser				
	2	Watchmen	155	3,720
	1	Inspector of General Supplies	200	2,400
	12			$29,040

The Assessor is engaged in an intensive revaluation of all improvements in the City and County which furthermore is a continuous activity. The position referred to above is not now filled because there is no list of eligibles from which a permanent appointment may be made and our Commission has not been able to prepare and hold an examination due to a busy calendar. We are informed by the Assessor that the position will have to be filled at once. The Mayor's budget proposes a salary of $265 for the position, a reduction of $85 from the present salary.

There are nineteen positions in the uniformed force of the Police Department that are vacant at the present time. The Mayor's budget eliminated eleven of these vacancies at a saving of $26,400 and eliminated also two positions of hostler at a saving of $4,320, or a total of $30,720. A further elimination of eight positions, as recommended by the Citizens' Budget Committee, would of course curtail further the available police service. It is common knowledge that problems arising from existing conditions have taxed the facilities and the ingenuity of police administrators everywhere to the utmost during the past few years. The responsible heads of the department have said that further reductions will impair the efficiency of police service. No one, having a knowledge of the problems and organization of the San Francisco Police Department, can dispute this.

In the Purchasing Department two watchmen's positions and one position of inspector of general supplies now vacant at the Central Warehouse just now beginning to function to the fullest extent, are proposed for continuation. With an increasingly heavy inventory of supplies on hand, adequate protection must be provided. Until now, through the cooperation of the Chief of Police, an officer has visited the warehouse once or twice each night. The Purchaser of Supplies does not feel that this is sufficient protection. The salaries are proposed at $155 instead of the entrance salary of $145, because it is expected that the positions will be filled by transfer of watchmen from other departments and these men are now receiving the higher rate.

Delivery of supplies is now made direct to the department purchasing the supplies. Now that all purchases are to be delivered at the Central Warehouse, a proper inspection may be made, and for that reason the presently vacant position of inspector is essential.

This completes the analysis of the only positions now vacant that are proposed for continuation in the Mayor's budget. Our staff has reported to us that there are a total of 233 positions now established which are abolished in the Mayor's budget as submitted to the Board of Supervisors. Most of these positions are now vacant and many of them have remained vacant during most of this fiscal year because of adherence to the established policy of his Honor Mayor Rossi and the Board of Supervisors of non-filling vacant positions. The compensations of these 233 positions total $504,009. Thus Mayor Rossi, through this policy, has effected a saving in next year's budget of almost five times the amount requested by the Citizens' Budget Committee.

General Recommendation 2. Non-filling of Vacancies Created by Retirement.

Reply:

The Citizens' Budget Committee recommends a policy of non-filling of vacancies created by compulsory retirement during the next year. Twenty-nine of these are listed and the possible savings are estimaetd at $29,905 in one instance and at $32,200 in another. Information regarding these retirements was presented to Mayor Rossi by our personnel expert when Mayor Rossi was analyzing and considering budget estimates, with the following results:

(A) Elimination of the vacated position as of date of retirement; or

(B) Elimination of a different position as of date of retirement, it being necessary to continue and maintain the title of the vacated position because of Civil Service classification regulations; or

(C) Because of the elimination of other positions in the same department as of July 1st, it was deemed impracticable to eliminate further when the compulsory retirement occurred at a later date; and

(D) In some cases it was deemed impossible or unwise in the interest of efficient operation of the department to reduce the personnel.

Our analysis of these twenty-nine positions to be vacated by compulsory retirement follows:

Classification	Salary Rate	
Police Department		
Inspector, Detection of Crime	$230	See (C) above. Eleven abolished.
Lieutenant, Detection of Crime	250	
Policeman, Company "A"	200	
Fire Department		
General Clerk	$200	See (D) above. Eleven abolished.
Pilot, Fire Boat	255	
Municipal Court		
Courtroom Reporter	$200	State law requires. This in error. The position is Courtroom Clerk.

Recorder		
Chief Clerk	$300	See (B) above. General Clerk at $215 abolished and one Copyist abolished.
Public Works		
Administration		
General Clerk	$250	See (D) above. This employment is in the Bureau of Cost Accounts, the work of which has been greatly increased because of the provisions of section 95 of the Charter.
Building Repair		
Elevator Operator	$155	See (D) above.
Engineering		
Cartographer	$240	See (C) above.
Sewer		
Cribber	$7 day	See (C) above. Three Cribbers and three others abolished.
Street Cleaning		
District Director	$225	
Laborer	$6 day	
Laborer	6 day	See (C) and (D) above. Two abolished.
Laborer	6 day	
Laborer	6 day	
Laborer	6 day	
Laborer	6 day	
Street Repair		
Laborer	$6 day	See (C) above. Thirty-six abolished.
Asphalt Finisher, sub-foreman	8 day	
Department of Electricity		
General Clerk	$190	See (D) above. Last year one General Clerk-Steno. and eight others were eliminated.
Health Department		
Abattoir Inspector, Central Of.	$200	See (D) above.
Food Inspector, Central Office	200	See (D) above.
Laguna Honda Home		
Truck Driver, H. D.	$150+35	See (D) above.
Agricultural Commission		
Agricultural Inspector	$200	See (D) above.
Public Utilities		
Municipal Railway		
General Clerk-Stenographer	$175	
Watchman	$5.80 day	
Conductor	6 day	See (C) above. Seventy-one abolished.
Motorman	6 day	
Motorman	6 day	
Laborer	5.80 day	
Water Department		
General Clerk	$175	
Fireman, S. S. E.	185	See (C) above. Fourteen abolished.
Engineer, S. S. E.	220	
Watershed Keeper	150	
Head Pump Operator	190	

In other cases of compulsory retirement not included in the report submitted by the Citizens' Budget Committee, the positions were eliminated by Mayor Rossi and the saving reflected in the budget. However, we feel that it may be possible to effect further savings through this policy because it has been done heretofore by Mayor Rossi and the Board of Supervisors.

General Recommendation 3. *Non-filling of Future Vacancies.*

Reply:

The Citizens' Budget Committee recommends that procedure be established whereby all vacancies outlined under sections 1 and 2 and all vacancies occurring in the future other than by compulsory retirement be not filled, and estimates the possible savings at $50,000. Your Finance Committee has recommended inclusion of an item of $75,000 in reduction of expenditures due to non-filling of future vacancies. While it is impossible to say in what specific positions or departments this saving can be picked up, we do know that savings can be made because it has been done. If a provision can be made for control and procedure through the appropriation and salary ordinances we join in this recommendation.

General Recommendation 4. *Salary Deductions Under Charter Amendment No.* 1.

This deals with calculation of salary deductions under Charter Amendment No. 1 and we understand the Controller is replying to this.

General Recommendation 5. *No Salary Increases.*

Reply:

The Finance Committee has recommended only one of the two proposed increases in salary in the Mayor's budget, viz.: Dr. J. P. Gray, Assistant Director of Public Health. This increase is to carry out definite arrangements made in 1931 at the time of the appointment of the incumbent by Dr. Hassler, then Health Officer, to increase the salary at the end of 1931. This arrangement was made by the then Health Officer, with the approval of the Board of Health, and at that time these officials had full power to carry out the aforesaid arrangements. Before consummation thereof, Dr. Hassler had died and the increase was not made effective. After January 8, 1932, a provision of the Charter prohibited increasing salaries above the rate specified for such position in the Civil Service schedules, which could have been done under the former Charter. Now that Dr. Gray, the incumbent, is entering his fourth year of service, he is entitled under the provisions of Section 71 of the Charter to be advanced to the rate proposed, on the recommendation of the Director of Health and with the approval of the Mayor and Board of Supervisors.

As we view the Citizens' Budget Committee's recommendation it would proscribe increases also in case of promotion. We must differ, if this means that when an employee, serving in a position of a given classification at a given salary qualifies by examination for a more responsible position of a different classification at a higher salary and is appointed to such position, that he should not receive the higher salary specified for the more responsible position.

A case in point is that of a social service investigator employed in the County Welfare Department at $185 per month who took an examination for senior social service investigator, which duties are much more responsible than the former and involve supervision of seven or eight subordinates. A position of senior social service investigator in the Department of Health, then filled at $225 per month, became vacant. The social service investigator resigned her position in the County Welfare Department and was appointed to the position in the Department of Public Health at a salary of $215. Her former position was filled at $150 per month. A saving in payroll in the two positions of $45 per month resulted. We do not think it would

be proper nor just to withhold the higher compensation in such cases, and we believe on further reflection the Citizens' Budget Committee will join us in that viewpoint. We are in full accord with the policy of the Mayor and the Board of Supervisors that there shall be no increases in salary under present conditions and the only exceptions to that policy are the case referred to above and one other in the Recreation Commission which your Finance Committee has recommended against.

General Recommendation 6. *Elimination of Salary Increases Since January* 1, 1931.

Reply:

The Citizens' Budget Committee recommends that all increases in salary granted since January 1, 1931, be rescinded at a saving of $24,056. The committee reports there are seventy-three of these. Our staff has reported that six of these reported increases are not increases in salary but are entirely new positions. One is a correction of an error in preparing the first salary ordinance. Of the sixty-three instances reported which are apparently increases, it is interesting to note that fifty-six occurred under the provisions of the former Charter and that only seven have been granted under the provisions of the present Charter since January 8, 1932.

Section 71 of the Charter provides:

". . . Pending the adoption of salary standards as in this Charter provided, the salary and wage rates for positions subject to such standardization shall be as recommended by the officer, board or commission having appointing power for such positions and fixed by the budget and annual salary ordinance; provided, that any compensation paid as of January 1, 1931, to an incumbent who legally held a position in the City and County service at that time, shall not be reduced so long as such incumbent legally holds such position. No compensation shall be increased so as to exceed the salary or wage paid for similar services and of like character and for like service and working conditions in other City departments or in private employments, nor so as to exceed the rate fixed for such service or position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided in this Charter, or extended by the Civil Service Commission to include classifications not included therein."

Thus the matter of fixing of rates of pay and increases in salary is subject to joint action of the appointing officer and the Board of Supervisors within the limits set forth and the City Attorney has so advised our Commission and your Board. This opinion is strengthened by a decision last week in Superior Court against our Commission (*Dunn* v. *Civil Service*, which will probably be appealed), holding in effect that under our present Charter the power to fix rates of pay is joint—the appointing officer to recommend and the Supervisors to approve and fix by budget and salary ordinance and that the Supervisors cannot by a provision of the salary ordinance or by other means usurp the power of the appointing officer. If a salary rate can only be established by the joint recommendation and action of the appointing officer and your Board, we are extremely doubtful of the power of your Board to reduce a salary without the recommendation of the appointing officer, once the salary is legally established. These increases were in recognition of seniority of service, added responsibility or for other just and proper reasons and granted under the law. Moreover, Charter Amendment No. 1, approved last month by the people, providing for deductions in salaries ranging from 3 to 20 per cent, provides that the deductions "shall be made on the basis of the salary and compensation rate of said officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section."

Let us see the application of this recommendation of the Citizens' Budget Committee and as an illustration take the case of the Chief Assistant Assessor (schedule 2 of the Citizens' Budget Committee) whose salary in April, 1933, was $400 and from which a deduction of $60 is now made under the provisions of said Charter amendment, leaving a balance of $340. In this case it is recommended by the committee that the salary increase of $100 approved by your Board and effective July 1, 1932, shall be rescinded. Under the said Charter amendment the deduction from salary would be based on the present salary of $400, therefore his income would be $300 less $60 (15 per cent on his present salary) or a net salary of $240.

General Recommendation 7. Revision of Rates for Those Appointed Since January 1, 1931.

Reply:

The Citizens' Budget Committee recommends that the salary of all employees appointed since January 1, 1931, whose salaries were fixed at rates in excess of the entrance rate for such position as recommended in the Civil Service schedule be reduced to that rate. The committee reports 84 such cases (although only 77 are listed) and states that a saving of $37,260 can be made. Also, later, a further reduction is recommended for these employees under section 8.

The analyses of these 77 who were appointed since January 1, 1931, and whose compensation is higher than that recommended in the Civil Service schedule follows:

Permanent appointees who held their present positions at the present salary as emergency appointees on January 1, 1931..... 62

City Attorney O'Toole has held that the salary paid these employees on January 1, 1931, is protected by Sections 71 and 151 of the Charter, even though serving as emergency appointees on that date.

Employees permanently appointed after January 1, 1931, who served in the present position at the present salary under the old Charter but who entered the service after January 1, 1931, and therefore the salary is not protected by Sections 71 and 151 of the Charter 15

City Attorney O'Toole has ruled that these rates were fixed under the former Charter when appointing officers had power to fix salaries, subject in some cases to approval of the Board of Supervisors. These salaries were fixed legally and the Supervisors have not the power to reduce without the recommendation of the appointing officer.

Total 77

Thus of the seventy-seven cases cited in the report of the Citizens' Budget Committee, sixty-two are protected by Charter provisions and cannot be reduced. As for the other fifteen, the salaries cannot be reduced except by the joint action of the appointing officer and the Board of Supervisors. The arguments recited in recommendation 6 above against rescinding increases in salaries apply just as strongly here.

General Recommendation 8. Revision of Rates, Salary Standardization Schedules.

Reply:

The committee recommends that work be undertaken at once to establish salary standardization schedules at a scale not in excess of rates paid for comparable service in private employment. The committee estimates that these revised scales if applied only to those appointed after January 8, 1931, would save $136,800. The seventy-seven recommended for reduction under recommendation 7 above would be further reduced under this proposal.

Our commission has secured a very great deal of data regarding wages paid in private employment. In various occupations the wages paid in private employment by some employers are far below the

rates paid two or three years ago and far below that which will provide even the necessities of life. These deplorable conditions are imposed by the business depression. Other firms and corporations insist that they have not reduced their wages under the scales prevailing in 1930 when our original report and recommendation was submitted to the Board of Supervisors. Out of fourteen large firms contacted last winter only two stated their basic scales had been reduced under the 1930 levels. One firm stated their wage scale was higher now than in 1930 and that the average earnings were higher. We hope to be able to submit revised salary schedules during the coming year, but we feel our data must be obtained under conditions approaching the normal and that our recommendations as to revised scales should not reflect and are not expected to reflect depression salaries. Therefore we all must move slowly and carefully.

General Recommendation 9. *Rate for Temporary Clerks.*

Reply:

The committee recommends a $5 per day rate for temporary clerks and other temporary services such as janitors, watchmen, etc., subject to further reductions in income under Sections 10 and 11. The present rate is $150 per month, subject to a 7 per cent deduction under Charter Amendment No. 1. This is a net of $139.50. The rate for this service prior to the current year was $160 and the present earnings are a reduction of $20.50 from the former rate or 12.8 per cent. Under the committee's recommendations Nos. 10 and 11 and after making the deductions provided under the Charter Amendment No. 1 the net monthly earnings for temporary clerks would be reduced to $99.57 per month as against $160 per month last year and $150 per month this year.

General Recommendation 10. *Staggered or Reduced Working Time.*

Reply:

This is a recommendation for the staggering of employment or reduction in working time with equivalent reduction in earnings. This matter of staggered employment has been proposed before and at that time we carefully considered the legality of the application of the practice. Section 148 of the Charter reads:

"Whenever a position controlled by the Civil Service provisions of this Charter is to be filled, the appointing officer shall make a requisition to the Civil Service Commission for a person to fill it. Thereupon, the Commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligibles for such position. . . ."

It is our unequivocal opinion, supported by City Attorney O'Toole, that staggering of employment is prohibited by this section of the Charter, since under this plan the employee working is the person highest on the list and he cannot be laid off and replaced by a person lower on the list.

General Recommendation 11. *Arbitrary Reductions.*

Reply:

This is a recommendation to arbitrarily reduce appropriations by $582,760 in addition to the reductions recommended in previous sections, in order to reach a total reduction of $3,000,000 in the budget. This is a flat reduction in appropriations in addition to Charter salary deductions and the reductions recommended by the committee heretofore. The great bulk of salaries representing not less than 90 per cent of total payrolls can be reduced only as deductions are provided under Charter Amendment No. 1. Therefore no reductions in salaries beyond those authorized by Charter Amendment No. 1 may be made and this recommendation cannot be operative except through further elimination of employment, which has already been reduced to eliminate all but essential positions.

General Recommendation 12. *Reduction in Force.*

Reply:

The committee recommends the reduction of personnel affecting 70 employees in fourteen departments as listed below. These proposals are based on reported decreases in volume of work and curtailment of functions under the new Charter, etc.

This is a matter of policy and administrative control over which the Civil Service Commission has no power.

We show in this list below the number of employments in eleven of these departments as of January 8, 1932, after giving effect to employments transferred in or out by provisions of the new Charter and omitting members of boards or commissions. This is to indicate the reductions already made in these departments by the appointing officers and Mayor Rossi.

	As of 1-8-32	*As proposed for 1933-34*	*Net change*
Supervisors	17	14	— 3
Recorder	44	37	— 7
Real Estate	6	6	..
County Clerk	65	60	— 5
B. P. W.—Gen. Office	16	16	..
Building Inspection	22	13	— 9
Street Repair	215	125	—90
Electricity	84	69	—15
City Planning	4	4	..
Plumbing Inspection	9	9	..
Art Commission	1	2	+ 1
Totals	483	355	—128

The Board of Permit Appeals referred to in the committee's report was not in existence until January 8, 1932, and the Charter authorizes it to appoint a secretary. The increase of one employment in the Art Commission is to provide a secretary as authorized by Charter.

In the case of the Bureau of Accounts it is not possible to make an accurate comparison. On January 8, 1932, the organization was thirty-two people. Several were transferred out and the bureau absorbed some of the personnel of the Bureau of Stores and Yards and certain other personnel. On the basis of available records the personnel has been reduced by five employments but we have not had time to check this.

From the foregoing it is seen there have been reductions from 483 employments to 355, a net reduction of 128 employments, the majority occurring in the Street Repair. Of the fourteen departments listed reductions in personnel have been effected in seven and if the Bureau of Accounts is included, in eight departments. In four departments no reductions have occurred and two others were not in existence on January 8, 1932.

General Recommendations 13, 14 *and* 15.

These do not concern the Civil Service Commission.

CONCLUSION.

We trust that our views and statements will be of assistance to your Honorable Board in this matter. We were amazed to see the effect of the application of the committee's recommendations. Many of them are cumulative. We submit, for instance, by way of illustration, the case of the license adjuster whose employment is listed in recommendation 3 of the Citizens' Budget Committee's report with the recommendation that the present salary be reduced from $250 to $190. Under the Charter amendment providing for deductions in salary the present rate is subject to a deduction of 12½ per cent or $31.25, leaving a net of $218.75. Under that amendment the deduction would continue to be based on the present salary even if the salary is reduced as recommended to $190, and his net income would be $158.75.

But under recommendation 8 the committee recommends a revision in the present entrance rate of $190. We do not know what the committee has in mind as to a revised rate, but in other instances the committee suggests a reduction of about 17 per cent in order to reduce rates to that paid in private employment and we will use that percentage reduction in order to show the effect in this case. This would bring the salary of this employee to a little under $160, and would be reduced to $128.75 after Charter amendment deduction. Then under recommendation 10 he would be put on a five-day basis and his salary reduced 16.7 per cent to $102.03 after the Charter amendment deduction. But under recommendation 11 that again would be arbitrarily reduced 3 per cent and after the Charter deduction he would receive a net salary of $98.03. This man has been in the service of the City continuously for twenty-one years, and these specific recommendations are made to apply to this particular individual and a great many others. We cannot conceive that the Citizens' Budget Committee realized that the application of their recommendations had the drastic and cumulative effect recited above.

Respectfully submitted,

CIVIL SERVICE COMMISSION,
HOWARD M. McKINLEY, Pres.,
HENRY K. WOLFF,
WM. P. McCABE.

Attest: Jas. J. Maher, Secretary.

Privilege of the Floor.

Mr. Whitley, being granted the privilege of the floor, declared that he was the owner of the land in South Basin required for industrial sites. There are 63 acres in the uplands which he is willing to sell for $25,000, terms one-half first of July this year, balance first of July next year. City to assume taxes and pay interest on deferred amount at the rate of 5 per cent.

Jos. J. Phillips, Director of Property, being asked to furnish an appraisement of the proposed purchase, declared that the three square blocks to be acquired for $12,000 and the tidelands were worth about 3 cents a square foot.

John A. O'Connell, secretary, San Francisco Labor Council, was granted the privilege of the floor. He declared that the recommendations of the Finance Committee cutting the budget under the amount allowed by his Honor the Mayor, means an increase of unemployment in San Francisco. He referred to the deletion of the requested amount for street lighting, and urged that it be restored as the present unlighted condition of the streets was a menace to life and property. He regretted the elimination of two social welfare workers in amount $3,600, whom he declared were sadly needed during this period of depression. He referred to the Bureau of Engineering and requested that $16,000 eliminated in that department be restored in order that there be no layoff of employees. Also the appropriation of $15,000 for work in front of city property.

Edw. Vandeleuer, representing the San Francisco Labor Council and the Carmen's Union, was heard in opposition to the 5 per cent deduction in contractual service for the Municipal Railway. $23,000 of the $25,000 set aside for contractual service is a power charge and if this is cut it will mean a laying up of cars and curtailment of service. He opposed diversion of Water Department surplus to General Fund and the taking of $53,303 fixed charges from the Retirement Bureau.

AMENDMENTS.

Board of Supervisors.

Supervisor Miles, seconded by Supervisor Peyser, moved to amend Item 28 by reducing the amount $1,500, and providing for a part-time reporter instead of a full-time reporter, as at present.

There being no objection, it was *so ordered.*

Fire Department.

Supervisor Miles, seconded by Supervisor Peyser, moved that Item No. 4, $32,000, "Contractual Service," be reduced 5 per cent, in amount $16,000; also, Item No. 5, $30,000, for materials and supplies, be reduced 5 per cent, or $1,500.

Motion *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Spaulding, Stanton—11.

Noes—Supervisors Brown, McSheehy—2.

Absent—Supervisors Roncovieri, Shannon—2.

Board of Permit Appeals.

Supervisor Miles, seconded by Supervisor Peyser, moved that Item No. 21, $100, "Contractual Service," be reduced 5 per cent, or $5.

There being no objection, it was *so ordered.*

Park Department.

Supervisor Gallagher, seconded by Supervisor Shannon, moved to deduct $99,469, Item No. 31, and limit the park to the 10 cents allowed in the tax rate.

Privilege of the Floor.

Captain Lamb, secretary, Park Commission, was granted the privilege of the floor. He said in part: "For many years the convenience stations in Golden Gate Park had been in a insanitary and deplorable condition, and this money is required to put them in decent condition. For the last five years there have been appropriated each year, also, certain amounts of money for rebuilding and improving these convenience stations. The Park Commission requested $30,000 for this purpose this year. We have found that in times of depression that the people use the parks more and there is more need for such convenience stations. $35,000 is necessary for the Palace of Fine Arts. The city has already spent $4,000 on its rehabilitation and it is hoped that the $35,000 will be allowed to complete the work and prevent further deterioration. With regard to Fleishhacker Playground the City of San Francisco entered into an agreement with the Spring Valley Water Company to rent certain portions of its land for this purpose many years ago, and to purchase certain other portions. The money set aside for this purpose is merely in accordance with the custom that has been followed for years. Revenues of the park for the year 1932 were $393,019; the surplus in the bond fund is to be used for a convenience station in the Marina at the foot of Fillmore street."

City Attorney O'Toole declared that these items (Convenience Stations and Palace of Fine Arts) may be provided for in the discretion of the Board of Supervisors, but that the Fleishhacker Playground is an obligation of the City by agreement of the Board of Supervisors with the Spring Valley Water Company. Section 78 of the Charter fixes various tax limitations.

Supervisor Gallagher, seconded by Supervisor Shannon, thereupon moved that the amount for capital expenditure be reduced $55,000, $20,000 for convenience stations and $35,000 for Palace of Fine Arts, and requested that the motion be segregated.

Whereupon, the roll was called and the first item, Convenience Stations, $20,000, and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Gallagher, Havenner, Miles, Power, Spaulding—6.

Noes—Supervisors Breyer, Canepa, Hayden, McSheehy, Peyser, Stanton—6.

Absent—Supervisors Colman, Roncovieri, Shannon—3.

Thereupon the roll was called upon the next item, Palace of Fine Arts, $35,000, and the motion was *defeated* by the following vote:

Ayes—Supervisors Gallagher, Havenner, Miles—3.

Noes—Supervisors Breyer, Brown, Canepa, Hayden, McSheehy, Peyser, Power, Spaulding, Stanton—9.

Absent—Supervisors Colman, Roncovieri, Shannon—3.

(See later proceedings for completion of this department.)

Recreation Commission.

Miss Josephine B. Randall, secretary, Recreation Commission, being asked by Supervisor Gallagher as to whether the Recreation Commission provided any increase for playground capital expenditures, replied "There is one section of land in the Richmond District to be

purchased from the Odd Fellows' Cemetery Association at Arguello boulevard and Edward street. That is the only one."

RECESS.

Whereupon, the Board took a recess until tomorrow at 10:30 a. m.

J. S. DUNNIGAN, Clerk.

WEDNESDAY, MAY 24, 1933, 11:30 A. M.

The Board of Supervisors reassembled at 11:30 a. m. and the following members were noted present:

Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, Miles, Power—8.

Absent—Supervisors Colman, McSheehy, Peyser, Roncovieri, Shannon, Spaulding, Stanton—7.

His Honor President Hayden presiding.

Recreation Commission (Continued).

Supervisor Miles, seconded by Supervisor Canepa, moved that Item No. 9, Supervisor of Recreation Supplies and Equipment, $2400 per annum, or $200 a month, be reduced to $160 a month.

Privilege of the Floor.

Mrs. Sigmund Stern, president of the Recreation Commission; Miss Josephine B. Randall, secretary, urged that the amount requested for this item be granted inasmuch as the duties of that employee had been enormously increased and the figure of $200 per month was amply warranted. Mr. Henderson, of the Civil Service Commission, declared that no rate of pay had been established for this position, but that there are comparable positions which pay $200 per month.

Whereupon the roll was called and the amendment was *carried* by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Miles, Peyser—5.

Noes—Supervisors Breyer, Gallagher, Havenner, Hayden, McSheehy, Power, Spaulding, Stanton—8.

Absent—Supervisors Roncovieri, Shannon—2.

Whereupon, Supervisor Gallagher changed his vote from "no" to "aye" and gave notice of reconsideration.

RECESS.

Supervisor Miles moved that the Board now take a recess until 1:30 p. m., and that there be a call of the Board made.

Motion *carried.*

J. S. DUNNIGAN, Clerk.

WEDNESDAY, MAY 24, 1933, 1:30 P. M.

The Board of Supervisors reassembled at 2 p. m. and the following members were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Spaulding—10.

Communication.

Supervisor Miles presented a letter from the Mayor approving the position of Publicity Agent for the Recreation Department, part time, which was read by the Clerk.

Supervisor Gallagher moved reconsideration of motion of Supervisor Miles reducing Item No. 9 from $200 a month to $160 a month.

Mrs. Sigmund Stern, chairman, Recreation Commission, declared that this employee has charged of the purchase and maintenance record and office management of the department, and a very excellent man who, before the depression, commanded a very much higher salary. The whole commission, she said, recommends this salary.

Mr. Henderson, of the Civil Service Commission, declared that this employee toox a nexamination last October and passed No. 1, but position is rated at $150 per month, and the Civil Service Commission has now power to increase the salary. Sections 71 and 72 of the Charter were read by Supervisor Peyser in this connection.

City Attorney O'Toole read and interpreted Section 72 to the effect that the Board of Supervisors might decrease or reject, but shall not increase or add to any amount unless requested by the Mayor, City Administrator, Board or Commission, unless he held the position as of January, 1931.

Supervisor Miles moved that the Mayor's recommendation be allowed.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Miles, Peyser—5.

Noes—Supervisors Breyer, Gallagher, Havenner, Hayden, McSheehy, Power, Spaulding, Stanton—8.

Absent—Supervisors Roncovieri, Shannon—2.

Sewage Bond Surplus.

Supervisor McSheehy, seconded by Supervisor Breyer, moved that we take this matter up at 3:45 p. m., and that the Chief Administrative Officer and the City Attorney be sent for.

Amendment *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Gallagher, Hayden, McSheehy, Miles, Power, Spaulding, Stanton—9.

Noes—Supervisors Breyer, Canepa, Havenner, Peyser—4.

Absent—Roncovieri, Shannon—2.

Relative to School Bond Issue.

Supervisor Miles moved that the Clerk request City Attorney, at the request of Mrs. Best, relative to School Bond issue: "What legal assurance have the taxpayers of the City and County of San Francisco that the $3,000,000 bond issue for new school buildings will be used only to build and replace fire trap schools as outlined by Mr. Phillips yesterday in his remarks? How can those who advocate the passage of the bond issue have the assurance that the fire trap schools designated will be the ones replaced?"

Park Department (Continued).

Supervisor Peyser, seconded by Supervisor Gallagher, moved that Park Commission receive 10 cents less salary deductions, same as Libraries, be reduced to $1,060,724 from the figure $1,082,591. No objection.

Supervisor Peyser moved that the salary deductions be set up as a Capital Expenditure in the Park Department, $21,867 for Mt. Davidson Improvement. No objection.

Supervisor Brown moved that previous action be rescinded, and that the item of $55,000, Construction, General Fund, be amended to read $35,000, with the understanding that $20,000 be applied to convenience stations in the park.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Gallagher, Power—4.

Noes—Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Spaulding, Stanton—9.

Absent—Supervisors Roncovieri, Shannon—2.

War Memorial.

Chief Administrative Officer.

Supervisor Miles moved to strike out line 2, page 9, C. P., Unemployment Relief, $700,000.

Judge L. Sloss, chairman of the Citizens' Committee on Unemployment Relief, was granted the privilege of the floor in opposition to the foregoing proposed amendment.

The following statement was read into the record:

Communication from Citizens' Relief Committee.

San Francisco, Cal., May 25, 1933.

The following was presented and read by the Clerk:

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I am transmitting herewith a copy of a letter received today from the Honorable M. C. Sloss, chairman of the Citizens' Committee for Relief.

I concur heartily in the statements of Judge Sloss on this subject. After very careful study I recommended that $700,000 be placed in the 1933-34 budget for relief purposes, and believe that this estimate is conservative.

The deletion of this item from the budget might make it necessary for the Citizens' Relief Committee to deny relief to those whom we are duty-bound to care for.

Should this condition obtain, I am sure you would not want to be charged with the responsibility for it.

May I, therefore, most earnestly urge that you reconsider your action of yesterday in connection with this item.

Very truly yours,

ANGELO J. ROSSI, Mayor.

May 25, 1933.

Hon. Angelo J. Rossi, Mayor of the City and County of San Francisco, City Hall, San Francisco.

My dear Mayor Rossi: On behalf of the Citizens' Committee on Unemployment Relief, I have the honor to inform you of the present situation with respect to the provision for funds to carry on the relief

activities of the City and County during the fiscal year to begin July 1, 1933.

The budget proposed by the Mayor included an item of $700,000 for unemployment relief. The Finance Committee of the Board of Supervisors recommended to the Board the elimination of this item. This subject, among other matters affecting the budget, came before the Board of Supervisors at its meeting yesterday evening, May 24th. Mr. Charles M. Wollenberg, Director of Relief, and I appeared before the Board in opposition to the proposed elimination of this item. In so doing we were acting under the instructions of the Citizens' Committee, which had, at its meeting held last Friday, May 19th, unanimously adopted a resolution urging the Board of Supervisors to include the $700,000 item in the budget.

After discussion at last evening's meeting, in the course of which Mr. Wollenberg and I presented the reasons why, in the opinion of the Committee and of the Director, the provision recommended by your Honor should be retained, the Board took a vote which resulted in favor of the elimination of the item.

On the basis of the facts and figures presented to the Board of Supervisors, which were not disputed on any side, it was clear that if no provision were made in the budget and the tax levy for unemployment relief, the funds available would unquestionably be insufficient to carry the load during the ensuing fiscal year. It will therefore be necessary, in order to continue the essential work of relief to submit to the voters a proposal for another bond issue for relief. It is unnecessary to point out the reasons why repeated or recurring bond issues for current needs are to be avoided, if possible.

The action taken last evening, if there be no change before the final adoption of the budget, will make it necessary to put a proposal for a bond issue on the ballot at the November election, or else that a special election, with the attendant increased cost, be called for some other time.

It should perhaps be added that it was suggested at last evening's meeting that, even with the inclusion of the item under discussion, the available funds would be insufficient, and that a bond issue would be necessary in any event. Latest information regarding the allotment of federal funds indicates a strong probability that, with the inclusion of the $700,000 item, a bond issue may be avoided. Be that as it may, it is obviously desirable that the amount of a bond issue, if one becomes necessary, should be kept down to the lowest practicable figure.

Respectfully,

(Signed) M. C. SLOSS,
Chairman, Citizens' Committee.

Chas. Wollenberg, Director of Relief, was also heard in opposition to the foregoing proposed amendment.

Whereupon, the roll was called on Supervisor Miles' amendment and the same *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Spaulding—9.

Noes—Supervisors Brown, Colman, Gallagher, Stanton—4.

Absent—Supervisors Roncovieri, Shannon—2.

Superior Courts.

Supervisor Miles moved the insertion of a new item, Superior Courts, Salary Deductions, $15,734.

No objection, amendment *carried*.

Municipal Courts.

Supervisor Miles moved the insertion of a new item, Salary Deduction, $7,200.

No objection, amendment *carried*.

Motion.

Supervisor Miles moved that $75,000 be set aside as estimated revenues, also, in its stead an amount be appropriated by ordinance which is to be included in the Salary Ordinance.

Supervisor Gallagher: No objection.

RECESS.

Whereupon, at 12:30 a. m. the Board of Supervisors took a recess until 2:30 p. m. tomorrow.

THURSDAY, MAY 25, 1933, 2:30 P. M.

In Board of Supervisors Thursday, May 25, 1933, 2:30 p. m.

The Board of Supervisors reassembled for the purpose of continued consideration of the proposed budget of municipal expenditures for the ensuing fiscal year 1933-34.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Hayden, McSheehy, Miles, Peyser, Spaulding, Stanton—11.

Absent—Supervisors Brown, Havenner, Power, Shannon—4.

Quorum present.

President Hayden presiding.

Members of San Francisco Delegation of State Legislature Commended.

SUPERVISOR GALLAGHER: I see we have a number of representatives of the Legislature here. I think it would be proper to invite them inside the rail.

THE CHAIRMAN: I will be very glad to do so. How many are there? We will get chairs for them, and they can sit up here where everyone can see them.

SUPERVISOR GALLAGHER: We have Assemblyman Hornblower, Assemblyman Gilmore, and Assemblyman McMurray.

(The parties were seated with the Chairman.)

SUPERVISOR GALLAGHER: Supervisor Spaulding has consented for me to say at this appropriate time a word or two, and I hope I bespeak the sentiment of this Board to the three legislators who sit at the right and left of our Chairman.

I want to say something in testimony of our thanks to the gentlemen for the magnificent battles they fought up in the Legislature on behalf of the citizens of this City and County. We have had many San Francisco delegations sitting in the Legislature, and we have had many occasions on which they have fought valiantly for the interests of this City and County, but I have yet to recall in my memory and more compact and more consistent delegation going to Sacramento under adverse circumstances, particularly this time—these times—as has this one.

It was my duty as a member of the Judiciary Committee to often go to Sacramento, sometimes very hurriedly, and sometimes unprepared, and the receptivity on the part of the San Francisco delegation to the requests we made, and their willingness to abide by the consummate judgment of all our representatives, was indeed refreshing. I realize our representation, particularly in the Senate, was diminished, and I realize to a certain extent it was in the Assembly. I real-

ize further that that made their task much the harder, but I think they observed fine strategy at Sacramento in this, that instead of breaking out into a fight with the representatives from the south, and instead of showing a war-flag to the other counties and towns of this State, they were willing to be helpful, and were willing to go along in anything constructive for the southland, as well as the north, and I found the Los Angeles delegation, particularly in the early stages—and I think at the end, although I was not there—in an attitude of friendliness because of the broad attitude of the San Francisco delegation. I admit that there were matters there that had to inevitably bring division of opinion between the representatives of San Francisco and the other community, but I think our men up there handled themselves with a good deal of credit to the City and County. Not all they did, of course, will be approved by everybody, but when I spoke to them about the fight over the moratorium, and when I spoke to them of the measures proposed by San Francisco in its interests, their willingness to go ahead with what we thought was the best thing to do, and their cooperation with the Chambers of Commerce, and with our representatives—it was indeed refreshing to me, and I take this occasion, and I say I hope I express the sentiment of this entire Board of Supervisors in expressing my personal thanks, and I hope the thanks of the Board to these representatives of our City and County in the last session of the State Legislature. (Applause.)

SUPERVISOR HAVENNER: Mr. President.

THE CHAIRMAN: Mr. Havenner.

SUPERVISOR HAVENNER: Mr. President, it was my fortune to be in Sacramento a great part of the time during this last session, and I had opportunity at first hand to observe the work done by the San Francisco delegation, and I can, therefore, out of my own experience, heartily second the things Mr. Gallagher has said. I think San Francisco fared particularly well this year in a legislative session which I think was without precedent so far as confusion and difficulty of the duties performed by the individual members was concerned. The work of the San Francisco delegation in procuring the unanimous vote for the San Francisco-Oakland Bay Bridge bills was perhaps the outstanding feature of the whole session, and I desire to join with my colleague in paying my compliments to the members of the delegation. (Applause.)

SUPERVISOR PEYSER: Mr. President.

THE CHAIRMAN: Supervisor Peyser.

SUPERVISOR PEYSER: Mr. Chairman and Members of the Board: As Chairman of the Legislative Committee I feel it incumbent upon me likewise to express my appreciation to the members of the San Francisco delegation. We had many problems which we presented to our delegation, and they handled all of these matters efficiently and well. It was a most difficult session, and I think they acquitted themselves with honor to San Francisco, and I too wish to add my tribute to the members of the Legislature from San Francisco. (Applause.)

THE CHAIRMAN: Members of the Board, and Distinguished Legislators: It would be impossible to add to what has already been stated by way of compliment and congratulation of the good work accomplished by our representatives from San Francisco in the State Legislature. As the previous speakers have already said, this of all years has been a very trying year for legislators in any State, or in any city in the Union. The problems that confronted the Legislature were trying ones. This year of economic distress naturally brought about a pressure for economy that had, I believe, an influence on the minds and hearts of the various members of the State Legislature. How well our representatives have met that responsibility is known by the people of the State of California, and appreciated by the people of San Francisco, in particular, whom they represented. It is a very

high compliment, gentlemen, to come back to your people, to your constituents, and know that they appreciate you.

There is an old saying that republics ever were ungrateful, but I think in this case it is a reversal of that accepted adage, because we do appreciate our representatives in the State Legislature, and we are glad to have a few of them here today, and have an opportunity to honor them and thank them, and extend to them these compliments which they richly deserve. We welcome you to our council chamber and hope you will enjoy our deliberations. (Applause.)

Supervisor Stanton.

SUPERVISOR STANTON: I also want to join in saying a word of praise. We all know Bill Hornblower and Joe Gilmore, and that they know how to handle themselves in the Legislature, and that they know how to handle the things that are best for the City of San Francisco; but the one that sort of surprised us was our friend Pat McMurray from the Mission. His first time in the Legislature, and he went along like a veteran——

THE CHAIRMAN: By the way, he is a good Democrat!

SUPERVISOR STANTON: Personally, I think we have a mighty fine bunch in the Legislature, and I am glad they are with us today so that we can give credit where credit is due.

THE CHAIRMAN: Supervisor Canepa.

SUPERVISOR CANEPA: Honored Guests, Members of the Legislature, Members of the Board, and Citizens: I, too, desire to express my sincere appreciation for the steps that our representatives in the Legislature have taken on behalf of the citizens of our City. I realize from past experience that there have been many problems confronting the members of the Legislature, and also the State Senator representing our City. There have been numerous bills introduced which were adverse to the interests of our City, and I am happy to state to the efforts and influence of our representatives in the State Legislature from our City, that we are able to announce that the delegation deserves a great deal of praise, more than any words of mine can express, and at this time I desire to offer a motion that we extend our sincere appreciation and thanks to the members of the Assembly, and also to our State Senator. I offer such a motion.

SUPERVISOR HAVENNER: Second the motion.

THE CHAIRMAN: Are you ready for the motion?

SUPERVISOR BREYER: If I may add to that motion, that a transcript of the record wherein the tribute was paid to the San Francisco delegation, that a copy of the same be sent to each and every member of the San Francisco delegation.

SUPERVISOR CANEPA: Second the motion.

THE CHAIRMAN: Are you ready for the question? Is there any objection? Unanimously carried.

Assemblyman Hornblower will respond for the delegation. Assemblyman Hornblower. (Applause.)

ASSEMBLYMAN WILLIAM B. HORNBLOWER: Mr. Chairman, and Members of the Board of Supervisors, Citizens, and Ladies and Gentlemen: We have had a good session of the Legislature in so far as San Francisco is concerned. The Oakland-Bay Bridge is now a real thing in existence, and it was the Board of Supervisors that got the close cooperation of the members of the Assembly—and I must speak of the Assembly, because that was the House that represented the people. Unfortunately, under the reapportionment system of California, the people are not represented in the Senate and therefore the bulk of the work fell on the Assembly, and I am very glad to say that while there might have been internal strife sometimes between the members of the delegation, when it came to a matter for San Francisco we stood united, each and every man, went right down the line. The

delegation from San Francisco was an outstanding delegation, and for the first time in the many times I have gone to the Assembly our delegation became known throughout the Assembly Chamber to the extent that it was stated that if the San Francisco delegation ever broke once there would be a change in the legislative policy.

We have come back to San Francisco, bringing home with us everything that we asked for. The $20,000,000 bond issue was made possible by the San Francisco delegation. The Charter ratification was done immediately after being voted upon by the people. The Oakland-Bay Bridge without question was brought to an early conclusion in so far as the Legislature was concerned by the efforts of the San Francisco delegation, with the cooperation of the Board of Supervisors, the Chamber of Commerce, and other civic bodies. The Reconstruction Finance Corporation heard from the Assembly and the Senate by reason of the San Francisco delegation. We saved for San Francisco a regulated scale that the Senate was about to repeal. We saved the Exposition bill for San Francisco, in one appropriation that was about to be stricken from the budget, for San Francisco, and finally passed the Assembly. We feel proud of the fact that during these hard economic times that the San Francisco delegation went on record to attempt, if possible, to defeat all bills that interfered with business, that we tried to establish a record for better conditions of those who toil for their livelihood. We are proud of the fact that the 6600 miles program of roads was passed. We had to call on the Board of Supervisors, we didn't know what roads and streets went into that program, that was a matter our Board of Supervisors took care of for us, and we followed their program, and attempted to get one-half a cent returned out of the gas tax, and when we found that was not possible, then we stood with the men from the cow counties and obtained one-quarter of a cent. In other words, we have endeavored to bring home to the citizens of San Francisco and the nine Assembly districts, a complete program of legislation. We have taken the recommendations of your Board of Supervisors and followed them, and we are hopeful that these recommendations will be well received by the people. We legislated in Sacramento for the interests of our county. We have endeavored to fulfill our promises made to the people, we have endeavored to be economical, having in mind that the reductions in salary should not be any greater in the State than they were in the City and County of San Francisco. We opposed the reclassification bill, and by reason of the San Francisco delegation that measure was defeated, because it made a cut of 15 to 30 per cent. I might conclude by leaving with you the budget fight. The State of California decreased its expenditures some forty million dollars. After the budget passed the Assembly it was decreased to forty-six million dollars, but it tripled the motor vehicle contribution for certain automobile funds, and when it came back from the Senate amended we refused to let them get away with it. On that conversion of the gasoline tax, that will come before you on the 27th of June, that was passed after a stormy session with but one vote, and the delegation to a man remained united.

May I conclude by saying that we appreciate this Board of Supervisors. We have often spoken on the floor that our Supervisors demand this and that, and we follow their requests. The Board of Supervisors of San Francisco, I may add, is the only Board of Supervisors that obtains recognition, by reason of the fact that the Los Angeles delegation does not adhere to the recommendation of their board. We have followed them closely, feeling that they legislate for our City, and we must folow them in the legislata re; and we trust when we go back in July, when we have the problem of figuring out what the Riley plan does to us, we will have your united support and cooperation. I thank you. (Applause.)

Recreation Department.

Supervisor Miles stated that the Finance Committee recommends that $196,750 be transferred from the cash balance of the 1927 Sewer Bond Fund to the Bond Interest and Redemption Fund item.

Comm. John P. Murphy spoke in favor of the use of Sewer Bond money for the development of China Basin Playground. "If we put it before the people in the general election—could go before the people and say it is not going to cost the taxpayers one cent, because if we take $197,000 and purchase China Beach we cannot take the same amount from the Sewer Bond issue—so we simply are giving to the people of San Francisco that they have been looking for many years."

Jos. Phillips, Director of Properties, being asked, declared that the property was well worth what was asked for it.

Margaret Magnin, representing Women's Clubs, opposed the appropriation for China Beach at this time. It would cost, she said, $250,000 to clear the beach, without other expenses; $190,000 would not begin to clear it.

Edward Kenny, representing the Richmond District Merchants, was very much in favor of transferring Sewer Bond money for the development of China Beach Playground.

Whereupon, the roll was called and the motion *carried* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Stanton—10.
Noes—Supervisors Gallagher, McSheehy, Spaulding—3.
Absent—Supervisors Roncovieri, Shannon—2.

Absent—Supervisors Roncovieri, Shannon—2.

Leave of Absence, Harry A. Milton, Member of the Board of Trustees of the War Memorial.

The following was presented and read by the Clerk:

San Francisco, Cal., May 25, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by Harry A. Milton, member of the Board of Trustees of the War Memorial, for a leave of absence, with permission to absent himself from the State of California, for a period of approximately three weeks, commencing May 29, 1933.

I hereby request that you concur with me in granting this leave of absence.

ANGELO J. ROSSI, Mayor.

Whereupon, the following resolution was *adopted*:

(Code No. 4.053.)

Resolution No. 809, as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Harry A. Milton, member of the Board of Trustees of the War Memorial, is hereby granted a leave of absence for a period of approximately three weeks, commencing May 29, 1933, with permission to leave the State.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Spaulding, Stanton —13.

Absent—Supervisors Roncovieri, Shannon—2.

Agricultural District No. 1—Live Stock Show.

Supervisor Gallagher moved that there be included in Chief Administrative Officer, page 9, C.P., new item, No. 15, to read as follows:

"Capital expenditure to be contributed to Agricultural District No. 1A, matching $250,000 made by the State Legislative Session 1931, for the purpose of constructing a Live Stock Center in said district ..... $250,000.

Supervisor Gallagher moved the privilege of the floor to Mr. C. H. Sooy, advocate of the proposed Live Stock Center.

Supervisor Miles moved as an amendment that the matter be referred to the Finance Committee.

Chair recognized Supervisor Miles.

Supervisor Miles appealed from the decision of the Chair.

Supervisor Peyser, being called upon, put the question: "Shall the decision of the Chair be sustained?" A vote Aye sustains the Chair, a vote No overrules the Chair.

Supervisor Hayden thereupon explained his ruling to the Board.

Whereupon, the roll being called, the Chair was sustained by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Miles, Peyser, Power —6.

Noes—Supervisors Breyer, Canepa, Gallagher, McSheehy, Spaulding, Stanton—6.

Excused from voting—Supervisor Hayden—1.

Absent—Supervisors Roncovieri, Shannon—2.

Whereupon, the roll was called on Supervisor Miles' motion to refer the matter of the Agricultural District 1A to the Finance Committee and same was *defeated* by the following vote:

Ayes—Supervisors Brown, Havenner, Hayden, Miles, Peyser—5.

Noes—Supervisors Breyer, Canepa, Colman, Gallagher, McSheehy, Power, Spaulding, Stanton—8.

Absent—Supervisors Roncovieri, Shannon—2.

Privilege of the Floor.

On motion of Supervisor Gallagher the following were granted the privilege of the floor: Bert Sooy; Wesley McKenzie; Mr. Fitch, representing the Chamber of Commerce.

A letter from the Chamber of Commerce was read opposing the appropriation for Cattle Show.

Telegram on same subject read into record.

Supervisor Gallagher, seconded by Supervisor Peyser, moved that the remarks of President Hayden questioning the sincerity of the persons addressing the Board favoring the appropriation for the Agricultural District No. 1-A Live Stock Show, be expunged from the record.

Motion *defeated* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, McSheehy, Spaulding, Stanton—6.

Noes—Supervisors Brown, Colman, Havenner, Hayden, Miles, Peyser, Power—7.

Absent—Supervisors Roncovieri, Shannon—2.

Industrial Land.

Supervisor Gallagher moved to include a new item No. 15 C. A. O.: "For the purchase of land to be used for municipal purposes and to be made available for industry, the sum of $37,500."

Supervisor Miles moved reference to the Finance Committee.

Whereupon, the roll was called on Supervisor Miles' motion and same *carried* by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Stanton—10.

Noes—Supervisors Breyer, Gallagher—2.

Absent—Supervisors Roncovieri, Shannon, Spaulding—3.

Communication from Chamber of Commerce.

Mr. Miles:

While the San Francisco Chamber of Commerce is interested in the proposed Exposition project and similar projects from the standpoint of utility, employment and advertising—and undoubtedly would support this appeal for funds in normal times; however, in view of the fact that we are behind the Mayor's economy program 100 per cent, we cannot consistently advocate the inclusion in the budget of the sum called for at this time.

GEORGE W. FITCH,
San Francisco Chamber of Commerce.

Referred to Finance Committee.

Supervisor Colman moved to restore $700,000 for relief purposes to the budget.

Supervisor Havenner moved as an amendment that the matter be referred to the Finance Committee.

Supervisor Havenner's amendment *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Power—8.
Noes—Supervisors Brown, Colman, Gallagher, Stanton—4.
Absent—Supervisors Roncovieri, Shannon, Spaulding—3.

Edw. G. Cahill, manager Public Utilities Committee, was granted the privilege of the floor. He said that on an estimated 5 per cent delinquency in tax collections the Street Lighting Fund would be cut to $760,000, which is wholly inadequate. We must operate, he said, on a cash basis for street lighting, and asked that $20,000 be restored to that fund.

Supervisor Gallagher, seconded by Supervisor Colman, moved to increase the Street Lighting Fund by $20,000.

Supervisor Miles moved, as an amendment, that the motion be referred to the Finance Committee.

No objection. *So ordered.*

Budget as Amended Adopted.

Supervisor Miles moved that the Budget as amended be adopted.

Motion *carried* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Spaulding, Stanton—13.
Absent—Supervisors Roncovieri, Shannon—2.

Supervisor Miles moved that all changes voted by the Board be made in the Annual Appropriation Ordinance, and in addition that the notes on page 3 of said ordinance be amended to read as follows, and leaving out the words "less salary deductions," to-wit:

Note (1) That portion of the appropriation which is to be met from taxes shall not exceed the amount to be produced by a levy of four cents (4c) on each $100.00 of the 1933-34 assessment roll, less salary deductions, and should said levy not produce the amount specified above, said appropriation shall be reduced to conform with the amount produced.

Note (2) That portion of the appropriation which is to be met from taxes shall not exceed the amount to be produced by a levy of seven cents (7c) on each $100.00 of the 1933-34 assessment roll, less salary deductions, and should said levy not produce the amount specified above, said appropriation shall be reduced to conform with the amount produced.

Note (3) That portion of the appropriation which is to be met from taxes shall not exceed the amount to be produced by a levy of ten cents (10c) on each $100.00 of the 1933-34 assessment roll, and should said levy not produce the amount specified above, said appropriation shall be reduced to conform with the amount produced.

Passed for Second Reading.

Whereupon, the following bill as amended was taken up and *passed for second reading* by the following vote:

Bill No. 320, Ordinance No. 9.05164, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income, and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided. Such estimated receipts, revenue, and income are computed on the accrual basis and cash received in payment thereof either before or after the close of the fiscal year shall not be considered as income or revenue but as payment on account.

The several amounts of proposed expenditure for the fiscal year ending June 30, 1934, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance subject to the limitations provided herein. Where revenues for any fund or department are provided herein by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer. And provided further, that in the event of a vacancy occurring in a permanent position herein enumerated or established, the Controller shall be notified of such vacancy by the appointing officer and shall immediately reserve the related unexpended compensation from the unencumbered balance of funds appropriated for such employment to the credit of Appropriation No. 260 and no appointment to such vacancy shall be made and no eligible shall be certified by the Civil Service Commission for the filling of such vacancy unless the requisition for such eligible is approved by the Mayor and until the Controller shall certify to the release of the necessary funds from the amount reserved.

Appropriations for bond interest or redemption, fixed charges and other appropriations not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer, for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Section 80 of the Charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor, or reimbursement is recollectible in full from the departments, persons or institutions for which the service is rendered, shall be subject to limitation by the Controller to the amount of such receipts or collections. Each Department head to whom such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the receipts or reimbursements received or receivable since the last report.

The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 2. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein, subject to the provisions of the Charter dealing with the appropriation and transfer of funds, the certification of obligations and the payment of warrants.

Section 3. The sums appropriated by this appropriation ordinance to the several departments shall be expended in accordance with a schedule of allotments, monthly or quarterly as determined by the Controller and agreed to by the Mayor for departments under his jurisdiction and/or the Chief Administrative Officer.

The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure, and shall not approve the incurring of liability on any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Mayor or Chief Administrative Officer and the approval of the Controller.

The several items of expenditure appropriated to the several departments being based upon estimated receipts, income, or revenues which may not be fully realized, it shall be incumbent upon the Controller to revise estimates monthly. If such revised estimates indicate a potential shortage, the Controller may hold in reserve an equivalent amount of the expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by charter that a specified or minimum tax shall be levied for any department the amount of the appropriation payable from taxes made by this ordinance shall not exceed the amount actually produced by the levy made for said department unless otherwise specified herein.

Section 4. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as provided in Section 3.

Section 5. The existing Special and Trust funds are hereby continued and the receipts in, and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is authorized to set up additional special and trust funds as they may be created by additional bequests or other conditions.

Section 6. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

Zone Change, District Bounded by Broadway, Laguna, Fillmore and Green Streets, From First Residential to Second Residential District.

(Code No. 13.02.)

Bill No. ————, Ordinance No. ————, as follows:

An ordinance changing the zoning classification of a certain part of the City and County of San Francisco from First Residential to Second Residential District.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That part of the City and County of San Francisco bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the northern line of Broadway with the westerly line of Laguna street, and running thence westerly along said northern line of Broadway to the

easterly line of Fillmore street; thence northerly along said line of Fillmore street to the southerly line of Green street; thence easterly along said line of Green street to the westerly line of Laguna street; thence southerly along said line of Laguna street to the northerly line of Broadway and the point of commencement; excepting, however, all the lots in said area fronting on Green street; being all of Block No. 564, all of Block No. 565, all of Block No. 566, and the lots in Blocks numbered 555, 556 and 557, fronting on the northerly line of Vallejo street, now zoned and classified as in a First Residential District, be and the same is hereby rezoned and reclassified as in a Second Residential District within the meaning of that certain ordinance entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," and which ordinance is numbered 5465 and is known and designated as Ordinance No. 5464 of the City and County of San Francisco.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

ANNUAL APPROPRIATION ORDINANCE, 1933-34

(Code No. 9.051)

Bill No. 320, Ordinance No. 9.05164, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income, and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided. Such estimated receipts, revenue, and income are computed on the accrual basis and cash received in payment thereof either before or after the close of the fiscal year shall not be considered as income or revenue but as payment on account.

The several amounts of proposed expenditure for the fiscal year ending June 30, 1934, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance subject to the limitations provided herein. Where revenues for any fund or department are provided herein by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer. And provided further, that in the event of a vacancy occurring in a permanent position herein enumerated or established, the Controller shall be notified of such vacancy by the appointing officer and shall immediately reserve the related unexpended compensation from the unencumbered balance of funds appropriated for such employment to the credit of Appropriation No. 260 and no appointment to such vacancy shall be made and no eligible shall be certified by the Civil Service Commission for the filling of such vacancy unless the requisition for such eligible is approved by the Mayor and until the Controller shall certify to the release of the necessary funds from the amount reserved.

Appropriations for bond interest or redemption, fixed charges and other appropriations not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer, for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Section 80 of the Charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor, or reimbursement is recollectible in full from the departments, persons or institutions for which the service is rendered, shall be subject to limitation by the Controller to the amount of such receipts or collections. Each Department head to whom such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the receipts or reimbursements received or receivable since the last report.

The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 2. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein, subject to the provisions of the Charter dealing with the appropriation and transfer of funds, the certification of obligations and the payment of warrants.

Section 3. The sums appropriated by this appropriation ordinance to the several departments shall be expended in accordance with a schedule of allotments, monthly or quarterly as determined by the Controller and agreed to by the Mayor for departments under his jurisdiction and/or the Chief Administrative Officer.

The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure, and shall not approve the incurring of liability on any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Mayor or Chief Administrative Officer and the approval of the Controller.

The several items of expenditure appropriated to the several departments being based upon estimated receipts, income, or revenues which may not be fully realized, it shall be incumbent upon the Controller to revise estimates monthly. If such revised estimates indicate a potential shortage, the Controller may hold in reserve an equivalent amount of the expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by charter that a specified or minimum tax shall be levied for any department the amount of the appropriation payable from taxes made by this ordinance shall not exceed the amount actually produced by the levy made for said department unless otherwise specified herein.

Section 4. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as provided in Section 3.

Section 5. The existing Special and Trust funds are hereby continued and the receipts in, and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is authorized to set up additional special and trust funds as they may be created by additional bequests or other conditions.

Section 6. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

Calling and Providing for Special Election for School Bonds.

(Code No. 21.31.)

Also, Bill No. 325, Ordinance No. 21.311, as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other property and structures necessary to be used in and about said school house buildings, and providing for the form, denomination, rate of interest, fixing payment of interest and retirement of said bonds, and fixing the date of said special election for Tuesday, the 27th day of June, 1933.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of June, 1933, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The proposition of incurring a bonded debt of the City and County of San Francisco to the amount of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other properties and structures necessary to be used in and about said school house buildings.

Section 2. The estimated cost of the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other properties and structures necessary to be used in and about said school house buildings is hereby determined to be the amount of $3,000,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expense thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the acquisition and construction of certain new school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, and the acquisition of certain other properties and structures necessary to be used in and about said school house buildings are by issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition of the school house buildings, lands therefor, and other properties and structures necessary to be used in and about said school house buildings.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the special State election to be held Tuesday, June 27, 1933, and the voting precincts, polling places and officers of election for said special State election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar

of Voters of polling places and election officers for the said special State election.

The ballots to be used at said special election shall be the ballots to be used at said special State election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"School House Bonds, 1933.—To incur a bonded indebtedness in the sum of $3,000,000 for the acquisition and construction of certain new school house buildings in the City and County of San Francisco, certain lands therefor, and other property and structures necessary to be used in and about said school house buildings."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated September 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in lawful money of the United States. Said bonds shall be designated "School House Bonds, 1933," and shall be numbered from 1 to 3,000, both inclusive, and shall be payable $75,000 thereof one year from the date of said bonds, beginning with the lowest number, and $75,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California, City and County of San Francisco.

"SCHOOL HOUSE BOND, 1933."

No. ———— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate not to exceed 6 per centum per annum, payable semi-annually, September 1 and March 1, on presenta-

tion and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in lawful money of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by the Clerk of the Board of Supervisors, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of September, 1933.

....., Mayor.

....., Treasurer.

Countersigned:

.....

Clerk of the Board of Supervisors.

On ———— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, ———— dollars ($————) in lawful money of the United States, being six months' interest then due on its bond dated September 1, 1933, number ————.

....., Treasurer.

FORM OF REGISTRATION

San Francisco, ————, 19——.

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of ———— and the interest and principal thereof are hereafter payable to such owner.

.....,

Treasurer.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

(Code No. 12.1729)

On recommendation of Public Buildings and Lands Committee.

Bill No. 276, Ordinance No. 12.17291, as follows:

Providing for the sale of certain City owned lands on Chestnut street near Kearny street, San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter, the Board of Supervisors hereby declare that public interest and necessity demand

the sale of the following described parcel of land situated in San Francisco, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is not under the administration of any department of said corporation:

Beginning at a point on the northerly line of Chestnut street, distant thereon 137.5 feet westerly from the westerly line of Kearny street; running thence westerly along said northerly line of Chestnut street 80 feet; thence at right angles northerly 137.5 feet; thence at right angles easterly 25 feet; thence at right angles southerly 112.5 feet; thence at right angles easterly 55 feet; thence at right angles southerly 25 feet to the northerly line of Chestnut street and the point of beginning.

Being a portion of 50 Vara Block 79.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Specifying the Various Officers and Employees of the City and County of San Francisco Who Shall Be Bonded for the Faithful Performance of Their Respective Duties Where Bonds Are Not Specifically Required by the Charter; Fixing the Amount of the Suretyship to Be Given by Said Officers and Employees; Providing for the Payment of Premiums Thereon and for the Custody of Said Suretyship and Providing for the Form Thereof.

(Code No. 4.04)

On recommendation of Committee on Municipal Personnel.

Bill No. 221, Ordinance No. 4.041, as follows:

Specifying the various officers and employees of the City and County of San Francisco who shall be bonded for the faithful performance of their respective duties where bonds are not specifically required by the Charter; fixing the amount of the suretyship to be given by said officers and employees; providing for the payment of premiums thereon and for the custody of said suretyship and providing for the form thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 8 of the Charter incumbents of the respective offices and employments of the City and County of San Francisco, hereinafter mentioned, shall be bonded to the City and County of San Francisco in the form and in the manner hereinafter provided for the faithful performance of the respective duties of their respective offices and employments, which said suretyship shall be given within ten days after this ordinance becomes effective and will be required as long as said officers and employees hold their respective positions. That the offices and employments, the incumbents of which shall give suretyship as herein provided, and the minimum amounts of each suretyship are specified in Section 2 to Section 54 of this ordinance.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and the original bond or suretyship shall be filed with the Controller and a duplicate or proper certificate shall be filed with the head of the department in which the employment or office is located. Where the bond or suretyship of any officer or employee is required by Charter or the general laws of the state to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds or suretyship are hereby declared to be public documents.

Section 56. All bonds or suretyship shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee.

Section 57. All bonds or suretyship issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Whenever any officer or employee who is covered by any bond or suretyship written or issued under authority of this ordinance shall cease to hold the office or position for which said bond or suretyship was issued, the head of the department in which said officer or employee was serving shall notify the Controller of said fact, and shall also notify said Controller of the name of the officer or employee who

has been appointed to succeed said officer or employee. Thereupon the Controller shall forthwith notify the company carrying the said bond or suretyship for said office position of said change in the occupancy thereof and arrange with said company that the new appointee shall be covered by said bond or suretyship.

Whenever any officer or employee shall cease to hold any office or employment covered by any bond or suretyship written pursuant to this ordinance and the head of the department concerned notifies the Controller of said fact, he shall advise said Controller if any liability has accrued in favor of the City or in favor of any officer thereof on said bond or suretyship, and if no such liability has accrued, the Controller shall recommend to the Board of Supervisors that said bond or suretyship covering said officer or employee be exonerated so far as such officer or employee is concerned, and the Board may by resolution exonerate said bond or suretyship, provided that such exoneration shall not in any way release said bond or suretyship for any liability which may have accrued while said officer or employee was covered by said bond or suretyship.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds or suretyship herein provided for shall be obtained by the Purchaser and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond or suretyship written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond or suretyship given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer.

Section 61. The bonds or suretyship given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department and the bonds given for all departments may be grouped so that all employees and officers of all departments will be covered by one bond.

All positions not heretofore bonded and for which bond is required under the provisions of this ordinance may be grouped under one schedule. In such event all other positions now bonded shall be added to the schedule as the respective anniversary dates of the existing bonds covering such positions shall be reached.

Section 62. Nothing herein contained shall in any way change or modify any charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by charter.

Section 63. The respective sections of this ordinance covering the suretyship to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of re-publishing said ordinance in its entirety, and the consent of the surety shall be evidenced by a proper rider or endorsement to said bonds or suretyship.

Section 64. The surety of any said bond or suretyship may at any time terminate its liability on behalf of any officer and employee or other incumbent under said suretyship by giving thirty (30) days' notice in writing to the Controller of the City and County of San Francisco and likewise the Controller of the City and County of San Francisco may cause the termination of the surety's liability on behalf of any and every officer, employee or other incumbent by notice in writing to the surety, specifying the date of cancellation. Upon the determination of the notice of cancellation and provided no loss has been reported, the pro rata unearned portion of premium shall be returned to the Controller of the City and County of San Francisco.

Amending Zoning Ordinance by Prohibiting Laundries in Commercial Districts.

(Code No. 13.02.)

On recommendation of City Planning Committee.

Bill No. 332, Ordinance No. 13.021, as follows:

Amending Section 5 of Ordinance No. 5464 (New Series), entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," to provide that all laundries hereafter established shall be located in Light Industrial Districts.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 5 of Ordinance No. 5464 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 5. Commercial District. In a Commercial District no building or premises shall be used and no building shall be constructed or altered which is arranged, intended or designed to be used for any of the following specified trades, industries and uses:

1. Automobile repair shop, unless conducted in connection with a public garage and as part thereof.
2. Bakeries employing more than five persons.
3. Blacksmith or horseshoeing establishments.
4. Bottling works.
5. Carting, express or hauling yard or storage yard other than for fuel.
6. Warehouses and storage houses.
7. Marble, granite, stone or monumental works.
8. Contractors' plant or storage yard.
9. Cooperage.
10. Laundry.
11. Lumber yard.
12. Uses excluded from the Light Industrial District.
13. Any kind of manufacturing other than manufacturing clearly incidental to a retail business conducted on the premises or light manufacturing conducted on any floor above the ground floor of a building.

Provided further, however, there may be maintained in a Commercial District the following:

1. Printing shops and the business of publishing a newspaper.
2. Light industries clearly incidental to the operation of an amusement park.

3. Electric sub-stations and telephone exchanges.
4. Public garages and gasoline service stations may be conducted in a Commercial District only under permits granted by the Board of Supervisors.

No uses permitted by Sections 3 and 4 hereof shall be excluded from the Commercial District.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $552,499.79 is hereby set aside, appropriated and authorized to be expended out of County Jail Fund, Bond Issue 1931, for the construction of San Francisco County Jail, in the county of San Mateo, California.

Approved by the Mayor, Chief Administrative Officer, and Controller.

Passed for Second Reading.

The following matter was presented by Supervisor Shannon and *passed for second reading*:

Providing for the Sale of Certain City-Owned Land in San Francisco.

(Code No. 12.1727.)

Bill No. 333, Ordinance No. 12.17272, as follows:

Providing for the sale of certain city-owned land in San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to section 92 of the Charter and in accordance with the recommendation of the Department of Public Health, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in San Francisco, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is under the administration of the Department of Public Health:

Beginning at a point on the westerly line of Potrero avenue, distant thereon 25 feet southerly from the southerly line of Twenty-second street; and running thence southerly along said westerly line of Potrero avenue, 25 feet; thence westerly at right angles 100 feet; thence northerly at right angles 25 feet; thence easterly at right angles 100 feet to the westerly line of Potrero avenue and the point of beginning.

Being a portion of Mission Block 148.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors and to the Department of Public Health the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Registrar of Voters to Include Argument in Sample Ballot Envelope Favoring Proposed School Bond Issue.

(Code No. 21.31)

Supervisor Miles presented:

Resolution No. 812, as follows:

Resolved, That the Registrar of Voters be authorized to include in the sample ballot envelope a pamphlet in favor of the proposed school bond issue, and that the Board of Education be requested to prepare an argument in line with the statements made by its president, Philip Bush, at a recent meeting of the Board of Supervisors, and that said Board insert in said argument a statement indicating to the people of San Francisco every district in which these schools are to be replaced, and as nearly as possible the location they are to fit, also the type of construction proposed.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Colman, Roncovieri—2.

Mayor to Call Conference for the Purpose of Preparing Plans for Submission at the Time the City and County Requests Federal Aid for the Constructions of Highways.

(Code No. 5.2.)

Supervisor Gallagher presented:

Resolution No. 811, as follows:

Whereas, recent legislation enacted by the Congress of the United States authorizes the Federal expenditure of over $3,000,000,000 on a public works program to be administered by the several states; and

Whereas, the allotment for highways in California is $16,000,000, in which sum the City and County of San Francisco is entitled to share; and

Whereas, the California State Chamber of Commerce at a meeting to be held June 9, 1933, at the William Taylor Hotel in San Francisco, has invited the Supervisors and representatives of the various counties to submit their requests for an allocation of this sum; and

Whereas, the City and County of San Francisco has no prepared plan to submit in requesting aid from the Federal Government for the development of its streets and boulevards; now, therefore, be it

Resolved, That his Honor the Mayor is hereby respectfully requested to call an immediate public conference of the heads of departments and this Board of Supervisors for the purpose of outlining a plan and estimates for public improvements to be presented to the proper authorities for an allocation of funds from the appropriation to be granted by the Federal Government.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hay-

den, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Colman, Roncovieri—2.

Supervisor Spaulding requested that the City Engineer be asked to submit a list of projects, improvements, etc., to be submitted at such conference.

Endorsing Proposition No. 2, Election of June 27, State Unemployment Relief Bonds.

(Code No. 5.3)

Supervisor Canepa presented:

Resolution No. 810, as follows:

Whereas, there will appear upon the ballot at the special election, June 27th, a State measure known as Proposition No. 2, entitled Unemployment Relief Bonds, which proposal authorizes the issuance of $20,000,000 of self-liquidating bonds by the State, to be loaned to the counties for unemployment relief; and

Whereas, this measure, while a bond issue, is not retired from taxes as ordinary bond issues are, and is not reflected in either the county or the State tax rate, but is retired by permitting the State to withhold the money borrowed by the counties from the counties' share of the gasoline tax in ten annual installments beginning the year 1937; and

Whereas, there are over 800,000 unemployed in California at this time, who, with their dependents, number 1,800,000 persons now receiving relief in some manner from cities and counties; and

Whereas, it is imperative that this bond issue be passed if we are to continue to receive relief money from the Reconstruction Finance Corporation because of the ultimatum issued by that body that unless California appropriates funds for the relief of its destitute the National Government will refuse to continue appropriations; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse Proposition No. 2 on the June 27th ballot and urges upon the citizens of this City and County, as well as upon those of all counties of California, to exert every effort to obtain a unanimous vote for the passage of this act, thereby relieving the taxpayers of all the counties of the necessity of appropriating large sums for local relief.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Colman, Roncovieri—2.

Relative to Tax on Oleomargarine.

Supervisor Havenner moved that it be the sense of the Board of Supervisors that Assembly Bill No. 2352, which provides for an 8-cent tax on oleomargarine, should be vetoed and that the Governor be notified of the action of this Board of Supervisors.

Referred to Health Commitee.

ADJOURNMENT.

There being no further business the Board at the hour of 4:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors June 26, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

Accepting Moneys From the State, Provided by the Reconstruction Finance Corporation, for Relief; Providing for the Keeping of Accounts by the Controller, and Providing for the Refund Thereof Under Certain Conditions.

(Code No. 19.071.)

On recommendation of Finance Committee.

Bill No. 331, Ordinance No. 19.0717, as follows:

Accepting certain money provided by the Reconstruction Finance Corporation of the United States for relief work in the City and County of San Francisco, and appropriating the same to the Citizens' Relief Committee for the purposes for which the same was received, and providing for accounts thereof to be kept by the Controller, and, further, providing for a refund thereof under certain conditions.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That, whereas, the State of California has allocated to the City and County certain moneys provided by the Reconstruction Finance Corporation of the United States for relief work in the City and County of San Francisco, a portion of which said moneys has been received by the Treasurer of the City and County, all of said moneys received and to be received, from said Reconstruction Finance Corporation are hereby accepted to be used for the purposes for which they are received, and the same are hereby appropriated to the Citizens' Relief Committee to be used for the relief of the dependent poor of the City and County.

Section 2. The Controller is directed to set up on the books of his

office, appropriate accounts showing the receipt and disbursement of any and all moneys received from the sources herein mentioned, and to furnish the Emergency Relief Administrator of the State of California copies of said accounts showing all disbursements made from said moneys and the purposes for which the same were made.

Section 3. That the City and County of San Francisco will refund to the State of California or to the Reconstruction Finance Corporation of the United States the amount of any item of expenditure made from the moneys herein mentioned, which shall be expended for any purpose which shall not meet the approval of the said Emergency Relief Administrator of the State of California.

Endorsement of Constitutional Amendment No. 47, Exempting Private Non-Profit Schools from Taxation.

(Code No. 5.3)

On recommendation of Joint Committee, Education, Parks and Playgrounds, and Judiciary.

Resolution No. 803, as follows:

Whereas, Senate Constitutional Amendment No. 47, exempting private non-profit educational institutions from taxes has been voted by the Legislature of California, placed on the ballot for June 27, 1933; and

Whereas, California is the only State in the Union that taxes private non-profit educational institutions; and

Whereas, the hundred thousand pupils being educated in these private non-profit schools save annually to the State of California approximately $12,000,000 exclusive of capital outlay; and

Whereas, Constitutional Amendment No. 47 (No. 4 on the ballot of June 27, 1933), has been given the endorsement of Controller Ray L. Riley, numerous members in the State government in addition to a splendid vote placing the amendment on the ballot by various metropolitan newspapers, as well as by clubs, fraternal organizations, national organizations; and

Whereas, the exemption from taxation of the private non-profit schools in California would hardly make any appreciable difference in taxation, income for the State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby unanimously endorse Constitutional Amendment No. 47 (No. 4 on the ballot of June 27, 1933), exempting private non-profit educational institutions in the State of California from taxation.

The following was presented and read by the Clerk:

San Francisco, Cal., June 1, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Application has been made to me by Honorable Albert Greenbaum, member of the Art Commission, for a leave of absence, with permission to absent himself from the State of California, for a period of thirty (30) days, commencing June 6, 1933.

I hereby request that you concur with me in granting this leave of absence.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

Whereupon the following resolution was *adopted*:

(Code No. 4.053)

Resolution No. 816, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Albert Greenbaum, member of the Art Commission, is hereby granted a leave of absence for a period of thirty days, commencing June 6, 1933, with permission to leave the State.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Board of Supervisors Records Itself as Favoring Repeal of 18th Amendment, June 27, 1933.

(Code No. 5.2.)

Supervisor Brown presented:

Resolution No. 817, as follows:

Whereas, on June 27, 1933, an opportunity to vote on the question of repeal of the 18th Amendment will be given to the people of the State of California; and

Whereas, the President of these United States has publicly declared that the tax income from the legalized sale of wines and liquors would in large part fill the urgent need for additional revenues on the part of the Federal Government, and might make unnecessary increases in income and other taxes which otherwise will be inevitable; and

Whereas, much misery and suffering has been caused by the provisions of the 18th Amendment and their enforcement, and the original intentions of that amendment have completely failed of fulfillment; now, therefore, be it

Resolved, That this Board of Supervisors go on record as favoring the repeal of the 18th Amendment, and urging the people of San Francisco to vote accordingly on June 27, 1933.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Peyser—1.

Requesting the Mayor to Call a Meeting of Interested Citizens of the City and County to the End That Ways and Means May Be Adopted Whereby Those Employing Labor Within the City and County of San Francisco Will Give Employment to Bona Fide Residents of Said City and County.

(Code No. 5.42.)

Supervisor Miles presented:

Resolution No. 818, as follows:

Whereas, there are at the present time a large number of the residents of the City and County of San Francisco who are unemployed notwithstanding their most sincere efforts to obtain employment; and

Whereas, it will be of great benefit to the taxpayers of the City and County if employment can be obtained for our unemployed residents, not only upon public projects, but also in private employment; now, therefore, be it

Resolved, That his Honor, the Mayor, be and he is hereby requested to at once call a meeting of representatives of both labor and employers to the end that a plan may be recommended which will insure that none save those qualified under the provisions of the Charter be employed on municipal public work, and further that in all private employment a preference in employment be given to those who have been bona fide residents of San Francisco for a period of one year.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

In Memoriam: Herman L. Judell.

(Code No. 5.91.)

Supervisor Shannon presented:

Resolution No. 820, as follows:

Whereas death has closed the long and varied career of Herman L. Judell, a pioneer of San Francisco; and

Whereas the life of the late deceased had seen a most interesting and most historic phase of the United States of America and of the development of the West; and

Whereas Herman L. Judell was one of the few surviving members of the Grand Army of the Republic, the founder of the First Council of the Commercial Travelers of America in the West, and a good and devoted citizen of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deeply regrets the passing of the late pioneer, and extends to his relatives sincere sympathy and words of condolence; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, that another copy be sent to Mrs. Charles M. Wollenberg and Dr. Malvina Judell Decastello, daughters of the deceased, and to his sons, Adolph and Emil Judell, and that when the Board adjourns today, it do so out of respect to the memory of the late pioneer of San Francisco.

In Memoriam: Thomas F. Flaherty.

(Code No. 5.91.)

Supervisor Gallagher presented:

Resolution No. 823, as follows:

Whereas, in Washington, D. C., last Saturday there passed from the scene of this life in the person of Thomas F. Flaherty, Secretary-Treasurer of the National Federation of Post Office Employees, one of the most devoted and untiring champions of that organization, a man whose indefatigable efforts were ever for the benefit of his fellowman, for those in distress, for those who were so fortunate as to be named among his friends, withal an estimable and lovable character.

Born in Napa, raised and educated in San Francisco, Thomas F. Flaherty since 1913 has represented his organization in the national capital. A Californian of sterling and distinguished character, he was well and favorably known to thousands of his fellow workers and legislators in all parts of the United States by reason of his earnest and sincere advocacy of the interests of those he so well and thoroughly represented. His was a personality marked by a singleness of purpose and devotion to the welfare of his friends and fellow workers that won the admiration of all. Of Thomas F. Flaherty it could be fairly and truly said "He gave his life for his friends."

Resolved, That this Board of Supervisors, when it adjourns today, it does so out of respect to his memory; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting and a copy to the widow and family of the deceased.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Peyser—1.

In Memoriam: Thomas T. C. Gregory.

(Code No. 5.91.)

Supervisor Havenner presented:

Resolution No. 824, as follows:

Whereas, the sudden and tragic death of Thomas T. C. Gregory has removed a personality well known and highly esteemed in the public, professional and social life of California—a man whose service as Director of Relief in Central Europe during the World War was marked by conspicuous ability. He was honored in later years by appointment as Trustee of the Stanford University, from which institution he was graduated with distinction in 1899. As a man and citizen he was highly esteemed and loved by all who knew him. In his untimely passing California loses a learned, able and distinguished citizen, and his family and acquaintances, a devoted father and sterling friend.

Resolved, That this Board of Supervisors, when it adjourns today, does so out of respect to the memory of Thomas T. C. Gregory; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and a copy sent to the widow and family of the deceased.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Peyser—1.

Excerpt of Proceedings In Re Letter 6/5/33 from Charity Workers Protective Union.

SUPERVISOR McSHEEHY: Mr. Chairman.

THE CHAIRMAN: Supervisor McSheehy.

SUPERVISOR McSHEEHY: Mr. Chairman, and Members of the Board: I have here a letter, which I am not sponsoring, that was requested about fifteen minutes ago, by a committee from the Charity Workers Protective Union. I am not sponsoring the letter because I did not vote for the purport of it. I promised the citizens I would have the Clerk read the letter, and I am going to ask him to read it, and if any member wishes to sponsor it, he can, and if the Board want it filed, you can file it.

THE CLERK (reading): "Office of Charity Workers Protective Union. 141 Albion Street. San Francisco, June 5, 1933.

"San Francisco County Board of Supervisors. San Francisco, California. Gentlemen of the Board:

"A public mass meeting of unemployed workers and those interested in the social relief problems of San Francisco, will be held at Larkin Hall, Civic Auditorium, Tuesday, June 6, 8 p. m., to protest against the cut of $700,000 in the relief budget, the mass shutoffs of electricity and gas and other inroads upon the welfare of San Francisco's undiminishing army of unemployed.

"The Board of Supervisors is invited to send one or more representatives to the meeting and an opportunity to address the unemployed and give reasons why those who are unemployed through no fault of their own and their wives and children should have their homes thrown into darkness and their already insufficient food supply reduced 20 per cent or more.

"Thanking you and hoping that your body will be represented at our meeting, we are,

"Yours truly, Charity Workers Protective Union, per George Ellis, Secretary."

THE CHAIRMAN: Any objection? Supervisor McSheehy will represent the Board at that meeting?

SUPERVISOR McSHEEHY: Just a moment, please——

THE CHAIRMAN: I appoint Supervisor McSheehy to represent the Board.

SUPERVISOR McSHEEHY: Just a moment, please. I stated that I was not sponsoring this letter. It would be inconsistent for me to sponsor it. I stated I promised the citizens I would have the Clerk read it. But as for representing this Board, I do not wish to represent this Board in reference to this particular letter because I was not in accord with the letter when the budget was made up. There are members of this Board that were in accord with the letter. I think it is very unkind, very unjust, and very sharp on the part of the Chairman to make an attempt to make an appointment of this kind under these conditions, especially where I made the opening statement that I did.

THE CHAIRMAN: The letter would not have been before the Board only upon your request that it be read. I therefore request you represent the Board, under the circumstances.

SUPERVISOR McSHEEHY: Mr. Chairman, the letter has been

read; but, on second thought, if you wish to be as sharp as you are on this particular matter, I will ask that I be allowed, as a Supervisor, not as a representative of this Board, to present that matter; I might even go a step further and say if there are any members of this Board, outside of you, Mr. Chairman, who wish me to represent this Board, I will even represent them directly and make the statement to them I make now.

THE CHAIRMAN: All right, you are appointed to represent the Board, . . .

SUPERVISOR McSHEEHY: Mr. Chairman, may I at this time ask permission of the Board to have a stenographic statement of my remarks in reference to this communication, and my appointment by the Mayor, so that I will have something official to guide me in presenting this matter to this Union?

THE CHAIRMAN: It just so happens that the Mayor did not appoint you.

SUPERVISOR McSHEEHY: I am not asking for any Mayor's appointment. I am just asking for a stenographic report, which I am entitled to.

THE CHAIRMAN: You referred to the Mayor's appointment. You mean the President of the Board?

SUPERVISOR McSHEEHY: I mean the President of the Board. I just simply wished to present this matter to them, showing the conditions under which I have been appointed. I want my remarks, your remarks, and everything pertaining to it.

THE CHAIRMAN: The Clerk will also prepare a certificate of appointment.

Conference on Suggested Public Improvements Under Federal Aid.

The following was read by the Clerk.

Mayor's Office, 200 City Hall, June 3, 1933.

To the Heads of All Departments:

I am directed through Resolution No. 811, passed by the Board of Supervisors on May 31, 1933, to call a conference of the heads of the municipal departments and Board of Supervisors for the purpose of outlining and suggesting estimates for public improvements—the same to be presented to proper authorities in order that the City and County of San Francisco may participate in the allocation of funds as provided for in the Federal Appropriation Act, setting aside $3,000,000,000 for a public works program.

You will, therefore, be advised that I have set aside Wednesday, June 7, at 10 a. m., in the Chambers of the Board of Supervisors, for the purpose of the conference. You are respectfully requested to be present.

Very truly yours,

ANGELO J. ROSSI,
Mayor.

Excerpt from Congressional Bill.

Section 202. The Administration, under the direction of the President, shall prepare a comprehensive program of public works, which shall include among other things the following: (a) Construction, repair, and improvement of public highway and park ways, public buildings, and any publicly owned instrumentalities and facilities; (b) conservation and development of natural resources, including control, utilization, and purification of waters, prevention of soil erosion, development of water power, transmission of electrical energy, and construction of river and harbor improvements; (c) any projects of the character heretofore constructed or carried on either directly by public authority or with public aid to serve the interests of the general public; (d) construction under public regulation or control of low-cost housing and slum-clearance projects; (e) any project (other than those included in the foregoing classes) of a character heretofore eligible for loans under subsection (a) of section 210 of the Emergency

Relief and Construction Act of 1932, as amended; and if in the opinion of the President it seems desirable, the construction of naval vessels within the terms and/or limits established by the London Naval Treaty of 1930 and of airplanes required therefor and construction of such Army housing projects as the President may approve, and provision of original equipment for the mechanization or motorization of such Army tactical units as he may designate; provided, however, that in the event of an international agreement for the further limitation of armament, to which the United States is signatory, the President is hereby authorized and empowered to suspend, in whole or in part any such naval construction or mechanization and motorization of Army units.

City Planning Commission: Construction of approaches to Bay bridges, including tunnel.

Proposed Survey of High Pressure System.

(Code No. 11.0434.)

The following was presented by Supervisor Canepa and *referred to Fire, Safety and Police Committee*:

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized, due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

Garbage Hearing.

Supervisor Gallagher moved that letter of City Administrative Officer of April 27, 1933, on the subject of garbage disposal be made a Special Order of Business for 4 p. m. next Monday.

So ordered.

One-man Car Hearing.

Supervisor Colman announced that at 3:30 o'clock next Wednesday the Public Utilities Committee would meet to consider the request of the Market Street Railway Company to operate "one-man cars." He requested that notices be sent inviting attendance to the San Francisco Labor Council, Building Trades Council, Market Street Railway officials, and others interested.

Dreamland Auditorium Promoter Presented.

Thos. Patrick Larsfield Gallwey, promoter of Dreamland Auditorium, was introduced by Supervisor Gallagher, who eulogized his good work in the East in the promotion of clean sport and predicted a great success for him in San Francisco.

Mr. Gallwey responded, expressing his appreciation of the kind reception extended to him by San Francisco.

Supervisor Shannon requested that he be excused from next Wednesday's meeting.

So ordered.

ADJOURNMENT.

Whereupon at the hour of 4:55 p. m. the Board adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, July 5, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

Proposed Survey of High Pressure System.
(Code No. 11.0434.)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized, due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

Providing for Leasing of Incinerator Property on Kansas Street Near Army Street.

(Code No. 12.1737.)

Bill No. 339, Ordinance No. 12.17371, as follows:

Authorizing the Director of Property to lease the incinerator property on Kansas street near Army street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 93 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property is hereby authorized to lease the following described City owned land, together with the improvements thereon, situated in San Francisco, California, for a period not to exceed 20 years, to the highest responsible bidder at the highest monthly rent:

Commencing at a point on the easterly line of Kansas street, distant thereon 274 feet southerly from the southerly line of Army street, and running thence southerly along said easterly line of Kansas street 150 feet; thence at right angles easterly 225 feet; thence at right angles northerly 150 feet; thence at right angles westerly 225 feet to the point of commencement.

Section 2. The lessee may at his own expense remove and dispose of all incinerating equipment located on the above described land. Subject to the approval of the Director of Property, the lessee may make any alterations or additions to the building to suit the purposes for which the lessee desires to use the building. Provided there are no defaults in the payment of the rents, all equipment and fixtures installed on the leased premises by the lessee may be removed by the lessee within 30 days after expiration of the lease; otherwise such equipment and fixtures shall become the property of the City and County of San Francisco upon expiration of the lease or upon the sooner termination thereof. Within a reasonable time after execution of the lease, the lessee shall repair the building on the leased premises, and during the term of the lease shall keep the improvements thereon in good repair, all at the expense of the lessee. The Director of Property is hereby authorized to incorporate any other conditions in the lease which he may deem necessary or desirable.

Section 3. The Mayor and the Clerk of the Board of Supervisors

are hereby authorized to execute said lease in behalf of the City and County of San Francisco.

Providing for Payment of Fees for Building Permits, Moving of Buildings, Etc., in Quarterly Installments.
(Code No. 3.041.)

Also, Bill No. 340, Ordinance No. 3.04124, as follows:

Amending Section 3 of Ordinance No. 3.04120, entitled "An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard, or for the erection, installation or alteration of patent chimney," to provide for payment of annual fee in quarterly installments.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 3 of Ordinance No. 3.04120, the title of which is recited above, is hereby amended to read as follows:

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of patent chimneys may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person, firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimney or chimneys; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said bureau, at least twenty-four (24) hours before the erection, installation or alteration of any patent chimney or chimneys of the intention to erect, install or alter such chimney or chimneys; and, provided, further, that failure to file such notice shall be sufficient grounds for cancelling said permit.

Providing for Leasing of City Owned Lands and Improvements, Having Rental Value of $50 or Less Per Month.
(Code No. 12.1739.)

Also, Bill No. 341, Ordinance No. 12.17394, as follows:

Authorizing the Director of Property to lease certain City owned land and improvements under certain conditions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. When any department in charge of City owned real property requests the Director of Property to lease on a month to month, or shorter, basis City owned land or improvements having a rental value of $50 or less per month, and reports to the Director of Property that the property is not required for the purposes of the department, the Director of Property is hereby authorized and directed to lease such property to the highest responsible bidder on a month to month, or shorter, basis. The Director of Property shall determine the rental value of such property, and is hereby authorized to execute such leases in behalf of the City and County of San Francisco.

Section 2. Before awarding a lease under the provisions of this ordinance, the Director of Property shall post notices for a period of three days advertising the time and place of such proposed leases.

Section 3. All moneys received as rental from real property leased under this ordinance shall be collected by the Director of Property and deposited in the City Treasury to the credit of the proper fund or funds. Within ten days after awarding, the Building and Lands Committee of the Board of Supervisors shall be notified as to the terms and conditions of such leases.

Section 4. This ordinance shall not apply to the leasing of any parcels where the rental value is more than $50 per month nor shall it apply to the leasing of San Francisco Water Deparment lands for agricultural purposes.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

In Memoriam: Daniel A. Ryan.

(Code No. 5.91.)

Supervisors Canepa and Hayden presented:

Resolution No. 840, as follows:

Whereas, death has closed the very active career of Daniel A. Ryan, a noted attorney of San Francisco and a man active for many years in civic, religious and political life; and

Whereas, the late Daniel A. Ryan was Past Grand President of the Native Sons of the Golden West, a former candidate for Mayor of the City and County of San Francisco, a noted, active attorney and a good Christian family man of more than ordinary worth; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco publicly deplores the unexpected and tragic death of the late esteemed citizen of San Francisco, and publicly expresses its grief and sorrow, and offers words of sincere sympathy to the widow of the late Daniel A. Ryan, and to his surviving children; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and that another copy be forwarded to the widow of the late noted civic leader of San Francisco, and that when the Board adjourns today it does so out of respect to the memory of the late Daniel A. Ryan.

Adopted unanimously by rising vote.

Supervisor Hayden, in a brief address eulogized the character of the deceased, whom he declared was a life-long friend and associate and one very dear to himself and thousands of other friends, made and held throughout his lifetime by his genial, earnest and admirable qualities of mind and heart.

Opposing Riley-Stewart Tax Plan.

(Code No. 5.3)

Supervisors Peyser and Canepa presented the following resolution, which was on motion of Supervisor McSheehy made a *Special Order of Business Thursday, June* 15, 1933, *before the Board of Supervisors sitting as a Committee of the Whole*:

Resolution No. 839, as follows:

Whereas, there will appear on the ballot for the Special Election to be held on June 27th, a proposition designated No. 1, which has for its purpose the abandonment of the present system of State taxation and the adoption of a new scheme known as the Riley-Stewart Tax Plan, and

Whereas, under the provisions of the Riley-Stewart plan, as interpreted by reliable authority, the interests of the citizens and taxpayers of the City and County of San Francisco would be adversely affected as follows:

Saving on County School Taxes	$2,736,840
Loss from 2 per cent Sales Tax	5,988,720
Loss in 1933	$3,251,880
Gain from return of Utilities Property Taxes	1,905,000
Loss from State-wide ad valorem tax	3,594,000
Loss in 1935	$1,689,000

Annual net property tax saving after 1934..... 1,047,840
Total annual net loss to San Francisco after 1934..... 4,940,880

Whereas, the adoption of the Riley-Stewart plan would result in the levy of a State personal income tax, higher inheritance taxes, surcharge taxes on power, telephone and telegraph services, an increased automobile license tax, a sales tax and various other taxes, and

Whereas, the type of sales tax which it is proposed to invoke under this plan is neither logical nor fair and constitutes a nuisance, and

Whereas, taxation being an enforced contribution from persons and property and almost tantamount to confiscation, it is advisable to preserve intact the known and definite plan adopted by the people themselves, rather than to vest the Legislature with complete power to regulate the matter, and

Whereas, it is felt that the interests of the citizens and taxpayers of the City and County of San Francisco will best be conserved by defeating the Riley-Stewart plan of taxation, now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby go on record as opposed to the adoption of the Riley-Stewart plan of taxation and does urge the citizens of San Francisco, as well as those of other cities and towns throughout the State, to vote "NO" on the Riley-Stewart plan of taxation, designated Proposition No. 1 on the ballot for the Special Election to be held on June 27, 1933.

Dr. Geiger, Health Officer, Appointed Narcotic Agent.
(Code No. 17.01)

Resolution No. 841, as follows:

Resolved, That Jacob C. Geiger, Director of Public Health, is hereby appointed with full authority for the year commencing July 1, 1933, and ending June 30, 1934, to sign orders for narcotics for the institutions of the Department of Public Health; namely, the Laguna Honda Home, the San Francisco Hospital, the Emergency Hospitals, the Central Office and the Hassler Health Home at Redwood City, California, Department of Public Health, and Hetch Hetchy Hospital, in compliance with the rules and regulations of the Narcotic Division of the Treasury Department, Internal Revenue, San Francisco, California.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.

Absent—Supervisor Shannon—1.

Salary Ordinance.

The following was presented and read by the Clerk:

June 8, 1933.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: We submit herewith the tentative draft of the proposed Annual Salary Ordinance for the year 1933-34.

We call your attention to the provisions of Charter Amendment No. 1, recently adopted by the people, providing for deductions from salaries of all officers and employees during the emergency which has been declared to exist beginning May 1, 1933, and ending June 30, 1934. Section 3 of the proposed Salary Ordinance provides for the deductions from the salaries enumerated in the Salary Ordinance. The language in this section, exclusive of the last paragraph of Section 3, is verbatim from the Charter Amendment. The last paragraph of Section 3 provides for an exception from the provisions of Section 3 of the ordinance in so far as certificated employees of the Board of Education are concerned, because the Board of Education has reduced the salaries enumerated in the proposed Salary Ordinance in an amount equal to the deductions provided in the Charter amend-

ment. Therefore, the salaries of certificated employees as enumerated in the Salary Ordinance have been reduced, whereas the salaries enumerated in other sections of the Salary Ordinance have not been reduced. The last paragraph of Section 3 also provides for an exception in so far as deductions authorized in that section are concerned in the salaries of judges of the Superior and Municipal courts.

The Charter amendment referred to above also provides that deductions shall be based on the gross salaries received by employees, including the valuation of board, room and laundry. Therefore, it has been necessary for us to determine which employees have been receiving board, room and laundry in addition to cash salary and to value the maintenance so provided and add the valuation of maintenance to the present cash salary. These instances occur in the following departments: Sheriff, Recreation, Juvenile Detention Home, Department of Public Health and Water Department—and in every instance where the present cash salary has been increased to include the valuation of maintenance provided, specific instructions for deduction from the new gross salary in the amount of the valuation of board, room and laundry or other maintenance provided, which is now added to the present salary, is indicated. A report is being submitted to the Controller advising him of the amounts in which salaries have been increased in order to include maintenance, and it is our understanding that transfers of funds from the maintenance or supply or contractual accounts of the respective departments will be recommended after July 1. We wish also to call to your attention a few corrections which should be made before adoption by the Board of Supervisors.

Section 47, Bureau of Engineering, Item No. 44, should be corrected to read one employment, and Item No. 55½ added to read 1 F256, Senior Civil Engineering Draftsman, $250; Item No. 55 should be reduced to read 3 employments, and Item No. 54½ should be added to read 2 F254, Civil Engineering Draftsmen, $240. The first change is due to a retitling of the existing classification and the second change is necessary because of the 5 employments now enumerated in Section 55. Two of them will be replaced by civil service employees who have seniority over the five whose present salary is $240 per month. Items 38 and 74 do not appear in the Budget estimates and should be eliminated.

Section 59, San Francisco Hospital, Item No. 11½, the words "not over" should be added before the rate. This item, incidentally, is a reclassification of employments established in the Budget as institutional help.

Section 62, Hassler Health Home, Item No. 13, an error was made in this employment in adding full maintenance. This employee is now receiving $200 per month plus one meal, and the rate indicated should be $210 instead of the amount shown. The words "deduct for board, room and laundry" should be changed to "deduct for one meal."

Section 67, Controller, Item No. 21½, does not appear in the Budget estimates because it was understood that Items Nos. 30, 31, 32 and 33 would be reclassified by the Civil Service Commission to be payroll machine operators. However, the commission has not as yet reclassified these positions, and it is necessary to add the classification enumerated in Item No. 21½ to cover the employment of a temporary employee replacing a permanent employee now on leave of absence without pay.

Yours very truly,
CIVIL SERVICE COMMISSION,
JAS. J. MAHER, Secretary.

Whereupon the following bill was taken up and *passed for second reading*:

Annual Salary Ordinance

Fiscal Year Ending June 30, 1934.

(Code No. 9.053.)

Bill No. ———, Ordinance No. ———, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; providing for deductions therefrom, and fixing certain other conditions of employment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1934. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that where funds are appropriated for such purpose in the Annual Appropriation Ordinance and are thereafter available temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated.

In the event of a vacancy occurring in a permanent position herein enumerated the Controller shall be notified of such vacancy by the appointing officer and the Controller shall immediately reserve the related unexpended compensation from the unencumbered balance of funds appropriated for such employment to the credit of Appropriation No. 260, and no appointment to such vacancy shall be made unless approved by the Mayor and unless the Controller shall certify to the release of the necessary funds from the amount reserved.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1933-34 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished and such gross compensations are subject to the deductions provided under Section 3 hereof.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Sec-

tion 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after lay-off or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, subject, however, to the provisions of Section 70.1 of the Charter.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls or pay rolls in accordance with the following schedule fixed by the Civil Service Commission; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

	*For those receiving $80 per month or less in cash	*For those receiving more than $80 per month in cash
1 meal per day	$ 8.00 Per Mo.	$10.00 Per Mo.
2 meals per day	13.00 Per Mo.	16.50 Per Mo.
3 meals per day	17.50 Per Mo.	22.50 Per Mo.
Room or House	8.00 Per Mo.	10.00 Per Mo.
Laundry	2.00 Per Mo.	2.50 Per Mo.
Board, Room and Laundry	27.50 Per Mo.	35.00 Per Mo.
Single meal	.25	.35

	Per Mo.
Complete family maintenance furnished the Superintendent of Laguna Honda Home (Item 33 of Section 57)	$150
Complete family maintenance furnished the Chief Engineer, Stationary Steam Engines, in the San Francisco Hospital (Item 70 of Section 60)	55
House furnished the Superintendent and the Assistant Superintendent, Alameda Division of the Water Department, and the Assistant Superintendent of the Peninsula Division of the Water Department (Items 65, 66 and 67 of Section 75½)	25
House furnished the Superintendent of the Peninsula Division of the Water Department (Item 68 of Section 75½)	50
House furnished the Head Pump Operator of the Water Department (Item 60 of Section 75½)	25
House furnished the Engineer, Stationary Steam Engines, at the Water Department (Item 16 of Section 75)	15

*The letters B., R. & L. used in this ordinance to indicate deduction, shall be construed to mean Board, Room or House and Laundry and deductions made in accordance with the above schedule.

Section 3. As provided in Section 70.1 of the Charter and in accordance with Resolution No. 752 of the Board of Supervisors, deductions shall be made from the gross salaries or compensations of each officer and employee of the City and County of San Francisco as herein provided in accordance with the following schedule:

(a) From the salaries or compensations of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $150 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $150 per month and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month and do not exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Provided, however, that because the compensations specified herein for certificated employees of the Board of Education as enumerated under Sections 84, 84¼ and 84½ hereof have been fixed by the said Board of Education after reducing the salaries heretofore paid in an amount equal to the deductions herein specified, such deductions as provided in this section shall not be made from the salaries specified under Sections 84, 84¼ and 84½ hereof, and provided further that the deductions specified in this section shall not be made from the salaries of Judges of the Superior Court and the Municipal Court.

Annual Installation of Officers, Southern Civic Clubs.

The following was presented and read by the Clerk and copies sent to members:

The Honorable Board of Supervisors, City Hall, City.

Honorable Sirs: On Friday evening, June 16, at 8 o'clock, in Guadalupe Hall, 4551 Mission, this Council will indulge in its annual installation of officers.

Judge Frank Deasy will act as installing officer. Mayor Angelo J. Rossi has indicated that he will participate.

It is hoped to have an abundance of entertainment and refreshments.

May we be honored with your presence on this occasion, and will you be good enough to advise the number of places to reserve? Thanks.

Very sincerely,

SOUTHERN CIVIC CLUBS,
G. B. HARPER, Secretary.

Supervisor McSheehy Reports on Mass Meeting of Unemployed Workers on Relief.

Supervisor McSheehy, who had been delegated to represent the Board of Supervisors at a mass meeting in Larkin Hall, Civic Auditorium, Tuesday night, June 6, 1933, reported verbally that he had appeared there and addressed the meeting. He said that there were 1400 unemployed workers on relief in attendance who protested the action of this Board recently in cutting $700,000 from the Mayor's Budget for unemployment relief.

Communication.

Whereupon, the following communication was presented and read by the Clerk:

June 12, 1933.

Board of Supervisors of San Francisco, City Hall, San Francisco, California.

Gentlemen: This is to notify you that a committee from the Unemployed Councils and the Charity Workers Protective Union will be present at the regular Board meeting today, June 12, 1933, at 2 p. m.

We respectfully request being placed on the agenda and arrangements made for our speakers to obtain the floor in order to present matters of interest to San Francisco citizens.

Respectfully yours,

FRANK SEWITZ,
For Unemployed Councils.
D. DALEY,
For Charity Workers Protective Union.

Privilege of the Floor.

S. F. Land, 1905 McAllister street, representing the Charity Workers Protective Union, was granted the privilege of the floor and addressed the Board. He declared that at the mass meeting of 1400 unemployed workers on relief had sent a delegation here to represent them before this Board today and condemn those who voted to cut $700,000 from the relief fund of the City.

Supervisor Havenner requested that this Board do not adjourn until the letter from his Honor the Mayor on proposed public work is presented.

Mayor Rossi's Report, Pursuant to Resolution No. 811, Inviting the Heads of Municipal Departments to Furnish Recommendations in Connection with Public Works Projects Under the Terms of Senate Bill No. 1712.

The following is a digest made by the Clerk, by the order of the Board, of the result of the Mayor's conference.

BOARD OF EDUCATION: Construction of schools, as per recently requested bond issue.

CITY PLANNING COMMISSION: Construction of approaches to bay bridges, including tunnels.

Passed for Second Reading.

The following bill was *passed for second reading*:

Providing for Issuance of Duplicate Bonds in Exchange for Like Amount of Original Defaced or Mutilated Bonds.

(Code No. 9.07.)

Bill No. 344, Ordinance No. 9.071, as follows:

Providing for the issuance of duplicate bonds in the aggregate principal amount of $300,000 in exchange for a like principal amount

of original defaced or mutilated bonds of the City and County of San Francisco authorized at a special election held in said City and County on May 11, 1908, being part of an issue of Sewer Bonds and Fire Protection Bonds of said City and County of San Francisco, dated July 1, 1908.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Bank of America National Trust and Savings Association has duly filed with this Board of Supervisors its verified application in writing under and pursuant to the provisions of an act of the Legislature of the State of California entitled "An act to provide for the issuance of duplicates of bonds, warrants and other municipal securities which have become defaced or mutilated," approved February 23, 1907 (Stats. 1907, p. 53, as amended; Deering's Gen. Laws 1931, Act 1032), requesting the issuance of $300,000 principal amount of duplicate bonds of the City and County of San Francisco numbered and described as follows, to-wit:

and has accompanied such application with a deposit of money sufficient to cover the cost of preparing such duplicate bonds and coupons appertaining thereto, and has tendered such defaced or mutilated bonds, together with the coupons thereon, for surrender in exchange for such duplicate bonds and coupons.

Section 2. It is hereby found and determined that said application of Bank of America National Trust and Savings Association complies with all of the terms and conditions of said act of the Legislature of the State of California above mentioned; that said bonds in the aggregate principal amount of $300,000 now held by Bank of America National Trust and Savings Association have been so mutilated or defaced as to impair their value to said owner and that said bonds

and the coupons thereon, and each of them, are capable of being identified by number and description, and that the amount of said deposit is sufficient to cover the cost of preparing such duplicate bonds and coupons and all other expenses connected with the issuance thereof, and that said application should be and the same hereby is approved and granted; that no other conditions, except as herein set forth, have been prescribed by this Board of Supervisors for the issuance of said duplicate securities and that all conditions prescribed by said act of the Legislature of the State of California precedent to and in the issuance of said duplicate bonds have been duly complied with by applicant in the time, form and manner as required by law.

Section 3. The Clerk of the Board of Supervisors is hereby directed to cause to be printed, lithographed or otherwise prepared duplicate bonds of the City and County of San Francisco in the aggregate principal amount of $300,000, having the same time to run, bearing like interest and having the same numbers as the bonds so proved to have been mutilated or defaced, as set forth in said application, said bonds being the bonds numbered and more particularly described in Section 1 of this ordinance.

Section 4. Said duplicate bonds shall be substantially in the following form, to-wit:

THE UNITED STATES OF AMERICA

State of California, City and County of San Francisco

No. ——— $———

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of July, ——, one thousand dollars, with interest thereon at the rate of 5 per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of

this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer and countersigned by its Controller, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1908.

....., Mayor.

....., Treasurer.

Countersigned:

....., Controller.

Attest:

....., Clerk of the Board of Supervisors.

Interest coupons shall be attached to each of said bonds commencing with the interest coupon due July 1, 1933, and running to and including the respective dates of maturity of each of the aforesaid bonds, which coupons shall bear the same coupons numbers as now appertain to the original defaced or mutilated bonds and shall mature on January 1st and July 1st in each year, and each of said coupons shall be in an amount representing the interest due on the bond to which it is attached for six months. Said coupons shall be substantially in the following form:

No. ———— $25.00

On ———— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, twenty-five dollars ($25.00) in gold coin of the United States, being six months' interest then due on its ———— Bond, dated July 1, 1908, No. ————.

....., Treasurer.

Each of said bonds shall be designated "Sewer Bond" or "Fire Protection Bond," as the case may be, on the face thereof and in the form of interest coupon appertaining to each thereof, and also on the filing endorsement on the reverse thereof.

Section 5. All of said duplicate bonds when prepared shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Controller and attested by the Clerk of the Board of Supervisors, with the seal of the City and County affixed, providing that the coupons shall be signed by lithographed or facsimile signature of the Treasurer of the City and County of San Francisco, and such signing and countersigning shall constitute a valid and legally binding execution of said duplicate bonds and coupons in behalf of the City and County of San Francisco. It is hereby determined that the Controller of the City and County of San Francisco now in office has succeeded to and holds the office formerly occupied by the Auditor of the City and County of San Francisco at the time of the execution, issuance and delivery of said mutilated or defaced bonds, and that said duplicate bonds when signed in accord-

ance with this ordinance shall be deemed to have been signed by the same officers who executed said original defaced or mutilated bonds.

Section 6. Said duplicate bonds, when so prepared and executed, shall be issued and delivered in exchange for said original defaced or mutilated bonds with the coupons thereon for which duplicates shall be issued in accordance with this ordinance. Upon such exchange, said original $300,000 principal amount of said defaced or mutilated bonds shall be cancelled and proper record shall be made of the cancellation of such original bonds and coupons. The Treasurer of the City and County of San Francisco is hereby directed to exchange said duplicate bonds and the colupons thereon, when prepared in accordance with this ordinance, and to deliver the same to Bank of America National Trust and Savings Association provided that said Bank of America National Trust and Savings Association shall first surrender to said City Treasurer for cancellation said like principal amount of defaced or mutilated bonds and the coupons thereon, for which such duplicates shall have been so issued.

Section 7. Said duplicate bond numbered and described as provided in this ordinance, when executed and issued in accordance with the terms of this ordinance, shall have the force, effect and validity of the original mutilated or defaced bonds in exchange for which said duplicates shall have been so issued and delivered. The full faith and credit of the City and County of San Francisco is hereby pledged for the punctual payment of the principal and interest of said duplicate bonds, and provision is hereby made for the levy and collection of taxes for the payment of said duplicate bonds and the interest accruing thereon with like force and effect as provided in the original proceedings under and pursuant to which said original defaced or mutilated bonds were authorized and issued.

Emergency Appropriation for Survey of Relief Administration.

Supervisor Miles presented:

(Code No. 9.051)

Bill No. 343, Ordinance No. 9.05619, as follows:

Approving the sum of two thousand dollars to the Chief Administrative Officer to be expended to partially defray the expense of the impartial survey of the methods and standards of relief in the City and County of San Francisco. Emergency.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A committee, consisting of Dr. Alonzo Taylor, Dr. William Palmer Lucas and Mrs. Gertrude Breeden, having been appointed in conformity with the provisions of Resolution No. 702 of the Board of Supervisors, to make a survey of the standards and methods of relief of the indigent sick and dependent poor in the City and County of San Francisco, the sum of two thousand ($2,000) dollars is hereby appropriated to the Chief Administrative Officer from Appropriation No. 6, 1932-33 Appropriation Ordinance, for the purpose of partially defraying the expense of said investigation.

Section 2. This ordinance is enacted as an emergency measure pursuant to the provisions of Section 16 of the Charter, and the Board of Supervisors, by the vote by which this ordinance is passed, does hereby declare that an actual emergency exists which necessitates the immediate passage of this ordinance, said emergency being the necessity of the immediate functioning of the said committee herein mentioned, to the end that relief may be continued to the indigent sick

and dependent poor of the City and County, and that the relief funds may be preserved.

The appropriation mentioned herein is recommended.

Approved:

LEONARD S. LEAVY, Controller.
ANGELO J. ROSSI, Mayor.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, JUNE 15, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Thursday, June 15, 1933, 2 p. m.

The Board of Supervisors reassembled pursuant to recess and resolved itself into committee of the whole for the purpose of considering Resolution No. 839, presented by Supervisor Peyser, opposing Riley-Stewart Plan of Taxation—Proposed Constitutional Amendment No. 1 on ballot of special election June 27, 1933.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Stanton—10.

Absent—Supervisors Breyer, Brown, Colman, Shannon, Spaulding—5.

His Honor President Hayden presiding.

Opposing Riley-Stewart Tax Plan.

The following was presented and read by the Clerk:

(Code No. 5.3)

Supervisors Peyser and Canepa presented:

Resolution No. 839, as follows:

Whereas, there will appear on the ballot for the Special Election to be held on June 27th, a proposition designated No. 1, which has for its purpose the abandonment of the present system of State taxation and the adoption of a new scheme known as the Riley-Stewart Tax Plan; and

Whereas, under the provisions of the Riley-Stewart plan, as interpreted by reliable authority, the interest of the citizens and taxpayers of the City and County of San Francisco would be adversely affected as follows:

Saving on County School Taxes	$2,736,840
Loss from 2 per cent Sales Tax	5,988,720
Loss in 1933	$3,251,880
Gain from return of Utilities Property Taxes	1,905,000
Loss from State-wide ad valorem tax	3,594,000
Loss in 1935	$1,689,000
Annual net property tax saving after 1934	1,047,840
Total annual net loss to San Francisco after 1934	4,940,880

Whereas, the adoption of the Riley-Stewart plan would result in the levy of a State personal income tax, higher inheritance taxes, surcharge taxes on power, telephone and telegraph services, an increased automobile license tax, a sales tax and various other taxes; and

Whereas, the type of sales tax which it is proposed to invoke under this plan is neither logical nor fair and constitutes a nuisance; and

Whereas, taxation being an enforced contribution from persons and property and almost tantamount to confiscation, it is advisable to preserve intact the known and definite plan adopted by the people them-

selves, rather than to vest the Legislature with complete power to regulate the matter; and

Whereas, it is felt that the interests of the citizens and taxpayers of the City and County of San Francisco will best be conserved by defeating the Riley-Stewart plan of taxation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby go on record as opposed to the adoption of the Riley-Stewart plan of taxation and does urge the citizens of San Francisco, as well as those of other cities and towns throughout the State, to vote "NO" on the Riley-Stewart plan of taxation, designated Proposition No. 1 on the ballot for the Special Election to be held on June 27, 1933.

Privilege of the Floor.

Leohard Leavy, Controller, was heard at length to the effect that the adoption of the Riley-Stewart plan would be detrimental to the interests of San Francisco and would result in an increased tax rate, while it favored country districts at the expense of the densely populated areas.

Henry Warfield and George T. Baker, representing the Knights of Civilization, were heard favoring a script system for reducing taxation.

Thos. Zant was also heard in opposition.

Adopted.

Whereupon, on motion of Supervisor Peyser, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Stanton—10.

Absent—Supervisors Breyer, Brown, Colman, Shannon, Spaulding—5.

Communications.

The following matters were presented, read and made part of the record:

June 12, 1933.

To Members of the Highway Protective Committee:

The question of diversion of $17,229,000 of special gas tax funds to the general fund is before the electors at the special election June 27th on a referendum vote.

If an affirmative vote is given these measures, Nos. 9 and 10 on the ballot, a total of $93,000,000 will be abstracted from construction, reconstruction and maintenance of highways in this State. The Highway Protective Committee has vigorously opposed diversion of gas tax funds to other than these purposes.

The committee will again make a campaign to overwhelmingly defeat these measures and your cooperation is earnestly requested. The enclosed official argument is self explanatory of the measures. This official argument is signed by Senators Fellom, Breed, Wagy, Hulse, Inman, McColl and McCormack.

As a member of the committee, you are urged to contact organizations with which you are officially connected, other groups interested in the highway program in your territory, and your leading newspapers.

As general chairman of the committee, I have appointed Honorable John Quinn, Supervisor of Los Angeles County, chairman for the Southern Division, and Honorable Hollis Thompson, City Manager of Berkeley, as chairman for the Northern Division.

Sincerely yours,

FREDERICK H. MEYER,
General Chairman
HIGHWAY PROTECTIVE COMMITTEE.

Arguments Against Gas Tax Diversion.

This proposal to divert gas tax money to other than the purposes for which it was intended by the people is the opening attack to divert this fund for general fund needs now and for all future time. It is a raid pure and simple upon easily collected funds—easily collected because those paying have done so willingly with the realization of the benefits that accrue from such form of special tax.

Already the owner of a motor vehicle pays more in this State in taxes than any other class of taxpayer. Besides various federal excise taxes upon gasoline, oils and lubricating greases, the motorist pays taxes ranging from local license fees for commercial vehicles to the annual State registration fees for all motor vehicles. He is also required to pay the personal property tax on his automobile, which revenue is used for the support of local government.

In addition to these other taxes the motor vehicle owner of California pays a gasoline tax amounting to a special sales tax of 20 per cent, which revenue is at the present time devoted solely to street and highway maintenance and construction.

Diversion of $17,229,076 of special gas tax funds to the general fund means double taxation to the motorist.

The former highway bonds, redemption of which is sought by these diversions, are no different than any other State bonds, whether for buildings, for harbor improvements or for any public work. They were all contracted for on the distinct understanding that they would be retired out of the general fund of the State. They are definite obligations against the revenues of the general fund.

When the gasoline tax was voted, the electorate of the State sanctioned the "pay-as-you-go plan" of highway construction. This meant that thereafter those who used the highways would pay for them. The roads built under the original bond issue have long since disintegrated and have had to be rebuilt by the gas tax on the "pay-as-you-go plan."

It has been argued that 32 States in the Union already have diverted gas tax money for general purposes because of the prevailing economic stress.

This argument contains but a half truth inasmuch as taxes collected upon gasoline in most of those States is assessed upon all gasoline used, without farm, industrial, marine or other exemption as is allowed in California.

Diversion of $17,229,076 for relief of the general fund will throw out of employment 10,630 men for a year and add general distress to the State of California.

Ninety-one cents of every dollar paid for highway construction work goes directly into the pockets of labor.

Proponents of diversion of gas tax money would have the citizens of this State believe that failure on their part to authorize such diversion will result in an ad valorem tax. This is not the case. The people have before them at this coming special election a new tax system upon which they are requested to vote. In addition, the Legislature will reconvene in July and, with the mandate of the people before them, set up a tax system which, keen financial minds are convinced, will not call for an ad valorem tax.

To lose $17,000,000 means bringing highway construction and maintenance of the State to a halt, crippling of commerce and manufacture, and throwing thousands of citizens upon public charity, already burdened to a breaking point.

And so we cite to you that the present is no time to cut down on construction of public works. Under these trying conditions of depression, with more than 800,000 unemployed in California and with more than a million and a half destitute and being supported by

charitable organizations, the stimulation of public works ought to be encouraged. The national government has declared itself for public construction on an enlarged scale to combat unemployment and destitution.

Why continue the depression?

We ask you to vote "No" on propositions numbers 9 and 10, and in that way safeguard the gasoline tax fund for the purpose for which it was originally authorized.

June 12, 1933.

To the Members of the Highways Advisory Committee, California State Automobile Association.

Gentlemen: Among the several propositions which will appear on the ballot at a State-wide special election on June 27 next are two of extreme importance to the motoring public and which threaten the economic welfare of the State. These are Propositions No. 9 and No. 10, which in substance provide for an expression of the people toward the diversion of a large portion of our gasoline tax revenues from their present uses of street and highway improvement to the general fund of the State.

This association of motorists is far from standing alone in its opposition to these two propositions. Many other groups representing a cross section of our entire population are opposing them. Organized labor is opposing diversion because it will increase unemployment by throwing thousands of men out of work. The League of California Municipalities will urge that a decisive "No" vote be cast, for otherwise the beneficial tax-reduction effects of new street and highway legislation will be jeopardized. The County Supervisors Association of California is opposing the measures, for with diversion of these funds is foreseen a possible county tax increase occasioned by having to care for more unemployed; a reduction in State aid for county roads; and the inability of the State to adequately care for and improve 6600 miles of important county roads just taken into the State highway system. Scores of progressive Chambers of Commerce and other organizations are fighting these two propositions because the general welfare of the State requires that our highway funds be kept intact.

Motordom is leading the fight against these proposed raids on funds supplied by the motoring public. The motorist is willing to pay these special levies so long as the money is used for street and highway purposes. The motoring public was promised, when the gas tax levies were enacted, that the funds would be used only for street and highway improvement purposes. The motorist is asking only that this pledge be kept.

The campaign of enlightenment on these two propositions will be an intensive one during the two weeks remaining before the election. The Automobile Association is providing considerable literature on the subject which we wish to have distributed in an effective manner. Just as soon as possible, copies will be sent you.

This is not a fight of any one group or of big organizations. It is a matter that vitally affects every man, woman and child in the State. Increased unemployment, retarded State development, failure of highway improvements to keep pace with traffic requirements, probable increased city and county taxes and, last but not least, the violation of solemn pledges given the motoring public when these taxes were levied, all are involved in the two propositions. All of these things will be thoroughly explained in the literature now being printed and which will be sent to you.

Please have no hesitancy in letting us know how we can help you in the part you may desire to take in this effort. As a motorist, good

roads advocate, or civic leader, this becomes your fight as well as that of any other person or group.

I am thus addressing you in the interests of genuine progress for California and for a square deal to the motoring public.

Cordially yours,

D. E. WATKINS,
Secretary and General Manager,
CALIFORNIA STATE AUTOMOBILE ASSOCIATION.

SPECIAL ORDER—3:30 P. M.

Proposed Survey of High Pressure System.

(Code No. 11.0434)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized, due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

UNFINISHED BUSINESS.

Authorizing the Real Estate Department to Collect Rents and Charge Fees Therefor.

(Code No. 12.161)

On recommendation of Finance Committee.

Bill No. 346, Ordinance No. 12.1611, as follows:

Authorizing the Real Estate Department to collect rents and charge fees therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 93 of the Charter, the Real Estate Department of the City and County of San Francisco is hereby authorized and directed to collect all rents due under leases of City-owned real property and improvements, except Water Department lands leased for agricultural purposes.

Section 2. To defray the cost of rendering such collection services and for managing the renting of such property, the Real Estate Department shall be entitled to the following fees, which fees shall be deducted from the rentals as they are received and be deposited to the credit of the Real Estate Department:

1. Rents up to and including $50 per month, $0.75 each per month.

2. Rents over $50 per month and not exceeding $300 per month, 3 per cent each per month.

3. Rents over $300 per month and not exceeding $1,000 per month, $10 each per month.

4. Rents over $1,000 per month, $15 each per month.

Section 3. For negotiating leases, the Real Estate Department shall be entitled to charge 5 per cent of the first year's rent or a minimum charge of $5 for each transaction, which charges shall be deducted from the first month's rent and be deposited to the credit of the Real Estate Department, provided that the maximum charge to be made pursuant to this section shall be $50 for each transaction. In addition to the charges provided for in this section, there shall be paid to the Real Estate Department, by the department for whose benefit any lease is made, the cost of all advertising charges and other expenses incident to the making of such leases.

Section 4. All moneys received by the Real Estate Department in payment of rents, except for the charges mentioned in Sections 2 and 3, of this ordinance, shall be deposited in the proper funds to the credit of the various departments having control of the City-owned leased real property and improvements.

Authorizing the Director of Property to Aid and Assist the Board of Supervisors, Sitting as a Board of Equalization, and to Retain the Necessary Help to Assist.

(Code No. 1.0621)

On recommendation of Finance Committee.

Bill No. 347, Ordinance No. 1.06212, as follows:

Authorizing the Director of Property to aid and assist the Board of Supervisors, sitting as a Board of Equalization, to pass upon requests made to said Board for reductions in assessments on taxable property in the City and County of San Francico, and authorizing the Director of Property to retain the necessary help to assist in said work.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Property of the City and County of San Francisco is hereby authorized and directed to aid, assist and advise the Board of Supervisors, sitting as a Board of Equalization, in passing upon requests made to said Board for the reduction of 1933-1934 assessments on taxable property in the City and County of San Francisco. Said services shall be rendered to said Board of Supervisors during the time that it sits as a Board of Equalization and for such time prior thereto as may be necessary to prepare for such investigation.

Section 2. The Director of Property is hereby authorized and directed to select three expert real estate appraisers, as needed, and three expert building appraisers, as needed, and to enter into a contract or contracts with said persons to aid and assist him in advising the Board of Supervisors in regard to requests for reductions in assessments.

Section 3. The amounts to be paid to said persons selected by said Director of Property for their services as herein provided for, shall not exceed the sum of $350 each, which said sums shall be payable by Service Orders issued by the Director of Property and approved by the Chairman of the Finance Committee of the Board of Supervisors, and charged against Appropriation No. 2, 1933-1934 Appropriation Ordinance; and there is hereby ordered transferred from said Appropriation No. 2, to the Director of Property, the sum of $200 to cover the

incidental expenses of his office relative to the service herein directed to be furnished by said Director of Property.

Authorizing the Director of Property to Lease Certain City-Owned Land and Improvements Under Certain Conditions.

(Code No. 12.1739)

On recommendation of Public Works, Buildings and Lands Committee.

Bill No. 341, Ordinance No. 12.17394, as follows:

Authorizing the Director of Property to lease certain City-owned land and improvements under certain conditions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. When any department in charge of City-owned real property requests the Director of Property to lease on a month to month or shorter basis City-owned land or improvements having a rental value of $50 or less per month, and reports to the Director of Property that the property is not required for the purposes of the department, the Director of Property is hereby authorized and directed to lease such property to the highest responsible bidder on a month to month, or shorter, basis. The Director of Property shall determine the rental value of such property, and is hereby authorized to execute such leases in behalf of the City and County of San Francisco.

Section 2. Before awarding a lease under the provisions of this ordinance, the Director of Property shall post notices for a period of three days, advertising the time and place of such proposed leases.

Section 3. All moneys received as rental from real property leased under this ordinance shall be collected by the Director of Property and deposited in the City Treasury to the credit of the proper fund or funds. Within ten days after awarding, the Building and Lands Committee of the Board of Supervisors shall be notified as to the terms and conditions of such leases.

Section 4. This ordinance shall not apply to the leasing of any parcels where the rental value is more than $50 per month nor shall it apply to the leasing of San Francisco Water Department lands for agricultural purposes.

Exchange of Land from Park to San Francisco Water Department.

(Code No. 12.17152)

On recommendation of Public Utilities Committee.

Resolution No. 846, as follows:

Whereas, the City and County of San Francisco for a number of years past has purchased lands for public purposes in the Mission District; and

Whereas, the Public Utilities Commission of the City and County of San Francisco is now desirous of securing a portion of said lands for Water Department purposes; now, therefore, be it

Resolved, That the following described lands now owned by the City and County of San Francisco be and are hereby assigned to and placed under the control of the Public Utilities Commission for Water Department purposes, upon the payment by said Public Utilities Commission of the sum of $24,000. Said lands are situated in the City and County of San Francisco, State of California, and are described as follows:

All of Lots 4, 4-A, 5, 6, 7, 8 and 9, in Block 6039; all of Lots 1, 2, 7 and 8, in Block 6056; all of Lots 3, 4, 5 and 6, in Block 6058; and all that portion of Lot 3-A, in Block 6316, lying westerly of the southerly extension of the westerly line of Lot 10 in said Block 6316, all as per the Assessor's current Block Books of the City and County of San Francisco; and be it

Further Resolved, That the said sum of $24,000 shall be deposited in the Reserve for Land Purchases, for the purchase of lands in this district necessary for the construction of a roadway connecting the Excelsior District with Visitacion Valley.

Confirming Sale of Land in Daly City to Clara K. Lichtenstein for Sum of $9,078, Pursuant to Ordinance No. 12.172523.

(Code No. 12.17252)

Also, Resolution No. 847, as follows:

Whereas, pursuant to Ordinance No. 12.172523, Bill No. 313, approved May 2, 1933, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by him on May 20, 1933, for the sale of the follow-

ing described parcel of City-owned land situated in Daly City, San Mateo County, California:

Commencing at the point of intersection of the northerly line of Price street with the southeasterly line of the County road leading from San Francisco to San Jose; and running thence easterly along said northerly line of Price street 104 feet 4½ inches; thence at right angles northerly 122 feet 8 inches; thence at right angles westerly 70 feet 1½ inches to the easterly line of said County road; and thence southwesterly along said southeasterly line of said County road 129 feet 9 inches to the northerly line of Price street and the point of commencement.

Containing 0.245 of an acre, more or less.

Being Lot lettered "A" in Block 1, as the same is laid down, delineated and designated upon a certain map on file in the office of the County Recorder of the County of San Mateo entitled "Map of Castle Tract Homestead Association," recorded October 12, 1871, in Book "A" of Original Maps, page 12; and Book "D" of Original Maps, page 22, and copied into Book 1 of Maps, page 7.

Whereas, in response to said advertisement the Director of Property received an offer from Clara K. Lichtenstein to purchase said parcel for the sum of $9,078 cash, no higher bids having been made or received; and

Whereas, said sum of $9078 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $9000; and

Whereas, the Public Utilities Commission has recommended the sale of said parcel of land for the said sum of $9,078; now, therefore, be it

Resolved, That said offer be and is hereby accepted; be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to Clara K. Lichtenstein. The Director of Property shall deliver said deed to the purchaser upon receipt of the total purchase price.

Providing for Sale of San Francisco Water Department Land in Alameda County.

(Code No. 12.17252)

On recommendation of Public Utilities Committee.

Bill No. 349, Ordinance No. 12.172524, as follows:

Providing for the sale of certain San Francisco Water Department land in Alameda County, California.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in Alameda County, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is under the administration of the Public Utilities Commission:

The northwest quarter of Section 12, Township 5 South, Range 2 East, M. D. B. & M. Containing 160 acres.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of

such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors and to the Public Utilities Commission the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Authorizing Execution of an Agreement with R. L. Price.

(Code No. 15.03)

On recommendation of Public Utilities Committee.

Resolution No. 848, as follows:

Whereas, the City and County of San Francisco, under authority of Resolution No. 25034 (New Series) of the Board of Supervisors, accepted a certain deed dated January 26, 1926, from R. L. Price et ux., to a subsurface easement for a portion of the Foothill tunnel of the Hetch Hetchy aqueduct; and

Whereas, said deed provides that under certain conditions if the natural flow of water in any springs on the lands of the grantor shall disappear or diminish, the City shall furnish the grantor a continuous supply of water sufficient for the domestic, irrigation and stock watering requirements of the grantor; and

Whereas, said deed provides a time limit for the ascertainment of the amount of any damage which may be caused by the disappearance or diminution of the natural flow of the water in said springs; and

Whereas, said time limit by Resolution No. 397 of this Board, adopted August 29, 1932, was extended to April 1, 1933; and

Whereas, said R. L. Price et ux., having requested a further extension of said time limit to April 1, 1934; and

Whereas, the Public Utilities Commission has recommended an extension of said time limit to April 1, 1934; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute on behalf of the City and County of San Francisco a written agreement with R. L. Price et ux., extending said time limit to April 1, 1934, subject to all conditions contained in said deed.

One-Man Car Operation.

(Code No. 15.091)

Bill No. 351, Ordinance No. 15.0913, as follows:

Repealing Ordinance No. 4679 (New Series), adding a new section to be numbered as Section 3A to Ordinance No. 581 (New Series), entitled "Regulating Street Railroads and Cars in the City and County of San Francisco and Prescribing Rules and Regulations for the Protection of the Public from Danger and Inconvenience in the operation of Street Railways," enacted August 19, 1918, and approved August 20, 1918.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 4679 (New Series), adding a new section to be numbered as Section 3A to Ordinance No. 581 (New Series), entitled "Regulating Street Railroads and Cars in the City and County of San Francisco and Prescribing Rules and Regulations for the Protection of the Public from Danger and Inconvenience in the operation of Street Railways," enacted August 19, 1918, and approved August 20, 1918, be and the same is hereby repealed.

Minority Report.

Supervisor Havenner read the following as his reasons for dissenting:

Through this proposed legislation, the people of San Francisco are confronted with a concrete instance of the most important problem of government in the world today—the vital issue which has recently been called Technological Unemployment, the displacement of human labor by mechanical devices.

Every government in the world is grappling with this problem and it is the unanimous conclusion of all students of social and economic questions that the first duty of government is to create and preserve employments, so that all of the people may be assured of a permanent opportunity to work and earn a livelihood. The greatest evil of modern times is the hideous institution of unemployment, which in the past few years has fastened itself upon the entire civilized world, bringing with it want and destitution and causing unprecedented suffering among many millions of people.

Yet, with this appalling problem still unsolved and the evidence of

widespread unemployment among our own people confronting us on every hand, the Board of Supervisors of San Francisco is asked today to make a contribution to further unemployment by the adoption of an ordinance sanctioning the use in our city, by a privately-owned public service corporation, of the one-man street car. Admittedly, the one-man car is a labor-saving device, and this fact constitutes the sole argument of importance submitted by the proponents of this ordinance in favor of its adoption.

It is idle for the advocates of the ordinance to contend that the operation of the one-man car will not result in the discharge of any of the present employees of the local traction company. Even if the company should adhere literally to this assurance, the effect of the one-man operation upon employments in the immediate future must be apparent even to the most casual observer.

Mr. Samuel Kahn, president of the Market Street Railway Company, testified before the Public Utilities Committee of this Board that practically the sole economy which would be effected by the operation of the one-man cars would be a reduction of his company's labor costs. He estimated that there would be an average saving of about $250 per month on every car operated by one man, as compared with the operating costs under the present two-man system of operation. In the beginning, he said, it would be the plan of the company to install one hundred one-man cars. This, he estimated, would effect a saving in wages of about $25,000 per month, or $300,000 per year. Later, of course, the number of one-man cars might be increased.

The present annual payroll of the Market Street Railway for street car operators—conductors and motormen—with about 1750 of these men now employed, is, according to Mr. Kahn, $2,000,000. It is obvious, therefore, that the operation of one hundred one-man cars would bring about an annual reduction of $300,000 in the operating payroll of the Market Street Company, amounting to about 15 per cent of the present payroll. Just how this reduction could be spread among the present employees of the company, without resulting in the dismissal of any of them, is problematical. Certainly, it must mean an immediate reduction of income to a considerable number of the company's employees.

The most plausible prediction which I have heard from men familiar with street car operation is that most of the men who would be relieved of their present duties by the introduction of the one-man cars would be placed upon what is known as the "extra list" and would in the future be given a limited number of runs, dependent upon the need for their services. Some of these men, perhaps many of them, would be able to earn so little in the future that, in order to support their families, they would be compelled to seek employment elsewhere, and thus, under economic compulsion, to quit the company's service. Mr. Kahn told your committee that it would be the policy of his company not to fill any vacancies which might result from death, disability, voluntary retirement or other causes, and that thus, over a period of years, the total operating personnel of his company would be gradually reduced.

In this connection it is interesting to observe the reductions in the total employments of street car operators which have occurred in other cities where the one-man car has been put into operation.

Pittsburgh, Pennsylvania, in 1927, with two-man cars, had 3274 street car operators. At the present time, with one-man cars, there are 2003 operators.

Cincinnati, Ohio, in 1927, with two-man cars, had 1825 operators. Now, with one-man cars, Cincinnati has 1539 operators.

Oakland, California, in 1927, with two-man cars, had 1333 operators. Now, with one-man cars, there are 883 operators.

Thus, it will be seen, that in Pittsburgh and Oakland the operation of one-man cars, over a six-year period, has resulted in a reduction

of about one-third of the operating personnel of the street car companies, while in Cincinnati during the same period the reduction in operating personnel has amounted to more than 16 per cent. In Pittsburgh and Oakland, I am informed, the one-man car is in complete operation. In Cincinnati, according to my advices, the one-man car is in partial operation. The experience of these typical American cities affords a practical illustration of what may be expected if the one-man car is put into operation in San Francisco.

The fundamental problem confronting us today, and confronting the entire civilized world as well, is not merely the protection of the individuals who are fortunate enough to be employed at this time. Our problem is to work out a permanent plan to preserve and increase the opportunities for employment in the future, so that the present generation and and all of the generations of people to come shall be guaranteed the right to work and to earn a living wage for the support of themselves and their dependents.

I realize full well that no economic panacea for the destruction of unemployment in our intricate social system has thus far been accepted by modern society. Nor do I anticipate or hope that any magic formula will be invented and put into completely successful operation in the immediate future. But the fact remains that an immediate attempt to work out a solution of this problem is the first duty of every department of civilized government, and no official body anywhere can shirk this responsibility. Conversely it appears to me to be a self evident and inescapable fact that the adoption of any legislation, in this critical period of world affairs, which has for its purpose a permanent reduction in the employment of human labor in any established industry, without at the same time making adequate provisions for the reemployment of an equal or greater volume of labor in some other activity, is contrary to public policy and cannot be justified, even on the ground of essential economy.

In his recent message to the American people, following the adoption by Congress of the National Industrial Recovery Act, President Roosevelt said:

"The first part of the act proposes to our industry a great spontaneous cooperation to put millions of men back in their regular jobs this summer. The idea is simply for employers to hire more men to do the existing work by reducing the work hours of each man's week and at the same time paying a living wage for the shorter week.

"No employer and no group of less than all employers in a single trade could do this alone and continue to live in business competition. But if all employers in each trade now band themselves faithfully in these modern guilds without exception—and agree to act together and at once—none will be hurt, and millions of workers, so long deprived of the right to earn their bread in the sweat of their labor, can raise their heads again. The challenge of this law is whether we can sink selfish interests and present a solid front against a common peril.

"It is a challenge to industry which has long insisted that, given the right to act in unison, it could do much for the general good which has hitherto been unlawful. From today it has that right.

"Finally, this law is a challenge to our whole people. There is no power in America that can force against the public will such action as we require, but there is no group in America that can withstand the force of an aroused public opinion. This great cooperation can succeed only if those who bravely go forward to restore jobs have aggressive public support and those who lag are made to feel the full weight of public disapproval.

"It is the most important attempt of this kind in history. As in the great crisis of the World War, it puts a whole people to the simple but vital test: 'Must we go on in many groping, disorganized, separate units to defeat or shall we move as one great team to victory?' "

One of the foremost modern authorities on economic problems, Stuart Chase, in his book "Men and Machines," said: "Workmen cannot be displaced by machinery faster than they can be absorbed in other occupations without serious social costs. Machinery has created a new ruling class, based on profits—which is no improvement upon the earlier suzerainty based on land.

"Very little desire to modify the present situation appears on the part of those who are in a position to bring about the necessary adjustments."

In a recent issue of the magazine "Science," Dr. Dexter S. Kimball, dean of engineering at Cornell University, said:

"It is an open question as to how far we should permit the good of the majority to be advanced at the cost of suffering and poverty on the part of the minority.

"As long as industry was prosperous, and displaced workers could find work elsewhere, comparatively little attention was given . . . to the problems. But the present depression has aroused more interest in basic reasons for unemployment than any other of modern times, and for the first time technological unemployment, as this displacement of labor is called, appears as a vital issue, and as a possible factor, in a large way, in the general problem of unemployment.

"Now for the first time a new and sharp question is raised concerning our manufacturing methods and equipment and the fear is expressed that our industrial equipment is so efficient that permanent overproduction, for the markets available, has occurred and that consequently technological unemployment has become a permanent factor unless remedial efforts are put in force.

"It is indeed a paradox to see storerooms filled with raw materials, factories equipped with the most efficient machinery man ever produced, and workmen, willing and anxious to work, walking the streets almost without shoes for themselves and their families.

"As industrial equipment has grown more complex and more expensive, the worker's industrial independence has decreased until today he is no longer an economic, self-sufficient unit, but dependent largely upon capitalistic management for an opportunity to earn his daily bread. Consequently the need of protective measures in his behalf increases daily."

Any serious student of the pressing social and economic problems of today must regard all proposed legislation which would have as its net effect a permanent reduction of human employment as a vicious political paradox.

During the present depression San Francisco has expended millions of dollars annually for the direct relief and support of its unemployed citizens. The records of the Municipal Relief Administration present an appalling number of instances of poverty and destitution which are directly traceable to technological unemployment. As a single illustration, allow me to point to the effect locally of the installation of the dial telephone system. Hundreds of operators in San Francisco alone were thrown out of employment and in many instances these displaced operators have been compelled to rely upon public relief for their existence.

The only gain was to the stockholders of the telephone company. Rates and service remained about the same, but the operators were thrown out of employment, which placed an additional burden upon the taxpayers of San Francisco for relief. It is unthinkable that government, by legislation, should at this time sanction an increase of technological unemployment which would simply mean that government, through taxation, would increase the hideous institution of the dole, thereby absorbing, in the worst possible way, the support of workers deprived of a livelihood in private industry.

The great fundamental problem which is involved in the legislation before us presents with vivid clarity the basic difference in the philosophies of the two outstanding schools of modern political

thought. The so-called Conservative school adheres to the doctrine that the interests of property and industry are paramount and that humanity must conform, as best it can, to laws primarily designed to conserve and protect property rights and business profits. The Progressive school places human interests first. It insists that in the consideration of all social and economic questions government is intended primarily to proetct and improve the living standards of men, women and children and that property rights and business interests must adapt themselves to these basic ideals. This basic conflict of governmental philosophies is before you today, my colleagues, and in the opinion of many thoughtful people your vote upon this issue will determine your alignment.

As for me, I have always subscribed to the Progressive philosophy of government. My motto is "Humanity First." As I see it, that motto sums up this issue. I believe that the ordinance should be defeated.

Communications.

The following editorials and communications were presented by Supervisor Canepa and read into the record:

From the San Francisco Labor Council.

San Francisco, California, June 16, 1933.

Hon. Victor J. Canepa, Member Board of Supervisors, City and County of San Francisco.

Pursuant to a resolution adopted by the San Francisco Labor Council, at its regular meeting held on this date, you are hereby earnestly requested to vote and work against the proposal of the Market Street Railway Company to repeal the ordinance prohibiting the operation of any street car by only one man.

One-man operation of street cars will benefit no one but the company, and it will slow up operation, increase unemployment, decrease payrolls, and make street car travel an undesirable and uneconomical mode of transportation.

Not only is this proposal in violation of the obligations assumed by the company under Section 131 of the City Charter, but it is in diametric opposition to the country's policy under the new deal to increase employment and improve economic and social conditions instead of making them worse and involving more persons in the downward sweep of misery.

We can find no sound argument that should induce the representatives of the people to thus lend themselves to the designs of the Market Street Railways, and we sincerely trust that you will support the rights and interests of the people in this matter.

Very truly yours,

EDWARD D. VANDELEUR, President.
JOHN A. O'CONNELL, Secretary.

From San Francisco Typographical Union No. 21.

June 19, 1933.

Hon. Victor Canepa, Supervisor, San Francisco, Calif.

Dear Supervisor Canepa: You will be advised that at the regular meeting of San Francisco Typographical Union No. 21, held Sunday, June 18, 1933, the undersigned were instructed to direct a letter to His Honor the Mayor and to each member of the Board of Supervisors of San Francisco, protesting the proposal of the Market Street Railway Company to operate in San Francisco what are designated as "one-man street cars."

The action of the union in this matter was unanimous.

Believing the attitude of the union on this question, so vital to the

welfare and safety of the citizens of San Francisco, as expressed in the foregoing, will receive your fullest consideration, we are,

Yours very truly,
GEO. S. HOLLIS, President.
L. MICHELSON, Secretary.

One-Man Cars—They WILL Put Men Out of Work.

(San Francisco Call-Bulletin, June 16, 1933.)

When the Market Street Railways' request for permission to run one-man street cars comes before the Board of Supervisors next Monday, that Board should refuse it politely, but firmly.

As Supervisor Havenner says: "Now is no time to embark upon a program that will mean dismissal of employees by the Market Street Railways." Although the heads of the street car company assure the people of San Francisco that one-man cars will not mean the discharge of any men, how can it mean anything else? The company promises to put on one-man cars only as their employees leave the service, but one-man cars will mean greatly increased pressure on the men and greater temptation for the company to discharge men for trivial infractions of rules.

The company has also to prove that the operation of one-man cars in hilly San Francisco will be safe for its patrons.

One-Man Cars.

(Examiner, June 12, 1933.)

The move of the Market Street Railway in asking repeal of the municipal ordinance prohibiting one-man street cars should be defeated.

Irrespective of the danger in operating such cars on San Francisco's streets, this is no time for the City to take any action which would reduce employment.

The repeal of that ordinance would imply a 50 per cent reduction in employment of platform men. San Francisco has been overly kind to the Market Street Railway and its predecessors. Within the past few years it voted valuable franchise considerations to the company which permitted the road to build extensions of its competition with the Municipal Railway.

At this time of unemployment any such wholesale reduction of a working force, particularly of men whose earnings are in the lower brackets, would be decidedly against public policy.

The Board of Supervisors should do nothing that would imperil employment. It will be time enough to consider the question of one-man cars and the safety of their operation when the unemployment crisis is passed.

Privilege of the Floor.

Fred A. Steinman, representing Excelsior Merchants Association; Samuel Kahn, manager, Market Street Railway; Pat McGushin, taxpayer; John Berger; Mr. Hammerstrong, representing Market Street Railway, were heard in favor of the resolution.

Edw. D. Vandeleur, representing Carmen's Union and San Francisco Labor Council; George A. Kidwell, speaking for John O'Connell, secretary, San Francisco Labor Council; Dr. Griffin, representing Central Council of Civic Clubs; Douglas Kline, representing Excelsior Peoples Improvement Club; Mrs. R. Walker, 82 Farragut street; Frank McDonald, representing Building Trades Council; John Devany, taxpayer and former carman; Arthur Warren, representing Excelsior Homestead District; Peter Cantamsh, representing Upper Sunset District and those using No. 6 car; Mrs. Best, representing Sunset Improvement and Transportation Association, were heard in opposition to the resolution.

Refused Passage.

Whereupon the roll was called and the bill was *refused passage* by the following vote:

Ayes—Supervisors Colman, Gallagher, Hayden, Spaulding—4.

Noes—Supervisors Breyer, Brown, Canepa, Havenner, McSheehy, Miles, Peyser, Power, Roncovieri, Stanton—10.

Absent—Supervisor Shannon—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OF REPORTED UPON BY A COMMITTEE.

Relative to State Law on Arbitrary Assessments.

Supervisor Havenner referred to a recently enacted amendment to the State law dealing with arbitrary assessments releasing those who report and it is found true that they have no property to assess. He therefore suggested some change in the rules to govern this Board when we sit as a Board of Equalization in July.

He moved that the Finance Committee make a report so that we may know that an amendment satisfactory to this Board has been made.

So ordered.

Welcome to Newly Appointed Federal Judge Garrecht.

The following was read and ordered *inserted in the record*:

June 15, 1933.

Board of Supervisors of City and County of San Francisco, City Hall, Civic Center, San Francisco, California.

Gentlemen: The Union League Club, with the Barristers' Club of San Francisco, is sponsoring a formal civic welcome to the newly appointed judge of the United States Circuit Court of Appeal, on Wednesday, June 21st, at 12:15 p. m.

As Judge Garrecht is the highest appointed official of the United States, excluding the members of the Supreme Court, it is expected that a distinguished gathering will attend this luncheon.

Members of the Board of Supervisors might care to meet and listen to the address of Judge Garrecht and we extend this invitation to your Board to attend. The maximum cover charge will be 75 cents.

Respectfully yours,

JAMES T. RYAN, Chairman,
State and National Affairs Committee.

Completion of Yacht Harbor With Federal Aid.

Supervisors Canepa and Stanton presented:

(Code No. ———)

Resolution No. 850, as follows:

Whereas, Aquatic Park and Yacht Harbor constitute two of the most important recreational developments in the City and County of San Francisco; and

Whereas, these two projects, when completed, will afford pleasure to a multitude of sports lovers, including fishermen, yachtsmen, oarsmen and swimmers; and

Whereas, the maintenance of an adequate yacht harbor will be an inducement to outside yachtsmen to visit and remain for a time in San Francisco and will, in some measure, aid our merchants; and

Whereas, the estimated cost to complete these two projects is set at $1,600,000; now, therefore, be it

Resolved, That this Board of Supervisors does hereby pledge itself to allocate the sum of $1,600,000 from the sum to be received as a loan from the Federal government for the construction of public pro-

jects, for the purpose of completing the Yacht Harbor and Aquatic Park projects.

Referred to Education, Parks and Playgrounds Committee.

City Engineer to Estimate Cost of Proposed Construction of Broadway Tunnel With Federal Aid.

Supervisors Canepa and Peyser presented:

(Code No. ———)

Resolution No. 852, as follows:

Whereas, one of San Francisco's most difficult traffic problems is presented by the precipitous hills which separate the Marina District and the Western Addition from North Beach and the financial and business districts; and

Whereas, these impassable hills necessitate long detours both for automobiles and trolley cars, resulting in a waste of time and money; and

Whereas, it has long been considered logical, feasible and desirable that a tunnel be constructed under the hill, following along the line of Broadway, as a solution of the problem; and

Whereas, this proposed tunnel would afford great relief to traffic, particularly after the completion of the Golden Gate and San Francisco Bay bridges; now, therefore, be it

Resolved, That the Board of Supervisors does hereby request the City Engineer to prepare an estimate of cost for the construction of a tunnel under Broadway, with a view to expending a portion of the money to be derived from the Federal government's loan for this purpose.

Referred to Streets Committee.

Endorses Fifth Annual Pageant of San Juan Bautista, San Juan, San Benito County, to Be Held Sunday, June 25, 1933.

(Code No. 5.92)

Supervisor Hayden presented:

Resolution No. 853, as follows:

Whereas, it has been called to the Board's attention that the Mission San Juan Bautista, and the city of San Juan, in the neighboring county of San Benito, will be 136 years old this month; and

Whereas, the citizens of San Juan and San Benito county are making plans to properly celebrate this important anniversary of one of the State's historical and romantic places with a pageant redolent of early California days, on Sunday, June 25th; and

Whereas, all funds realized from the pageant will be used to rebuild, restore and preserve the old Mission, and adjoining grounds, which are sadly in need of repair; and

Whereas, the Mayor and City Council of the city of San Juan and the Board of Supervisors of San Benito county, are strongly behind the celebration as a civic project; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco heartily endorses the Fifth Annual Pageant of San Juan Bautista, and urges the citizens of San Francisco to assist in every way possible the movement to restore and maintain one of the most cherished landmarks in our State of California.

Zone Change, District Bounded by Broadway, Laguna, Fillmore and Green Streets, From First Residential to Second Residential District.

(Code No. 13.02)

Bill No. ———, Ordinance No. ———, as follows:

An ordinance changing the zoning classification of a certain part of the City and County of San Francisco from First Residential to Second Residential District.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That part of the City and County of San Francisco bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the northern line of Broadway with the westerly line of Laguna street, and running thence westerly along said northern line of Broadway to the easterly line of Fillmore street; thence northerly along said line of Fillmore street to the southerly line of Green street; thence easterly along said line of Green street to the westerly line of Laguna street; thence southerly along said line of Laguna street to the northerly line of Broadway and the point of commencement; excepting, however, all the lots in said area fronting on Green street; being all of Block No. 564, all of Block No. 565, all of Block No. 566, and the lots in Blocks numbered 555, 556 and 557, fronting on the northerly line of Vallejo street, now zoned and classified as in a First Residential District, be and the same is hereby rezoned and reclassified as in a Second Residential District within the meaning of that certain ordinance entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," and which ordinance is numbered 5465 and is known and designated as Ordinance No. 5464 of the City and County of San Francisco.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

Report of City Planning Commission.

The following was read by the Clerk:

March 24, 1933.

To the Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen: By resolution, under date of February 8, 1932, you passed to the City Planning Commission of the City and County of San Francisco, a request for a recommendation governing the heights of buildings, as follows:

Resolved, That the City Planning Commission is hereby requested to conduct a survey of that portion of the City and County of San Francisco, State of California, bounded by: Washington street, Fillmore street, a line parallel with, and midway between Union and Green streets and Van Ness avenue, for the purpose of ascertaining what limitations upon the height of buildings hereafter to be erected in said area should be established, and to report its recommendations thereon to this Board.

Following this request, our Commission has given the matter a great deal of study; several public hearings have been held with members of the Real Estate Board, of the Architects' Committee and with the City Engineer, City Architect, Chief Administrative Officer and the Director of Public Works present, and many drawings and maps have been made to illustrate points raised by the various parties interested, and the final conclusion reached is embodied in a proposed ordinance which we submit herewith for your consideration to govern the district in question.

It is the firm conviction of the Commission that it is impossible to bring together into harmonious thought the desires of the various people who are interested in this matter. Some of the older residents of the neighborhood who have for years occupied a portion of this section of the city are very reluctant to change its status. There are many others who claim that progress must not be impeded and that such a choice residential community with its wonderful scenic opportunities should be rezoned to allow more permanent and up-to-date structures for the housing of our citizens. The voices of these two

different groups of people are so widely apart that there is no possibility of their meeting on common ground.

We, therefore, have offered for your consideration the ordinance submitted which we believe will allow for a desired improvement in building conditions and at the same time guard each owner of property from excessively high buildings shutting out the light and air from individual structures.

A suggestion has also been made that it might be wise to incorporate in the ordinance a provision for more air space on each lot that at present is required to comply with the housing laws of the State, but as the Commission was not unanimous in this matter, no mention of it was made in the ordinance, and we mention this matter merely as an indication of what might be desirable in the final passage of the act.

Respectfully submitted,
CITY PLANNING COMMISSION.
W. W. CHAPIN, President.
R. S. WOODWARD, Secretary.
E. B. DE GOLIA, Commissioner.
MRS. ALBERT W. STOKES, Commissioner.
C. F. COLLONAN, Commissioner.
MILTON MEYER, Commissioner.

Limiting the Heights of Buildings Hereafter to Be Erected in a Certain District in the City and County of San Francisco, and Establishing the Boundaries of Said District, and Providing Penalties for the Violation of Its Provisions.

(Code No. ——)

Bill No. ————, Ordinance No. ————, as follows:

Limiting the heights of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of its provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building, except as hereinafter provided, shall be erected in the City and County of San Francisco to a height greater than 105 feet, provided, however, that not more than eight stories for human occupancy shall be erected within the above-mentioned height of 105 feet; within the territory bounded by Washington street on the south, Fillmore street on the west, Van Ness avenue on the east, and by a line midway between Green street and Union street on the north.

Section 2. No addition to or alteration or improvement of any building within the above-described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco, as provided by this ordinance, shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, penthouses, water tanks, flagstaffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings, for the purpose of this ordinance, shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 8 shall apply within said territory.

Section 5. No building permit shall be issued by the Department of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon con-

viction thereof shall be punishable by a fine not exceeding $500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such person, firm or corporation, as herein provided.

Protest.

Communication from Edna Greenfield protesting proposed zone change was read by Clerk.

Also, communication from H. C. Young, representing Mrs. Jas. Tucker, 2030 Broadway, requesting two weeks' postponement.

Supervisor Breyer moved that heights of buildings be taken up and discussed first.

So ordered.

Action Deferred.

Whereupon, the subject-matter was, on motion of Supervisor Gallagher, *laid over until July* 10, 1933, *at* 3 *p. m.*

SPECIAL ORDER—3:30 P. M.

Action Deferred.

The following matter was *laid over one week* pending result of Mayor's conference on Federal aid:

Proposed Survey of High Pressure System.
(Code No. 11.0434.)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized, due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

SPECIAL ORDER—4 P. M.

Action Deferred.

The following matter was *laid over two weeks*:

Amending Zoning Ordinance by Prohibiting Laundries in Commercial Districts.
(Code No. 13.02.)

Bill No. 332, Ordinance No. 13.021, as follows:

Amending Section 5 of Ordinance No. 5464 (New Series), entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," to provide that all laundries hereafter established shall be located in Light Industrial Districts.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 5 of Ordinance No. 5464 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 5. Commercial District. In a Commercial District no building or premises shall be used and no building shall be constructed or altered which is arranged, intended or designed to be used for any of the following specified trades, industries and uses:

1. Automobile repair shop, unless conducted in connection with a public garage and as part thereof.
2. Bakeries employing more than five persons.
3. Blacksmith or horseshoeing establishments.
4. Bottling works.
5. Carting, express or hauling yard or storage yard other than for fuel.
6. Warehouses and storage houses.
7. Marble, granite, stone or monumental works.
8. Contractors' plant or storage yard.
9. Cooperage.

and has accompanied such application with a deposit of money sufficient to cover the cost of preparing such duplicate bonds and coupons appertaining thereto, and has tendered such defaced or mutilated bonds, together with the coupons thereon, for surrender in exchange for such duplicate bonds and coupons.

Section 2. It is hereby found and determined that said application of Bank of America National Trust and Savings Association complies with all of the terms and conditions of said act of the Legislature of the State of California above mentioned; that said bonds in the aggregate principal amount of $300,000 now held by Bank of America National Trust and Savings Association have been so mutilated or defaced as to impair their value to said owner and that said bonds and the coupons thereon, and each of them, are capable of being identified by number and description, and that the amount of said deposit is sufficient to cover the cost of preparing such duplicate bonds and coupons and all other expenses connected with the issuance thereof, and that said application should be and the same hereby is approved and granted; that no other conditions, except as herein set forth, have been prescribed by this Board of Supervisors for the issuance of said duplicate securities and that all conditions prescribed by said act of the Legislature of the State of California precedent to and in the issuance of said duplicate bonds have been duly complied with by applicant in the time, form and manner as required by law.

Section 3. The Clerk of the Board of Supervisors is hereby directed to cause to be printed, lithographed or otherwise prepared duplicate

bonds of the City and County of San Francisco in the aggregate principal amount of $300,000, having the same time to run, bearing like interest and having the same numbers as the bonds so proved to have been mutilated or defaced, as set forth in said application, said bonds being the bonds numbered and more particularly described in Section 1 of this ordinance.

Section 4. Said duplicate bonds shall be substantially in the following form, to-wit:

THE UNITED STATES OF AMERICA

State of California, City and County of San Francisco

No. ———— $————

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of July, ——, one thousand dollars, with interest thereon at the rate of 5 per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer and countersigned by its Controller, and has caused the interest coupons hereto attached to be signed with the en-

graved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1908.

....., Mayor.

....., Treasurer.

Countersigned:

....., Controller.

Attest:

....., Clerk of the Board of Supervisors.

Interest coupons shall be attached to each of said bonds commencing with the interest coupon due July 1, 1933, and running to and including the respective dates of maturity of each of the aforesaid bonds, which coupons shall bear the same coupons numbers as now appertain to the original defaced or mutilated bonds and shall mature on January 1st and July 1st in each year, and each of said coupons shall be in an amount representing the interest due on the bond to which it is attached for six months. Said coupons shall be substantially in the following form:

No. ———— $25.00

On ———— 1, 19—, the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco in the City and State of New York, twenty-five dollars ($25.00) in gold coin of the United States, being six months' interest then due on its ———— Bond, dated July 1, 1908, No. ————.

....., Treasurer.

Each of said bonds shall be designated "Sewer Bond" or "Fire Protection Bond," as the case may be, on the face thereof and in the form of interest coupon appertaining to each thereof, and also on the filing endorsement on the reverse thereof.

Section 5. All of said duplicate bonds when prepared shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Controller and attested by the Clerk of the Board of Supervisors, with the seal of the City and County affixed, providing that the coupons shall be signed by lithographed or facsimile signature of the Treasurer of the City and County of San Francisco, and such signing and countersigning shall constitute a valid and legally binding execution of said duplicate bonds and coupons in behalf of the City and County of San Francisco. It is hereby determined that the Controller of the City and County of San Francisco now in office has succeeded to and holds the office formerly occupied by the Auditor of the City and County of San Francisco at the time of the execution, issuance and delivery of said mutilated or defaced bonds, and that said duplicate bonds when signed in accordance with this ordinance shall be deemed to have been signed by the same officers who executed said original defaced or mutilated bonds.

Section 6. Said duplicate bonds, when so prepared and executed, shall be issued and delivered in exchange for said original defaced or mutilated bonds with the coupons thereon for which duplicates shall be issued in accordance with this ordinance. Upon such exchange, said original $300,000 principal amount of said defaced or mutilated bonds shall be cancelled and proper record shall be made of the cancellation of such original bonds and coupons. The Treasurer of the City and County of San Francisco is hereby directed to exchange said dupli-

cate bonds and the colupons thereon, when prepared in accordance with this ordinance, and to deliver the same to Bank of America National Trust and Savings Association provided that said Bank of America National Trust and Savings Association shall first surrender to said City Treasurer for cancellation said like principal amount of defaced or mutilated bonds and the coupons thereon, for which such duplicates shall have been so issued.

Section 7. Said duplicate bond numbered and described as provided in this ordinance, when executed and issued in accordance with the terms of this ordinance, shall have the force, effect and validity of the original mutilated or defaced bonds in exchange for which said duplicates shall have been so issued and delivered. The full faith and credit of the City and County of San Francisco is hereby pledged for the punctual payment of the principal and interest of said duplicate bonds, and provision is hereby made for the levy and collection of taxes for the payment of said duplicate bonds and the interest accruing thereon with like force and effect as provided in the original proceedings under and pursuant to which said original defaced or mutilated bonds were authorized and issued.

Annual Salary Ordinance

Fiscal Year Ending June 30, 1934.

(Code No. 9.053.)

Also, Bill No. 345, Ordinance No. 9.05339, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; providing for deductions therefrom, and fixing certain other conditions of employment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1934. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that where funds are appropriated for such purpose in the Annual Appropriation Ordinance and are thereafter available temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated.

In the event of a vacancy occurring in a permanent position herein enumerated the Controller shall be notified of such vacancy by the appointing officer and the Controller shall immediately reserve the related unexpended compensation from the unencumbered balance of funds appropriated for such employment to the credit of Appropriation No. 260, and no appointment to such vacancy shall be made unless approved by the Mayor and unless the Controller shall certify to the release of the necessary funds from the amount reserved.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1933-34 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished and such gross compensations are subject to the deductions provided under Section 3 hereof.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Sec-

tion 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after lay-off or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, subject, however, to the provisions of Section 70.1 of the Charter.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls or pay rolls in accordance with the following schedule fixed by the Civil Service Commission; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

	*For those receiving $80 per month or less in cash	*For those receiving more than $80 per month in cash
1 meal per day	$ 8.00 Per Mo.	$10.00 Per Mo.

	Per Mo.
Complete family maintenance furnished the Superintendent of Laguna Honda Home (Item 33 of Section 57)	$150
Complete family maintenance furnished the Chief Engineer, Stationary Steam Engines, in the San Francisco Hospital (Item 70 of Section 60)	55
House furnished the Superintendent and the Assistant Superintendent, Alameda Division of the Water Department, and the Assistant Superintendent of the Peninsula Division of the Water Department (Items 65, 66 and 67 of Section 75½)	25
House furnished the Superintendent of the Peninsula Division of the Water Department (Item 68 of Section 75½)	50
House furnished the Head Pump Operator of the Water Department (Item 60 of Section 75½)	25
House furnished the Engineer, Stationary Steam Engines, at the Water Department (Item 16 of Section 75)	15

*The letters B., R. & L. used in this ordinance to indicate deduction, shall be construed to mean Board, Room or House and Laundry and deductions made in accordance with the above schedule.

Section 3. As provided in Section 70.1 of the Charter and in accordance with Resolution No. 752 of the Board of Supervisors, deductions shall be made from the gross salaries or compensations of each officer and employee of the City and County of San Francisco as herein provided in accordance with the following schedule:

(a) From the salaries or compensations of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $150 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $150 per month and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month and do not exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Provided, however, that because the compensations specified herein for certificated employees of the Board of Education as enumerated under Sections 84, 84¼ and 84½ hereof have been fixed by the said Board of Education after reducing the salaries heretofore paid in an amount equal to the deductions herein specified, such deductions as provided in this section shall not be made from the salaries specified under Sections 84, 84¼ and 84½ hereof, and provided further that the deductions specified in this section shall not be made from the salaries of Judges of the Superior Court and the Municipal Court.

Providing for Leasing of Incinerator Property on Kansas Street Near Army Street.

(Code No. 12.1737.)

On recommendation of Public Works, Buildings and Lands Committee.

Bill No. 339, Ordinance No. 12.17371, as follows:

Authorizing the Director of Property to lease the incinerator property on Kansas street near Army street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 93 of the Charter and in accordance with the recommendation of the Department of Public Works, the Director of Property is hereby authorized to lease the following described City owned land, together with the improvements thereon, situated in San Francisco, California, for a period not to exceed 20 years, to the highest responsible bidder at the highest monthly rent:

Commencing at a point on the easterly line of Kansas street, distant thereon 274 feet southerly from the southerly line of Army street, and running thence southerly along said easterly line of Kansas street 150 feet; thence at right angles easterly 225 feet; thence at right angles northerly 150 feet; thence at right angles westerly 225 feet to the point of commencement.

Section 2. The lessee may at his own expense remove and dispose of all incinerating equipment located on the above described land. Subject to the approval of the Director of Property, the lessee may make any alterations or additions to the building to suit the purposes for which the lessee desires to use the building. Provided there are no defaults in the payment of the rents, all equipment and fixtures installed on the leased premises by the lessee may be removed by the lessee within 30 days after expiration of the lease; otherwise such equipment and fixtures shall become the property of the City and County of San Francisco upon expiration of the lease or upon the sooner termination thereof. Within a reasonable time after execution of the lease, the lessee shall repair the building on the leased premises, and during the term of the lease shall keep the improvements thereon in good repair, all at the expense of the lessee. The Director of Property is hereby authorized to incorporate any other conditions in the lease which he may deem necessary or desirable.

Section 3. The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease in behalf of the City and County of San Francisco.

Providing for Payment of Fees for Building Permits, Moving of Buildings, Etc., in Quarterly Installments.

(Code No. 3.041.)

Also, Bill No. 340, Ordinance No. 3.04124, as follows:

Amending Section 3 of Ordinance No. 3.04120, entitled "An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard, or

for the erection, installation or alteration of patent chimney," to provide for payment of annual fee in quarterly installments.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 3 of Ordinance No. 3.04120, the title of which is recited above, is hereby amended to read as follows:

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of patent chimneys may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person, firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimney or chimneys; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said bureau, at least twenty-four (24) hours before the erection, installation or alteration of any patent chimney or chimneys of the intention to erect, install or alter such chimney or chimneys; and, provided, further, that failure to file such notice shall be sufficient grounds for cancelling said permit.

NEW BUSINESS.

Final Passage.

The following emergency ordinance was *finally passed*:

Emergency Appropriation Out of Appropriation No. 6 for Payment of Expense Incurred by Board of Supervisors and City Attorney in Their Attendance at Session of the State Legislature, 1933.

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 353, Ordinance No. 9.05171, as follows:

Appropriating the sum of $1,400 from the Emergency Reserve Fund for the purpose of meeting certain expenses incurred by the Board of Supervisors and the City Attorney in their attendance at the 1933 session of the Legislature of the State of California relative to various bills and measures affecting the interests of the City and County of San Francisco and declaring that this measure is an emergency measure.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby appropriated from the Emergency Reserve Fund to the Finance Committee of the Board of Supervisors the sum of fourteen hundred ($1,400) dollars, which said sum is to be used and expended under the direction of the chairman of said Finance Committee for the purpose of defraying the expenses of the Legislative Committee of the Board of Supervisors and of the City Attorney incident to their attendance upon the 1933 session of the Legislature of the State of California in reference to various bills, laws and measures affecting the City and County of San Francisco, two hundred ($200) dollars, of which said sum so appropriated shall be paid to the League of California Municipalities in payment of the membership dues of the City and County of San Francisco.

Section 2. This ordinance is enacted as an emergency measure and the Board of Supervisors does by the vote under and by which this ordinance is enacted declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, which said emergency is as follows, to-wit: That it is necessary for the uninterrupted government of the City and County of San Francisco and in order to comply with the time limitation for the appropriation of funds for the current fiscal year that this ordinance be finally passed and become effective before the first day of July, 1933, and that sufficient time did not intervene between the date of the introduction of this ordinance and the said first day of July, in order that the same should become effective other than as an emergency measure.

Section 3. This ordinance shall become effective immediately upon its approval.

Final Passage.

The following emergency ordinance was *finally passed*:

Supplemental Appropriation of $525 for the Payment of Salaries of Three Restaurant Inspectors, at Rate of $175 Per Month, for Month of June, 1933; Declaring the Existence of an Emergency; and Repealing Ordinance No. 19.0716.

(Code No. 9.051.)

Also, Bill No. 354, Ordinance No. 9.05172, as follows:

Authorizing a supplemental appropriation of $525 out of Appropriation No. 6 (Emergency Reserve), Fiscal Year 1932-1933, to the credit of Appropriation No. 157 (Personal Service—Board of Health), for the payment of salaries of three restaurant inspectors, for the month of June, 1933, at the rate of $175 per month each; declaring the existence of an emergency; and repealing Ordinance No. 19.0716.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A supplemental appropriation of $525 is hereby set aside out of Appropriation No. 6 (Emergency Reserve) to the credit of Appropriation No. 157 (Personal Service—Board of Health), for the payment of salaries of three restaurant inspectors, for the month of June, 1933, at the rate of $175 per month, each.

Section 2. This ordinance is enacted as an emergency measure, and

the Board of Supervisors by its vote, under and by which this ordinance is enacted, declares that an actual emergency exists which necessitates this ordinance becoming effective prior to July 1, 1933, in order to comply with the time limitation for the appropriation of funds for the current fiscal year, and for the continuing of uninterrupted service by the government of the City and County of San Francisco.

Section 3. Ordinance No. 19.0716 be and is hereby repealed.

Allocating $1,700,000 to Complete Yacht Harbor and Aquatic Park Projects.

(Code No. 23.03)

Resolution No. 850, as follows:

Whereas, Aquatic Park and Yacht Harbor constitute two of the most important recreational developments in the City and County of San Francisco; and

Whereas, these two projects, when completed, will afford pleasure to a multitude of sports lovers, including fishermen, yachtsmen, oarsmen and swimmers; and

Whereas, the maintenance of an adequate yacht harbor will be an inducement to outside yachtsmen to visit and remain for a time in San Francisco and will, in some measure, aid our merchants; and

Whereas, the estimated cost to complete these two projects is set at $1,700,000; now, therefore, be it

Resolved, That this Board of Supervisors does hereby pledge itself to allocate the sum of $1,700,000 from the sum to be received as a loan from the Federal government for the construction of public projects, for the purpose of completing the Yacht Harbor and Aquatic Park projects.

Death of Halsey E. Manwaring, Managing Director of Palace Hotel.

(Code No. 5.91)

Supervisor Hayden presented the following, which was *unanimously adopted by rising vote*:

Resolution No. 882, as follows:

The Board of Supervisors of San Francisco learns with deep regret

of the passing of Halsey E. Manwaring, managing director of the Palace Hotel.

Mr. Manwaring was a good citizen of San Francisco, and devoted his superb talents to the benefit of the city and its people; he participated in all movements to improve conditions of the people and the municipal government; he made a host of loyal friends whose affection he gained and held during his life in this city. His death is a distinct loss.

The Board of Supervisors adjourned this day in respect to his memory.

Repealing Resolution No. 735, Code No. 1.04, Providing for Messrs. Dewing, Weaver and Williams to Report Proceedings of Board and Its Committees.

(Code No. 1)

Supervisor Miles presented:

Resolution No. 880, as follows:

Whereas, The Board of Supervisors, by Resolution No. 735, adopted April 17, 1933, entered into agreement with Messrs. Dewing, Weaver and Williams, shorthand reporters, to report the proceedings of the Board and its committees, said agreement to be in full force and effect until further order of this Board; and

Whereas, the fund from which the above-named shorthand reporters will be paid is now depleted; now, therefore, be it

Resolved, That Resolution No. 735, Code No. 1.04, is hereby repealed.

Referred to Finance Committee.

Transfer of Water Department Funds.

The following were presented and read by the Clerk:

June 26, 1933.

The Hon. The Board of Supervisors, City and County of San Francisco.

Gentlemen: In conformity with Section 129 of the Charter, which relates to utility surpluses, request is hereby made that your Board authorize the transfer of $93,000 from the San Francisco Water Department Surplus to the credit of the General Fund 1932-33. A copy of a letter from the Manager of Utilities is appended for your further information.

When the revised estimates of revenues applicable to the General Fund were summarized as at January and March, 1933, the above-mentioned $93,000 was included in the total amount to accrue from utility surpluses. The method of procedure is in strict consonance with Charter law.

Yours very truly,

LEONARD S. LEAVY,
Controller.

PUBLIC UTILITIES COMMISSION OF SAN FRANCISCO.
Office of Manager of Utilities.

June 24, 1933.

Mr. Leonard S. Leavy, Controller, City Hall, San Francisco, California.

Dear Sir: Referring to the San Francisco Water Department surplus:

It is now estimated that the surplus as of June 30, 1933, will be $818,000 instead of $725,000 as heretofore advised you.

Very truly yours,

E. G. CAHILL,
Manager of Utilities.

Motion.

Supervisor McSheehy moved for a postponement of one week for investigation and possible reduction in water rates.
No second.

Whereupon, the following resolution was presented and *adopted*:

Transferring $93,000 from the San Francisco Water Department to the Credit of the General Fund, Fiscal Year 1932-1933.
(Code No. 9.052.)

Resolution No. 874, as follows:

Resolved, That the sum of $93,000 be and is set set aside and transferred from the San Francisco Water Department to the credit of the General Fund, Fiscal Year 1932-1933.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Spaulding, Stanton—12.

Fixing Highest Prevailing Wage Scale.

The following was read by the Clerk:

June 26, 1933.

Hon. Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Ordinance No. 8995 provides that on or before the first Monday in January and July the Board of Supervisors shall determine the highest general prevailing wages paid in private employment and shall fix not less than the highest general prevailing wage rates for work performed for the City and County under contracts during the following six months.

We recommend to your Honorable Board that you continue for the ensuing six months, the wage scales fixed by your Honorable Board during the latter part of December, 1932, for the first six months of 1933 with the following changes:

1—The classification and rate now reading "stonesetters at $11.00" changed to read "stonesetters, including granite curb at $11.00." This is necessary in order to fix the rate for curb setting.

2—Change rate for Housesmiths, Reinforced concrete, from $9.00 per day to $8.00 per day. This is in accordance with the recommendation of Mr. L. C. Dressler, Secretary of the International Association of Bridge, Structural, Monumental, Reinforced Iron Workers, Riggers and Machinery Movers, which organization has jurisdiction over this craft. Copy of his letter to our Commission is attached.

3—Incorporate the following language in the resolution: "Wherever welding processes are involved, the rate paid for such work shall be as herein fixed for the craft performing the work." This language is necessary to clear up an ambiguity now existent and has been agreed to by Mr. James Rickets representing the Building Trades Council, and Mr. John A. O'Connell representing the Labor Council.

Wages and living costs are tending towards higher levels. Both the Labor Council and the Building Trades Council join in the recommendation that the current scales be continued and we therefore believe that would be the proper course at this time. Senator Boynton of the Industrial Association advises over the telephone that his organization will offer no objection to such a recommendation. Mr. Fred Metcalf of the California Metal Trades Association believes the current scale too high but has no specific recommendations.

Respectfully,
CIVIL SERVICE COMMISSION.
JAS. J. MAHER,
Secretary.

INTERNATIONAL ASSOCIATION OF BRIDGE, STRUCTURAL, ORNAMENTAL, REINFORCED IRON WORKERS, RIGGERS AND MACHINERY MOVERS.

Local Union Number 377, 200 Guerrero Street (Building Trades Temple), San Francisco, California.

June 15, 1933.

The Civil Service Commission, of the City and County of San Francisco, San Francisco, Calif.

Attention: Mr. Henderson.

Gentlemen: This is to advise you that the scale for (Housesmiths) Reinforced concrete, on agreement reached between the Reinforced Steel Jobbers, and Contractors, and Local Union 377, of the International Association of Ironworkers, after July 1, 1933, will be $1.00 (one dollar) per hour, instead of $1.12½ per hour, as is now fixed for the period January first to July first, 1933.

Attached please find photostatic copy of wage scale agreement between the majority of the above-mentioned parties.

It is my understanding that the Pacific Coast Steel Company will verify by phone, their willingness to abide by this scale.

Respectfully submitted,

(Signed) L. C. DRESSLER,
Secretary.

San Francisco, California, May 26, 1933.

To Whom It May Concern:

We, the undersigned Reinforcing Steel Jobbers, being the majority of the Reinforcing Steel Distributors in the Northern California Territory, hereby agree that on work let on and after July 1, 1933, to pay the Journeymen Housesmiths employed on this type of work at the rate of One Dollar ($1.00) per hour, and which rate shall continue in effect until changed by mutual agreement

Completion of Sewer Projects, Bakers Beach, Aquatic Park and Yacht Harbor Under National Recovery Act.

(Code No. ———.)

Supervisors Canepa and Stanton presented:

Resolution No. 881, as follows:

Whereas, there is a serious health problem involved in the condition of the sewerage system as it exists in San Francisco at the present time; and

Whereas, because of lack of funds, many vitally needed sewer projects have been delayed, resulting in discomfort and a potential menace to the residents of the districts affected; and

Whereas, the Health Officer has condemned Baker's Beach and Aquatic Park as unfit for bathing beaches on account of the lack of adequate sewage disposal plants; and

Whereas, the City Engineer has prepared a list of necessary improvements to the sewerage system as follows:

Bakers Beach	$330,000
(Additional if land cannot be acquired in Presidio)	250,000
Marina District (Aquatic Park) and Yacht Harbor	480,000
Commercial Street Pumping Station	10,000
Fifteenth Street Sewer	190,000
Brannan Street Sewer	200,000
Sixth Street Sewer	162,000
Sixteenth Street Sewer	63,000
Lake Street Sewer	11,000
Visitacion Valley	30,000
Yosemite Avenue Sewer	75,000
Merced Lands Sewer	96,000
Third Street	67,000
North Point Main Outfall	90,000
Golden Gate Heights	20,000
Harding Park Golf Links	14,000
44th Avenue and Sloat Boulevard	20,000

Whereas, an opportunity is now afforded the City and County of San Francisco, under the National Recovery Act, to correct the unsanitary condition which obtains in the sewerage system, by borrowing money for this purpose from the Federal Government; and

Whereas, under the provisions of this Act, the City will receive 30 per cent of the amount borrowed as a gift from the Federal Government; and

Whereas, the early commencement of this work will put a great number of men to work; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as favoring the completion of the above sewer projects out of the loan from the Federal Government to the City and County of San Francisco, under the National Recovery Act.

Referred to Streets Committee.

Letter of Appreciation.

The following was presented by Supervisor Canepa, read and made *part of the record*:

123 Twenty-fifth Avenue, San Francisco, California,
June 22, 1933.

Gentlemen of The Board of Supervisors, San Francisco, Cal.

Your beautiful tribute to the memory of our dear husband and father, brought consolation indeed, to our saddened hearts.

That a man whose beautiful soul, cast in such a fine mould, was held in such esteem by you—our civic leaders, is an honor we sincerely appreciate.

Thanking you,

In Sorrow,
JOSEPHINE LOUISE RYAN and FAMILY.

Re Attendance of Civil Service Commission Before Board of Supervisors Re "Political Activity."

The following was presented and read by the Clerk:

June 20, 1933.

To the Honorable Civil Service Commission, City Hall.

Gentlemen: Please be advised of the following motion made by Supervisor McSheehy and carried in the Board of Supervisors, Monday, June 19, 1933, to-wit:

"That the members of the Civil Service Commission be requested to attend meeting of the Board of Supervisors, Monday, June 26, at 3 p. m., and explain the purport of communication addressed to each member of the Board of Supervisors, and all departments, relative to the participation in politics of officials and employees of the City."

Yours very truly,

J. S. DUNNIGAN, Clerk.
By DAVID A. BARRY,
Chief Assistant Clerk.

CIVIL SERVICE COMMISSION,
City Hall.

June 21, 1933.

The Honorable Board of Supervisors, San Francisco, California.

Gentlemen: Responding to your letter of June 20th requesting the presence of the members of the Civil Service Commission at your meeting on June 26th to explain the purport of a communication addressed by this Commission to all officers and employees under date of June 14th, regarding the provisions of sections 157 and 5 of the Charter, prohibiting political activity, we reply herewith.

With the utmost respect we must refer you to sections 21 and 22 of the Charter, the provisions of which sections are pertinent to your request for an explanation and also to our action in sending the communication to which you refer.

The communication in question is "not relative solely to the affairs" of the Board of Supervisors (section 21). It relates to "administrative affairs" and to "administrative recommendations or actions" of the Civil Service Commission (section 22).

However, in a spirit of courtesy to your Honorable Board, may we say that our Commission intended the communication primarily as a warning to civil service employees not to engage in political activity for or against any candidate and it is particularly timely at this time with the fall election approaching. It is clear and concise and self-explanatory and we believe your Honorable Board will agree it requires no explanation as to purport or meaning. For your further information may we also say that it is our policy first to carry out the will of the people as expressed in the Charter and it is our practice

to call to the attention of the employees from time to time various provisions of the Charter as such action may be timely in order that the employees may be fully advised.

Very truly yours,

CIVIL SERVICE COMMISSION,
HOWARD M. McKINLEY,
HARRY H. WOLFF,
WM. P. McCABE.

Attest: JAS. J. MAHER, Secretary.

CIVIL SERVICE COMMISSION OF SAN FRANCISCO
151 City Hall

San Francisco, Cal., June 14, 1933.

To Officials and Employees of the City and County of San Francisco, California.

Ladies and Gentlemen:

Our attention has been called to a recent publication entitled, "Bulletin, San Francisco Federation of Municipal Employees—No. 1, Vol. 1," and it is claimed by protestants that this document violates the spirit, if not the letter, of section 157 of the Charter.

We, therefore, call to your attention the provisions of said section 157 of the Charter, which reads as follows:

"PROHIBITION OF POLITICAL ACTIVITY

"Section 157. Active participation in city and county politics, relative to the election or appointment of public officials, by civil service employees and eligibles of the city and county, is subversive of the best interests of the merit system and, therefore, persons holding positions in the classified civil service or on eligible lists for such positions shall take no active part in such political campaigns, or in soliciting voters, or in levying, contributing or soliciting funds or support, in each case for the purpose of favoring or hindering the appointment or election of candidates for city and county offices. Violation of the provisions of this section shall be deemed an act of insubordination and considered good cause for suspension or dismissal from position or removal from eligible list."

Your attention is also hereby called to the paragraph of section 5 of the Charter, which reads as follows:

"Any appointive officer or employee of the city and county who shall become a candidate for election by the people to any public office shall automatically forfeit such city and county office or position."

This information is now given in order that no official or employee in future may unknowingly, either directly or indirectly, violate any of the above provisions of the Charter.

Yours respectfully,

CIVIL SERVICE COMMISSION,
HOWARD M. McKINLEY, President,
WILLIAM P. McCABE, Commissioner,
HARRY K. WOLFF, Commissioner.

Attest: JAMES J. MAHER,
Secretary.

Privilege of the Floor.

Dion Holm, Assistant City Attorney, discussed the legal aspects of Section 21 of the Charter in re issuance of subpoena to compel attendance of Civil Service Commissioners to explain foregoing communication.

Directing the Clerk to Call for Bids for Franchise for the Disposal of Garbage.

(Code No. 17.08)

Resolution No. 854, as follows:

Whereas, it appears that public interest will be subserved by the grant of a franchise for the disposal of garbage, refuse, waste, offal and debris by incineration or other method; now, therefore, be it

Resolved, that this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years, for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant;

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant;

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty ($50.00) dollars as a guarantee for the safe return of such plans and specifications;

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free, to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term;

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute;

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years, for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant;

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith;

That the incineration plant shall have a capacity of at least eight hundred (800) tons per day;

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free, to the successful bidder, for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term;

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute;

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco;

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; and be it

Further Resolved, That it is the declared policy of this Board of Supervisors not to consider, and to reject, any proposals submitted for the disposition of garbage by the so-called "Dumping at Sea" method; and be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; and be it

Further Resolved, That the clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of the said statute and with the terms of this resolution, said bids to be filed with the clerk not later than the ———— day of ———— ————————, 19—, at the hour of ———— p. m., and the ———— day of ————, 19—, at the hour of ———— p. m. is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; and be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties to be approved by the Board of Supervisors, in the penal sum of three hundred thousand ($300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privi-

lege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

ADJOURNMENT.

There being no further business, the Board at 5:40 p. m. adjourned.

J. S. DUNNIGAN,

Delivery of Assessment Roll.

The following were presented and read by the Clerk:

July 3, 1933.

To the President of the Board of Supervisors, City and County of San Francisco.

Sir: In accordance with the provisions of section 3652 of the Political Code of the State of California, the Assessment Book of the City and

County of San Francisco has been completed; and in accordance with section 3654 of the Political Code of the State of California, the Assessment Book has this day been delivered to the Clerk of your Honorable Board.

In accordance with the provisions of section 3633 of the Political Code of the State of California, there has been transmitted to your Honorable Board a verified report in writing, separate from the Assessment Roll, containing a list of persons who have failed or neglected to furnish a statement of their personal property in accordance with the provisions of section 3629 of the Political Code of the State of California.

The Assessor, in accordance with the provisions of the Political Code of the State of California, shall continue to collect during the month of July the personal property taxes due account statements filed with the Assessor prior to the first Monday of July.

Yours very truly,

RUSSELL L. WOLDEN, Assessor.

Arbitrary List.

July 1, 1933.

Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: Please find attached hereto a list of taxpayers who have neglected to make a return of their taxable personal property, together with the amounts assessed against each of this class of property.

This assessment is made under the provisions of section 3633 of the Political Code and does not represent the real estate holdings of these parties, or their investments in business, this property being separately assessed by this office. These arbitrary assessments include personal property only, and are in addition to any asessment levied against real estate owned by these parties.

Respectfully submitted,

RUSSELL L. WOLDEN, Assessor.
By W. H. THOMAS, Supervising Appraiser.

Sale of Relief Bonds.

June 20, 1933.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m. today, Wednesday, July 5, 1933, and were opened by said Board at said time.

The bonds offered are described as follows:

Nine hundred and eighty thousand dollars of Relief Bonds, dated September 1, 1932. Said bonds will bear interest at rate or rates not to exceed 6 per cent per annum as shall be named by the bidder, interest payable semi-annually March 1 and September 1; comprising 82 bonds of one-thousand-dollar denomination, maturing each year from 1936 to 1946, inclusive, and 78 bonds maturing in 1947.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and Federal.

All proposals for the purchase of said bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, bearing the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest

rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same, at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition.

The approval of Thomson, Wood and Hoffman, attorneys, New York, as to the legality of these bonds will be furnished to the successful bidder without cost.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted June 19, 1933.

Action Deferred.

The following matter was taken up and *laid over one week*.

Proposed Survey of High Pressure System.

(Code No. 11.0434.)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

The following matters, heretofore passed for second reading, were taken up and *finally passed* by the following vote:

Authorizing the Real Estate Department to Collect Rents and Charge Fees Therefor.

(Code No. 12.161)

On recommendation of Finance Committee.

Bill No. 346, Ordinance No. 12.1611, as follows:

Authorizing the Real Estate Department to collect rents and charge fees therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 93 of the Charter, the Real Estate Department of the City and County of San Francisco is hereby authorized and directed to collect all rents due under leases of City-owned real property and improvements, except Water Department lands leased for agricultural purposes.

Section 2. To defray the cost of rendering such collection services and for managing the renting of such property, the Real Estate Department shall be entitled to the following fees, which fees shall be deducted from the rentals as they are received and be deposited to the credit of the Real Estate Department:

1. Rents up to and including $50 per month, $0.75 each per month.

2. Rents over $50 per month and not exceeding $300 per month, 3 per cent each per month.

3. Rents over $300 per month and not exceeding $1,000 per month, $10 each per month.

4. Rents over $1,000 per month, $15 each per month.

Section 3. For negotiating leases, the Real Estate Department shall be entitled to charge 5 per cent of the first year's rent or a mini-

mum charge of $5 for each transaction, which charges shall be deducted from the first month's rent and be deposited to the credit of the Real Estate Department, provided that the maximum charge to be made pursuant to this section shall be $50 for each transaction. In addition to the charges provided for in this section, there shall be paid to the Real Estate Department, by the department for whose benefit any lease is made, the cost of all advertising charges and other expenses incident to the making of such leases.

Section 4. All moneys received by the Real Estate Department in payment of rents, except for the charges mentioned in Sections 2 and 3, of this ordinance, shall be deposited in the proper funds to the credit of the various departments having control of the City-owned leased real property and improvements.

Authorizing the Director of Property to Aid and Assist the Board of Supervisors, Sitting as a Board of Equalization, and to Retain the Necessary Help to Assist.

(Code No. 1.0621)

Also, Bill No. 347, Ordinance No. 1.06212, as follows:

Authorizing the Director of Property to aid and assist the Board of Supervisors, sitting as a Board of Equalization, to pass upon requests made to said Board for reductions in assessments on taxable property in the City and County of San Francico, and authorizing the Director of Property to retain the necessary help to assist in said work.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Property of the City and County of San Francisco is hereby authorized and directed to aid, assist and advise the Board of Supervisors, sitting as a Board of Equalization, in passing upon requests made to said Board for the reduction of 1933-1934 assessments on taxable property in the City and County of San Francisco. Said services shall be rendered to said Board of Supervisors during the time that it sits as a Board of Equalization and for such time prior thereto as may be necessary to prepare for such investigation.

Section 2. The Director of Property is hereby authorized and directed to select three expert real estate appraisers, as needed, and three expert building appraisers, as needed, and to enter into a contract or contracts with said persons to aid and assist him in advising the Board of Supervisors in regard to requests for reductions in assessments.

Section 3. The amounts to be paid to said persons selected by said Director of Property for their services as herein provided for, shall not exceed the sum of $350 each, which said sums shall be payable by Service Orders issued by the Director of Property and approved by the Chairman of the Finance Committee of the Board of Supervisors, and charged against Appropriation No. 2, 1933-1934 Appropriation Ordinance; and there is hereby ordered transferred from said Appropriation No. 2, to the Director of Property, the sum of $200 to cover the incidental expenses of his office relative to the service herein directed to be furnished by said Director of Property.

Authorizing the Director of Property to Lease Certain City-Owned Land and Improvements Under Certain Conditions.

(Code No. 12.1739)

On recommendation of Public Works, Buildings and Lands Committee.

Bill No. 341, Ordinance No. 12.17394, as follows:

Authorizing the Director of Property to lease certain City-owned land and improvements under certain conditions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. When any department in charge of City-owned real property requests the Director of Property to lease on a month to month or shorter basis City-owned land or improvements having a rental value of $50 or less per month, and reports to the Director of Property that the property is not required for the purposes of the department, the Director of Property is hereby authorized and directed to lease such property to the highest responsible bidder on a month to month, or shorter, basis. The Director of Property shall determine the rental value of such property, and is hereby authorized to execute such leases in behalf of the City and County of San Francisco.

Section 2. Before awarding a lease under the provisions of this ordinance, the Director of Property shall post notices for a period of three days, advertising the time and place of such proposed leases.

Section 3. All moneys received as rental from real property leased under this ordinance shall be collected by the Director of Property and deposited in the City Treasury to the credit of the proper fund or funds. Within ten days after awarding, the Building and Lands Committee of the Board of Supervisors shall be notified as to the terms and conditions of such leases.

Section 4. This ordinance shall not apply to the leasing of any parcels where the rental value is more than $50 per month nor shall it apply to the leasing of San Francisco Water Department lands for agricultural purposes.

Providing for Sale of San Francisco Water Department Land in Alameda County.

(Code No. 12.17252)

On recommendation of Public Utilities Committee.

Bill No. 349, Ordinance No. 12.172524, as follows:

Providing for the sale of certain San Francisco Water Department land in Alameda County, California.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in Alameda County, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is under the administration of the Public Utilities Commission:

The northwest quarter of Section 12, Township 5 South, Range 2 East, M. D. B. & M. Containing 160 acres.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property

shall forthwith report to the Supervisors and to the Public Utilities Commission the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Allocating $1,700,000 to Complete Yacht Harbor and Aquatic Park Projects.

(Code No. 23.03)

Resolution No. 850, as follows:

Whereas, Aquatic Park and Yacht Harbor constitute two of the most important recreational developments in the City and County of San Francisco; and

Whereas, these two projects, when completed, will afford pleasure to a multitude of sports lovers, including fishermen, yachtsmen, oarsmen and swimmers; and

Whereas, the maintenance of an adequate yacht harbor will be an inducement to outside yachtsmen to visit and remain for a time in San Francisco and will, in some measure, aid our merchants; and

Whereas, the estimated cost to complete these two projects is set at $1,700,000; now, therefore, be it

Resolved, That this Board of Supervisors does hereby pledge itself to allocate the sum of $1,700,000 from the sum to be received as a loan from the Federal government for the construction of public projects, for the purpose of completing the Yacht Harbor and Aquatic Park projects.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OF REPORTED UPON BY A COMMITTEE.

Wages of Housesmiths.

The Clerk read a communication from the United Bridgemen, Structural and Reinforced Iron Workers and Riggers' Union, Local 31, requesting that the matter of wages for housesmiths on reinforced concrete work be referred back to the Civil Service Commission for further consideration.

Referred to Civil Service Commission.

In Memoriam: Gladys Sullivan Doyle.

Supervisor Hayden presented:

(Code No. 5.91)

Resolution No. 4.053, as follows:

Whereas, Mrs. Gladys Sullivan Doyle has passed to her Eternal Reward after a short life of good deeds done to many at numerous times and in various places; and

Whereas, the late deceased, although born to the best of the material goods of this earth, spent her life performing acts for the unknown and lowly and infiltrating them with the spirit of Christianity and love for fellow-man; and

Whereas, this beautiful spirit of love of the good and true was typically manifested in the monumental restoration of the Santa Cruz Mission in that city, perpetuating for all time in them her ideal of life, and tradition and worth; and

Whereas, the late Gladys Sullivan Doyle was above all else a most noble Christian woman, who loved children first and always; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deeply regrets the passing of the late Mrs. Gladys Sullivan Doyle, and deeply expresses sympathy and condolence to the widower, Richard E. Doyle, in this, his bereavement, and in that of the five little ones left him to rear and cherish; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this Board, and that another copy be forwarded to the family of the late deceased, Gladys Sullivan Doyle.

Adopted unanimously by rising vote.

Final Passage.

The following emergency bill was taken up and *finally passed* by the following vote:

Appointment of Building Appraisers for Board of Equalization.

(Code No. 9.05)

On motion of Supervisor Miles:

Bill No. 362, Ordinance No. 9.05173, as follows:

Authorizing the appointment of Building Appraisers to aid and assist the Board of Supervisors in equalizing the assessments in the City and County of San Francisco and making appropriation for the compensation of said appraisers and declaring that this ordinance is an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. For the purpose of assisting the Board of Supervisors in arriving at the true value of the improvements of the real property in the City and County of San Francisco for the purpose of equalizing the assessments of said real property and said improvements, the Director of Property is hereby authorized to appoint, in addition to the appointees authorized by Ordinance No. 1.06212, four expert building appraisers whose duty it shall be to aid and assist the Director of Property in advising the Board of Supervisors in regard to requests for reductions in assessments.

Section 2. That the amount to be paid to each of said persons to be appointed as aforesaid shall not exceed the sum of two hundred fifty ($250) dollars.

Section 3. There is hereby appropriated to the Director of Property from Appropriation No. 6, 1933-34 Appropriation Ordinance, the sum of one thousand ($1,000) dollars to defray the compensation of said building appraisers.

Section 4. This ordinance is adopted by the vote hereinafter set forth as an emergency measure and in adopting said ordinance by said vote, the Board of Supervisors does hereby declare that an actual emergency exists which necessitates this ordinance becoming effective immediately. The said emergency being as follows, to-wit:

The uninterrupted operation of the Board of Supervisors sitting as a Board of Equalization and the completion of the duties of said Board of Equalization as required by law within the limitation of time provided by the Political Code of the State of California.

Welfare Committee Meeting.

Supervisor Power announced that the Welfare Committee would meet tomorrow at 2 p. m. to consider Supervisor Miles' measure for the establishment of a Bureau of Registration of San Francisco's Unemployed, World's Fair, 1940, and regulation of circulating libraries.

Commending Controller Leavy and Department Heads for Financial Condition of City and County of San Francisco.

(Code No. 9.0419)

Resolution No. 892, as follows:

Whereas, the bid of R. H. Moulton & Co. Syndicate for $980,000 of unemployment relief bonds at an unusually favorable rate of interest again demonstrates the sound financial situation of the City of San Francisco and the excellent position of the city's credit; and

Whereas, great praise is due Controller Leonard S. Leavy and the heads of the various departments of the City and County government for this condition of affairs—San Francisco being the only large city in the United States which is not in the red; now, therefore, be it

Resolved, that the appreciation and commendation of this Board of Supervisors be extended to our Controller, Leonard S. Leavy, and to the heads of the various departments for the splendid ability and cooperation they have evidenced in achieving this unique and creditable distinction for the City and County of San Francisco.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, McSheehy, Miles, Peyser, Power, Roncovieri, Shannan, Spaulding, Stanton—12.

Absent—Supervisors Brown, Colman, Hayden—3.

Death of Former Mayor P. H. McCarthy.

Supervisor Canepa called attention to the passing of former Mayor P. H. McCarthy and moved that the clerk prepare a suitable resolution of condolence to be sent to the family of the deceased and spread in the Journal of the Board and that a representative committee of the Board of Supervisors be appointed to attend the funeral.

Adopted by rising vote.

Supervisor Gallagher, seconded by Supervisor Hayden, moved that on next Monday suitable memorial services commemorative of the death of former Mayor P. H. McCarthy be held in the chambers of the Board.

So ordered.

Amending Traffic Ordinance In re "Parking in the Financial District."

Supervisor Peyser called up his proposed amendment to the traffic ordinance relative to parking in the financial district, which matter was heretofore referred to the Police Committee, and moved that the subject matter be made a special order of business for 2:30 p. m. Aug. 7, 1933.

So ordered.

Abuse of Private Ambulance Service.

Communication from Dr. J. C. Geiger, Director of Public Health, calling attention to complaints that private ambulance services are alleged to be carrying the dead as well as the sick, and urging that the practice be condemned and corrected.

Sunset District Improvement.

Supervisor Peyser presented:

Communication from Sunset District Improvement Clubs, urging appropriations from Federal Aid for cutting through streets and leveling sand dunes in the Sunset District.

Referred to Mayor's Conference on Federal Aid.

Moving Picture License Fee.

Supervisor Havenner presented:

Communication from California Theatres Association, submitting proposed amendment to license fees for moving picture theatres.

Referred to Finance Committee.

Leave of Absence, Supervisor Jefferson E. Peyser.

The following was presented and read by the Clerk:

San Francisco, Cal., July 5, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Application has been made to me by Hon. Jefferson E. Peyser, member of the Board of Supervisors, for leave of absence, with permission to absent himself from the State of California, for a period of thirty (30) days, commencing July 6, 1933.

I hereby request that you concur with me in granting this leave of absence.

Very sincerely yours,

ANGELO J. ROSSI, Mayor.

Whereupon, the following resolution was presented and *adopted*:

(Code No. 4.051)

Resolution No. 882, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Jefferson E. Peyser, member of the Board of Supervisors, is hereby granted a leave of absence for a period of thirty days, commencing July 6, 1933, with permission to leave the State.

Mayor Requested to Appoint Citizens' Committee to Arrange Dedication of Coit Memorial, Telegraph Hill.

(Code No. 24.051.)

Supervisor McSheehy presented:

Resolution No. 890, as follows:

Whereas, on October 19, 1924, Mrs. Lillian Hitchcock Coit, an honorary life member of the San Francisco Volunteer Fire Department, accompanied by a Mr. L. E. Green, one of the executors of her estate, visited Telegraph Hill and stated that she would leave sufficient money in her will for the purpose of erecting a memorial tower because she considered Telegraph Hill, with its elevation of 270 feet above sea level, the oldest and one of the most historical locations in the City of Saint Francis; and

Whereas, on the death of this generous, kind, loving and thoughtful lady she willed to the City of San Francisco one-third of her estate, the sum of $118,000, to be used for the purpose of erecting a memorial tower on the summit of Telegraph Hill; and

Whereas, contracts have been let under the jurisdiction of the Park Commission carrying out the purport of the will. On September 4th, Labor Day, this monument will be completed and will stand out as a beacon, ranging 450 feet over the sea and will be observed by all entering and departing from our City; now, therefore, be it

Resolved, That his Honor the Mayor be requested to appoint a Citizens Committee who will make suitable arrangements for the

proper dedication of this handsome gift so generously bestowed to the citizens of San Francisco by the late Mrs. Lillian Hitchcock Coit.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—12.

Absent—Supervisors Brown, Colman, Hayden—3.

Allocation of Funds for Public Work Under National Recovery Act.

Supervisor Brown presented communication and requested information as to what was being done in the matter. The communication follows:

California State Chamber of Commerce.
Formerly California Development Association.

San Francisco, June 30, 1933.

Mr. Arthur Brown, Supervisor, San Francisco County.

Dear Mr. Brown: Representatives of the six Regional Highway Committees of the State Chamber of Commerce met in Sacramento yesterday with the chairman of the State Highway Commission, Mr. Harry Hopkins; Earl Lee Kelly, Director of the Department of Public Works, and State Highway Engineer C. H. Purcell, to discuss the allocation of funds coming to California under the National Industrial Recovery Act.

The Department of Public Works is now preparing a revised budget for presentation to the Highway Commission on July 7. This budget is being revised in order to comply with the provisions of the Recovery Act and the rules and regulations adopted by the Secretary of Agriculture and a special Federal Board of Public Works.

The chairman and the director were of the opinion that all emergency funds should be devoted to the entire State highway system, comprising only the present 7,350 miles, but have agreed, during our meeting, to include the 6,600 miles recently added to the secondary system by the Legislature, in accordance with the provisions of the act.

This act is designed to quickly give relief to unemployment; therefore, the State Engineers are moving rapidly. If your Board of Supervisors has any projects to suggest for inclusion in the revised budget, you should forward your request immediately.

It was further agreed at this meeting that on projects which you suggest, and which are not in the State highway system, you will have to make a proper showing that the expenditure is justified from a sound engineering standpoint and be able to compete with other projects in the highway system. All requests should be made to Mr. Earl Lee Kelly, Director of the Department of Public Works, Sacramento. You should act at once—send your request to Mr. Kelly and forward a copy to your district office of the State Chamber of Commerce, so that we can support your request at the July 7 meeting of the commission, at which we will be adequately represented.

Sincerely yours,
OSCAR L. WILLETT, Chairman,
Central Coast Highway Committee.

Privilege of the Floor.

Clyde Healy, assistant City Engineer, being sent for, reported that he had attended said meeting of State Chamber of Commerce for Mayor's Conference, but that San Francisco was not officially represented. There was a lengthy discussion, he said, and Southern California had a strong delegation urging appropriations for primary and secondary highways in Southern California. He suggested that San Francisco send a live representative committee to Sacramento on July 7, at 10 a. m., when the next and probably the final hearing will be held.

Alfred Cleary, City Administrative Officer, and Dion Holm, Assistant City Attorney, were also heard.

Motion.

Supervisor Canepa, seconded by Supervisor Stanton, moved that the entire membership of this Board, as a committee of the whole, and the San Francisco delegation of the State Legislature be authorized and requested to attend meeting at 10 a. m., July 7, 1933, in Sacramento.

Motion.

Supervisor Havenner moved that the Board recommend and submit these projects to the State Administrator for the National Recovery Organization in the order that they were submitted by the Chief Administrative Officer, with the proviso that these construction projects, which are embraced in joint highways in and out of San Francisco County, shall give preference to San Francisco labor in the same proportion as San Francisco's contribution to the cost of the project bears to the amount involved.

Action Deferred.

Whereupon, on motion of Supervisor Canepa, final action on the foregoing matter was postponed to a recessed meeting of this Board of Supervisors tomorrow at 2 p. m.

RECESS.

Whereupon, the Board of Supervisors took a recess until tomorrow at 2 p. m.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, July 17, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, JULY 6, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Thursday, July 6, 1933, 2 p. m.

The Board of Supervisors met pursuant to motion to recess of July 5, 1933, for the purpose of considering the matter of the allocation of funds for public work under the National Recovery Act and pending motions relative thereto.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Havenner, Gallagher, Hayden, Power, Roncovieri, Shannon, Stanton—9.

Absent—Supervisors Brown, Colman, McSheehy, Miles, Peyser, Spaulding—6.

Quorum present.

His Honor President Hayden presiding.

Pending Motions.

Supervisor Canepa, seconded by Supervisor Stanton, moved that the entire membership of this Board, as a committee of the whole, and the San Francisco delegation of the State Legislature be authorized and requested to attend meeting at 10 a. m., July 7, 1933, in Sacramento.

Supervisor Havenner moved that the Board recommend and submit these projects to the State Administrator for the National Recovery Organization in the order that they were submitted by the Chief Administrative Officer, with the proviso that these construction projects, which are embraced in joint highways in and out of San Francisco County, shall give preference to San Francisco labor in the same proportion as San Francisco's contribution to the cost of the project bears to the amount involved.

Report of Chief Administrative Officer.

The following was presented and read by the Clerk:

Chief Administrative Officer.

City and County of San Francisco.

June 21, 1933.

The Honorable State Highway Commission, State of California, San Francisco, California.

Gentlemen: Pursuant to a meeting between your commission and public officials representing San Mateo and San Francisco counties, on June 16, in San Mateo County, verbal statements were made in regard to the highway needs of the peninsula. The response of your commission to those requests was very gratifying, and for that reason we are reducing to writing, for the benefit and guidance of your commission, certain details which could not, because of the time element, be brought out at the meeting.

There are three projects that we of San Francisco consider of major importance in the development of the highway system on the peninsula. It will be noted that all this construction lies outside the confines of

the City and County of San Francisco, in San Mateo and Santa Cruz counties, and, therefore, we are not selfish in our requests, nor are we attempting to serve our local needs alone.

Project No. 1 is the proposed widening of Mission street from our own county line through Daly City to Market street in Colma, where it joins the already completed State highway. This project is approximately 8,000 feet long, is a State highway and Federal Aid road and, for that reason, comes directly within the province of the Wagner bill, which has just been passed and signed by the President of the United States. It is immediately adjacent to a populous center where there is a tremendous amount of unemployment. Your commission, in conjunction with the town of Daly City, the County of San Mateo, and the County of San Francisco, is committed to the project.

The total cost is estimated at $850,000, which includes lands, buildings, and the necessary pavement. Virtually all the rights of way and buildings have been acquired, or the prices agreed upon, and the detail plans and specifications are complete, so that if an allocation of funds could be made, construction could start immediately. Your commission has already allocated, and we have spent through our Right of Way Department, approximately $200,000.

To recapitulate: This project is a State highway, a Federal Aid road, a link in our main peninsula highway. It is adjacent to a populous center with a tremendous unemployment problem. The work is of absolute necessity, as evidenced by the terrific traffic jam in this area on Memorial Day, May 30. We therefore respectfully request and urge that, in the allocation of any money that comes to your commission from the United States Government through Senate Bill 1712 (Wagner Bill), at least $500,000 be set up for the completion of this project.

Project No. 2: This is officially known as Joint Highway District No. 10. It is a functioning district composed of the State of California, through its Highway Commission, and the counties of San Mateo and San Francisco, to build a major highway from San Francisco County line through San Mateo County to a connection with the State highway at Burlingame, paralleling and lying approximately one mile west of the present State highway (Camino Real).

The first unit of this construction between the San Francisco County line and School street in Colma has been completed and is in use. This unit cost $180,000, one-third of which was paid by your commission. San Francisco County has completed its portion of this boulevard from the county line to Sloat boulevard, at a cost in excess of $600,000, paid by the taxpayers.

The second unit of this project, extending from School street to Colma proper, and costing $100,000, is ready for contract. The right of way has been acquired, plans and specifications are all completed, and work could be under way in thirty days if funds were available.

The third unit of this highway, 1.8 miles in length, has been surveyed, and about 40 per cent of the right of way has been acquired. The remainder is in three holdings and could be obtained on short notice. If this unit were completed, it would make a direct connection with Camino Real at Baden, thus separating the traffic in and out of the City and reducing congestion. This unit offers a fine location to use a maximum of hand labor in the grading operations.

The cost of this unit under normal contract conditions would be $375,000, but with a maximum of hand labor, it would cost about $500,000, a contract for this unit could be let within sixty days.

Because of the fact that your commission is committed to this project, and the further fact that immediate construction can be undertaken at a location where there is a tremendous amount of unemployment, it is recommended that the sum of $600,000 be set up for this project out of funds coming to you under the terms of Senate Bill 1712 (Wagner Bill).

Project No. 3 is another Joint Highway District, composed of the counties of Santa Cruz, San Mateo and San Francisco, and is now included in and made a part of the Secondary Road System coming to your commission in August. On its trip of June 16, your commission passed over a portion of the country through which this highway will be constructed and, therefore, has first-hand information as to the condition of the present road system and the reason why a modern road of State highway standards is necessary. It must be reiterated that this road will connect with and be a part of the Coast highway that you are now constructing from southern California to Carmel, and it is, therefore, of State-wide importance. It has always been contemplated that this highway, extending from Santa Cruz to San Francisco, a distance of approximately 85 miles, would be built on the unit basis and, with this in mind, the directors of the district decided that the most important unit to be undertaken was the replacement of the existing road over Pedro Mountain, with a road around the mountain some three miles shorter on a good gradient with safe alignment. A contract for this unit was let, costing $110,000, but it has been held up by right of way difficulties.

The second unit is known as the Gionone Hill project in Santa Cruz County. Plans and specifications, and also surveys, have been completed for this unit and, as there are only three owners to deal with, no difficulty should be encountered in making an early start, provided that funds can be made available. The length of this unit is 6.5 miles, and with a 40-foot graded roadway and a 20-foot pavement, the cost is estimated at $350,000. The district, through its directors, could expand this program to any sum that might be made available, but at this time, however, and in order to start the work, it is recommended that an allocation of $500,000 be made, for with this amount and with funds that are now available in the treasury of the district, a good start can be made on the project.

Project No. 4—Golden Gate Bridge Approaches: It is essential that adequate approaches be provided for the Golden Gate bridge. The total cost of these approaches, including the widening of arterial streets leading thereto, and the extension of the approaches to the business center and outlying districts and to the peninsula highways on the south, is estimated to cost approximately $10,000,000.

Project No. 5—Trans-Bay Bridge Approaches: To provide adequate arterials from the Trans-bay bridge head on Rincon Hill connecting with the business districts and outlying sections and with the arterial highways of the peninsula, involving widening of various existing streets, is estimated to cost $12,000,000.

Projects Nos. 4 and 5 include the construction of the Broadway tunnel and various similar improvements which are necessary adjuncts to an arterial system connecting with the two bridges. The total estimated amount of $22,000,000 would take care of all of the street improvements in San Francisco which have been proposed in connection with these structures or as part of the general solution of the vehicular traffic problem.

Project No. 6: The extension of the Great Highway southerly from its intersection with Sloat boulevard to Sharp's Park in San Mateo County at an estimated cost of $3,500,000.

These projects have been listed in what is deemed the relative order of their importance, with due consideration given to the policy of the Government to favor immediate construction on undertakings for which rights of way have already been acquired and plans and specifications prepared. A plat of the various projects contemplated is hereto attached.

It is not expected that the amounts above listed can be made immediately available in their entirety, but we feel confident that your commission recognized that the Government's appropriation will be made primarily for the relief of unemployment and that unemployment is most aggravated in large centers of population. We, therefore,

have every confidence that your commission will allot to San Francisco its just proportion of any funds that will be made available by the Federal Government.

Respectfully,

ALFRED J. CLEARY,
Chief Administrative Officer.

Divisional Highway Association of San Francisco.

San Francisco, California, July 6, 1933.

To the Committee of Fifteen of the Citizens' Advisory Arterial Highway Development Committee.

Gentlemen: The Divisional Highway Association sends greetings to the Committee of Fifteen and desires to cooperate in forming and supporting a practical highway program. We, therefore, will offer for your consideration at this time certain units of the project which will involve a maximum of work and a minimum of property to be acquired.

The Divisional Highway Association, which meets monthly at the American Bank Building, 508 Castro street, was formed several years ago by the following clubs composed of property owners and business men, like yourselves:

Western Addition Improvement Association,
Divisadero Merchants and Improvement Association,
Upper Market and Castro Merchants Association,
Eureka Valley Promotion Association,
East and West of Castro Street Improvement Club,
Twenty-ninth and Castro District Improvement Club,
Upper Noe Valley Improvement Association,
Mission Park Improvement Club.

The Divisional Highway project is a plan for a new north and south thoroughfare through the center of San Francisco, connecting San Jose avenue, Alemany boulevard, Mission street and the Bay Shore highway with the Golden Gate bridge. It has the endorsement of a large number of citizens and organizations, including the Central Council of Civic Clubs and its constituent members, and was one of the projects recently requested by the City Engineer and the Board of Supervisors for inclusion in the State highway system. At present there is no north and south highway in the territory between the Bernal Cut and 19th avenue. By joining sections of Divisadero, Castro, Eureka and Diamond streets, a thoroughfare will result which will materially shorten the time of cross-town travel and connect several valleys now isolated, such as the Glen Park, Noe and Eureka valleys.

The proposed highway will pass through the center of population and also the geographical center of San Francisco and will be largely free from cross traffic. Incidentally, it will serve as a fire break. It will permit the development of transportation facilities into residential areas now inadequately served, thus increasing the assessable values. It has fine scenic possibilities and will afford an opportunity to carry out several important features of the Burnham plan of San Francisco.

The map inclosed herewith, made by our engineer, shows the relationship of the divisional highway to a typical highway plan of the City.

The divisional highway represents the combined wish of the aforementioned clubs. Although the association would like to see the entire project consummated at one time, it recognizes that this would require too great a proportion of the funds which will be allotted to the City. It also recognizes that there are other meritorious projects which should receive consideration at this time, such as the Broadway tunnel, the widening of Army street, the extension of Potrero avenue to Eighth street, the extension of Funston avenue across the park

to connect with Ninth avenue, and the Geneva avenue and Duboce avenue improvements.

The part of the divisional highway, which the association recommends for inclusion in your list, is the section from 23rd street south as far as San Jose avenue, a length of 5,980 feet. This will cost approximately $4,650,000, according to estimates by the City Engineer, and will connect San Jose avenue with Market street.

As 91 cents out of every highway dollar is spent for labor in one form or another, the association respectfully requests that the funds allotted by the Government be used for highway purposes and that all such funds be expended only for projects in San Francisco. It also suggests that only major projects be included in the program because such projects cannot be easily undertaken in any other way.

Yours very truly,
THE DIVISIONAL HIGHWAY ASSOCIATION,
By HENRY BECKER, President.

Department of Public Works, Sacramento.

June 28, 1933.

Mr. Clyde Edmondson, General Manager, Redwood Empire Association, 95 Post street, San Francisco, Calif.

Dear Clyde: Your letter of June 23 requesting information on city cooperative projects received.

The question of providing funds for State cooperation with cities in the construction of through routes is one for decision by the California Highway Commission when it gives consideration to the revision of the highway budget. The preparation of the new budget is to be considered within the very near future in order that the work preliminary to advertising may be placed under way.

I am just in receipt of a copy of the rules and regulations for carrying out the provisions of Title II of the National Industrial Recovery Act and, under Section 4 of these rules and regulations, provision is made for the expenditure of not less than 25 per cent of all such funds to projects on extensions of the Federal aid highway system into and through municipalities. The total amount to accrue to California is $15,607,354, so that under our interpretation of this ruling at the present writing, approximately $4,000,000 would be expended within the cities of California.

The one-quarter per cent accruing to cities under the terms of Senate Bill 563 would be in addition to this amount and to any additional amount which the California Highway Commission might place in the budget for cooperation with the cities. With this $4,000,000 becoming available to cities and with the decrease in State highway revenues under the amount estimated at the time of the preparation of the budget, it is my belief that very little additional, if any, State funds should be made available for cooperation with cities, and the estimated revenues available for State highway purposes should be used for maintenance, construction and reconstruction of projects outside of the incorporated limits of cities.

With kindest personal regards, I am,
Sincerely yours,
EARL LEE KELLY,
Director of Public Works.

Mr. Henry Becker, president of the Eureka Valley Improvement Association, declared that he represented the Divisional Highway Association, consisting of ten improvement clubs of San Francisco, who are interested in building a highway across the City from Golden Gate bridge to the county line. He asked that this be included as one of the projects to be approved under the National Recovery Act. This highway, he said, will connect with Eureka Valley, Noe Valley and the valley back of Thirtieth street, affording rapid ingress and egress to those isolated districts.

Mr. M. C. McKenzie, president of the Central Council of Civic Clubs, said: "We should consider this problem as a whole. When the bridges are built we will have a very serious traffic problem to contend with. The first thing to do is to widen the streets downtown. The Engineer's office have prepared a splendid report on the subject. First should be Golden Gate bridge approaches and the widening of Van Ness avenue; second should be the Trans-Bay bridge approaches and the widening of adjacent streets south of Market.

Edna Laurel Calhan, property owner, favored going ahead with the plan prepared and recommended by Mr. Alfred J. Cleary, Chief Administrative Officer. After all, she said, it is not what San Mateo County requires, but what will give employment to citizens of San Francisco.

Mr. Alfred J. Cleary, Chief Administrative Officer, stated in my recommendation to the State Highway Commission there was no thought of usurping the powers of this Board of Supervisors. I was asked to submit a program of necessary work to be done under the National Recovery Act and I did it, and I am now asking you to give approval to this plan. Not more than 50 per cent of the funds to be spent on Federal aid highways outside of cities. Not less than 25 per cent on municipal highway projects and not more than 25 per cent on secondary or feeder roads. I have been trying to cooperate with Federal Aid projects with recommendations that would give the maximum employment to unemployed citizens, and my recommendations Nos. 1, 2 and 3 conform to that idea. These recommendations correspond to the program that the Federal Government has mapped out. Nos. 1, 2 and 3 add up to $1,700,000. Approximately one-half of the appropriation which, according to the Federal Government, we expect to get. In reply to a query, he said that plans have been prepared for the Divisional highway at an estimated cost of $9,000,000.

P. Kelly, secretary, representing Van Ness Avenue Improvement Association, declared that he was interested in an improvement started in 1929 and fathered by Supervisors Gallagher and Hayden providing for the widening of Van Ness avenue. He requested that funds from the National Recovery Act be devoted to this purpose.

Stephen Malatesta favored the report of Alfred Cleary, Chief Administrative Officer, as the best program of public improvements under the National Recovery Act submitted up to the present time.

Manley Harris, representing Motor Car Dealers and Van Ness Avenue Improvement Club. He said his thought was that San Mateo County could make its own application for extension of Junipero Serra boulevard and Ocean Shore boulevard and other improvements in that county and relieve an equivalent amount for work within San Francisco.

R. S. O. McMullen, representing Central Mission Improvement Club, was also heard.

Also George Gerhardt, secretary, Civic League.

Motion.

Supervisor Havenner thereupon moved that it be the sense of the Board of Supervisors that the projects enumerated in the Chief Administrative Officer's report be presented to the Federal Government and State Highway Commission in the following order, to-wit:

First—Project No. 1, Mission street widening at Daly City;
Second—Project No. 4, Golden Gate bridge approaches;
Third—Project No. 2, Joint Highway District No. 10.

So ordered.

ADJOURNMENT.

Whereupon, there being no further business, the Board, at 5:30 p. m., adjourned.

SPECIAL ORDER—3 P. M.

The following matters were taken up:

Zone Change, District Bounded by Broadway, Laguna, Fillmore and Green Streets, From First Residential to Second Residential District.

(Code No. 13.02)

Bill No. 371, Ordinance No. 13.021, as follows:

An ordinance changing the zoning classification of a certain part of the City and County of San Francisco from First Residential to Second Residential District.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That part of the City and County of San Francisco bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the northern line of Broadway with the westerly line of Laguna street, and running thence westerly along said northern line of Broadway to the

easterly line of Fillmore street; thence northerly along said line of Fillmore street to the southerly line of Green street; thence easterly along said line of Green street to the westerly line of Laguna street; thence southerly along said line of Laguna street to the northerly line of Broadway and the point of commencement; excepting, however, all the lots in said area fronting on Green street; being all of Block No. 564, all of Block No. 565, all of Block No. 566, and the lots in Blocks numbered 555, 556 and 557, fronting on the northerly line of Vallejo street, now zoned and classified as in a First Residential District, be and the same is hereby rezoned and reclassified as in a Second Residential District within the meaning of that certain ordinance entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," and which ordinance is numbered 5464 and is known and designated as Ordinance No. 5464 of the City and County of San Francisco.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

SPECIAL ORDER—3 P. M.

Limiting the Heights of Buildings Hereafter to Be Erected in a Certain District in the City and County of San Francisco, and Establishing the Boundaries of Said District, and Providing Penalties for the Violation of Its Provisions.

(Code No. 11.08.)

Bill No. 355, Ordinance No. 11.088, as follows:

Limiting the heights of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of its provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building, except as hereinafter provided, shall be erected within the territory bounded by Washington street on the south, Fillmore street on the west, Van Ness avenue on the east, and by a line midway between Green street and Union street on the north in the City and County of San Francisco; provided, that no building for human occupancy within said district shall be more than eight (8) stories in height.

Section 2. No addition to or alteration or improvement of any building within the above-described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco, as provided by this ordinance, shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, penthouses, water tanks, flagstaffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings, for the purpose of this ordinance, shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 8 shall apply within said territory.

Section 5. No building permit shall be issued by the Department of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding $500 or by

imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such person, firm or corporation, as herein provided.

Communication from The San Francisco Real Estate Board.

July 7, 1933.

Honorable Victor J. Canepa, Board of Supervisors, City Hall, San Francisco.

Dear Sir: Enclosed I am handing you a copy of a communication addressed to the City Planning Committee of the Board of Supervisors under date of May 9th, the original of which I understand has been misplaced. The letter is self explanatory and sets forth the views of the Real Estate Board on the matters referred to.

I trust that this letter will be formally presented to the Board at its meeting on Monday.

Yours very truly,
LESLIE E. BURKS,
Secretary-Manager.

The San Francisco Real Estate Board.

May 9, 1933.

Honorable Victor J. Canepa, Board of Supervisors, City Hall, San Francisco.

Dear Sir: This organization is much interested in a proposal now before the City Planning Committee to limit the heights of buildings to 105 feet in the district bounded by Van Ness avenue and Fillmore street and Washington and Union streets in this city.

A special committee of this organization has been engaged in a study of this problem over a period of some months and in our deliberations we have recognized certain important factors such as the preservation of sun, light and air, view, fire and earthquake hazards, architectural appearance, economic development and the general effect upon real estate values in the district.

Before entering upon this study we sent for and obtained copies of zoning laws, including height regulations in all of the leading cities of the United States and have obtained similar data on a number of the larger European cities. Much of this information is very interesting but little of it has proven to be of great service to our immediate problem because of the topography of the district affected.

It is our firm conviction that this is a question of height regulation and not one of height limitation. We feel that it would be a serious mistake to fix any height limitation which would discourage the construction of class "A" buildings in the district, and the proposed limitation of 105 feet would have this effect. We submit there should in all cases be a restriction of the cubic area of the building in proportion to the lot area and that set-backs be so arranged that sun, light and air would be protected by requiring a large lot for a high building.

This organization has devoted much time and thought to this problem and we are thoroughly convinced that this entire matter is an architectural problem and one which should be developed by a competent architect. We would therefore respectfully urge upon your committee the importance of employing at this time a competent technical expert who is qualified to solve this question under the supervision of your committee or that of the City Planning Commission.

Respectfully submitted,
(Signed) L. A. WEIDENMULLER,
Chairman Building Height Committee.

Communication from San Francisco Federation of Arts.

July 6, 1933.

To the Honorable the Mayor and Board of Supervisors, City Hall, San Francisco.

Honored Sirs: The San Francisco Federation of Arts, comprising twenty-four organizations with a total membership of over eleven thousand, has given consideration to the proposed limitation of heights of buildings in the district bounded by Washington and Fillmore streets and Van Ness avenue and a line midway between Green and Union streets, and the probability that part or all of the remaining "First Residential" property within that district may be opened to apartment house construction.

This Federation is of the opinion that, until the existing "Second Residential" property within this district is fully developed, there is no justification for a further reduction of the "First Residential" zones therein.

With respect to the proposed regulation of heights of buildings in this district, the Federation notes with regret that the ordinance does not provide any safeguards against apartment houses robbing adjacent lots of adequate light and air circulation, beyond the present inadequate regulations of the State Housing Act. These standards have in the past resulted in a large percentage of apartments having insufficient light and air circulation. Consequently many apartment houses have proven to be economic failures as soon as they have been surrounded by other apartment houses. The overcrowded and disorderly effect of existing apartment house districts is furthermore most detrimental to the appearance of San Francisco.

It is the opinion of the Federation that by consultation with qualified experts, it will be possible to frame regulations which will permit the construction of apartment houses so regulated in building volume to the size of the lots they are built upon, that the occupants thereof will be guaranteed permanent adequate light and air, and at the same time there will be little or no detriment in these respects to the residents of adjacent single family dwellings. Such regulations can contribute much to the possibility of orderly artistic development of apartment districts.

The Federation is certain at any rate, that before this proposed ordinance in its existing form is passed, the advice of the architect members of the Art Commission should be sought as to the probable effects on the district the regulations apply to.

Respectfully yours,

The Board of Directors,
SAN FRANCISCO FEDERATION OF ARTS.

Irving F. Morrow (chairman), Mrs. Chas. N. Felton, Mrs. Arthur L. Bailhache, Albert M. Bender, Wm. Edwin Chamberlain, Laurance I. Scott, J. Francis Ward.

SPECIAL ORDER—3:30 P. M.

Proposed Survey of High Pressure System.

(Code No. 11.0434)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized, due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00

North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

UNFINISHED BUSINESS.

Final Passage.

The following recommendation of Committee on Fire, Safety and Police, heretofore passed for second reading, was taken up and *finally passed* by the following vote:

Regulating the Use of Public Rooms in Hotels in the City and County of San Francisco.

(Code No. 11.00)

Bill No. 278, Ordinance No. 11.0002, as follows:

An ordinance regulating the use of public rooms in hotels in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the words "public rooms," for the purpose of this ordinance, shall be deemed to include any lobby, hallway, mezzanine, foyer, public rest or sitting rooms, or any other place in a hotel used in common by the public and guests of a hotel.

Section 2. It shall be unlawful for any person to linger, loiter, sit, or stand in any public room in any hotel in violation of the expressed wish of the owner or manager of such hotel.

Section 3. It shall be unlawful for any person to use any public room in any hotel for business purposes or social purposes in violation of the expressed direction of the owner or manager of such hotel.

Section 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not to exceed fifty dollars ($50), or by imprisonment in the County Jail for a period of not to exceed thirty (30) days, or by both such fine and imprisonment.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Power—2.

Sale of City Land.

(Code No. 12.1729.)

On recommendation of Finance Committee.

Resolution No. 892, as follows:

Whereas, pursuant to Ordinance No. 12.17291, Bill No. 276, approved June 1, 1933, the Director of Property advertised in the official newspaper of San Francisco that bids or offers would be received by him on June 24, 1933, for the sale of the following described land situated in San Francisco, California:

Beginning at a point on the northerly line of Chestnut street, distant thereon 137.5 feet westerly from the westerly line of Kearny street, running thence westerly along said northerly line of Chestnut street 80 feet; thence at right angles northerly 137.5 feet; thence at right angles easterly 25 feet; thence at right angles southerly 112.5 feet; thence at right angles easterly 55 feet; thence at right angles southerly 25 feet to the northerly line of Chestnut street and the point of beginning.

Being a portion of 50 Vara Block 79.

And, whereas, in response to said advertisement, the Director of Property received an offer from Giuseppe Cuneo to purchase said land for the sum of $2,500 cash, no higher bids having been made or received; and

Whereas, Giuseppe Cuneo has deposited the sum of $250 with the Director of Property; and

Whereas, said sum of $2,500 is more than 90 per cent of the pre-

liminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $2,500; now; therefore, be it

Resolved, That said offer be and is hereby accepted. Be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to Giuseppe Cuneo. The buyer must pay the balance of the purchase price within 30 days after the approval of this resolution. The Director of Property shall deliver said deed to the purchaser after receipt of the total purchase price.

Allocating $1,700,000 to Complete Yacht Harbor and Aquatic Park Projects.

(Code No. 23.03)

Resolution No. 850, as follows:

Whereas, Aquatic Park and Yacht Harbor constitute two of the most important recreational developments in the City and County of San Francisco; and

Whereas, these two projects, when completed, will afford pleasure to a multitude of sports lovers, including fishermen, yachtsmen, oarsmen and swimmers; and

Whereas, the maintenance of an adequate yacht harbor will be an inducement to outside yachtsmen to visit and remain for a time in San Francisco and will, in some measure, aid our merchants; and

Whereas, the estimated cost to complete these two projects is set at $1,700,000; now, therefore, be it

Resolved, That this Board of Supervisors does hereby pledge itself to allocate the sum of $1,700,000 from the sum to be received as a loan from the Federal government for the construction of public projects, for the purpose of completing the Yacht Harbor and Aquatic Park projects.

Passed for Second Reading.

The following recommendation of Police Committee was taken up and *passed for second reading*:

Amending Ordinance Creating the Board of Beverage Commissioners; Substituting Member of Health Board for Chief Administrative Officer.

(Code No. 3.041)

Bill No. 367, Ordinance No. 3.04126, as follows:

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be a member of the Health Advisory Board of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint the member of the Health Advisory Board, the member of the Police Commission, and the member of the City Planning Commission who shall serve on said Board of Beverage Commissioners, and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board, his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as they may deem necessary for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a verified written application therefor, together with a filing fee of five ($5.00) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants

thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners.

Section 5. No permit shall be issued to any person who is not a citizen of the United States of America, or who has not filed his intention to become a citizen of the United States, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; provided that any firm or corporation that is licensed to do business in the State of California and has actually been engaged in business in San Francisco for at least one year shall be deemed to have complied with the provisions of this ordinance.

Section 6. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits upon payment of the initial license fee installment hereinafter mentioned.

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide restaurants, lunch rooms, buffet, grill room, lunch counter, dining room of hotel, dining room of boarding house, and coffee shop, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eating counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses granted under Section 7 shall be due and pay-

able quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July, and the first day of October, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any quarter.

Section 11. One-day permits may be granted for the selling, dispensing and consuming of beverages provided in this ordinance, in halls, assemblies and auditoriums under rules and regulations prescribed by the Commission under the provisions of this ordinance. The fee for such permit shall be $10.00 for each day or fraction thereof, and shall be issued in the same manner heretofore provided for.

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Section 15. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 16. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Section 17. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.

Section 18. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 19. It shall be unlawful for any beverage dealer under any circumstances knowingly to sell such beverages to minors except in company with parents or guardian.

Section 20. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Com-

missioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 21. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 22. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 23. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 24. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Establishing a Bureau of Employment Registration.

The following recommendation of Public Welfare Committee, heretofore presented by Supervisor Miles, was taken up:

(Code No. 5.42.)

Bill No. 368, Ordinance No. 5.421, as follows:

Establishing a Bureau of Employment Registration for the purpose of identifying bona fide residents of the City and County seeking employment upon municipal and other projects in the City and County of San Francisco, and for the purpose of carrying out the Charter provisions relative to a preference in employment to bona fide residents of the City and County of San Francisco, and providing for the necessary employees of said bureau, and making an appropriation for the maintenance of said bureau, and providing for penalties for the violation hereof.

Be it ordained by the People of the City and County of San Francisco as follows, to-wit:

Section 1. There is hereby established a Bureau of Employment Registration under the Chief Administrative Officer. The head of said bureau shall be the Director of Finance and Records of the City and County of San Francisco.

Section 2. The head of said bureau, with the approval of the Chief Administrative Officer, may appoint a superintendent of said bureau, and such other employees as may be necessary to carry out the purposes thereof, all in accordance with the budget and fiscal provisions of the Charter, and may accept the services of such volunteer workers as he may deem necessary to aid in the carrying out of the work of said bureau.

Section 3. The head of said bureau shall obtain suitable offices for said bureau and the necessary equipment for the conduct thereof.

Section 4. Said bureau is created and shall be maintained for the purpose of registering all persons seeking employment who are, at the date of said registration, and for one year prior thereto, have been, bona fide residents of the City and County of San Francisco.

Section 5. It shall be the duty of the head of said bureau or the superintendent thereof to register or cause to be registered any person who at the date of application for registration is and who for at least one year prior thereto was a bona fide resident of the City and County of San Francisco, and who may make application to be so registered. The head of said bureau shall keep or cause to be kept a record of said registration, which shall show the name of the person registered, his or her place of residence in San Francisco, together with such other data as may be deemed advisable by the head of said bureau. A card of identification containing the above mentioned data shall be issued to each registrant, which said card shall be signed by the superintendent or other authorized employee of the bureau and countersigned by the registrant, for the purpose of identification, and when said identification card is so issued it shall, for a period of one year from the date thereon, be prima facie evidence to all to whom the same is presented, that the person described in said card is, and for the period of time stated on said card has been a bona fide resident of the City and County of San Francisco.

Section 6. Any card of identification issued as herein provided may be revoked, and the registration of the person to whom the same has been issued cancelled, if the said card has been issued or the person named therein registered through any fraud or misstatement of said registrant or by any other person relative to the residential qualifications of said registrant.

Section 7. The superintendent of said bureau and such other employees as may be delegated to so do shall carefully investigate the residential qualifications of each applicant for registration, and no person shall be registered who has not been an actual and bona fide resident of the City and County of San Francisco for at least one year prior to the date of said application for registration. For the purpose of ascertaining the residential qualifications of applicants for registration, the head of said bureau and all other employees thereof may make such inquiries as they shall deem proper from any person or persons touching the residential qualifications of any applicant for registration, and any person who shall knowingly give any false information touching the residential qualifications of any applicant for registration shall be guilty of a misdemeanor, and on conviction thereof shall be punished according to law.

Section 8. Any person holding an identification card issued pursuant to this ordinance, who shall deliver the same to any other person to be used by said person to whom the same is delivered, or any person other than the person to whom the same is issued who shall make use of any identification card issued pursuant to this ordinance shall be guilty of a misdemeanor, and shall be punished according to law.

Section 9. No person shall hereafter be employed on any public work being prosecuted by the City and County of San Francisco, directly or by contract, unless said person possesses a card of registration and identification issued in conformity with the provisions of this ordinance. Provided, however, that employments on any work of the City and County which may hereafter be undertaken and which is to be paid for or financed under the authority of the act of Congress commonly known as the "National Industrial Recovery Act," shall be subject to the provisions of said act and to regulations made by competent authority regarding the same.

Section 10. It shall be the duty of the superintendent of said bureau to contact the employers of labor in the City and County of San Francisco and to endeavor to prevail upon said employers to give prefer-

ence in employment to persons holding identification and registration cards issued under authority of this ordinance, and to co-operate with the United States Department of Labor to the end that those who are registered under authority of this ordinance find employment.

Section 11. There is hereby appropriated to the Director of Finance and Records from Appropriation No. 6 (Emergency Reserve Fund), 1933-34 Budget, the sum of $750 for contractual services for said bureau for the year 1933-34.

Commending Margaret Miriam Krsak for Fourth of July Pageant.

(Code No. 5.93)

Supervisor Peyser, seconded by Supervisor Stanton, presented:

Resolution No. 940, as follows:

Whereas, for fourteen consecutive years, as a feature of San Francisco's celebration of our National Independence Day, there has been presented in the Civic Auditorium a magnificent literary and patriotic pageant depicting the birth of our Nation and the various important historical events in the history of the United States of America, especially our revolutionary period, which splendid spectacle has been a great edification to our citizens; and

Whereas, this inspiring and commendable work has been solely the presentation and thought of Margaret Miriam Krsak, a public-spirited woman and citizen of San Francisco who has given much of her time

to laudable public enterprises and who, besides being the author of this patriotic pageant, managed and directed the stage setting, costumes, music and lighting effects; and

Whereas, on the Fourth of July, this year, this presentation of American historical characters of men who made our Nation possible, displaying their high ideals, unswerving character, integrity of purpose, and the principles of unity and independence for which they were willing to sacrifice all, even death, in order that this country might be united, was received with great enthusiasm and generous applause and appreciation by our citizens; now, therefore, be it

Resolved, That this Board of Supervisors extends its heartfelt thanks and appreciation to Margaret Miriam Krsak for her generous self-sacrificing work and devotion which has made possible this edifying and inspiring spectacle of America's national achievement and progress.

SPECIAL ORDER—3 P. M.

The following matter was taken up:

Transient Merchants.
(Code No. 3.041.)

On recommendation of Supervisors' Committee on Charter Installation.

Bill No. 241, Ordinance No. 3.04118, as follows:

Defining transient merchants and temporary stores, providing for the regulation of transient merchants, providing for issuance of permit for transient merchants, and providing for a fee to be paid therefor, and for the revocation of said permit, and providing the penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The words "transient merchants" for the purpose of this ordinance shall mean and include all persons, both principals and agents, who engage or conduct in one or more locations or in no specified location within the City and County of San Francisco, a temporary store or temporary or transient business of selling goods, wares or merchandise with the intention of continuing in said business in said City and County for a period of less than one hundred twenty (120) days. A merchant who operates a main or branch temporary store shall be a transient merchant as to said temporary store notwithstanding the fact that said merchant may operate other stores which are not temporary.

Section 2. As used in this ordinance, the words "temporary store" shall mean a store, store room, office, room, doorway space, vacant lot or other place, opened and/or maintained for the exhibition and present or future sale to the public, of goods, wares or merchandise, where the seller or owner of such goods, wares or merchandise intends to operate such store, store room, office, room or other place, for a period of less than one hundred twenty (120) days.

Section 3. The provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, for resale, nor to any sales of goods, wares or merchandise at and during the continuance of any annual fair, nor to any sales by societies acting for charity, religious or public purposes, nor to wholesale peddlers of vegetables and other food products who hold permits under Ordinance No. 3.04112 of the City and County of San Francisco, nor to auctioneers who are conducting auctions in accordance with the provisions of Ordinance No. 6803 (New Series) as amended, nor to operators of amusement parks licensed as such by said City and County, nor to peddlers licensed as such by said City and County, nor to sales of goods, wares and merchandise conducted at any public museum or art gallery owned by said City and County.

Section 4. The word "person" as used in this ordinance shall be construed to mean any individual, association, partnership, or corporation, or the operator for or the agent of any such person, who sells to the public at retail as a transient merchant any goods, wares or merchandise, except as herein provided.

Section 5. Every transient merchant desiring to do business in the City and County of San Francisco shall make an application in writing to the Chief of Police of said City and County for a permit to operate as a transient merchant, which application shall be filed with said Chief of Police at least ten (10) days before such applicant shall be authorized to begin such business. The application shall contain a statement under oath, setting forth such information as the Chief of Police shall prescribe.

Section 6. Upon the granting of said permit the Chief of Police shall forward said permit to the Tax Collector, who shall issue said permit upon filing of the bond referred to in Section 7 and payment

of the following fees: One hundred ($100) dollars per week or fraction thereof for the first two weeks and seventy ($70) dollars per week or fraction thereof for every week thereafter, plus in all cases two ($2) dollars for each one hundred ($100) dollars of retail inventory value of goods, wares or merchandise to be sold or exhibited for sale. Said values shall be stated in a sworn inventory filed with said Tax Collector at the time of the payment of said fee. The full amount of said fee shall be paid for each temporary store, whether a main store or a branch store. If for any reason the value of goods, wares or merchandise actually sold or exhibited for sale by said transient merchant shall exceed the value on which a fee has been based, said transient merchant shall pay without further demand a proportionate additional fee.

Section 7. The bond referred to in Section 6 shall be executed by the applicant, as principal, and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of five hundred ($500) dollars. It shall be conditioned that the principal will pay to the City and County of San Francisco all amounts which may become due under the terms of this ordinance, shall fully comply with the provisions of this ordinance and all other applicable ordinances of the City and County of San Francisco, and the rules and regulations of any department thereof, and with all statutes of the State of California, relative to the conduct of the business in which said principal may be engaged, and that he shall pay all judgments recovered or rendered against him for any violation of said ordinances, statutes, rules or regulations, and further conditioned that said principal shall pay any and all judgments which may be recovered by any person, firm, association or corporation for injuries to person, loss or damage to property resulting from the negligent operation of said business by said principal, as well as all damages sustained by any person, firm, association or corporation by reason of any misrepresentation or deception practiced by said principal or his agents or employees on any such person, firm, association or corporation transacting business with such transient merchant.

Section 8. Any person desiring to continue said business of transient merchant for a period longer than that stated in said application and permit, or desiring to renew said permit issued pursuant to the provisions of this ordinance, shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof. In the event of the renewal of said permit, said transient merchant shall pay the license fee herein provided in the same manner as he paid the license fee under his original license, and the liability insurance policy or bond herein referred to shall remain in full force and effect.

Section 9. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police. Applicants or permittees may appeal to the Board of Permit Appeals any denial or revocation of permit hereunder.

Section 10. Any person whom said Chief of Police believes to be a transient merchant, but who declares himself not to be a transient merchant, upon filing such declaration in writing, and under oath as said Chief of Police shall direct, may, in the discretion of said Chief of Police, and in lieu of the payment of any fee or posting of any other bond, and as a condition of transacting business as a vendor of merchandise without the payment of any such fee, be required to file with said Chief of Police a liability insurance policy or bond, executed by the declarant as principal and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of one thousand five hundred ($1,500) dollars upon the same conditions as those set forth in Section 7 of this ordinance and further conditioned to secure the payment of the fee required in the event that he proves to be a transient merchant, provided that if such person remains in business in the same place in said City and County of San Francisco for a period of one hundred twenty (120) days he shall be considered and deemed not to be a transient merchant.

Section 11. Actual operation of a business or store for less than one hundred twenty (120) days shall be prima facie evidence that said store or business was opened with the intention of operating less than one hundred twenty (120) days.

Section 12. Any person who causes to be advertised in any manner a sale of goods as herein contemplated without complying with the provisions of this ordinance, or any person who violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and shall be punishable by a fine not to exceed five hundred ($500) dollars or by imprisonment for a period not to exceed six (6) months, or both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a permit shall be considered as separate and distinct offense.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 14. Section 51 of Ordinance No. 5132 (New Series) of the City and County of San Francisco, and all ordinances or parts of ordinances, in so far as they conflict with this ordinance, are hereby repealed to the extent of such conflict.

Sale of City Land.

(Code No. 12.1729.)

Resolution No. 892, as follows:

Whereas, pursuant to Ordinance No. 12.17291, Bill No. 276, approved June 1, 1933, the Director of Property advertised in the official newspaper of San Francisco that bids or offers would be received by him on June 24, 1933, for the sale of the following described land situated in San Francisco, California:

Beginning at a point on the northerly line of Chestnut street, distant thereon 137.5 feet westerly from the westerly line of Kearny street, running thence westerly along said northerly line of Chestnut street 80 feet; thence at right angles northerly 137.5 feet; thence at right angles easterly 25 feet; thence at right angles southerly 112.5 feet; thence at right angles easterly 55 feet; thence at right angles southerly 25 feet to the northerly line of Chestnut street and the point of beginning.

Being a portion of 50 Vara Block 79.

And, whereas, in response to said advertisement, the Director of Property received an offer from Giuseppe Cuneo to purchase said land for the sum of $2,500 cash, no higher bids having been made or received; and

Whereas, Giuseppe Cuneo has deposited the sum of $250 with the Director of Property; and

Whereas, said sum of $2,500 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $2,500; now, therefore, be it

Resolved, That said offer be and is hereby accepted. Be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to Giuseppe Cuneo. The buyer must pay the balance of the purchase price within 30 days after the approval of this resolution. The Director of Property shall deliver said deed to the purchaser after receipt of the total purchase price.

Beverage Ordinance.

(Code No. 3.041.)

Bill No. 374, Ordinance No. 3.04127.

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be *a member of the Health Advisory Board* of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint *the member of the Health Advisory Board*, the member of the Police Commission and the member of the City Planning Commission, who shall serve on said Board of Beverage Commissioners, and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as they may deem necessary for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a written application therefor, together with a filing fee of five ($5) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners, *and upon payment of an additional filing fee in the amount of five* ($5) *dollars.*

Section 5. No permit shall be issued to *any corporation the majority of whose stock is not held by citizens of the United States of America* or to any person who is not a citizen of the United States of America or who has not filed his intention to become a citizen of the United States of America, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; *provided that any person, firm or corporation that is licensed to do business in the State of California and has actually been engaged in business at the premises described in the application for at least one year prior thereto shall be eligible to receive a permit.*

Section 6. Permits may be revoked only upon written charges *signed* by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation

of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue, the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the charter.

Section 7. *Class "A"*. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. *Class "B"*. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to restaurants, lunch rooms, buffets, grill rooms, lunch counters, dining rooms of hotels, dining rooms of boarding houses and coffee shops, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to be consumed only at regular public tables, eating counters, or, in the cases of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of this ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses granted under Section 7 shall be due and payable quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July and the first day of October, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any quarter.

Section 11. *Class "C"*. One-day permits may be granted for the selling, dispensing and consuming of beverages provided for in this ordinance in halls, assemblies, auditoriums and *at picnics and circuses*, under rules and regulations prescribed by the Commission under the provisions of this ordinance. *The fee for such permit shall be ten* ($10) *dollars for each day or continuous affair not exceeding twenty-four hours. No filing fee shall be required for Class "C" permits.*

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any *public* establishment or any place of business operated as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar, to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit

from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 15. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Section 16. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power as they exist independently of each other

Section 17. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any persons at their homes or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 18. It shall be unlawful for any beverage dealer under any circumstances knowingly to sell such beverages to minors except in company with parents or guardian.

Section 19. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property, and upon its residents and inhabitants; and in granting or denying said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 20. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 21. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 22. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 23. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses, or phrases may be declared to be unconstitutional or unlawful.

EXPLANATION

Section 4. The word "verified" before the words "written applica-

tion" eliminated. Addition to the last line of "and upon payment of an additional filing fee in the amount of five dollars".

Section 5. Addition after the words "issued to" on second line—"any corporation the majority of whose stockholders are not citizens of the United States of America". Last sentence changed to read "provided that any persons, firm or corporation that is licensed to do business in the State of California and has actually been engaged in business at the premises described in the application for at least one year prior thereto shall be eligible to receive a permit".

Section 6. The word "verified" after the words "written charges" in second line changed to "signed". Last sentence eliminated.

Board of Supervisors Protests Against the Levying of Tax Upon Gross Receipts of Publicly Owned Utility.

(Code No. 5.3.)

Resolution No. 911, as follows:

Whereas, Senate Constitutional Amendment No. 30 was ratified by the electors of the State of California at an election held throughout the State on the 27th day of June, 1933; and

Whereas, it is provided in said amendment that the Legislature may levy such taxes as are not prohibited by the Constitution for the purpose of meeting the financial needs of the State of California; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in meeting assembled, does hereby respectfully protest against the levying of any tax upon the income or gross receipts of any publicly owned utility and do further protest against the charging of any tax against any person served by any publicly owned utility for the service furnished by said utility; and be it

Further Resolved, That a copy of this resolution be forthwith transmitted to the President of the Senate and the Speaker of the Assembly, and to each member of the San Francisco delegation serving in the present session of the Legislature.

Further Resolved, That the members of the San Francisco delegation be and they are hereby requested to have included in any legislation enacted pursuant to said Constitutional Amendment, provisions specifically exempting publicly owned utilities and their consumers from any tax under authority of said amendment.

Motion.

Supervisor Shannon, seconded by Supervisor Gallagher, moved that his Honor the Mayor be authorized and requested to appoint a committee of officials and citizens that, in his judgment, will be fully qualified to present San Francisco's case to the people handling this matter (specific exemption of taxes proposed to be levied against publicly owned utilities and those served by them), and that said committee be authorized to proceed to Sacramento as soon as possible to present San Francisco's protest to the Tax Committee considering said matter.

Motion *carried.*

Supervisors' Committee.

Chairman Miles appointed Supervisors Colman, Peyser and Havenner to go to Sacramento and represent the Board of Supervisors in the foregoing matter.

The Mayor Requested to Appoint Citizens' San Francisco World's Fair Committee, and Outlining Its Functions.

(Code No. 9.53.)

Supervisor Canepa presented:

Resolution No. 912, as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee composed of the various civic and improvement clubs, fraternal organizations and commercial clubs, as well as outstanding citizens. Said Committee to be known as the San Francisco World's Fair Committee; and be it

Further Resolved, That the purposes and functions of said Committee shall be as follows:

To propagate the idea of a world's fair in San Francisco some time after the completion of the two great bridges now in course of construction;

To determine upon the type of Fair which is to be held and to formulate plans and details therefor;

To raise funds by private subscription or otherwise to defray the cost of the project; and

To fix upon and provide a site for said fair.

Referred to the Public Welfare Committee.

Urging Allocation of Portion of Proposed Naval Construction to Mare Island Navy Yard.

(Code No. 5.2.)

Supervisors Canepa and Stanton presented:

Resolution No. 913, as follows:

Whereas, it has recently been established as the policy of the United States Government, through its Navy Department, that our Navy

shall be brought up to full strength and made adequate for the protection of our country; and

Whereas, such a policy will require the building of several naval vessels; and

Whereas, the Navy Yard at Mare Island is adequately equipped to perform this work and has established for itself an enviable reputation in the world of shipbuilding; and

Whereas, the designation by the Navy Department of Mare Island as the site for the construction of a fair proportion of these new ships will constitute a boon to business in the San Francisco Bay Area by the employment of several thousand men and the purchase of much material; and

Whereas, the City of Vallejo is almost entirely dependent for its existence upon the operation of Mare Island Navy Yard; and

Whereas, whatever benefits the City of Vallejo, redounds incidentally to the benefit of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize Secretary Swanson of the Navy Department and does urge him to allocate to the Mare Island Navy Yard the construction of as many of the new naval vessels contemplated as is consistently possible; and be it

Further Resolved, That a copy of this resolution be forwarded to Secretary Swanson and that another copy be forwarded to Hon. Fred Heegler, Mayor of the City of Vallejo.

Adopted by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, McSheehy, Miles, Peyser, Power, Shannon, Stanton—11.

Absent—Supervisors Breyer, Hayden, Roncovieri, Spaulding—4.

Authorizing Southern Pacific Golden Gate Ferries to Construct Ferry Slip at Foot of Hyde Street.

(Code No. 23.01.)

Supervisor Colman presented:

Resolution No. 914, as follows:

Authorizing Southern Pacific Golden Gate Ferries, Ltd., to construct a ferry slip immediately west of its existing ferry slips devoted to the Berkeley ferry service and to remove its existing Sausalito ferry slips at the foot of Hyde street, in satisfaction of its obligations under section 9 of Ordinance No. 6762 (New Series).

Whereas, Southern Pacific Golden Gate Ferries, Ltd., successor to Golden Gate Ferry Company, is required under Section 9 of Ordinance No. 6762 (New Series) to remove its San Francisco ferry slips devoted to its ferry service between San Francisco and Sausalito to a new location, designated as Parcel No. 2 in said ordinance, after receipt of written notice from the Board of Supervisors of the City and County of San Francisco under certain conditions; and

Whereas, said so-called Sausalito ferry slips of said Ferry Company have been badly damaged by the colliding of a ferry steamer therewith and require immediate reconstruction or removal; and

Whereas, it is believed that the San Francisco-Sausalito service of said Ferry Company can be adequately accommodated by an additional ferry slip immediately west of the two ferry slips in San Francisco now devoted to the San Francisco-Berkeley service of said Ferry Company; now, therefore, be it

Resolved, That Southern Pacific Golden Gate Ferries, Ltd., be and it is hereby authorized to construct an additional ferry slip immediately west of its San Francisco ferry slips devoted to its San Francisco-Berkeley ferry service in accordance with blue print No. 13.572 on file with the Clerk of this Board and to demolish and remove its San Francisco ferry slips heretofore devoted to the San Francisco-Sausalito ferry service of said company; and that such construction and aban-

donment of ferry slips shall be taken and deemed to be full compliance on the part of said Ferry Company with the terms and conditions of section 9 of said Ordinance No. 6762 (New Series). Provided, however, that whenever the Railroad Commission of the State of California, or other body having jurisdiction in the premises, shall determine that public necessity and convenience no longer requires the use of said ferry slip which is to be constructed pursuant to this resolution, the City and County of San Francisco shall have the right to take possession thereof, and alter or remove the same; and be it further

Resolved, That the permission herein granted to construct said ferry slip mentioned herein is dependent upon work on said slip being commenced within thirty (30) days after the date of this resolution, and further, upon said work upon said new slip being commenced the same will be prosecuted with all possible speed, and said slip to be demolished and removed will be demolished and removed as rapidly as said new construction will permit; and be it further

Resolved, That this resolution shall in no way change the terms or conditions of said Ordinance No. 6762 (New Series) except in so far as the location of said ferry slip mentioned in section 9 thereof is concerned, and said resolution is adopted for the purpose of carrying out the full intent and meaning of said ordinance.

Adopted by the following vote:

Ayes—Supervisors Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Stanton—11.

Absent—Supervisors Breyer, Brown, Roncovieri, Spaulding—4.

Naval Base, San Francisco Bay Area.
(Code No. 5.2.)

Supervisor Miles presented:

Resolution No. 915, as follows:

Whereas, the recently enacted National Industrial Recovery Act authorizes the President of the United States to build up the Navy to Treaty strength, meaning thereby the London Naval Treaty; and

Whereas, in order to develop a well-rounded organization, certain shore bases are necessary; and

Whereas, it has long been the announced policy of the Navy Department to make San Francisco Bay the main naval operating base of the United States on the Pacific; and

Whereas, the Secretary of the Navy has recently announced that he will make a request for some $50,000,000 additional for the purpose of developing suitable shore bases for the support of the fleet; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco most earnestly and most enthusiastically endorses the effort of the Secretary of the Navy to build up naval shore stations to such a point that they will adequately support the fleet; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco will gladly cooperate with other civic organizations in San Francisco, and other interests exemplified by the splendid editorial appearing in one of the morning papers on that subject, to carry out the program contemplating the establishment on San Francisco Bay of the main Naval Operating Base of the United States Navy on the Pacific Ocean; and be it

Further Resolved, That a copy of this resolution be furnished the Honorable Secretary of the Navy.

Adopted by the following vote:

Ayes—Supervisors Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Stanton—11.

Absent—Supervisors Breyer, Brown, Roncovieri, Spaulding—4.

Board of Supervisors Recommends to State Legislature the Enactment of Legislation Providing for the Death Penalty for the Crime of Kidnaping.

(Code No. ———.)

Supervisor Peyser presented:

Resolution No. 916, as follows:

Whereas, the entire Nation is appalled at the numerous kidnaping outrages perpetrated throughout the country; and

Whereas, in some instances the victims are put to indescribable torture before finding a merciful release in death; and

Whereas, public sentiment has been aroused to such a pitch that immediate steps must be taken to enact legislation severe enough to permit of the death penalty for persons convicted of the crime of kidnaping; now, therefore, be it

Resolved, That this Board of Supervisors recommends to the State Legislature that it forthwith amend the statutes of the State of California to make kidnaping a capital offense and that anyone convicted thereof shall be punished by death or life imprisonment without right of parole; and be it

Further Resolved, That copies of this resolution be sent to our State Senators and Assemblymen at the State Capital, and that they bend every effort to enact such legislation.

Referred to Judiciary Committee.

Commending The Chronicle for Support of Proposed San Francisco Bay Area Navy Base.

(Code No. 5.2.)

Supervisor Peyser presented:

Resolution No. 917, as follows:

Whereas, the selection of the San Francisco Bay Area as a Navy Base by the United States Government is the most forward looking movement of moment before the San Franciscan; and

Whereas, while political, civil and industrial bodies have been most active in the fight for San Francisco in this connection, the press, and particularly the San Francisco Chronicle, has been most generous in its editorials in behalf of the Bay Area, which have been both timely and far reaching in their effect upon the public mind; now, therefore, be it

Resolved, That this Board of Supervisors hereby commends the San Francisco Chronicle for its efforts to secure a Navy Base for San Francisco; and be it

Further Resolved, That copies of this resolution be transmitted to The San Francisco Chronicle, and to the Senators and Congressmen at Washington who represent the State of California, with the prayer that their efforts continue unceasingly to secure for San Francisco the proposed San Francisco Bay Area Navy Base.

Adopted by the following vote:

Ayes—Supervisors Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Stanton—11.

Absent—Supervisors Breyer, Brown, Roncovieri, Spaulding—4.

In Memoriam: Thomas F. Bryant.

(Code No. 5.91.)

Supervisor Havenner presented:

Resolution No. 918, as follows:

Whereas, death has called the father of Edward F. Bryant, Tax Collector, a well-beloved pioneer and labor leader in San Francisco for a half century, who as a boy came around the Horn before the mast, settled in San Francisco, married and raised a large family of

boys, of whom four sons and two grandchildren survive him, was president of the Riggers and Stevedores' Union for twenty-five years and president of the City Front Federation for three years; previous to being pensioned, he was an employee of the School Department of San Francisco; now, therefore, be it

Resolved, That when this Board adjourns it do so out of respect to the memory of Thomas F. Bryant, that a copy of this resolution be spread in the Journal, and a copy sent to the family of the deceased.

Adopted unanimously by rising vote.

In Memoriam: Lieutenant Henry N. Powell.

(Code No. 5.91)

Resolution No. 919, as follows:

Resolved, That this Board of Supervisors records with sincere sorrow and deep commiseration the passing of Police Lieutenant Henry N. Powell, who died unexpectedly a few days ago.

As head of the Police Inspection Bureau, Lieutenant Powell gave a splendid account of his stewardship, and in his death San Francisco loses an admired and worthy public officer, and his family a devoted and loving father; and be it

Further Resolved, That this Board of Supervisors, when it adjourns today, it does so out of respect to the memory of the late Henry N. Powell, and that a copy of this resolution be spread on the minutes of this meeting and a copy be sent to the family of the deceased.

Adopted unanimously by rising vote.

Re Charges of "Sunset Courier" Against Administration of Unemployment Relief.

Supervisor Havenner moved that charges made in "Sunset Courier" against the administration of unemployment relief be considered by the Citizens' Advisory Committee and reported on to the Board of Supervisors at meeting Monday, July 24, 1933.

So ordered.

SPECIAL ORDER—2:30 P. M.

The following matter was taken up:

Beverage Ordinance.
(Code No. 3.041.)

Bill No. 374, Ordinance No. 3.04127.

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be *a member of the Health Advisory Board* of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint *the member of the Health Advisory Board*, the member of the Police Commission and the member of the City Planning Commission, who shall serve on said Board of Beverage Commissioners, and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board

his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as they may deem necessary for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a written application therefor, together with a filing fee of five ($5) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners, *and upon payment of an additional filing fee in the amount of five* ($5) *dollars.*

Section 5. No permit shall be issued to *any corporation the majority of whose stockholders are not citizens of the United States of America* or to any person who is not a citizen of the United States of America or who has not filed his intention to become a citizen of the United States of America, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; *provided that any person, firm or corporation that is licensed to do business in the State of California and has actually been engaged in business at the premises described in the application for at least one year prior thereto shall be eligible to receive a permit.*

Section 6. Permits may be revoked only upon written charges *signed* by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue, the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An

appeal may be taken to the Board of Permit Appeals under the provisions of the charter.

Section 7. *Class "A"*. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. *Class "B"*. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to restaurants, lunch rooms, buffets, grill rooms, lunch counters, dining rooms of hotels, dining rooms of boarding houses and coffee shops, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to be consumed only at regular public tables, eating counters, or, in the cases of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of this ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses granted under Section 7 shall be due and payable quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July and the first day of October, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any quarter.

Section 11. *Class "C"*. One-day permits may be granted for the selling, dispensing and consuming of beverages provided for in this ordinance in halls, assemblies, auditoriums and *at picnics and circuses*, under rules and regulations prescribed by the Commission under the provisions of this ordinance. *The fee for such permit shall be ten* ($10) *dollars for each day or continuous affair not exceeding twenty-four hours. No filing fee shall be required for Class "C" permits.*

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any *public* establishment or any place of business operated as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar, to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such

permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 15. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Section 16. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power as they exist independently of each other.

Section 17. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any persons at their homes or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 18. It shall be unlawful for any beverage dealer under any circumstances knowingly to sell such beverages to minors except in company with parents or guardian.

Section 19. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property, and upon its residents and inhabitants; and in granting or denying said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 20. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 21. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 22. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 23. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses, or phrases may be declared to be unconstitutional or unlawful.

Privilege of the Floor.

Chas. Skelly, secretary of the Beverage Commission, explained the various proposed changes in the ordinance.

Amendments.

Supervisor Brown moved to amend Section 5, line 2, by striking out the words "whose stockholders are not" and inserting in lieu thereof the words "the majority of whose stock is not held by citizens of the United States.

No objection and it was so ordered.

Passed for Second Reading.

Whereupon, the foregoing bill, as amended, was *passed for second reading* by the following vote:

SPECIAL ORDER—3 P. M.

Amending Inspection Fee Ordinance by Eliminating Section 3.

(Code No. 3.041)

Supervisor Canepa presented:

Bill No. 309, Ordinance No. 3.04124, as follows:

An ordinance amending Ordinance No. 3.0412, commonly known as the Inspection Fee Ordinance, by eliminating from said ordinance Section 3 thereof; which section provides for an annual fee of four dollars ($4) to be paid by the owner or tenant of every building, structure, store, premise and/or office in the City and County of San Francisco, which is subject to inspection and/or regulation.

Be it ordained by the People of the City and County of San Francisco as follows:

Amend Ordinance No. 3.0412 as follows:

Section 1. For the purpose of defraying the cost of regulation and inspection of the classes of business or callings hereinafter set forth, as well as the cost of the examination and inspection of the premises wherein said classes of business are conducted, a fee of six ($6) dollars per annum is hereby imposed upon the persons, firms or corporations engaged in the conduct or operation of the handling, manufacturing or sale of foodstuffs, except for places used for the sale of food and drink to be consumed on the premises; provided, however, that persons, firms or corporations handling candy or chewing gum in sealed packages or glass jars incidental to the particular business and where the retail value of said candy or chewing gum does not exceed in value the sum of twenty dollars ($20) and where no articles of food or drink are dispensed, shall not be subject to the provisions of this section.

When two or more classes of business subject to inspections are located on the same premises and are conducted by one owner, whether person, firm or corporation, but one inspection fee shall be required; but where two or more classes of business subject to inspection are located or conducted on the same premises by different owners, whether person, firm or corporation, each such owner so conducting one or more of said classes of business shall be required to pay only one inspection fee for all his classes of business subject to inspection upon any one premise; provided that where the owner or lessee of premises where said class or classes of business are located or conducted does not directly or indirectly conduct the same, the owner or lessee of said premises shall not be required to obtain a certificate of inspection for said premises or to pay any fee imposed by this ordinance.

Section 2. Hotels and/or apartment houses (as defined by the State Housing Act of the State of California effective August 14, 1929, and not maintaining public restaurant facilities and not subject to a

license tax under the provisions of existing ordinances) shall pay an annual inspection fee of four ($4) dollars.

Section 3. The fees imposed for the inspections hereinbefore mentioned shall be payable annually in advance commencing on the date this ordinance becomes effective.

Section 4. The inspections for which the fees herein provided for are imposed shall be made by the officer, board or commission charged by law or ordinance with making said inspection. The fees provided for in this ordinance shall be payable to and collected by the Tax Collector. If any fee herein provided for shall not be paid within thirty (30) days after the same shall become due and payable as herein provided, ten per cent of the amount thereof shall be added thereto as a penalty for non-payment, and if said fees are not paid within sixty (60) days after becoming due, 15 per cent of the amount thereof shall be added thereto, and if not paid within ninety (90) days after becoming due, 25 per cent of the amount thereof shall be added thereto.

Section 5. All certificates of inspection when issued shall at all times be displayed in the premises for which the same are issued, said display to be made in such manner that said certificates shall at all times be visible to the public.

Section 6. All police officers in addition to their several duties as police officers are hereby required to examine all premises in their respective beats subject to the fee imposed herein and to see that such fees have been paid and in addition to deputy tax collectors shall have and exercise the power:

First, to make arrests for violation of any of the provisions of this ordinance;

Second, to enter free of charge at any time any premise which is required by this ordinance to pay an inspection fee and to demand the exhibition of the receipt of such inspection fee for the current term, and if such person shall then and there fail to exhibit such receipt from the Tax Collector such person shall be liable to the penalty provided for violation of this ordinance.

It is hereby made the duty of the police officers to cause complaints to be filed against all persons violating any of the provisions of this ordinance.

Such police officers shall make out once a month a list of persons, firms or corporation occupying premises within their respective beats and not having paid the inspection fee, with their addresses, and deliver such list to the Tax Collector.

The Chief of Police is hereby directed to carry into effect the provisions of this ordinance.

Section 7. Any person, firm or corporation maintaining or attempting to maintain any of the premises mentioned in this ordinance, without the payment of the inspection fee herein provided for, or guilty of violating any of the provisions of this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than three hundred ($300) dollars or by imprisonment in the County Jail for a term not exceeding three (3) months, or by both such fine and imprisonment, and such person, firm or corporation shall be deemed guilty of a separate offense for each and every day, or portion thereof, during which the premise hereinbefore mentioned shall be maintained without the payment of the inspection fee herein provided for.

Section 8. All ordinances and parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SPECIAL ORDER—3:30 P. M.

The following matter was *referred to the Mayor's conference on Federal appropriation for public works*:

Proposed Survey of High Pressure System.
(Code No. 11.0434.)

Resolution No. 825, as follows:

Whereas, in 1906 San Francisco was visited with a conflagration the seriousness of which is most vividly impressed upon our memories; and

Whereas, much of the damage and resulting loss of that most disastrous event was occasioned by the lack of water and equipment with which to properly and effectively combat the fire; and

Whereas, as a result of this experience, it became the avowed intention and purpose of those charged with the conduct of government to take immediate and complete action to the end that, in future, such a situation might be adequately and efficiently dealt with, and accordingly the installation of a city-wide high pressure system was commenced; and

Whereas, the zeal with which this program was originally initiated has greatly diminished and the plans have not wholly materialized due to lack of funds; and

Whereas, it is most vital to the welfare and protection of the people of the City and County of San Francisco that an adequate and efficient high pressure system be maintained throughout the entire city; and

Whereas, estimates of the cost of installing most urgently needed extensions are as follows:

Potrero District	$ 550,000.00
Mission District	100,000.00
South of Market District	50,000.00
Clay Street Hill District	50,000.00
North Beach District	65,000.00
Marina and Golden Gate Valley District	350,000.00
Hayes Valley District	250,000.00
Park-Presidio District	275,000.00
Sunset District	175,000.00
	$1,865,000.00

Now, therefore, be it

Resolved, That the Board of Supervisors does hereby record itself as favorable to the extensions of the high pressure system as herein enumerated; and be it

Further Resolved, That from the funds anticipated from the Federal Government for public works this Board of Supervisors does hereby pledge itself to allocate the sum of $1,865,000 for high pressure system extensions in the districts herein mentioned.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Amending Ordinance Creating the Board of Beverage Commissioners; Substituting Member of Health Board for Chief Administrative Officer.

(Code No. 3.041)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 367, Ordinance No. 3.04126, as follows:

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be a member of the Health Advisory Board of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint the member of the Health Advisory Board, the member of the Police Commission, and the member of the City Planning Commission who shall serve on said Board of Beverage Commissioners, and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board, his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as they may deem necessary for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a verified written application therefor, together with a filing fee of five ($5.00) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners

shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners.

Section 5. No permit shall be issued to any person who is not a citizen of the United States of America, or who has not filed his intention to become a citizen of the United States, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; provided that any firm or corporation that is licensed to do business in the State of California and has actually been engaged in business in San Francisco for at least one year shall be deemed to have complied with the provisions of this ordinance.

Section 6. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits upon payment of the initial license fee installment hereinafter mentioned.

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide restaurants, lunch rooms, buffet, grill room, lunch counter, dining room of hotel, dining room of boarding house, and coffee shop, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eating counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspec-

tions made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses granted under Section 7 shall be due and payable quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July, and the first day of October, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any quarter.

Section 11. One-day permits may be granted for the selling, dispensing and consuming of beverages provided in this ordinance, in halls, assemblies and auditoriums under rules and regulations prescribed by the Commission under the provisions of this ordinance. The fee for such permit shall be $10.00 for each day or fraction thereof, and shall be issued in the same manner heretofore provided for.

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Section 15. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 16. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Section 17. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.
